

QTL analysis for additive covariate for Al_leaf

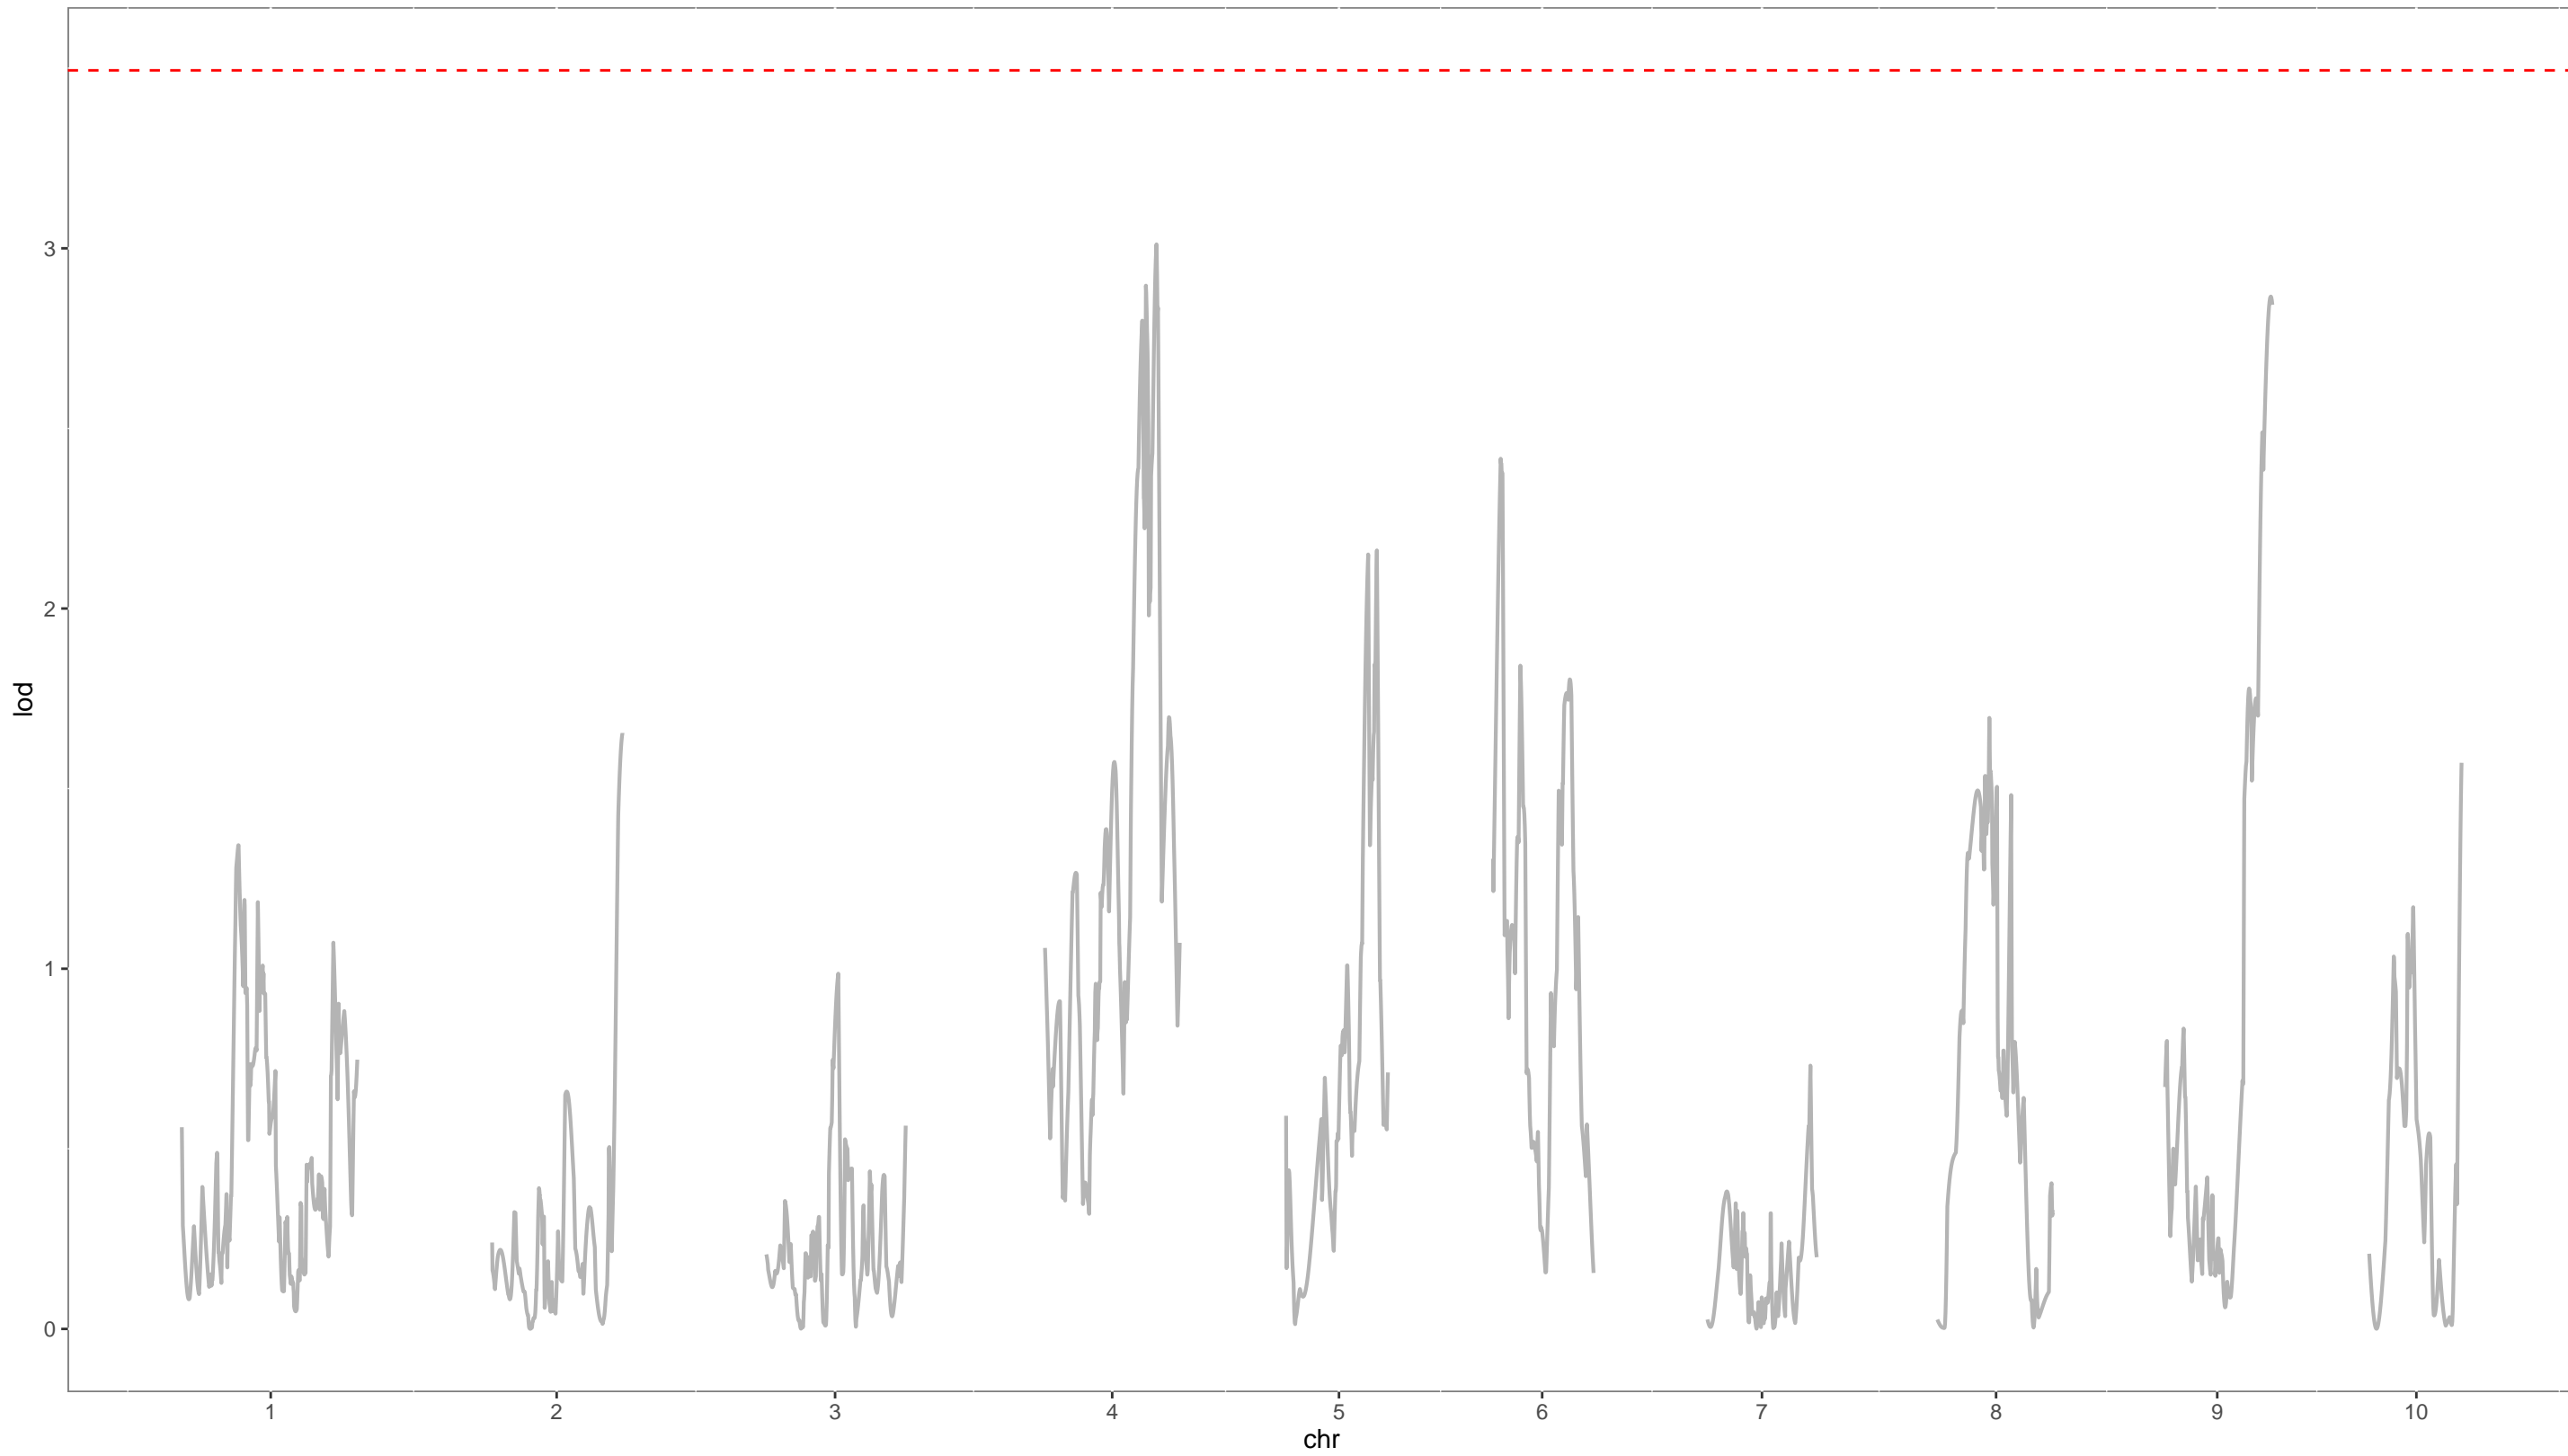

QTL analysis for additive covariate for Al_ratio

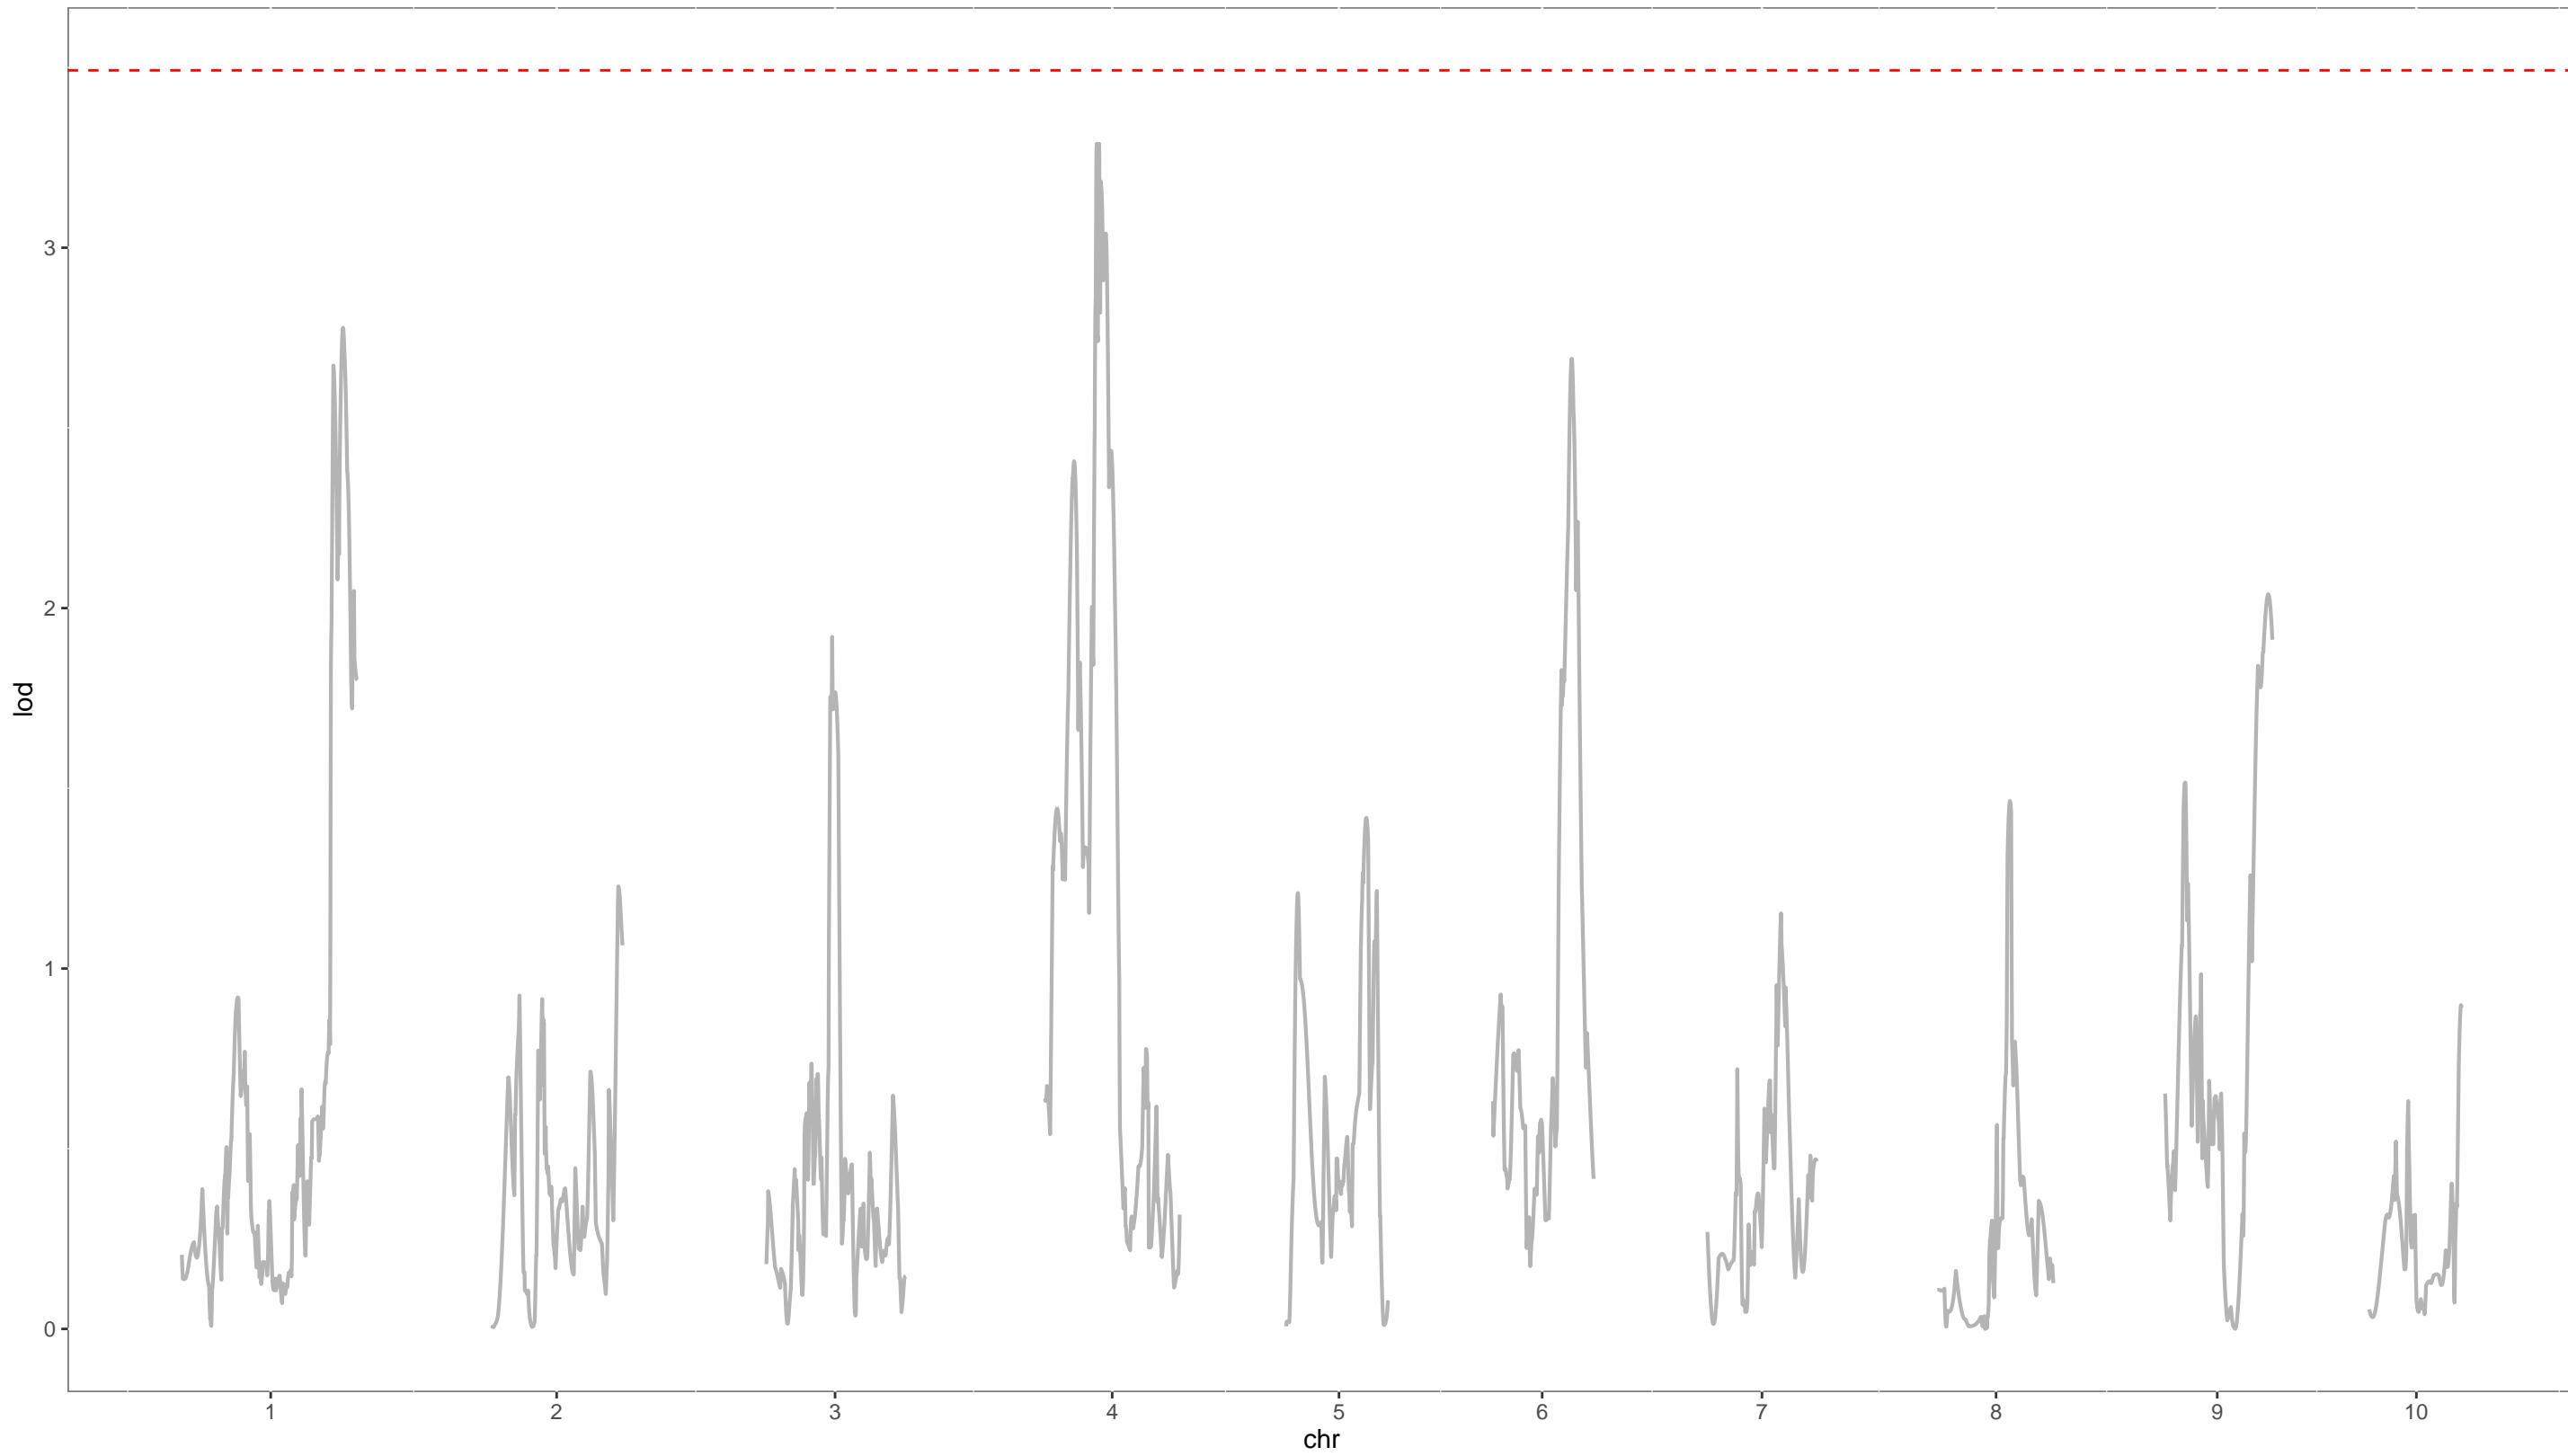

