

QTL analysis for intuitive covariate for AI_leaf

QTL analysis for intuitive covariate for AI_ratio

QTL analysis for intuitive covariate for AI_seed

QTL analysis for intuitive covariate for As_leaf

QTL analysis for intuitive covariate for As_ratio

QTL analysis for intuitive covariate for As_seed

QTL analysis for intuitive covariate for B_leaf

QTL analysis for intuitive covariate for B_ratio

QTL analysis for intuitive covariate for B_seed

QTL analysis for intitive covariate for Ca_leaf

QTL analysis for intuitive covariate for Ca_ratio

QTL analysis for intitive covariate for Ca_seed

QTL analysis for intuitive covariate for Cd_leaf

QTL analysis for intuitive covariate for Cd_ratio

QTL analysis for intuitive covariate for Cd_seed

QTL analysis for intuitive covariate for Co_leaf

QTL analysis for intuitive covariate for Co_ratio

QTL analysis for intuitive covariate for Co_seed

QTL analysis for intitive covariate for Cu_leaf

QTL analysis for intuitive covariate for Cu_ratio

QTL analysis for intuitive covariate for Cu_seed

QTL analysis for intitive covariate for Fe_leaf

QTL analysis for intuitive covariate for Fe_ratio

QTL analysis for intitive covariate for Fe_seed

QTL analysis for intuitive covariate for K_leaf

QTL analysis for intuitive covariate for K_ratio

QTL analysis for intuitive covariate for K_seed

QTL analysis for intitive covariate for Mg_leaf

QTL analysis for intuitive covariate for Mg_ratio

QTL analysis for intitive covariate for Mg_seed

QTL analysis for intuitive covariate for Mn_leaf

QTL analysis for intuitive covariate for Mn_ratio

QTL analysis for intuitive covariate for Mn_seed

QTL analysis for intitive covariate for Mo_leaf

QTL analysis for intuitive covariate for Mo_ratio

QTL analysis for intuitive covariate for Mo_seed

QTL analysis for intuitive covariate for Na_leaf

QTL analysis for intuitive covariate for Na_ratio

QTL analysis for intuitive covariate for Na_seed

QTL analysis for intuitive covariate for Ni_leaf

QTL analysis for intuitive covariate for Ni_ratio

QTL analysis for intuitive covariate for Ni_seed

QTL analysis for intuitive covariate for P_leaf

QTL analysis for intuitive covariate for P_ratio

QTL analysis for intuitive covariate for P_seed

QTL analysis for intuitive covariate for Rb_leaf

QTL analysis for intuitive covariate for Rb_ratio

QTL analysis for intuitive covariate for Rb_seed

QTL analysis for intuitive covariate for S_leaf

QTL analysis for intuitive covariate for S_ratio

QTL analysis for intuitive covariate for S_seed

QTL analysis for intuitive covariate for Se_leaf

QTL analysis for intuitive covariate for Se_ratio

QTL analysis for intuitive covariate for Se_seed

QTL analysis for intuitive covariate for Sr_leaf

QTL analysis for intuitive covariate for Sr_ratio

QTL analysis for intuitive covariate for Sr_seed

QTL analysis for intuitive covariate for Zn_leaf

QTL analysis for intuitive covariate for Zn_ratio

QTL analysis for intuitive covariate for Zn_seed