QTL analysis for additive covariate for Al_seed

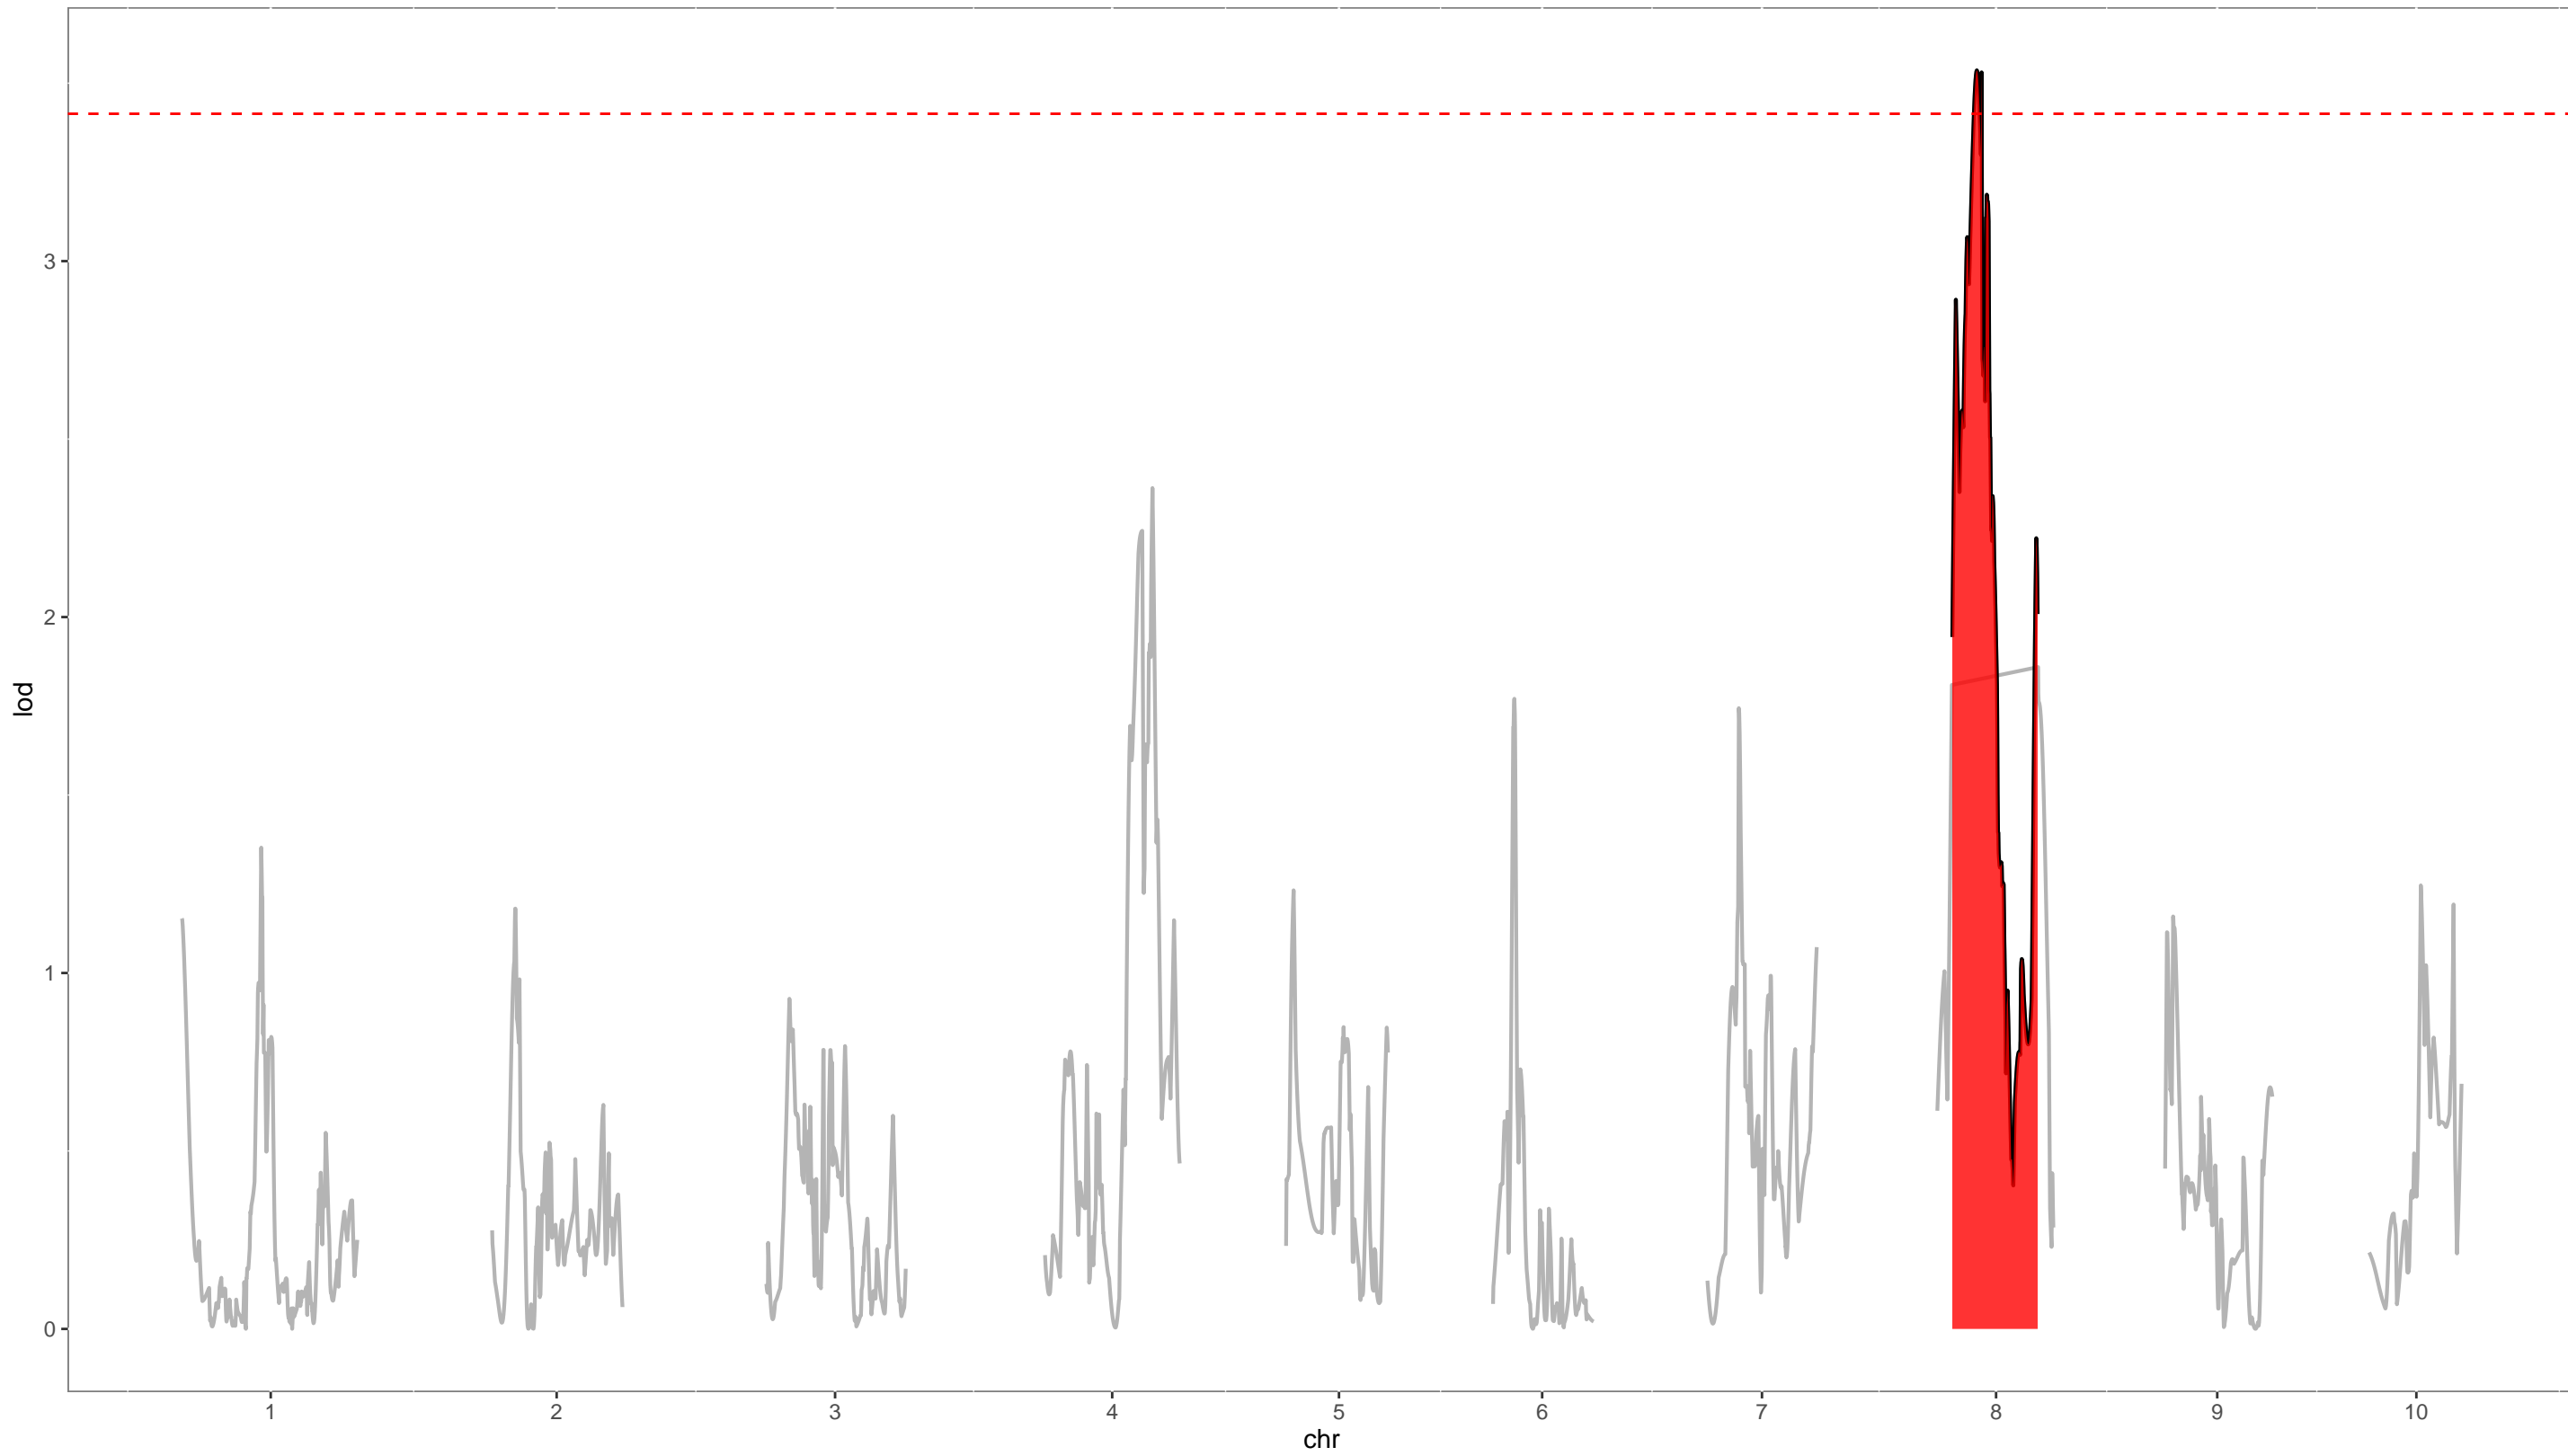

QTL analysis for additive covariate for As_leaf

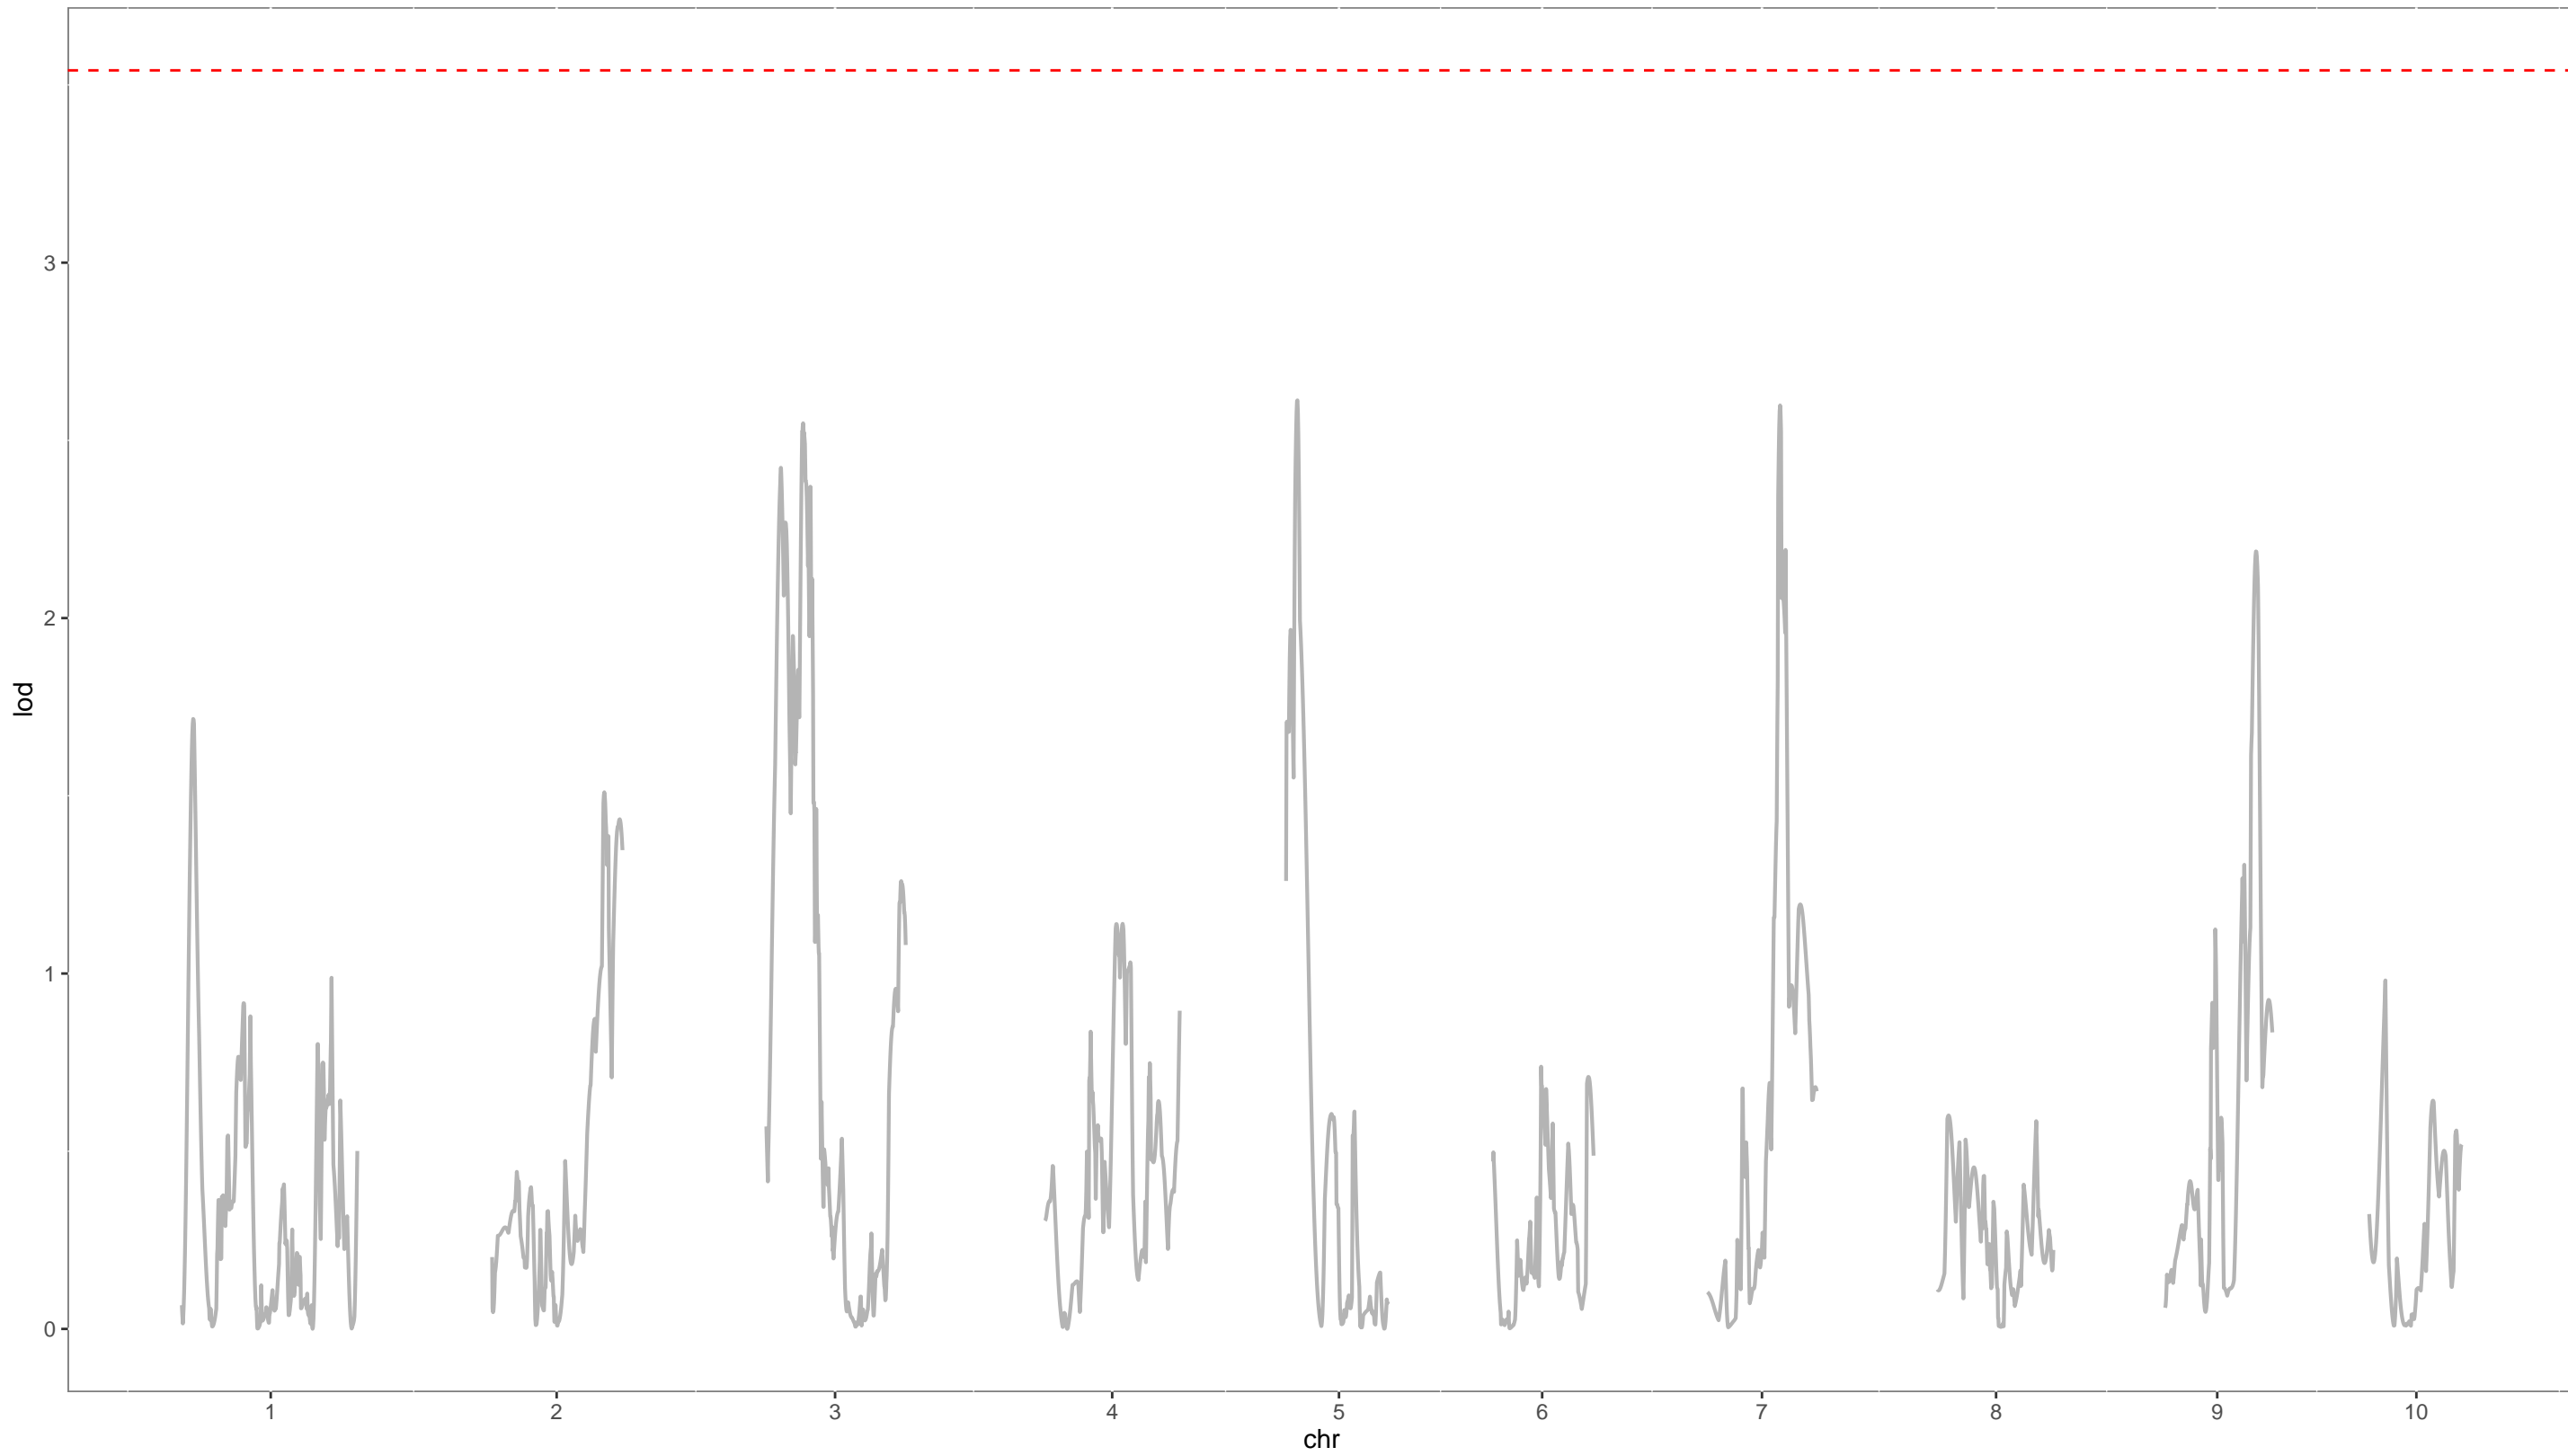

QTL analysis for additive covariate for As_ratio

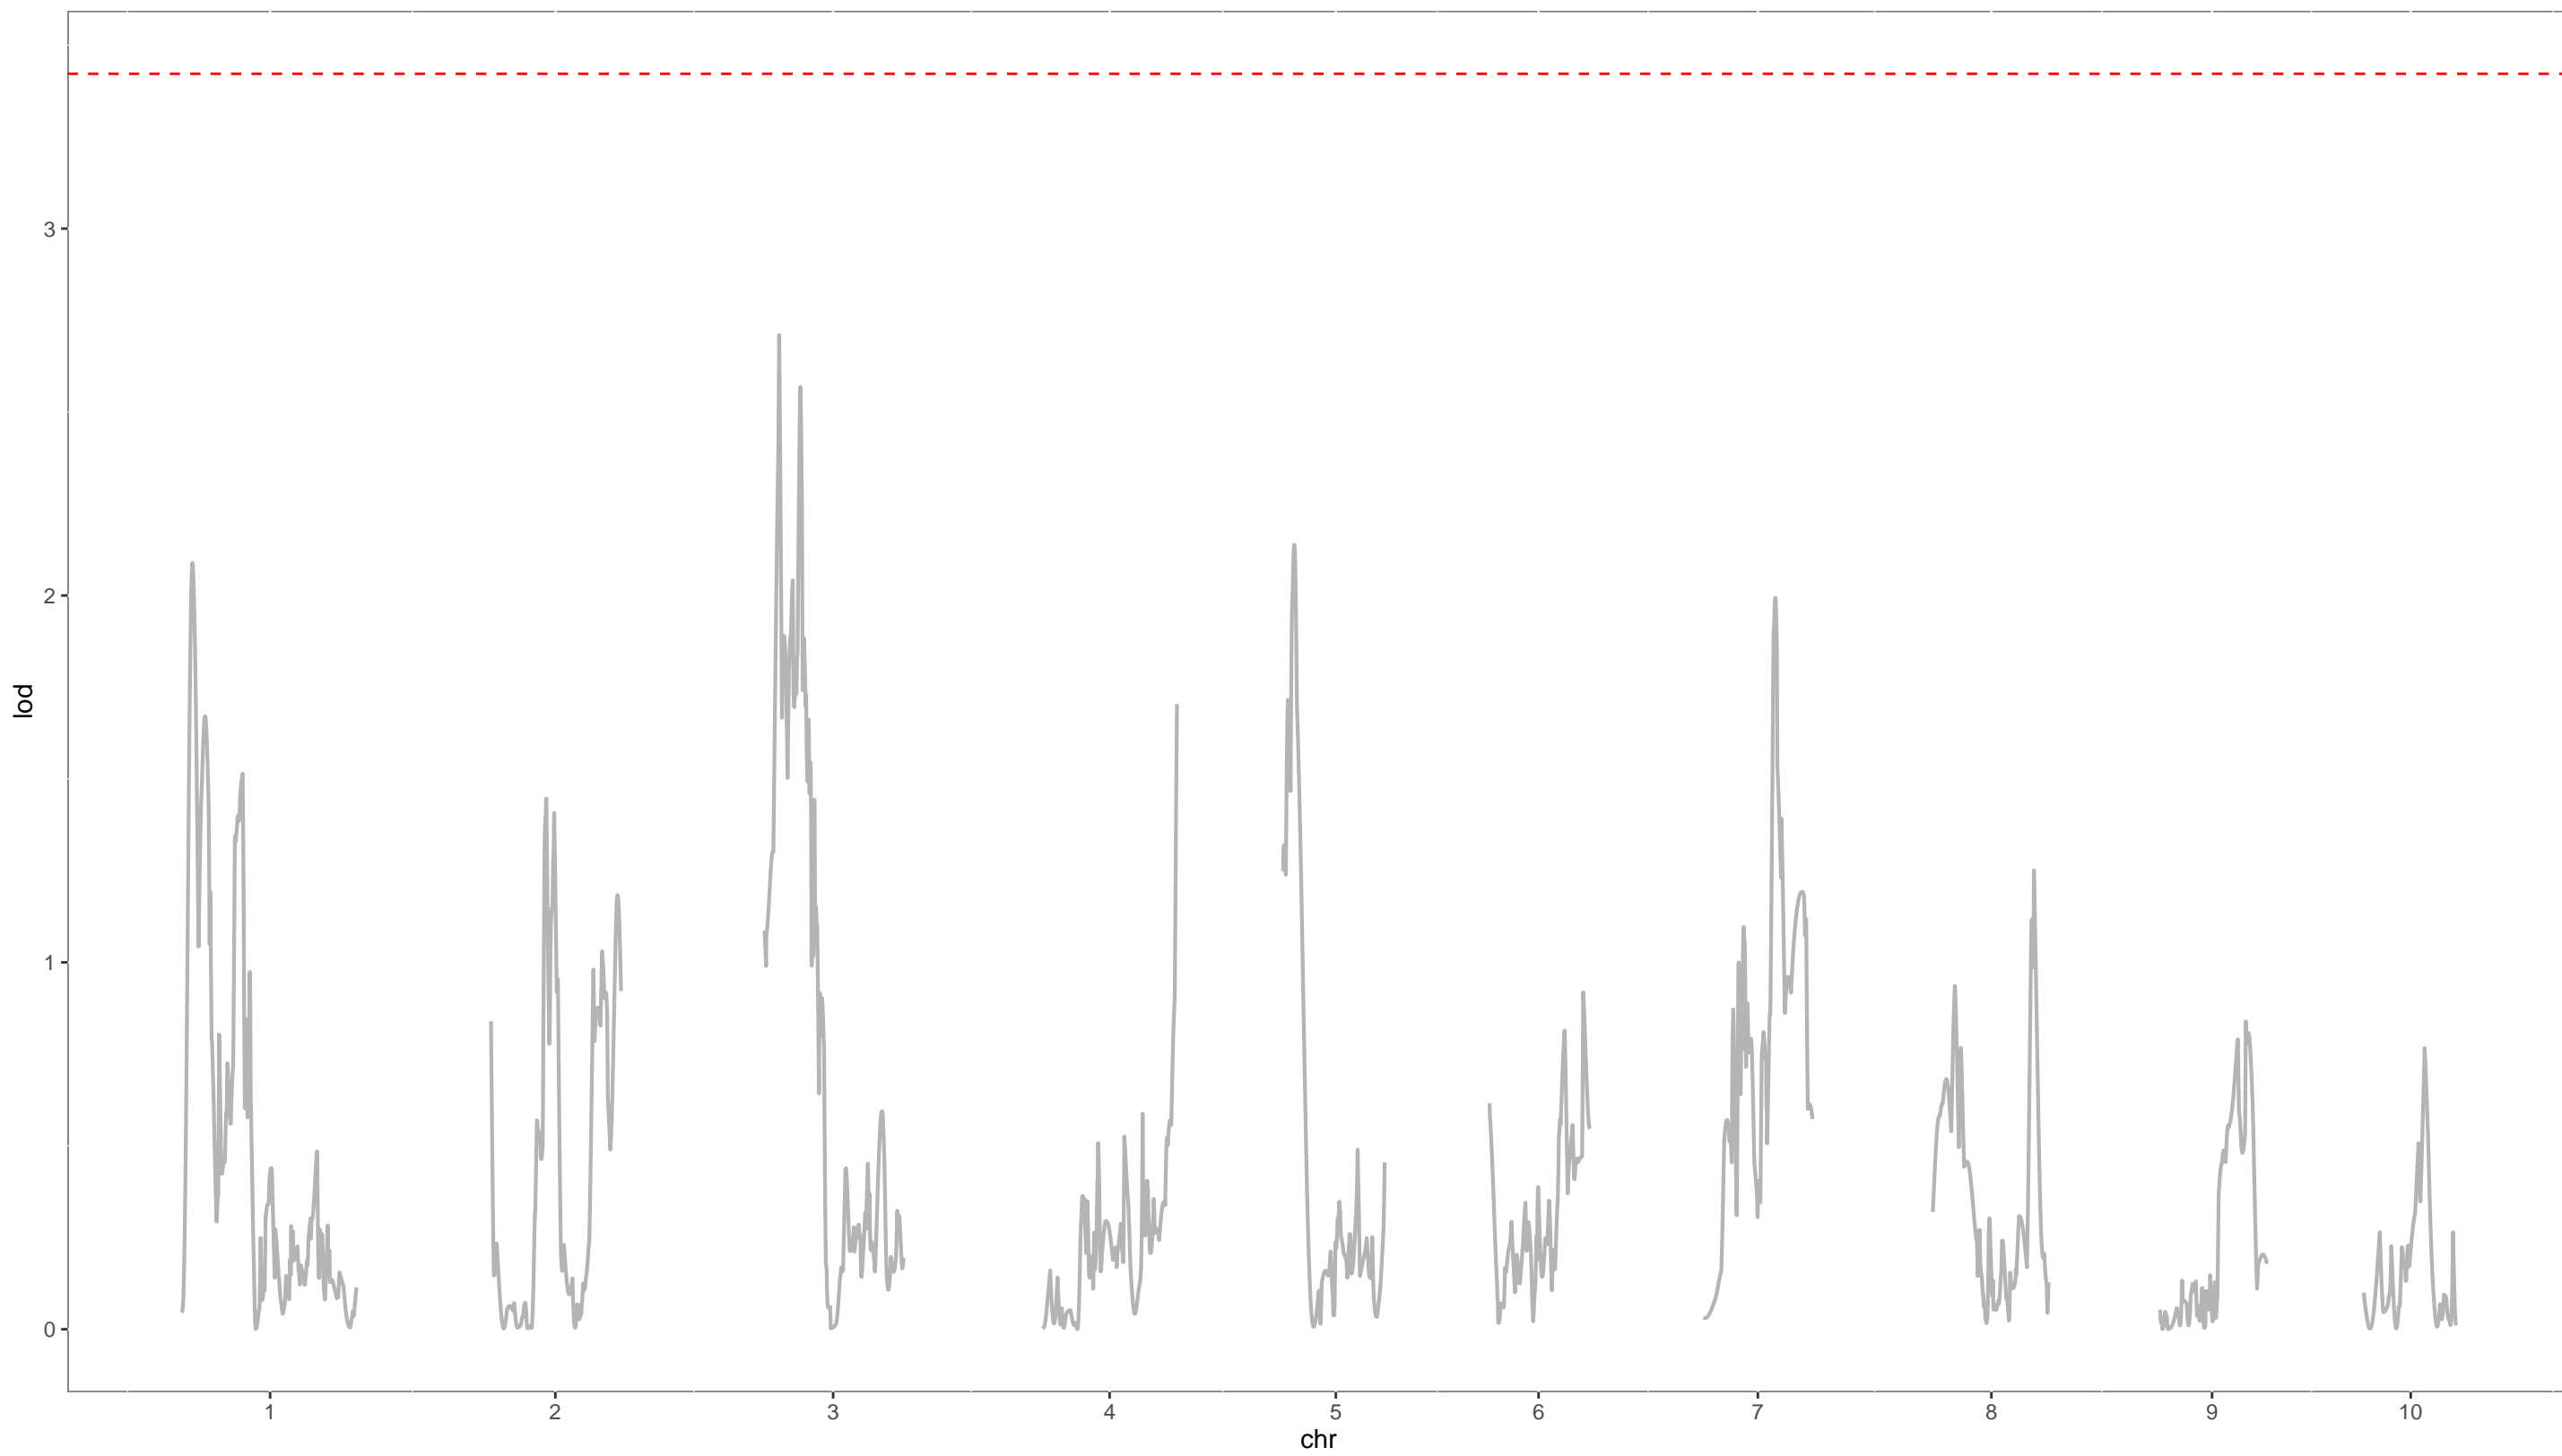

QTL analysis for additive covariate for As_seed

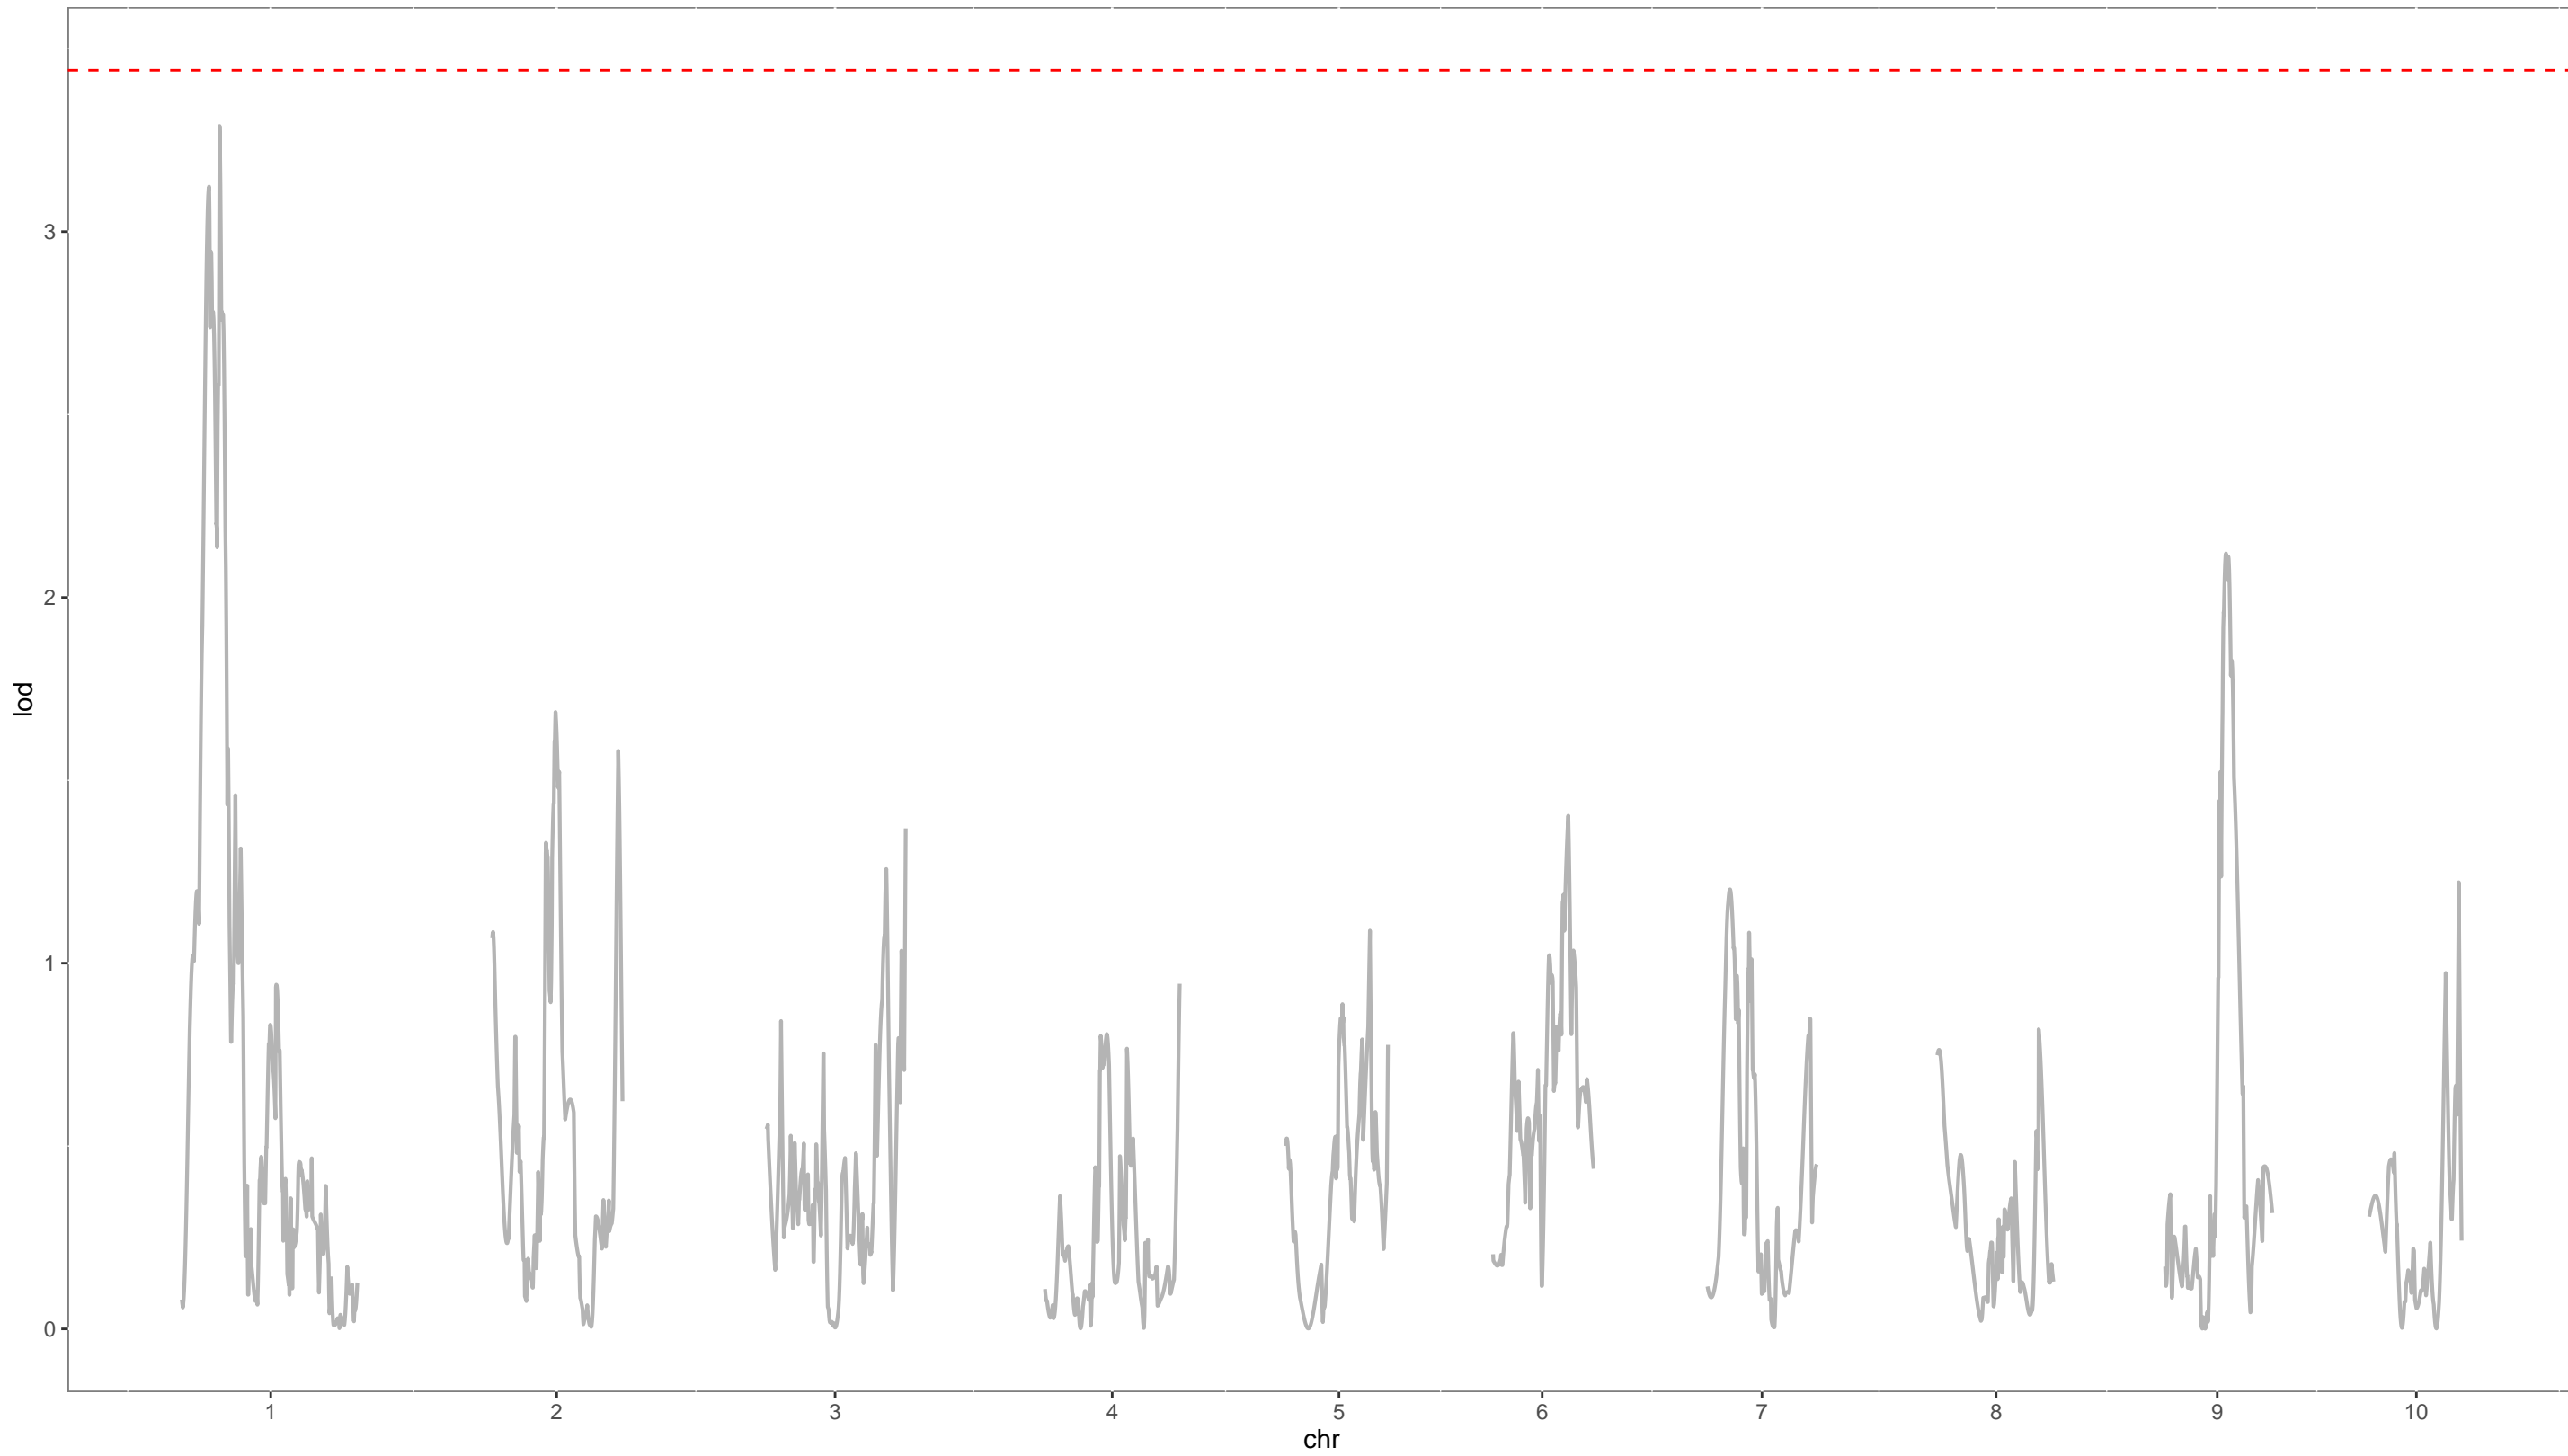

QTL analysis for additive covariate for B_leaf

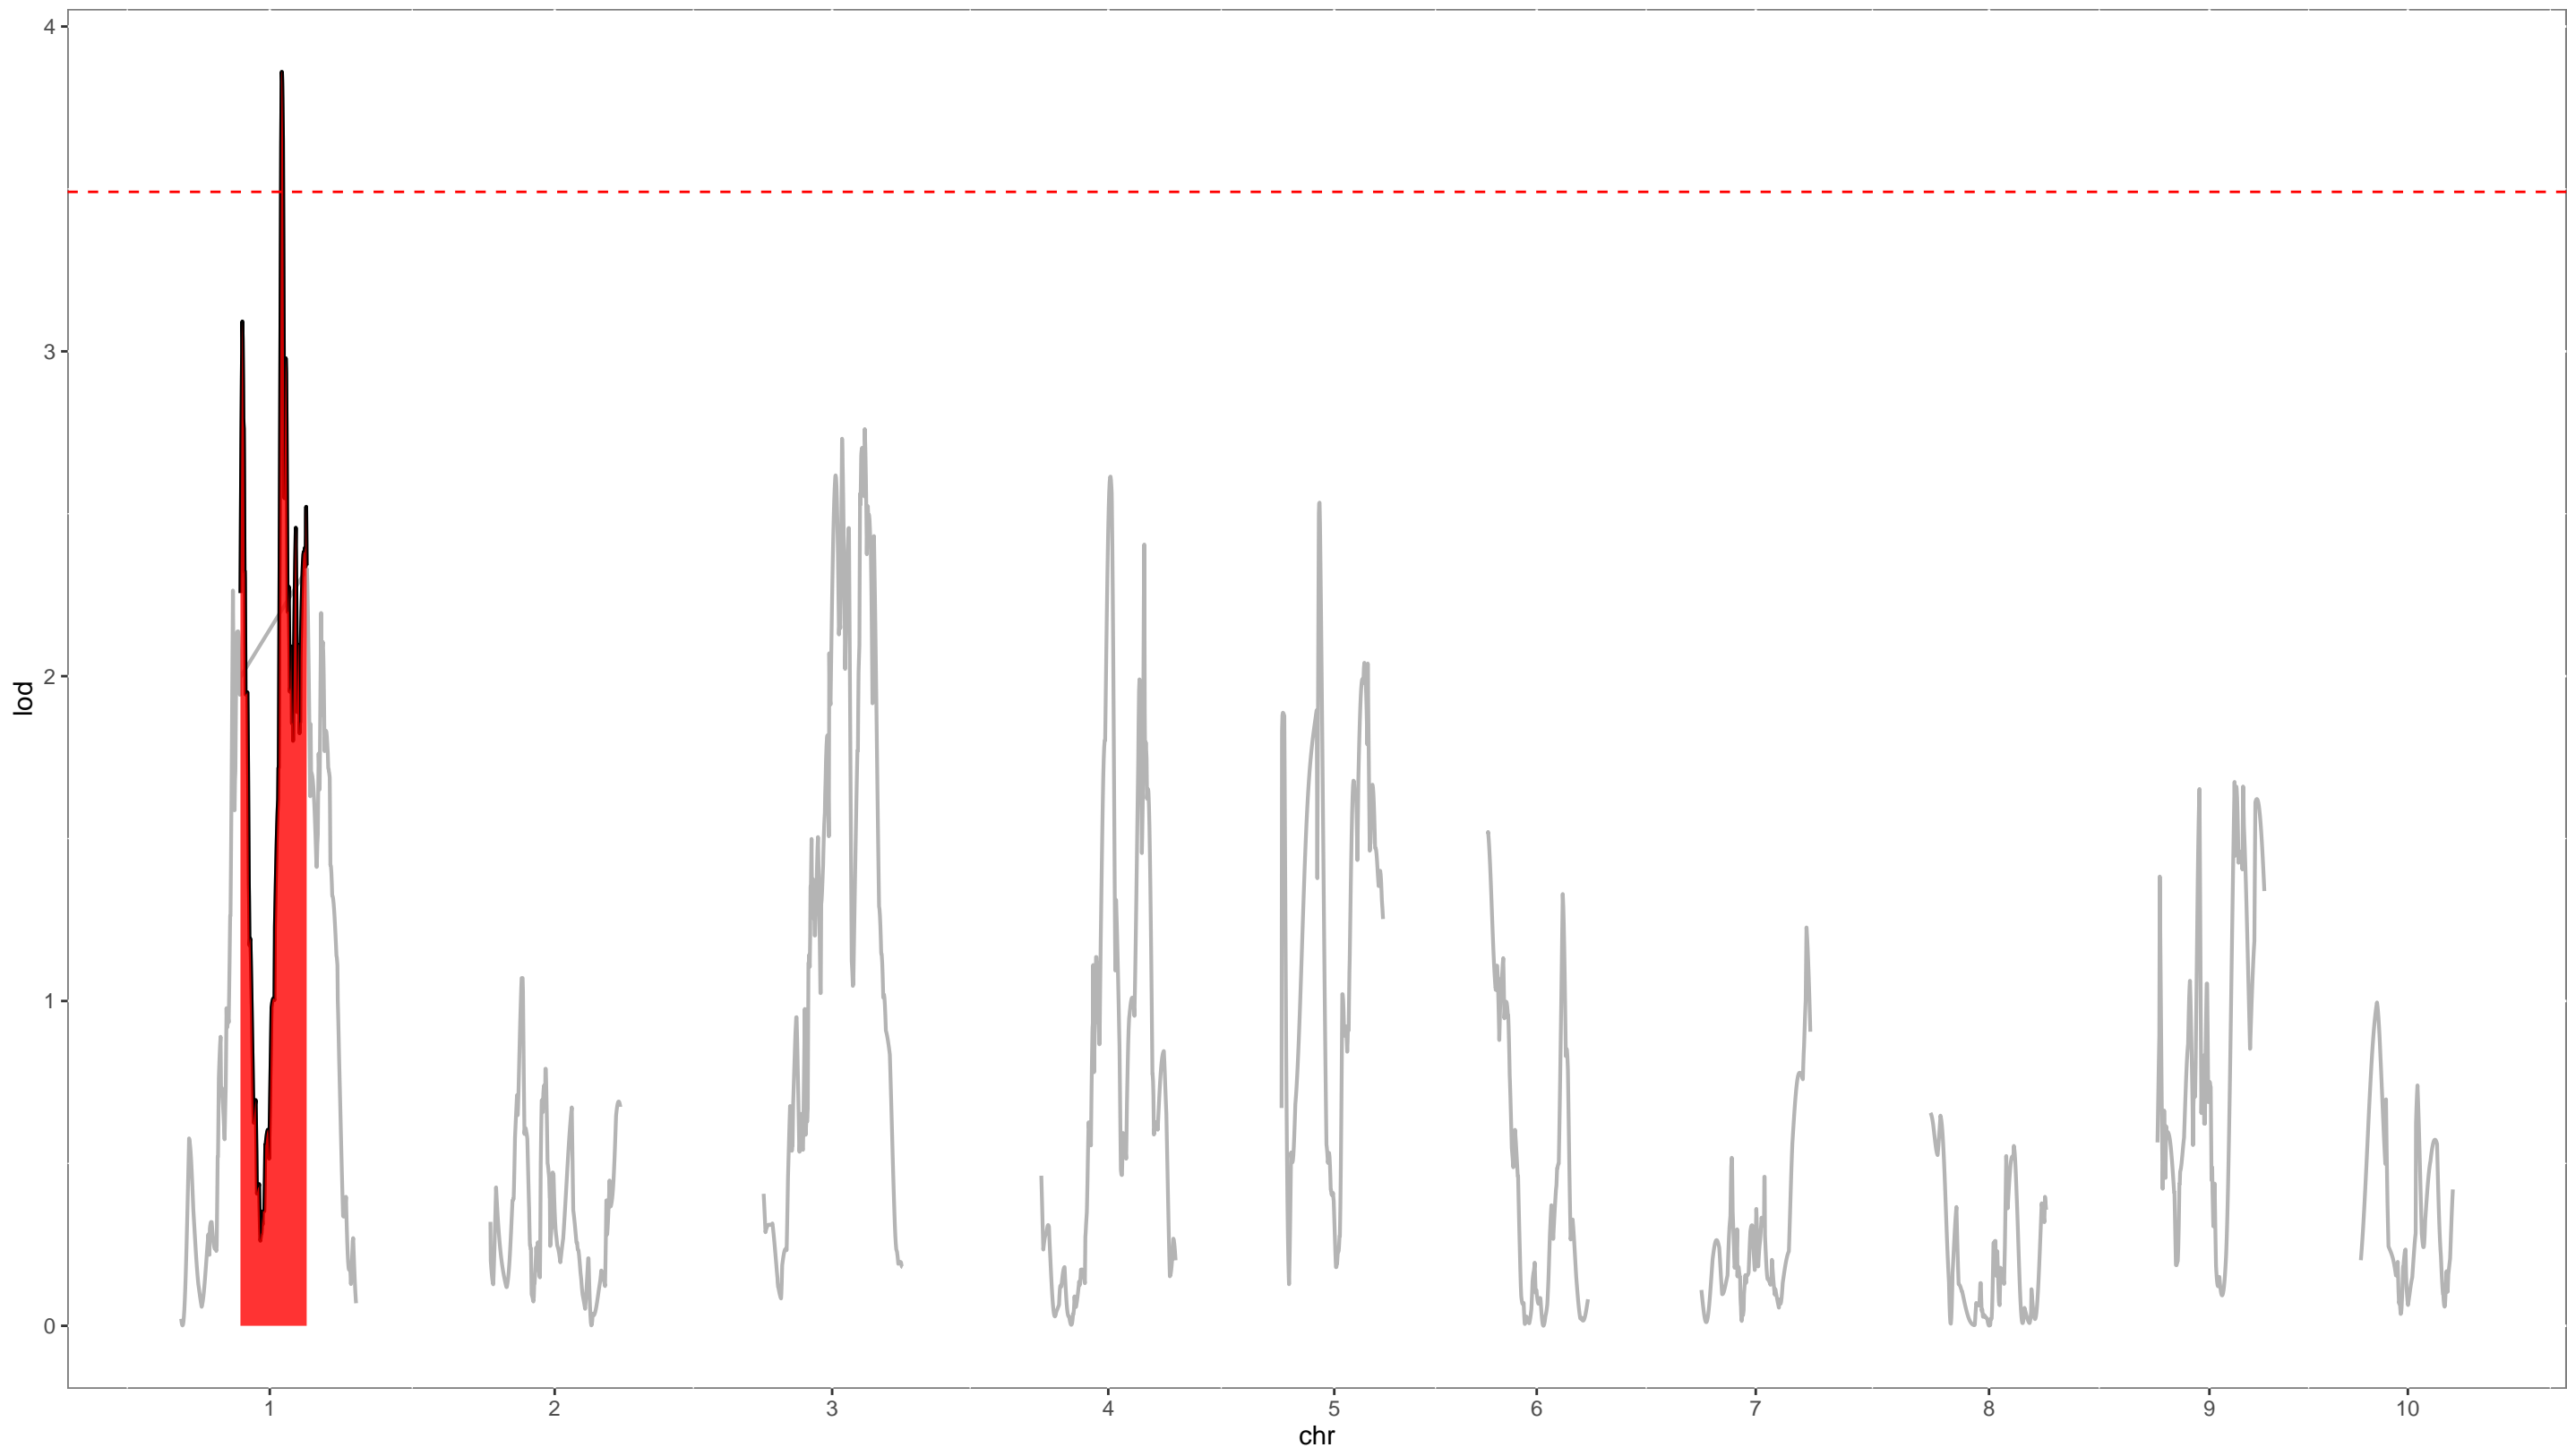

QTL analysis for additive covariate for B_ratio

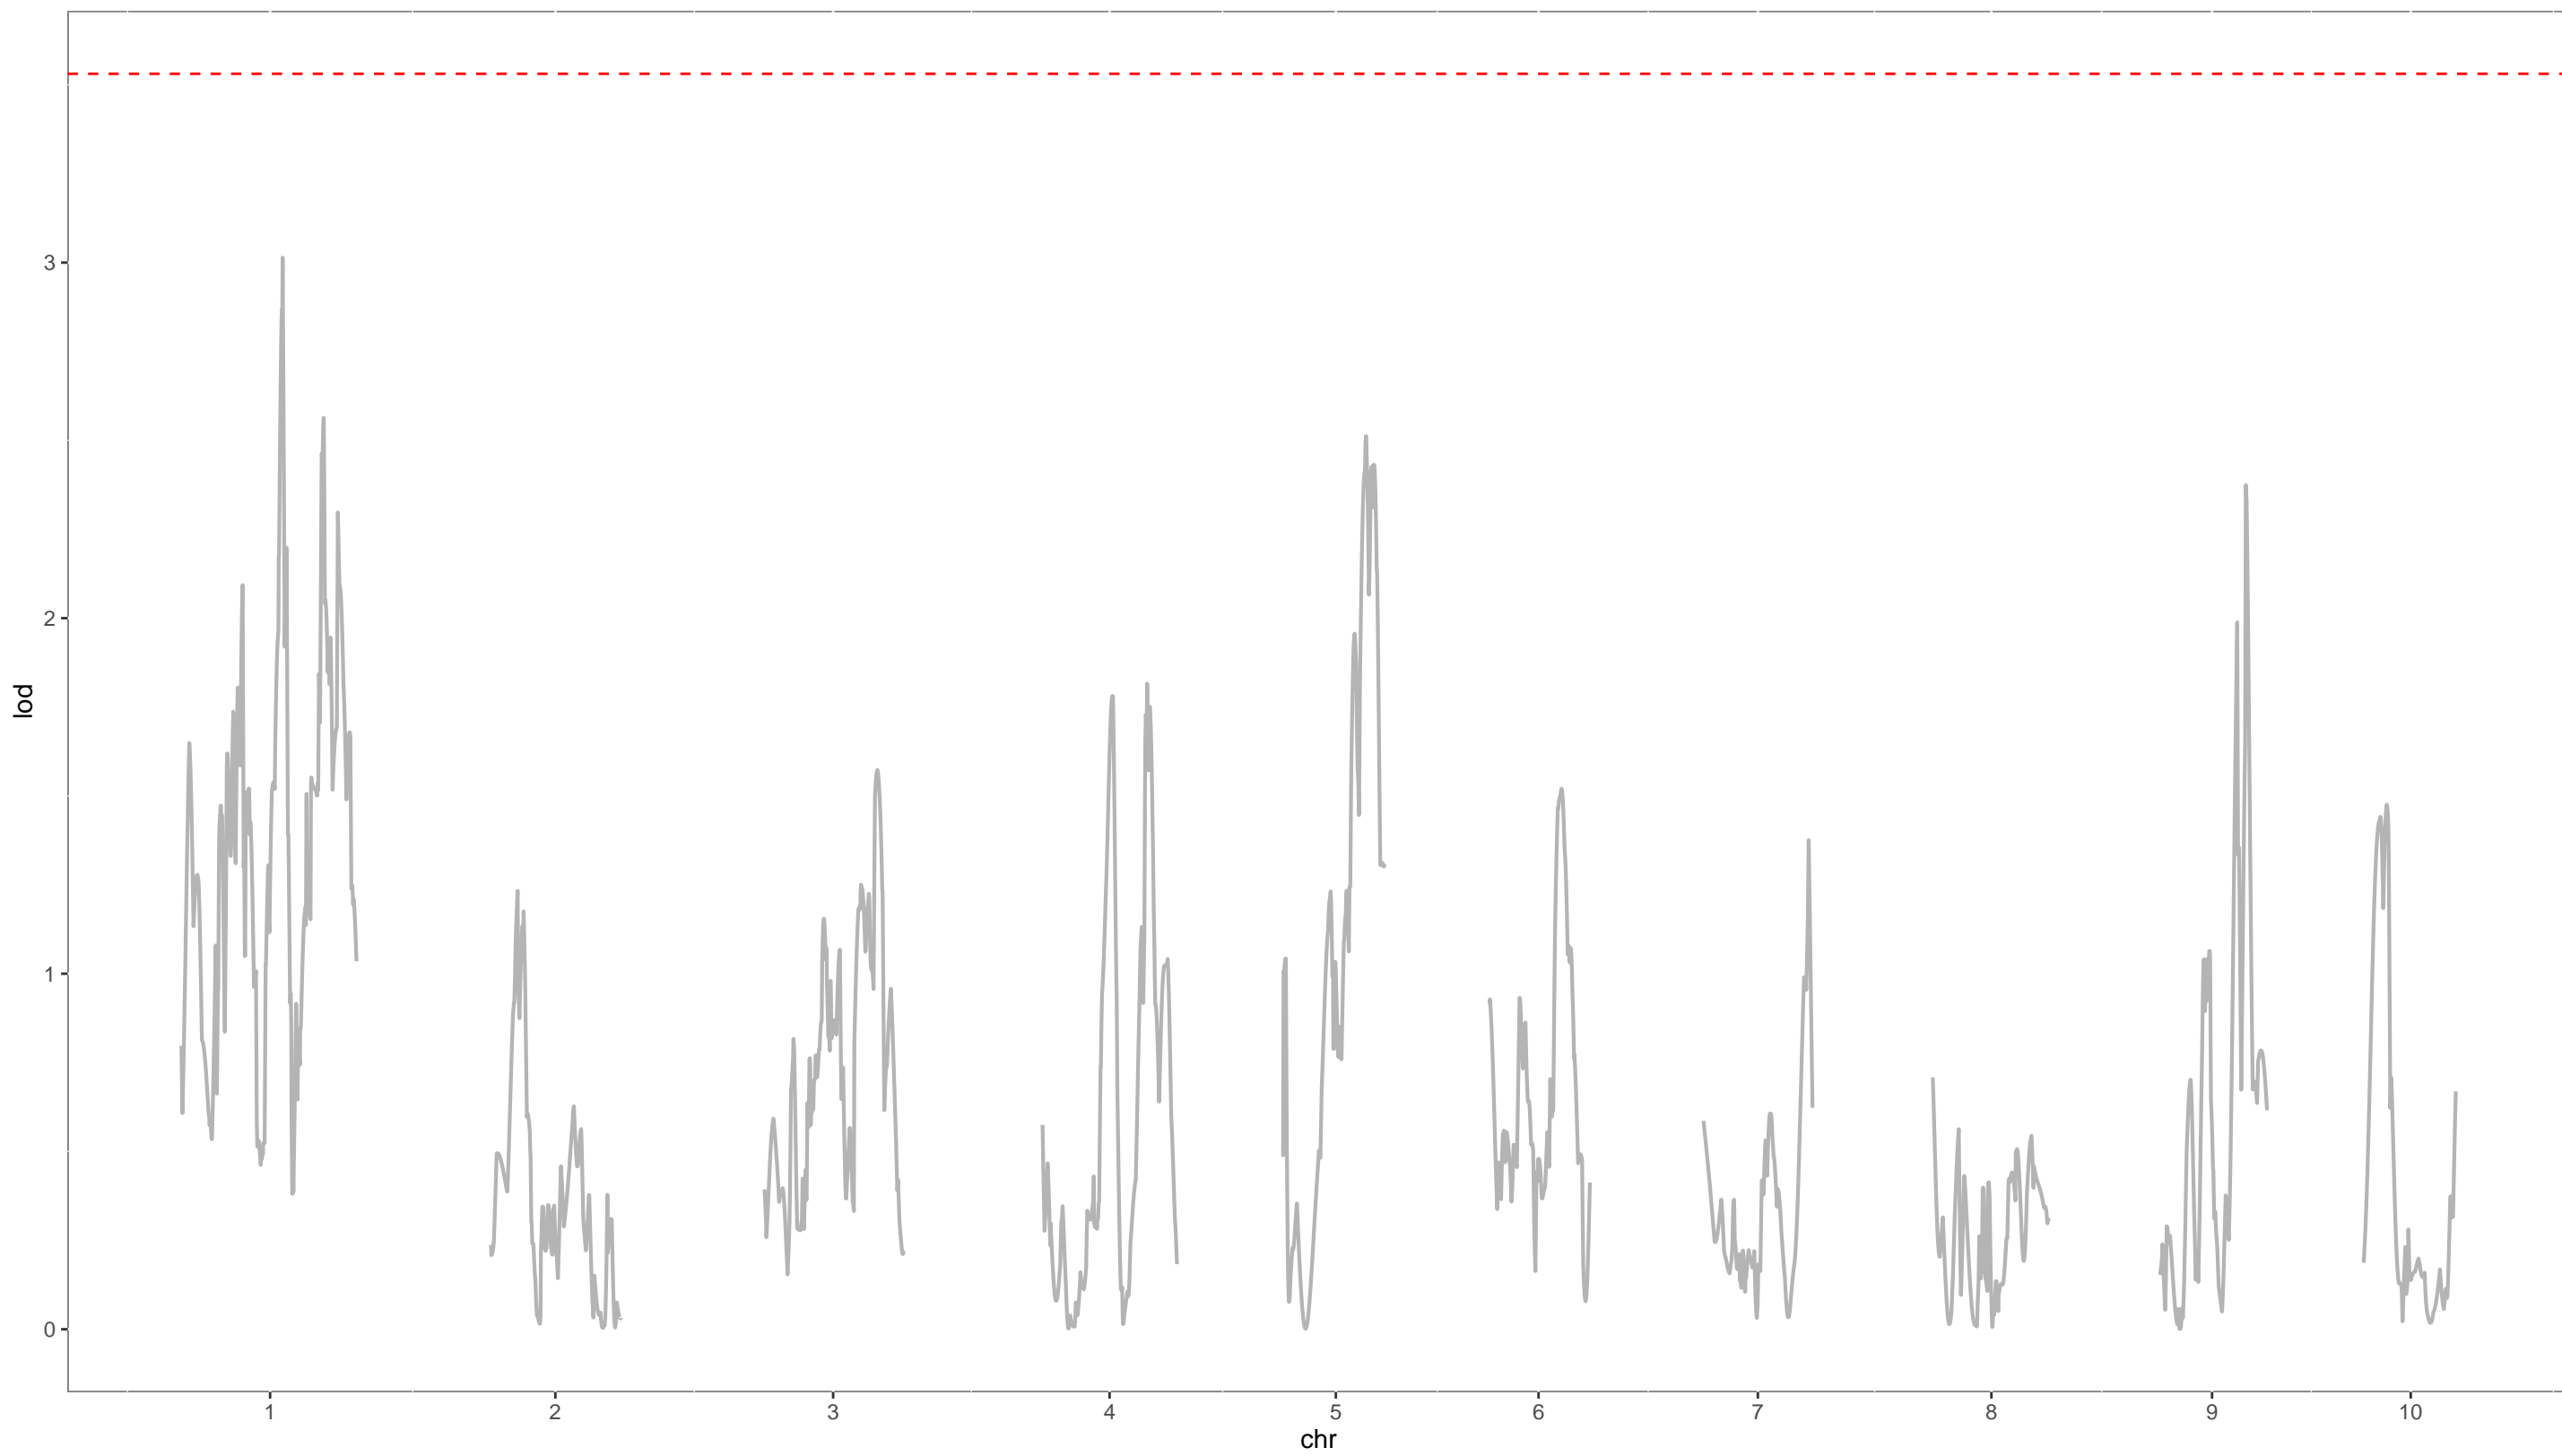

QTL analysis for additive covariate for B_seed

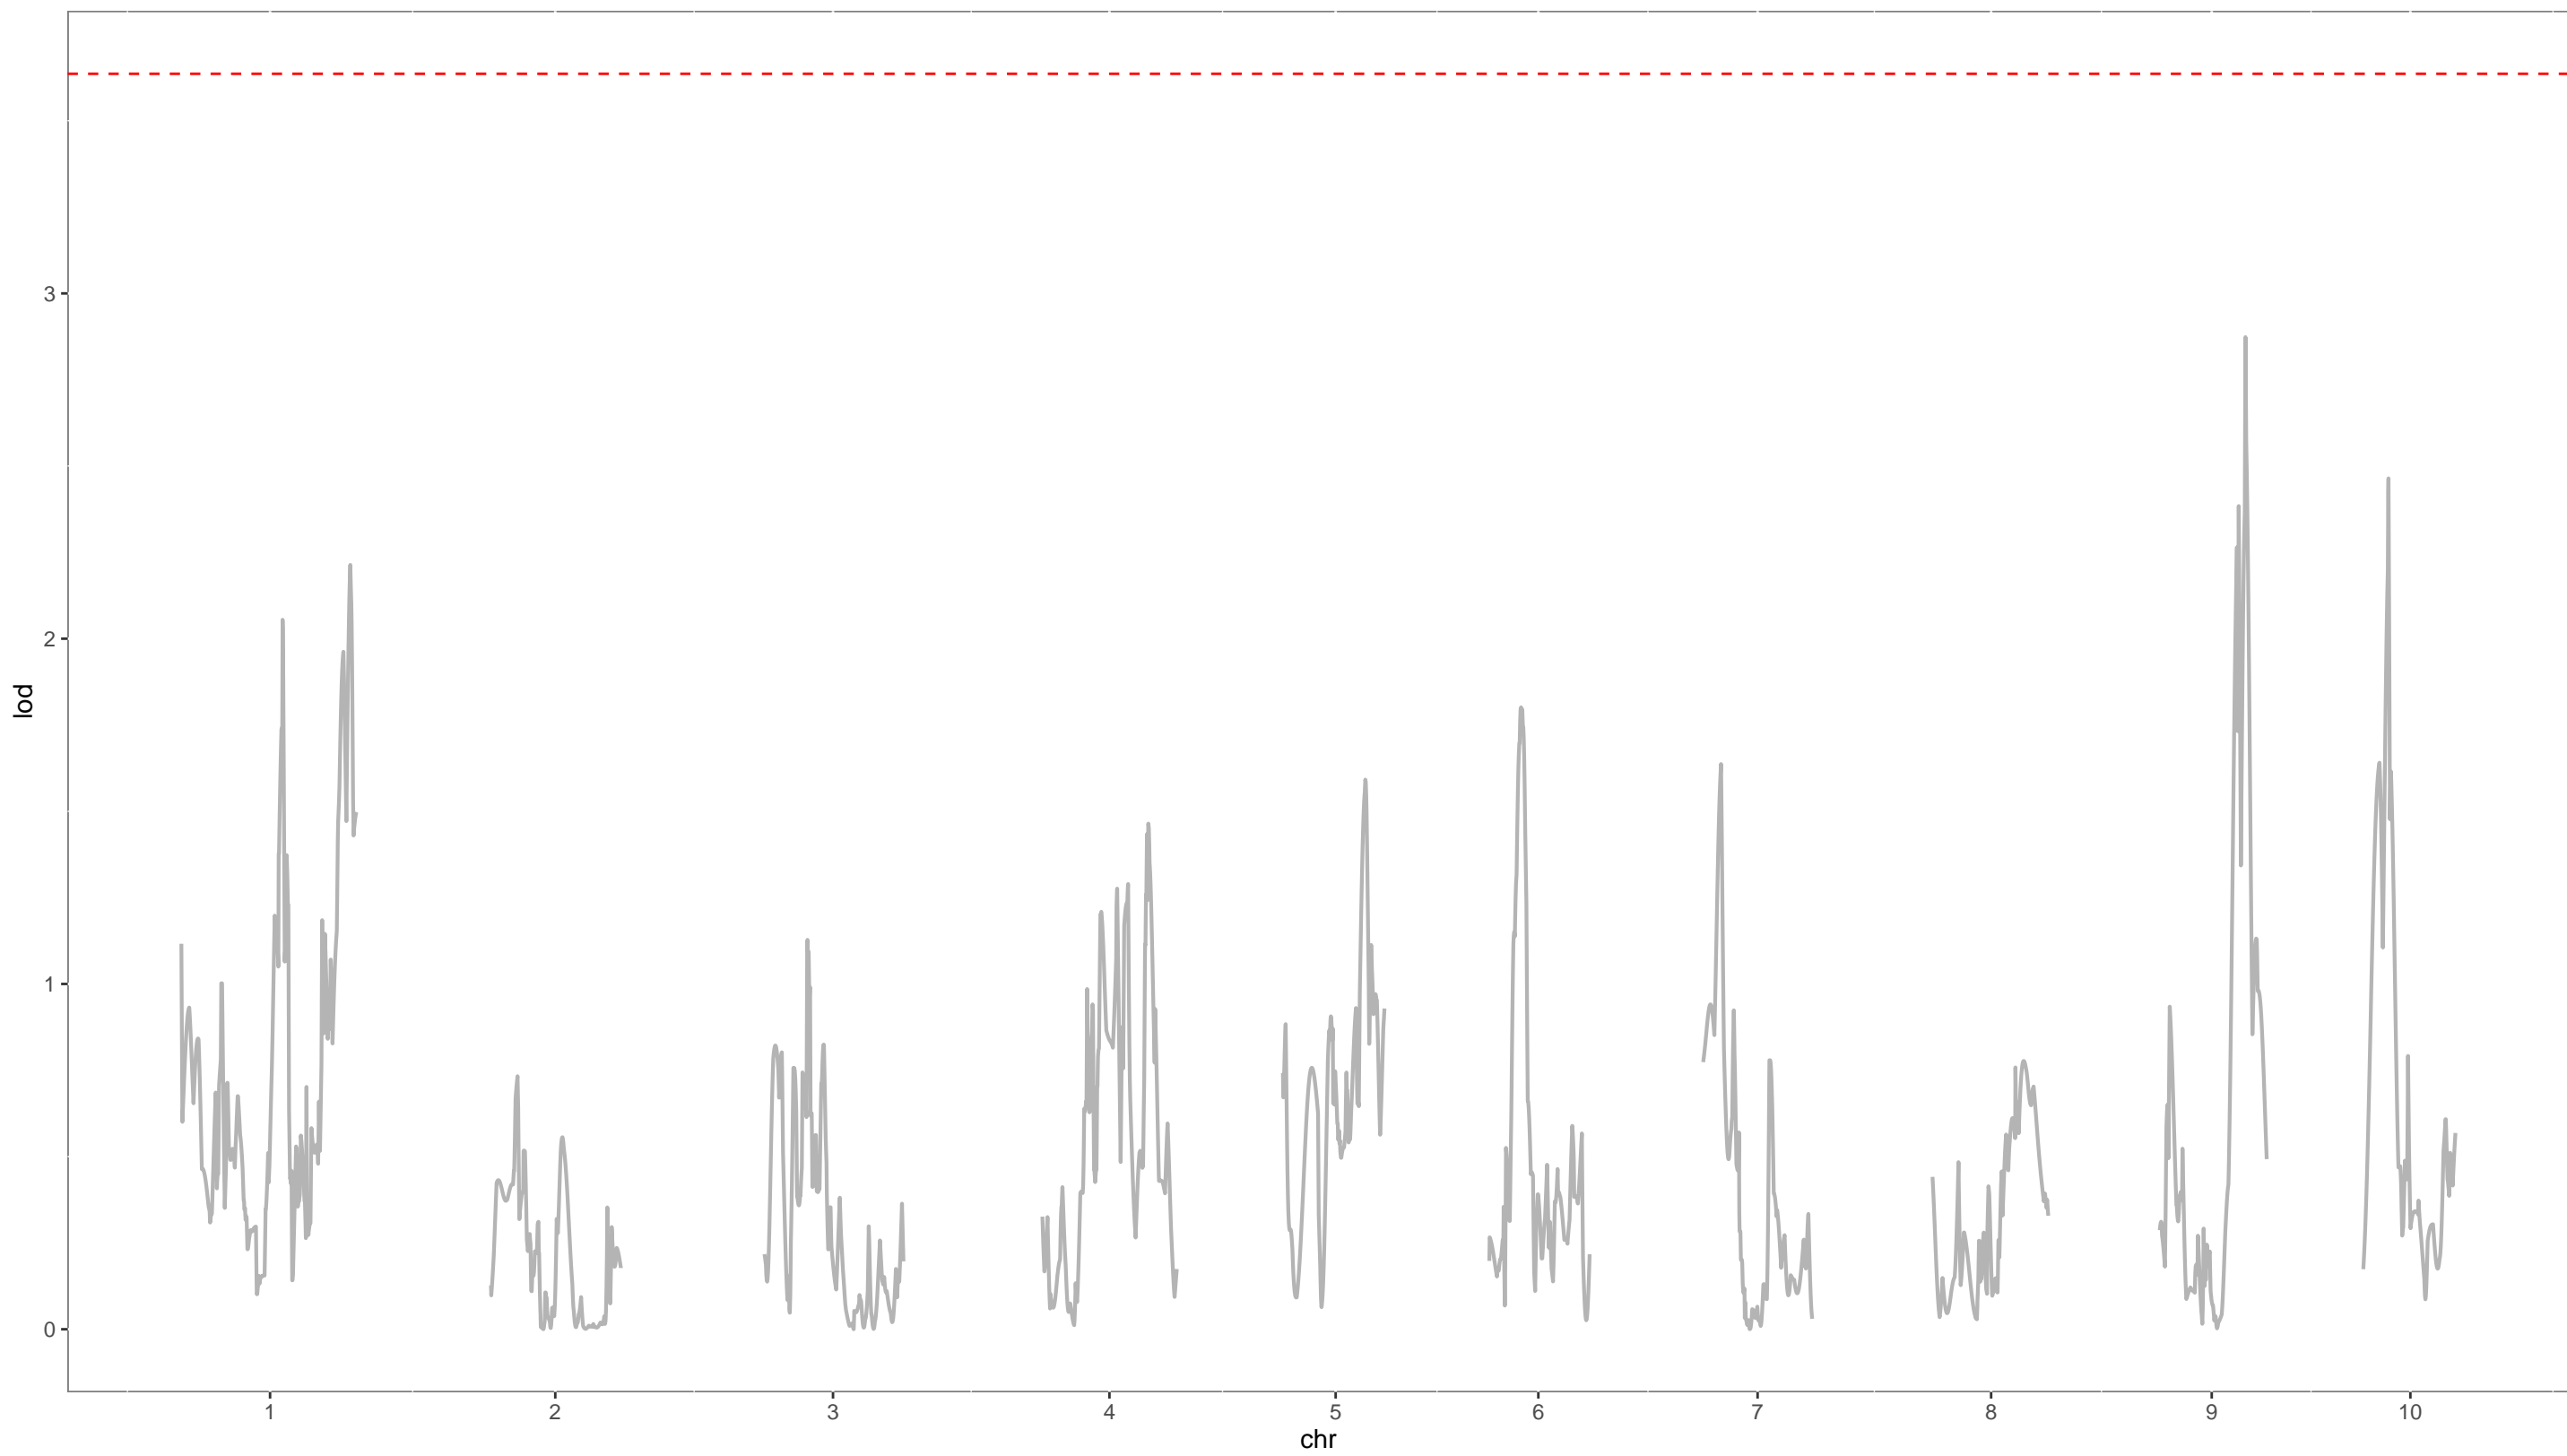

QTL analysis for additive covariate for Ca_leaf

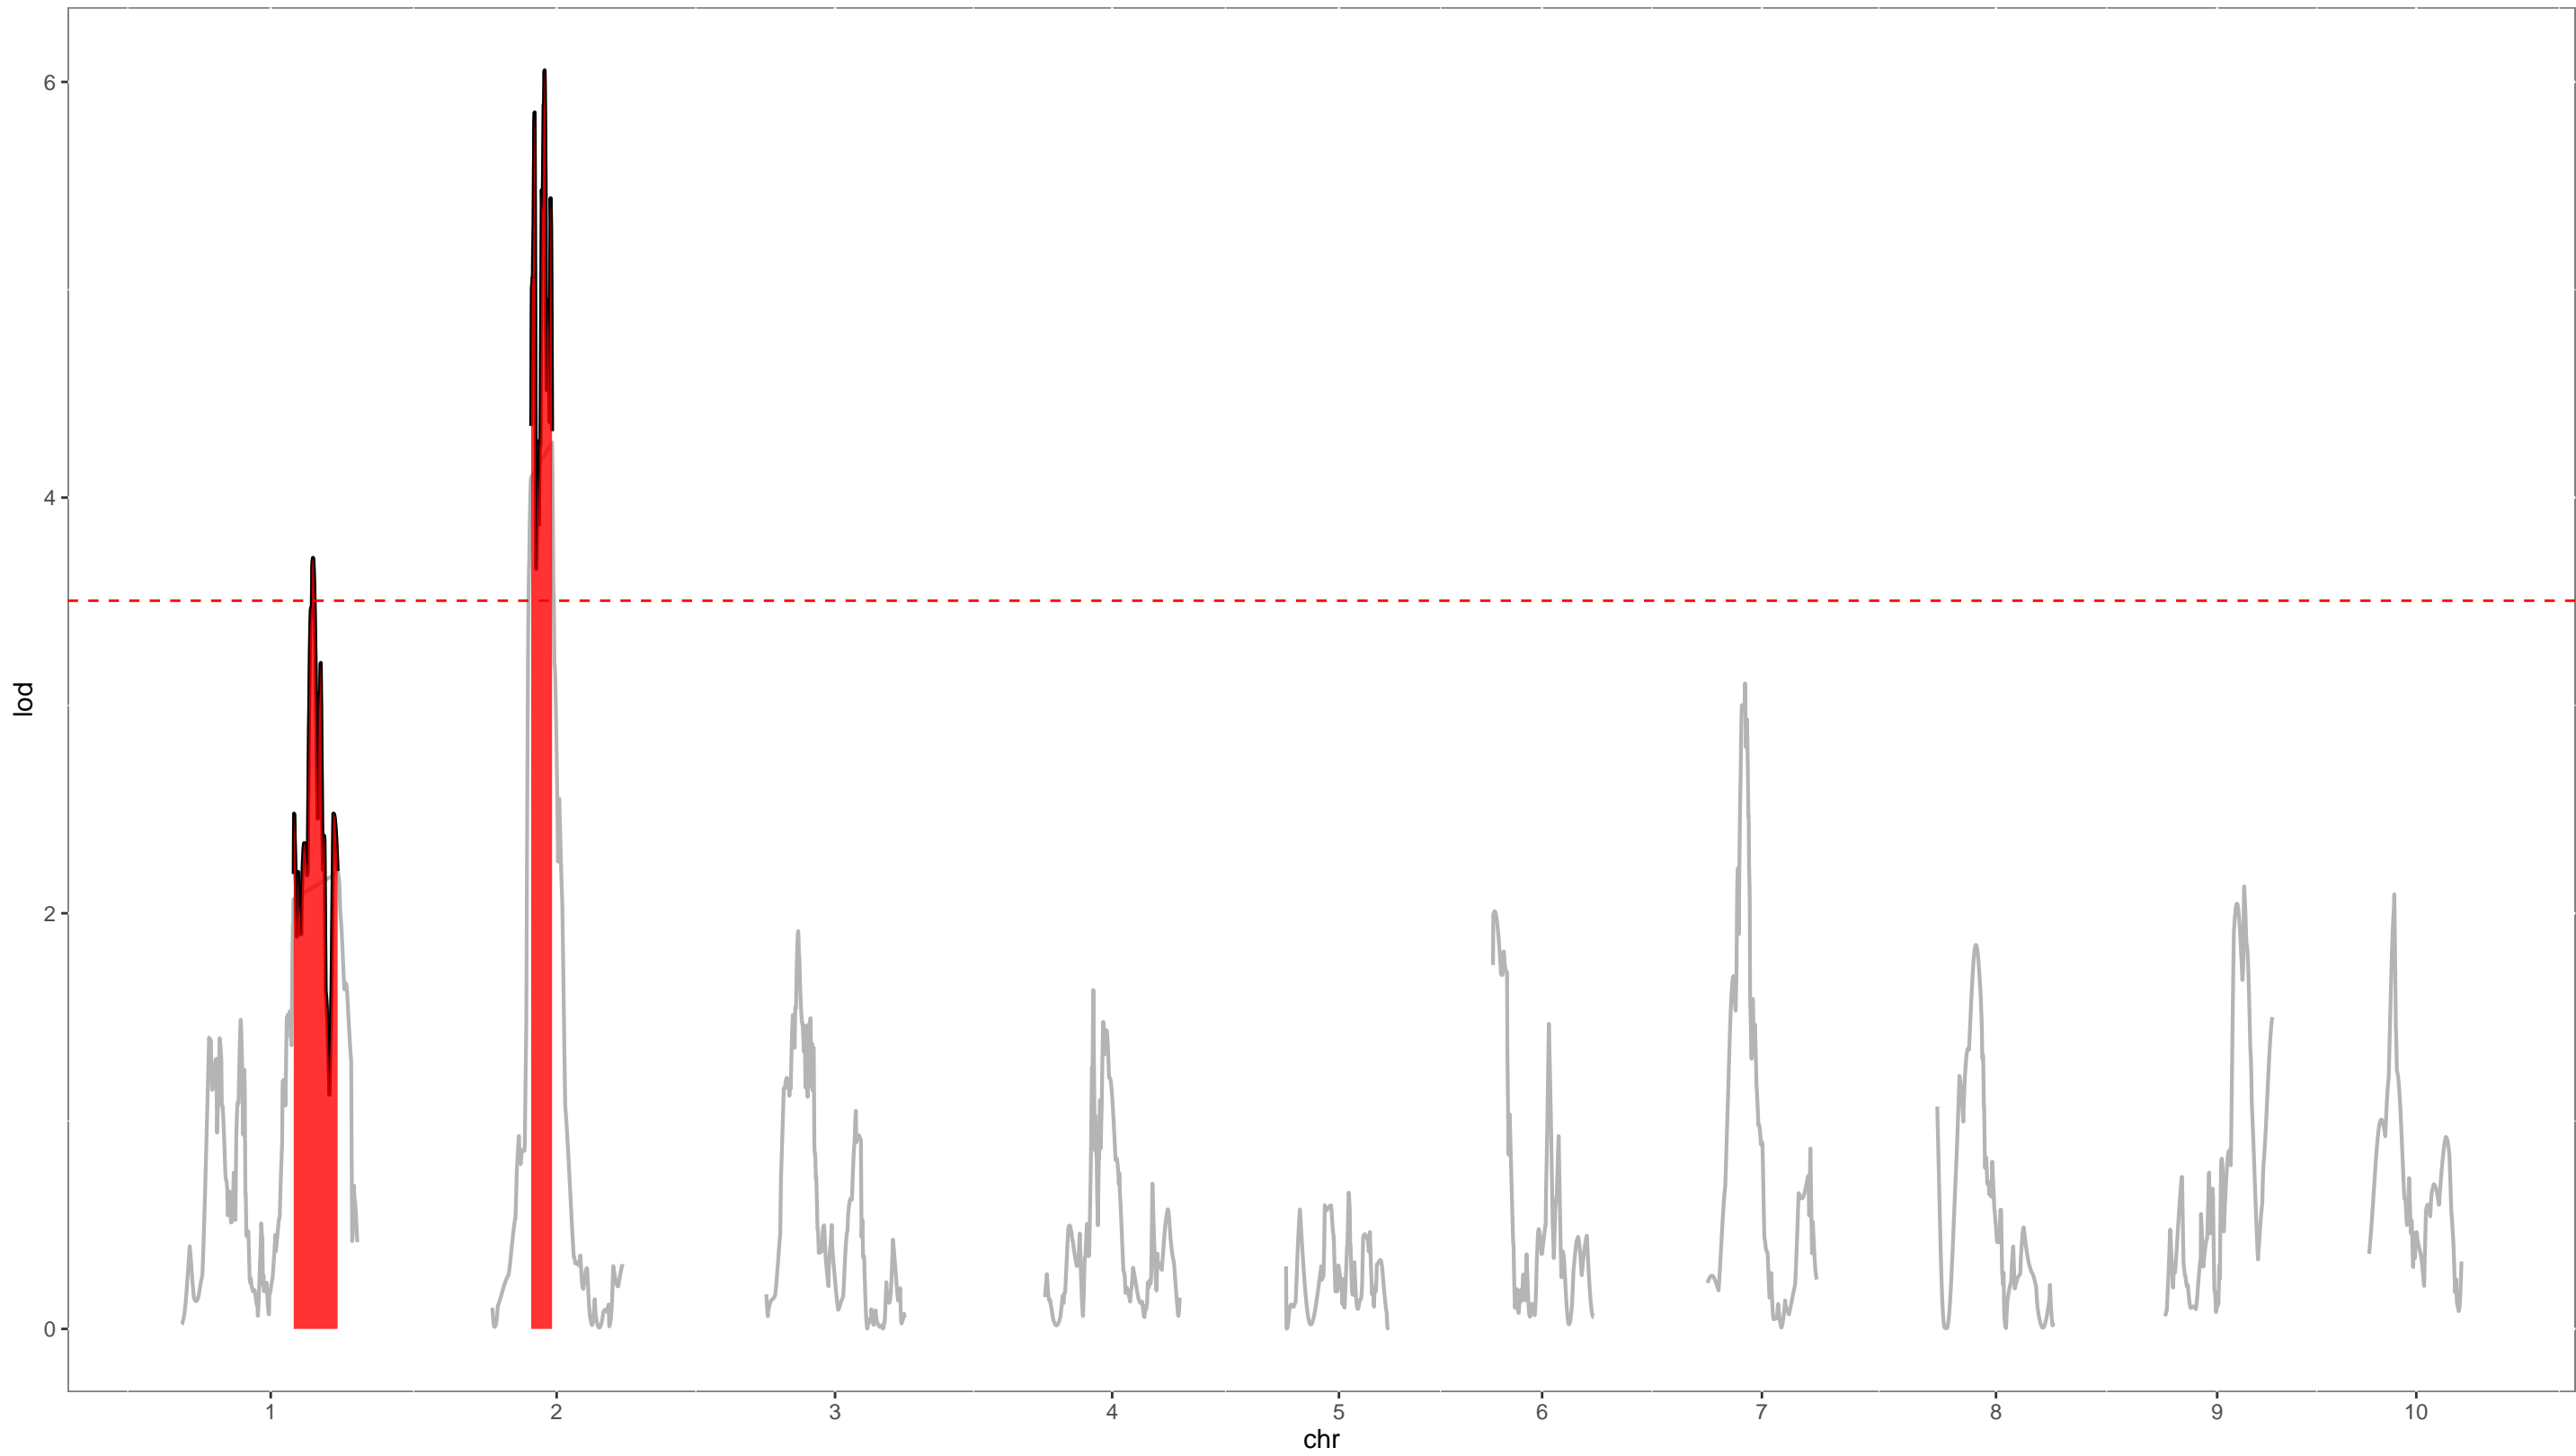

QTL analysis for additive covariate for Ca_ratio

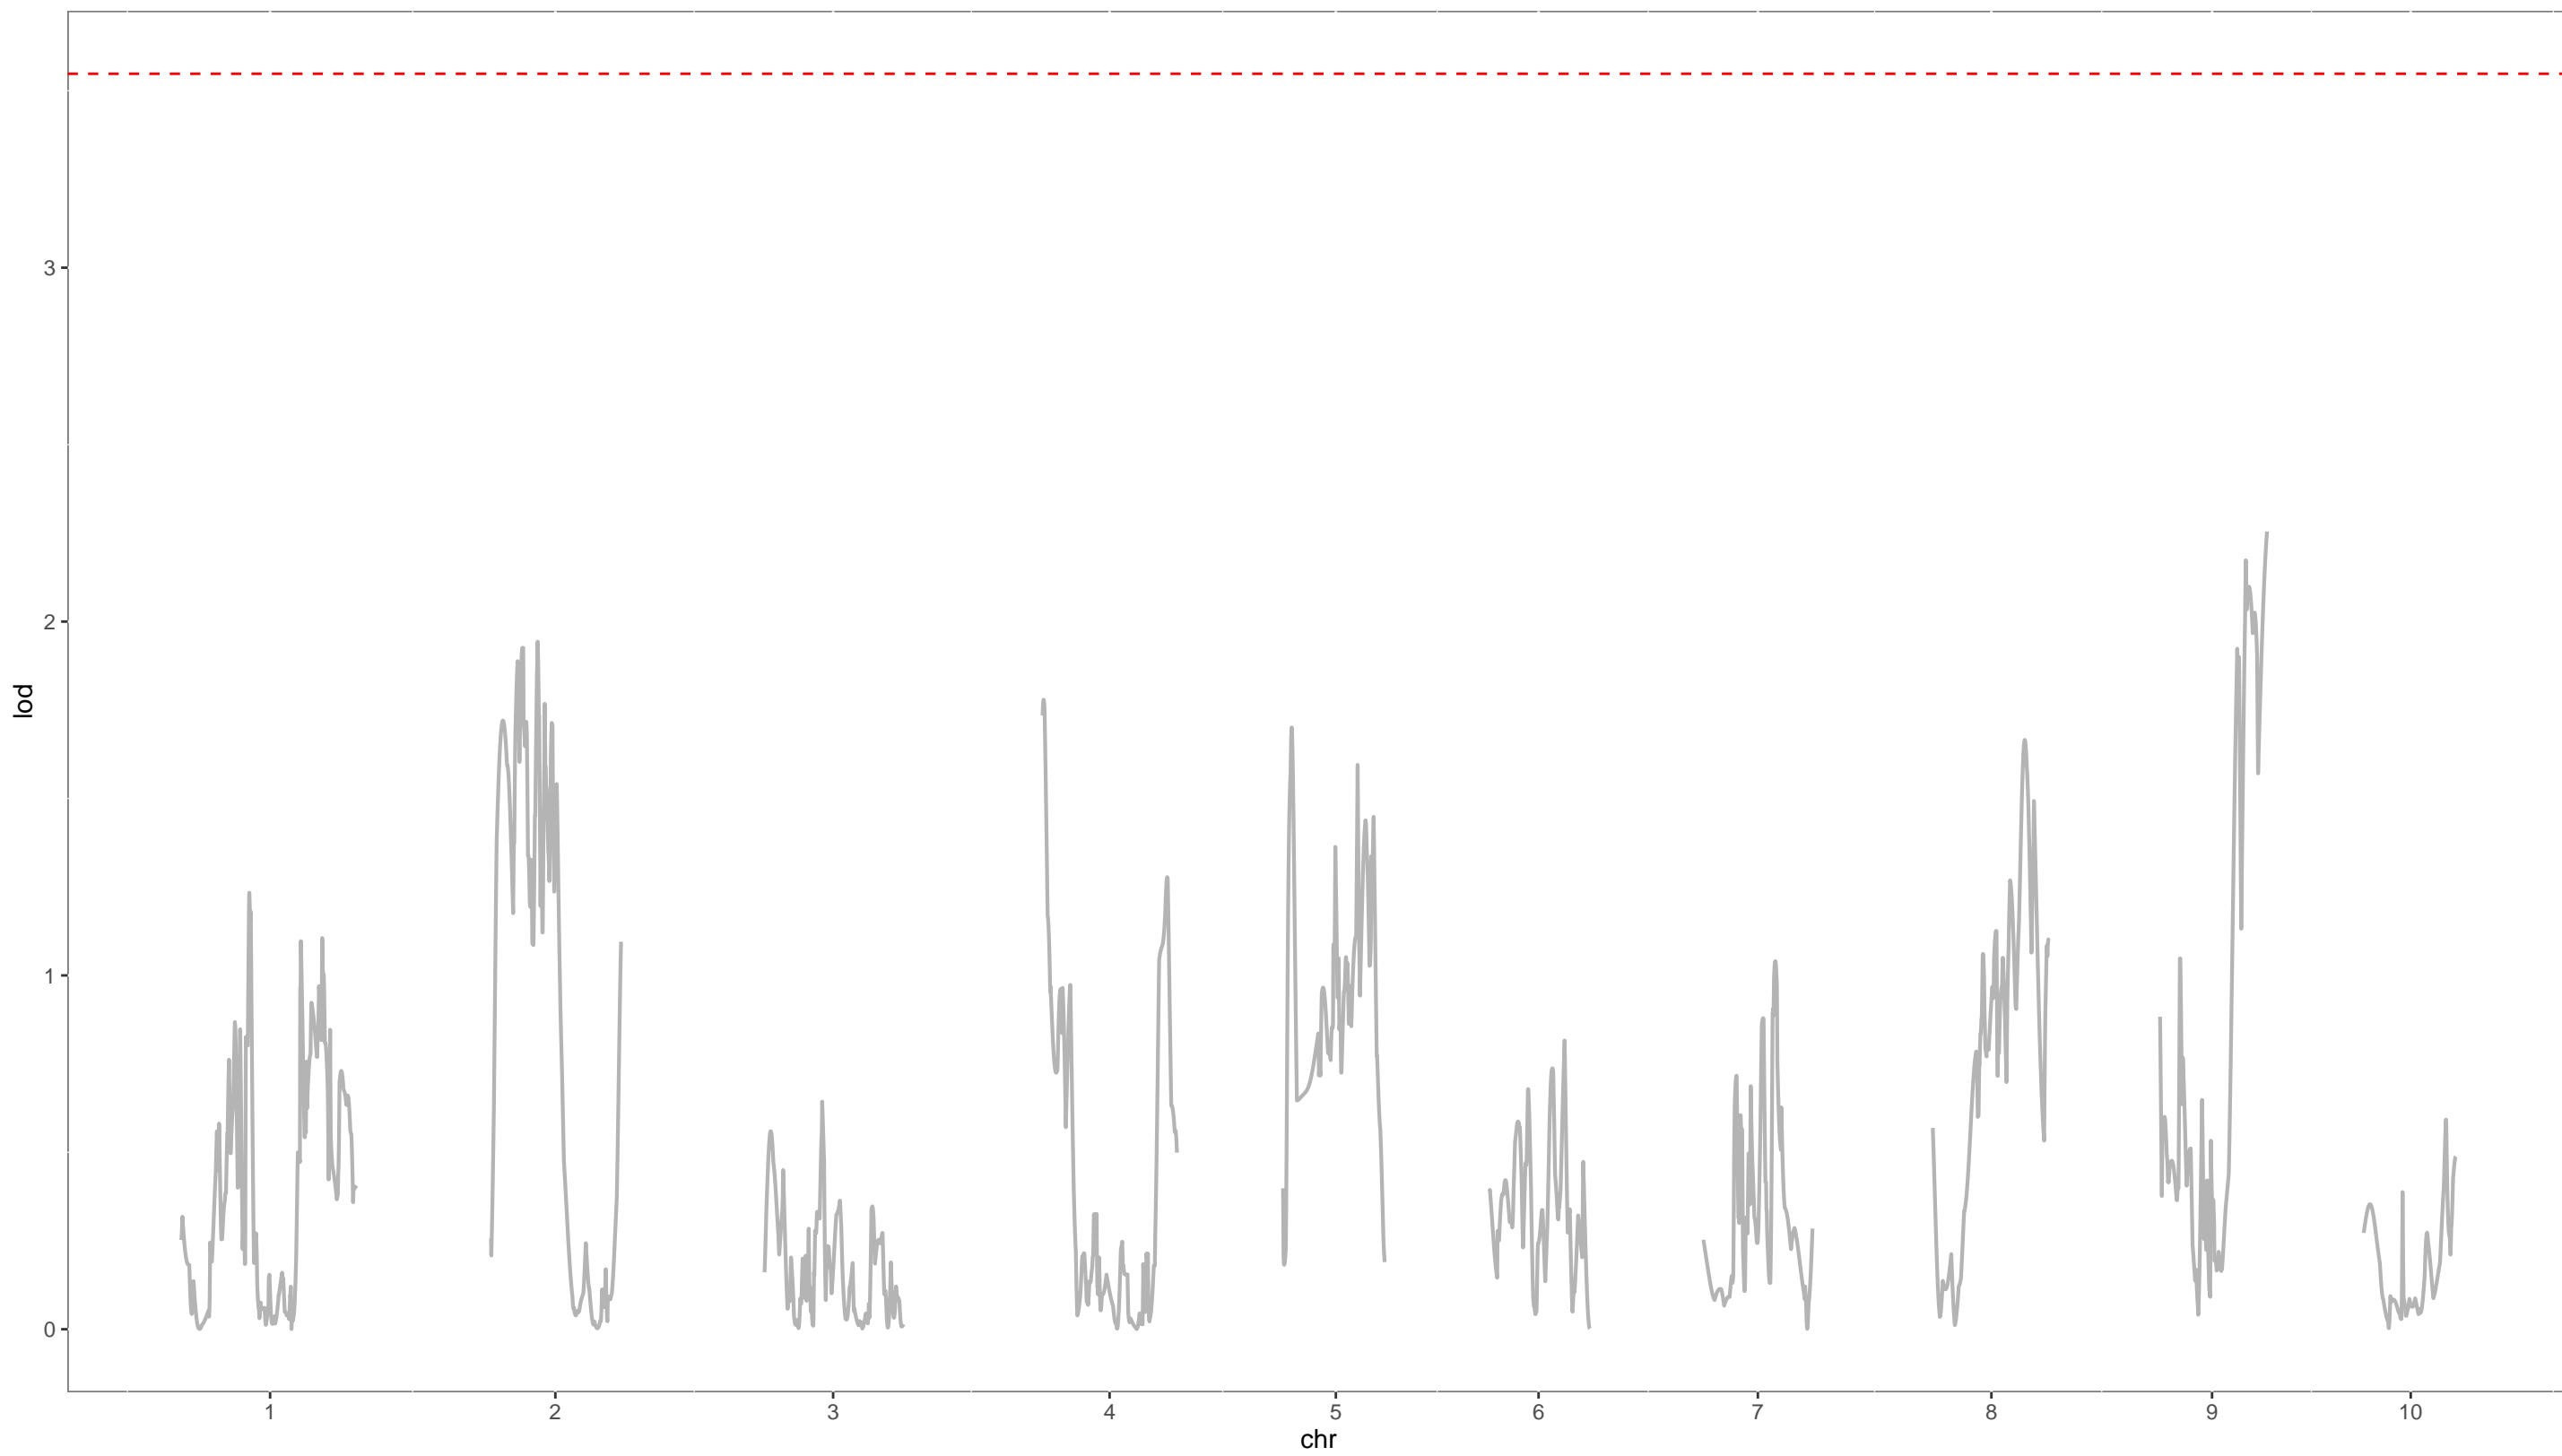

QTL analysis for additive covariate for Ca_seed

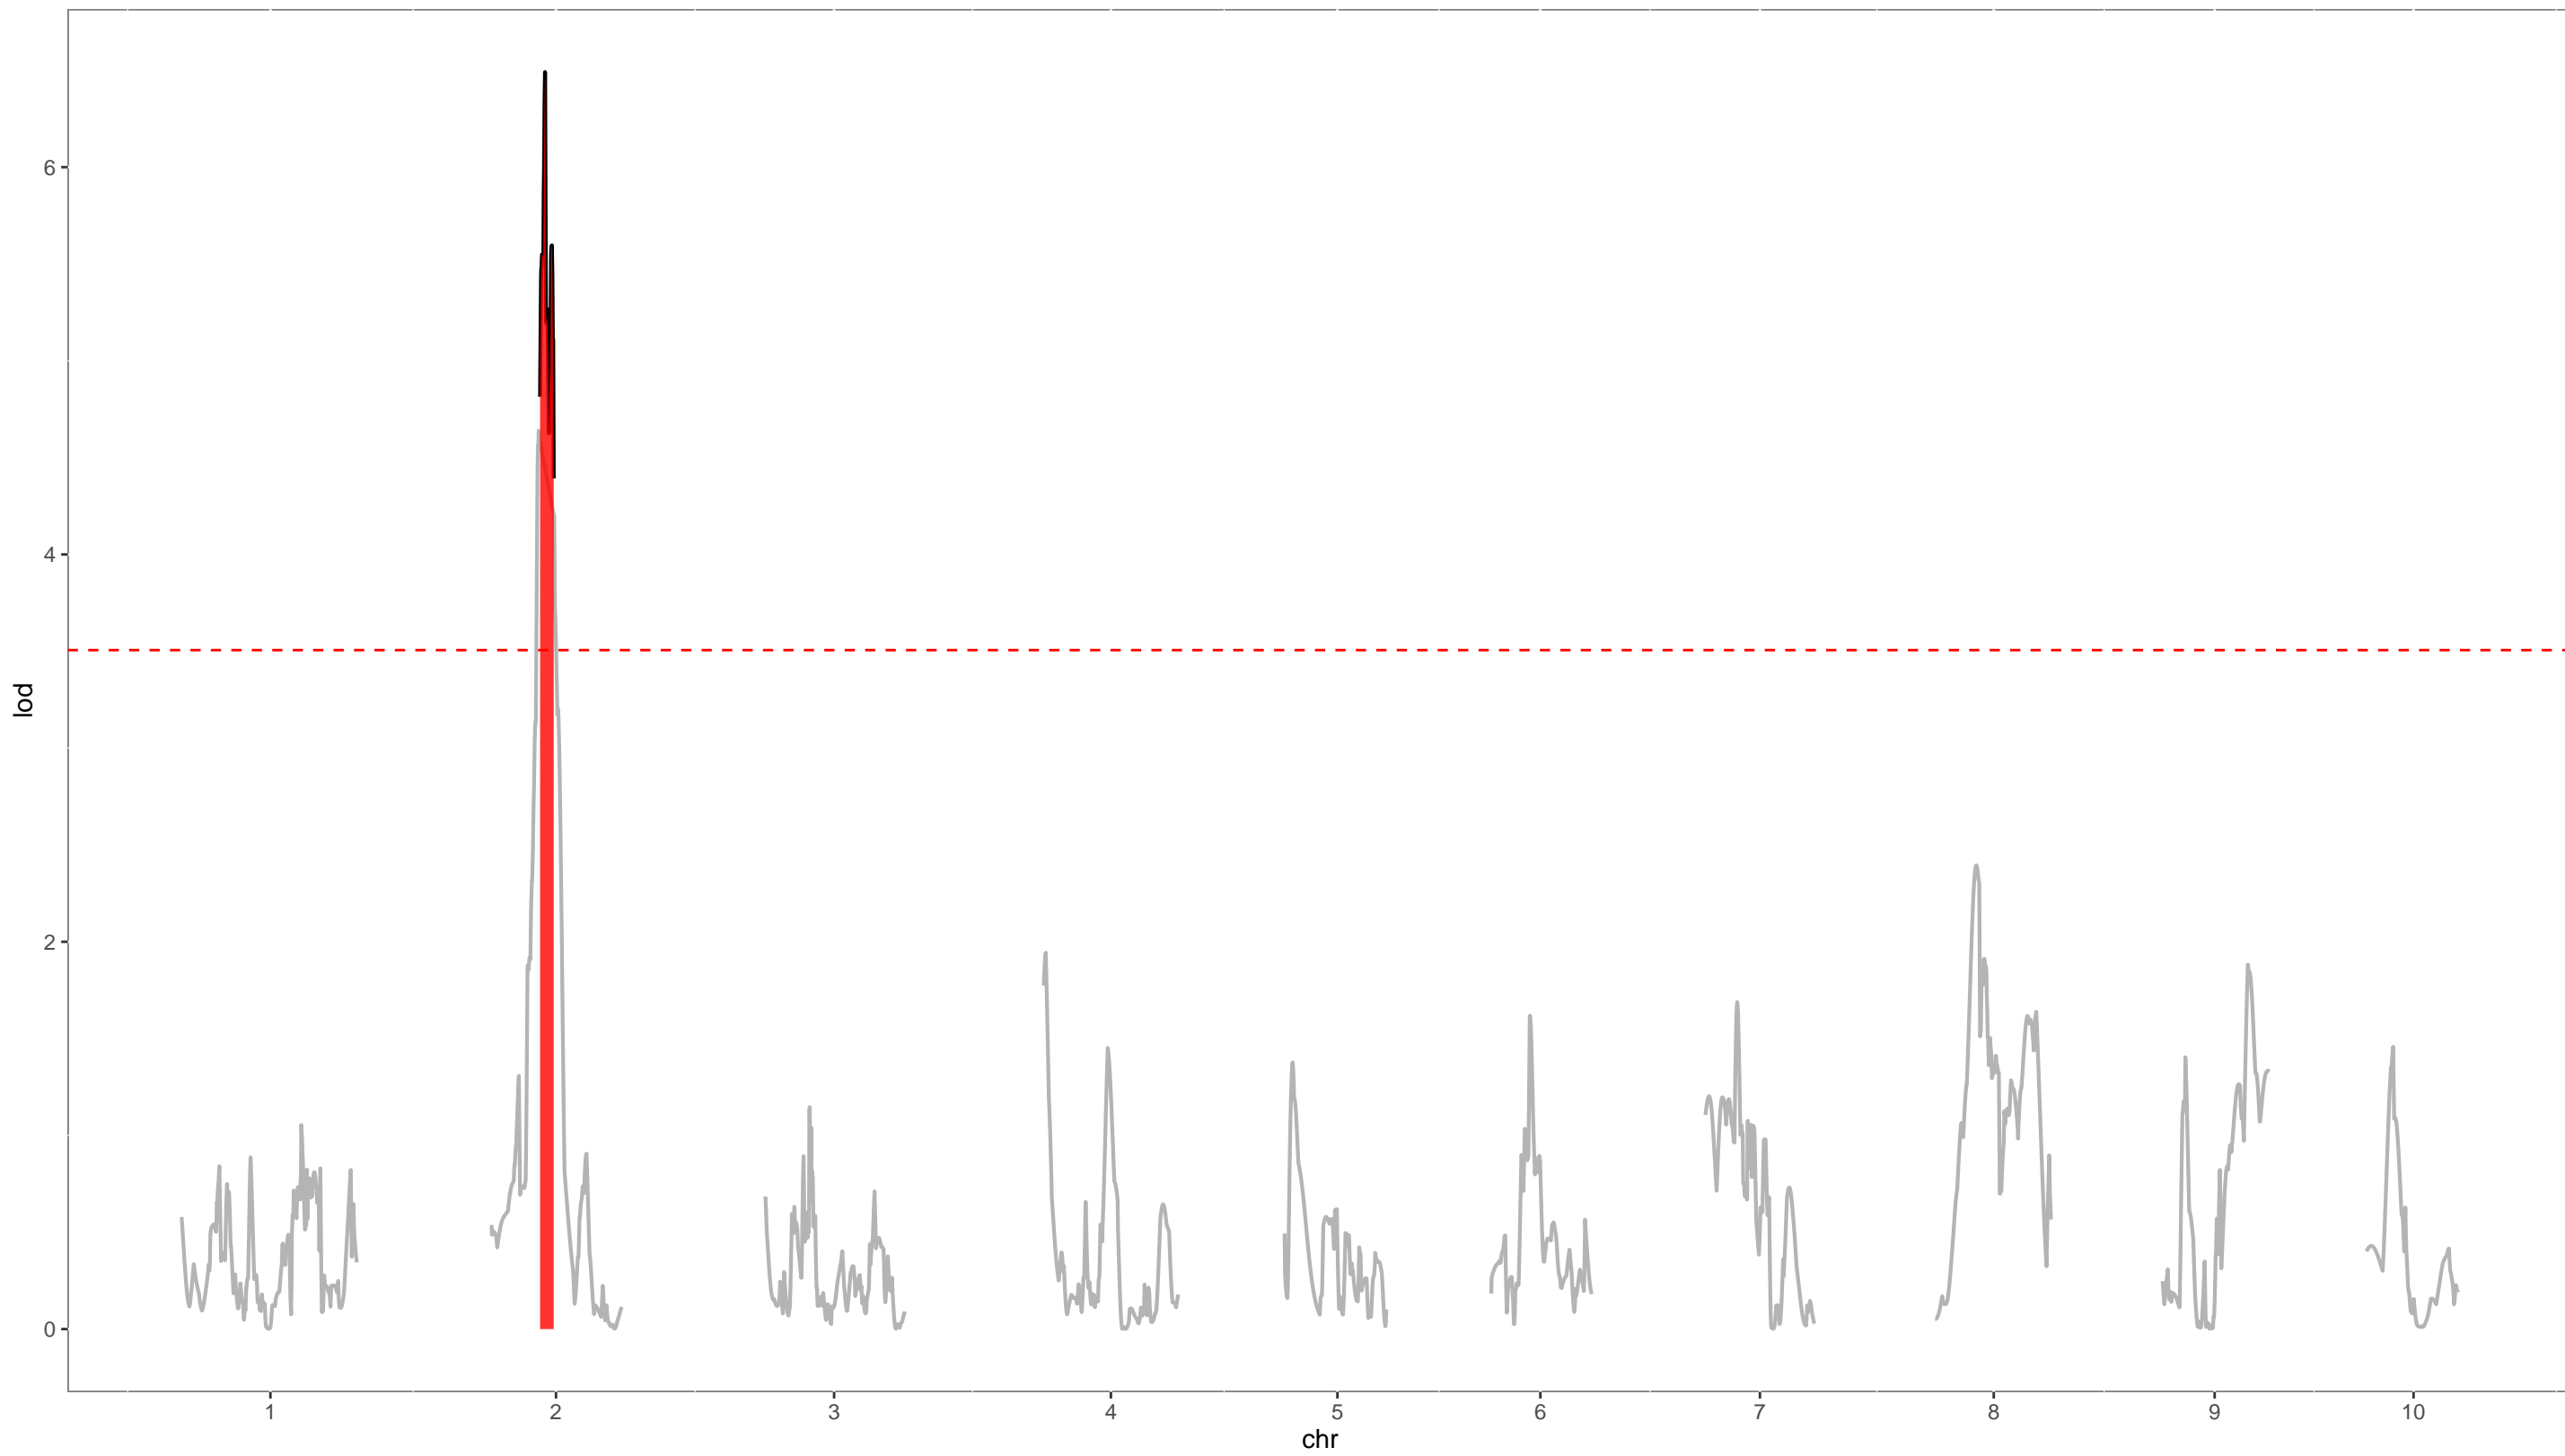

QTL analysis for additive covariate for Cd_leaf

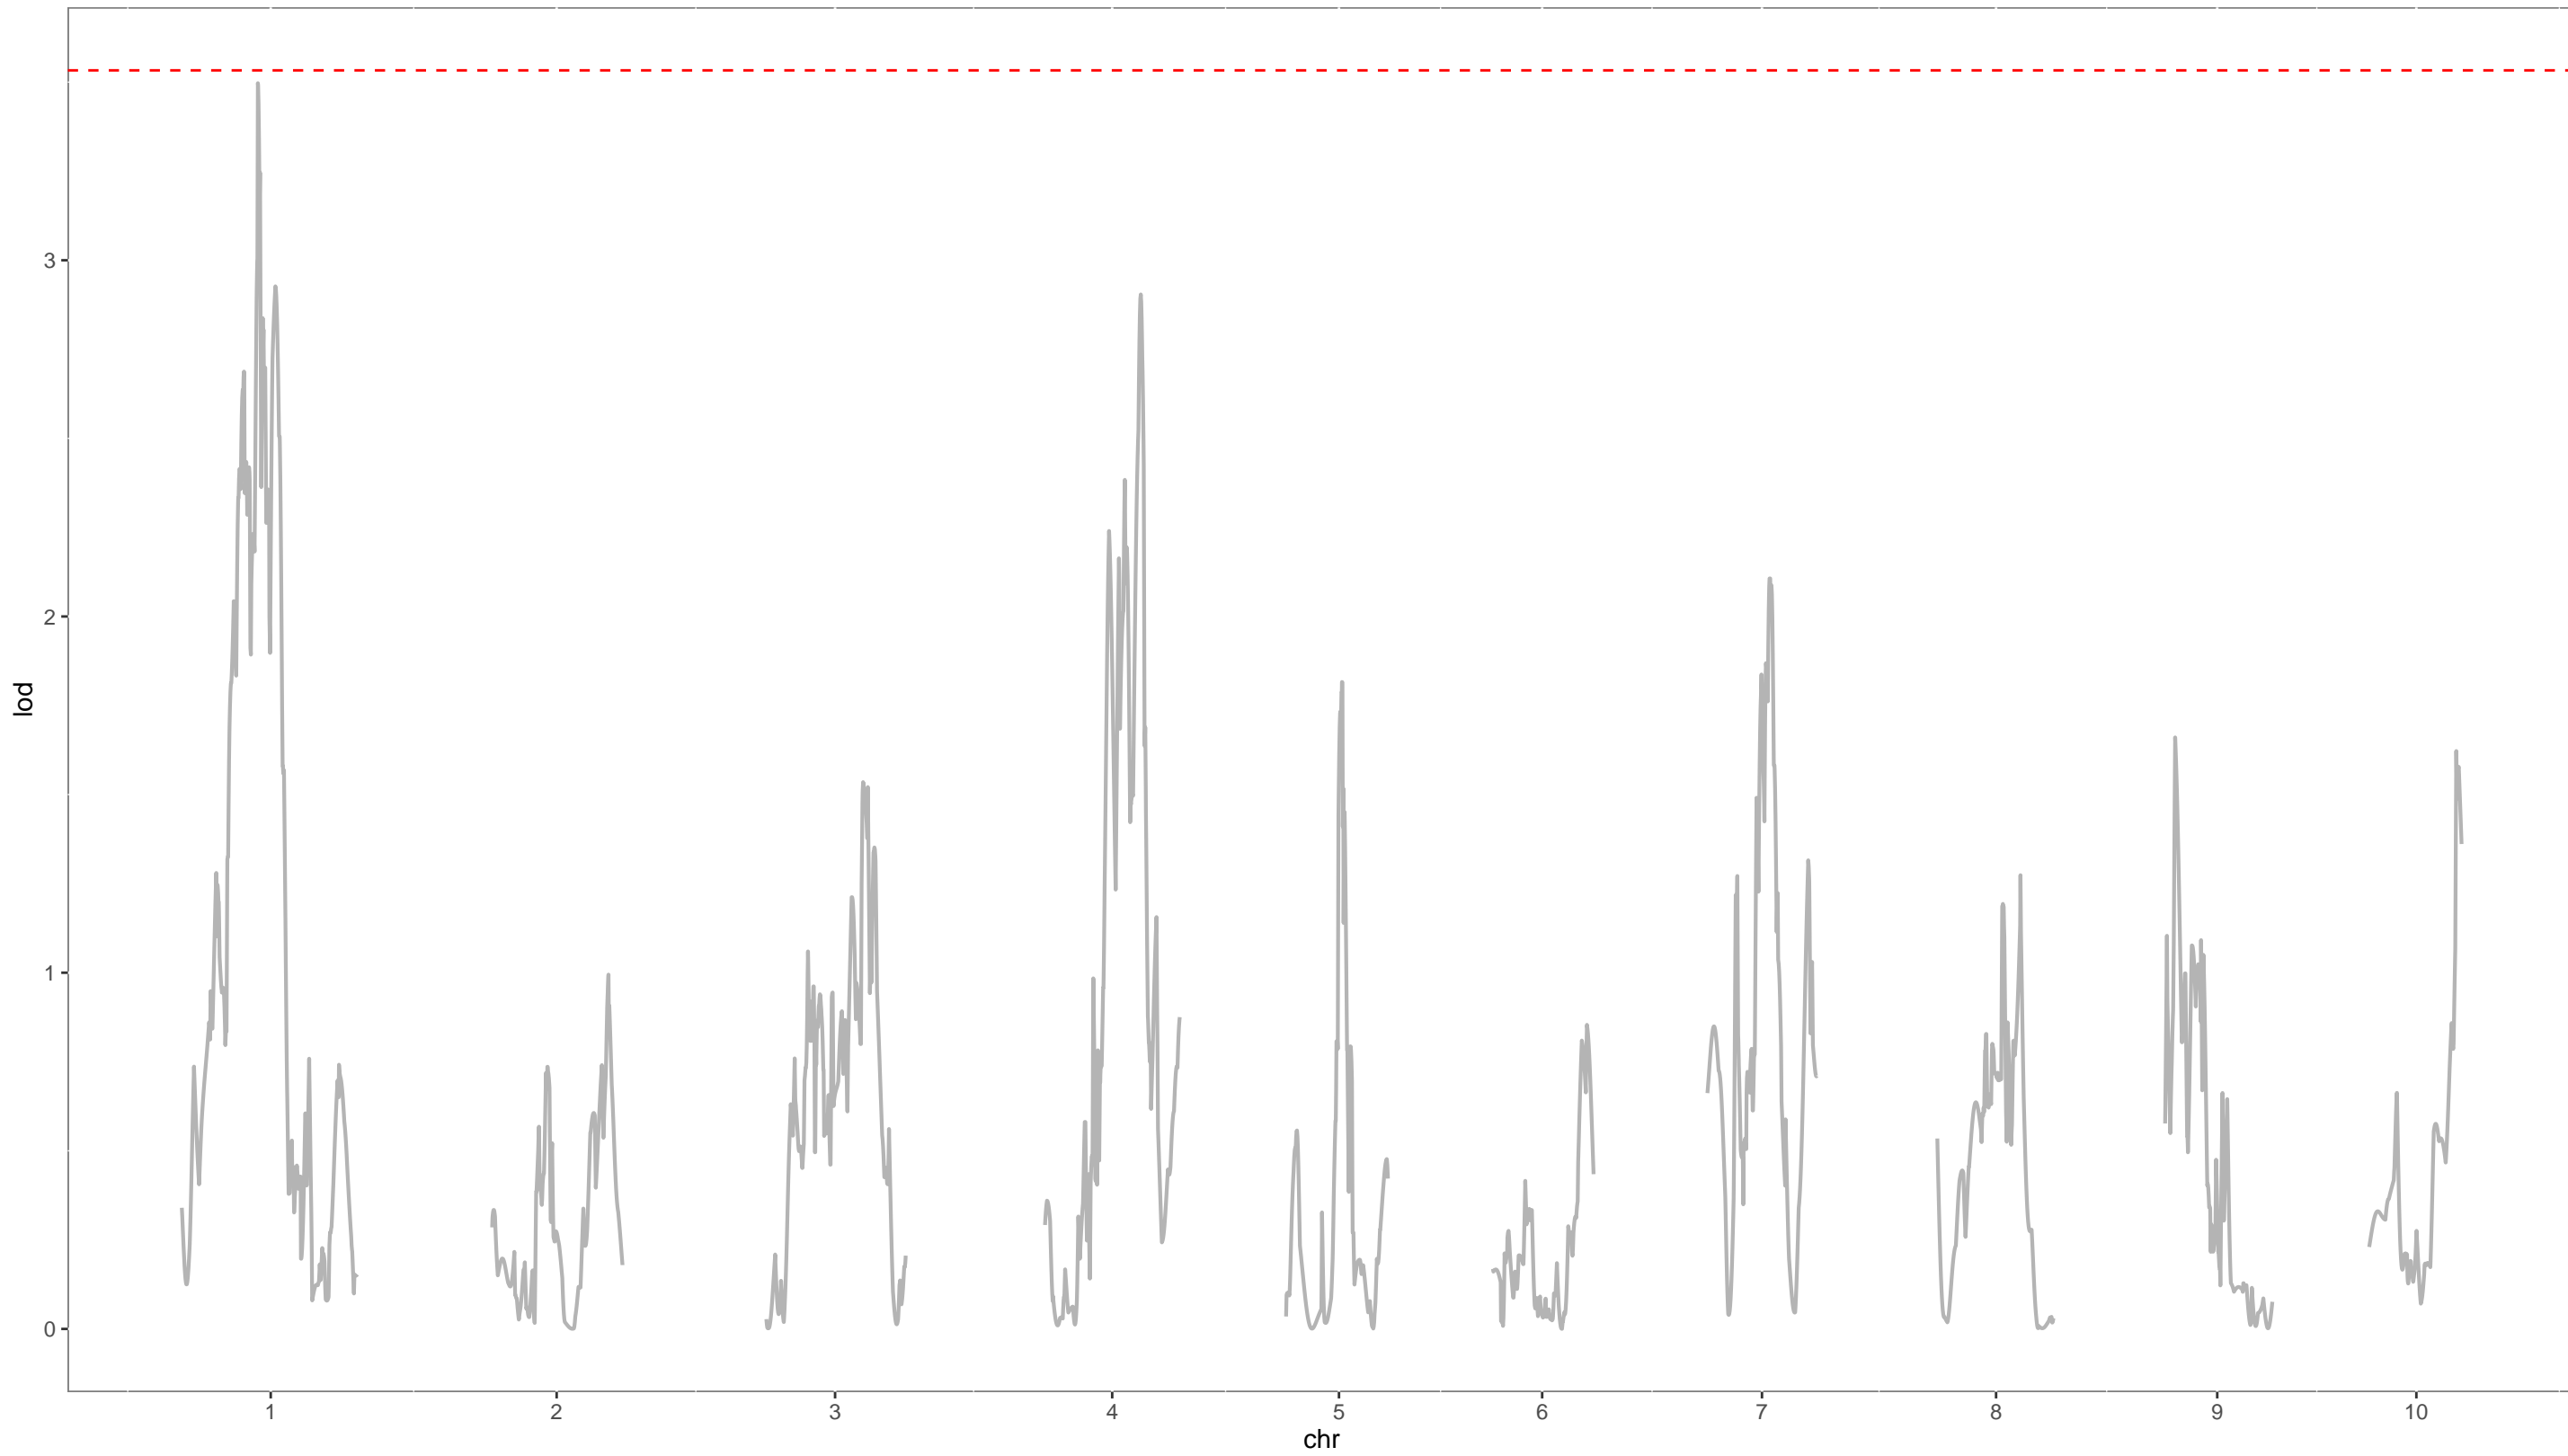

QTL analysis for additive covariate for Cd_ratio

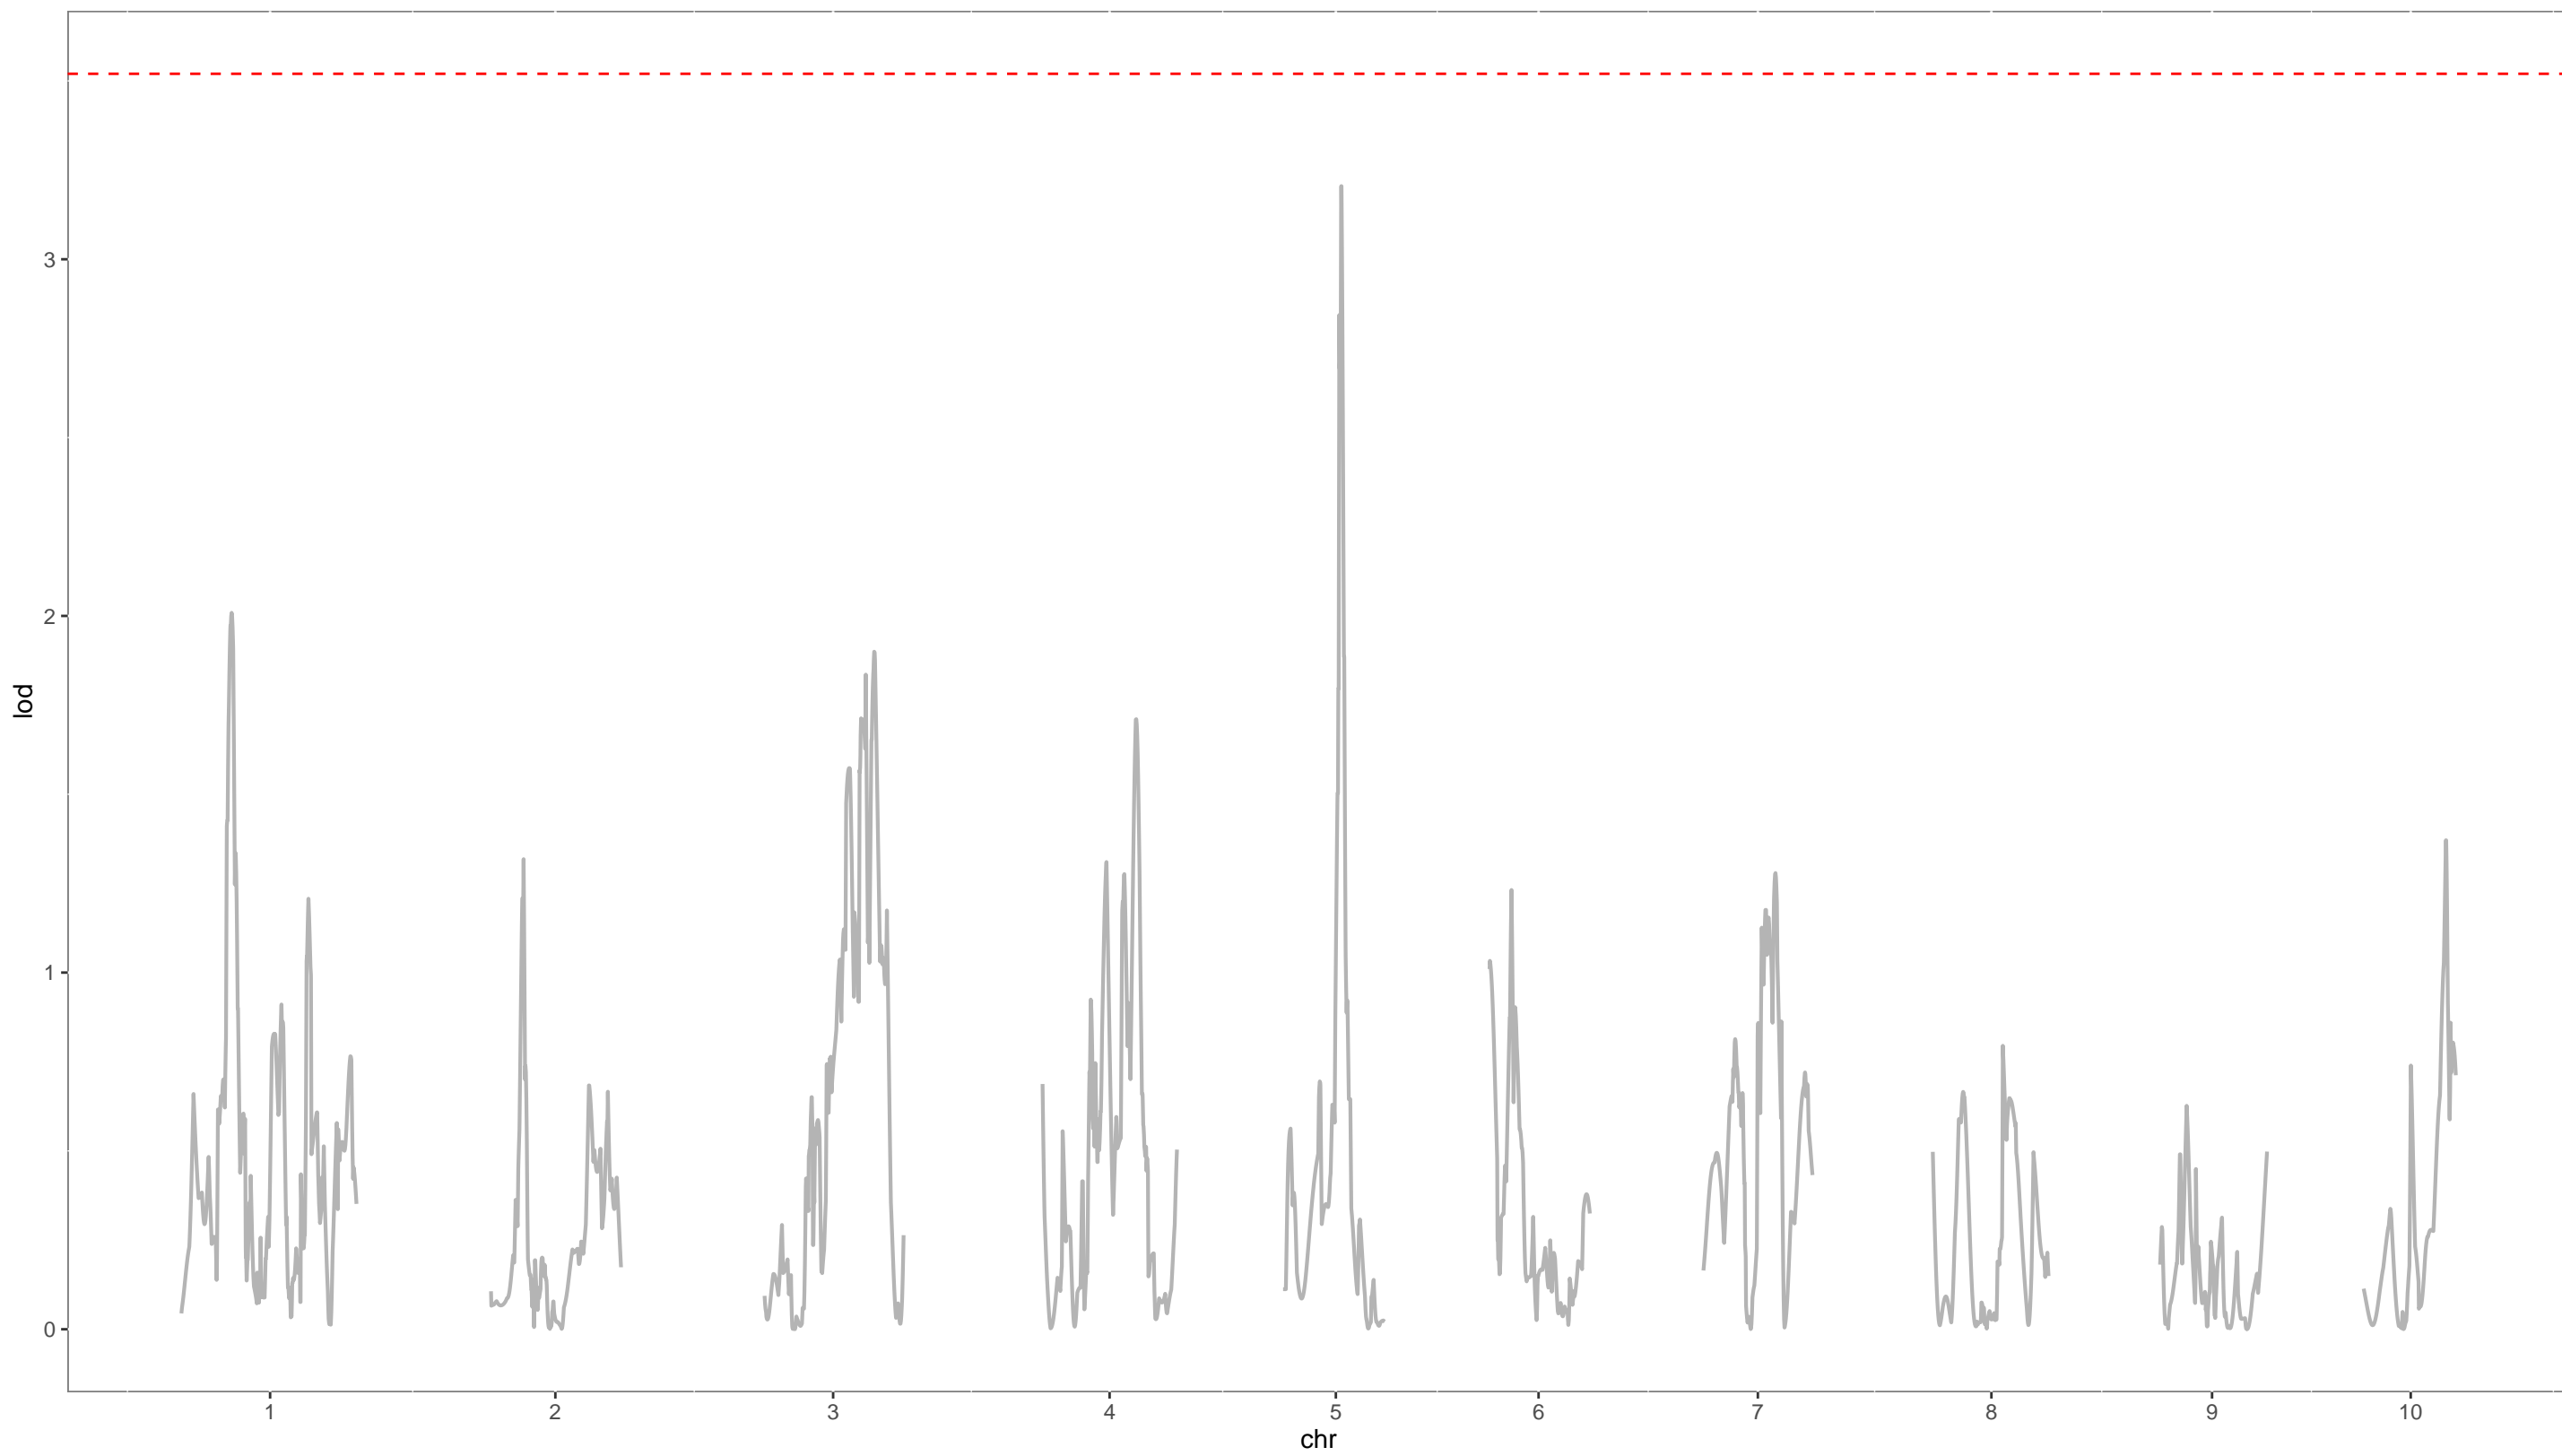

QTL analysis for additive covariate for Cd_seed

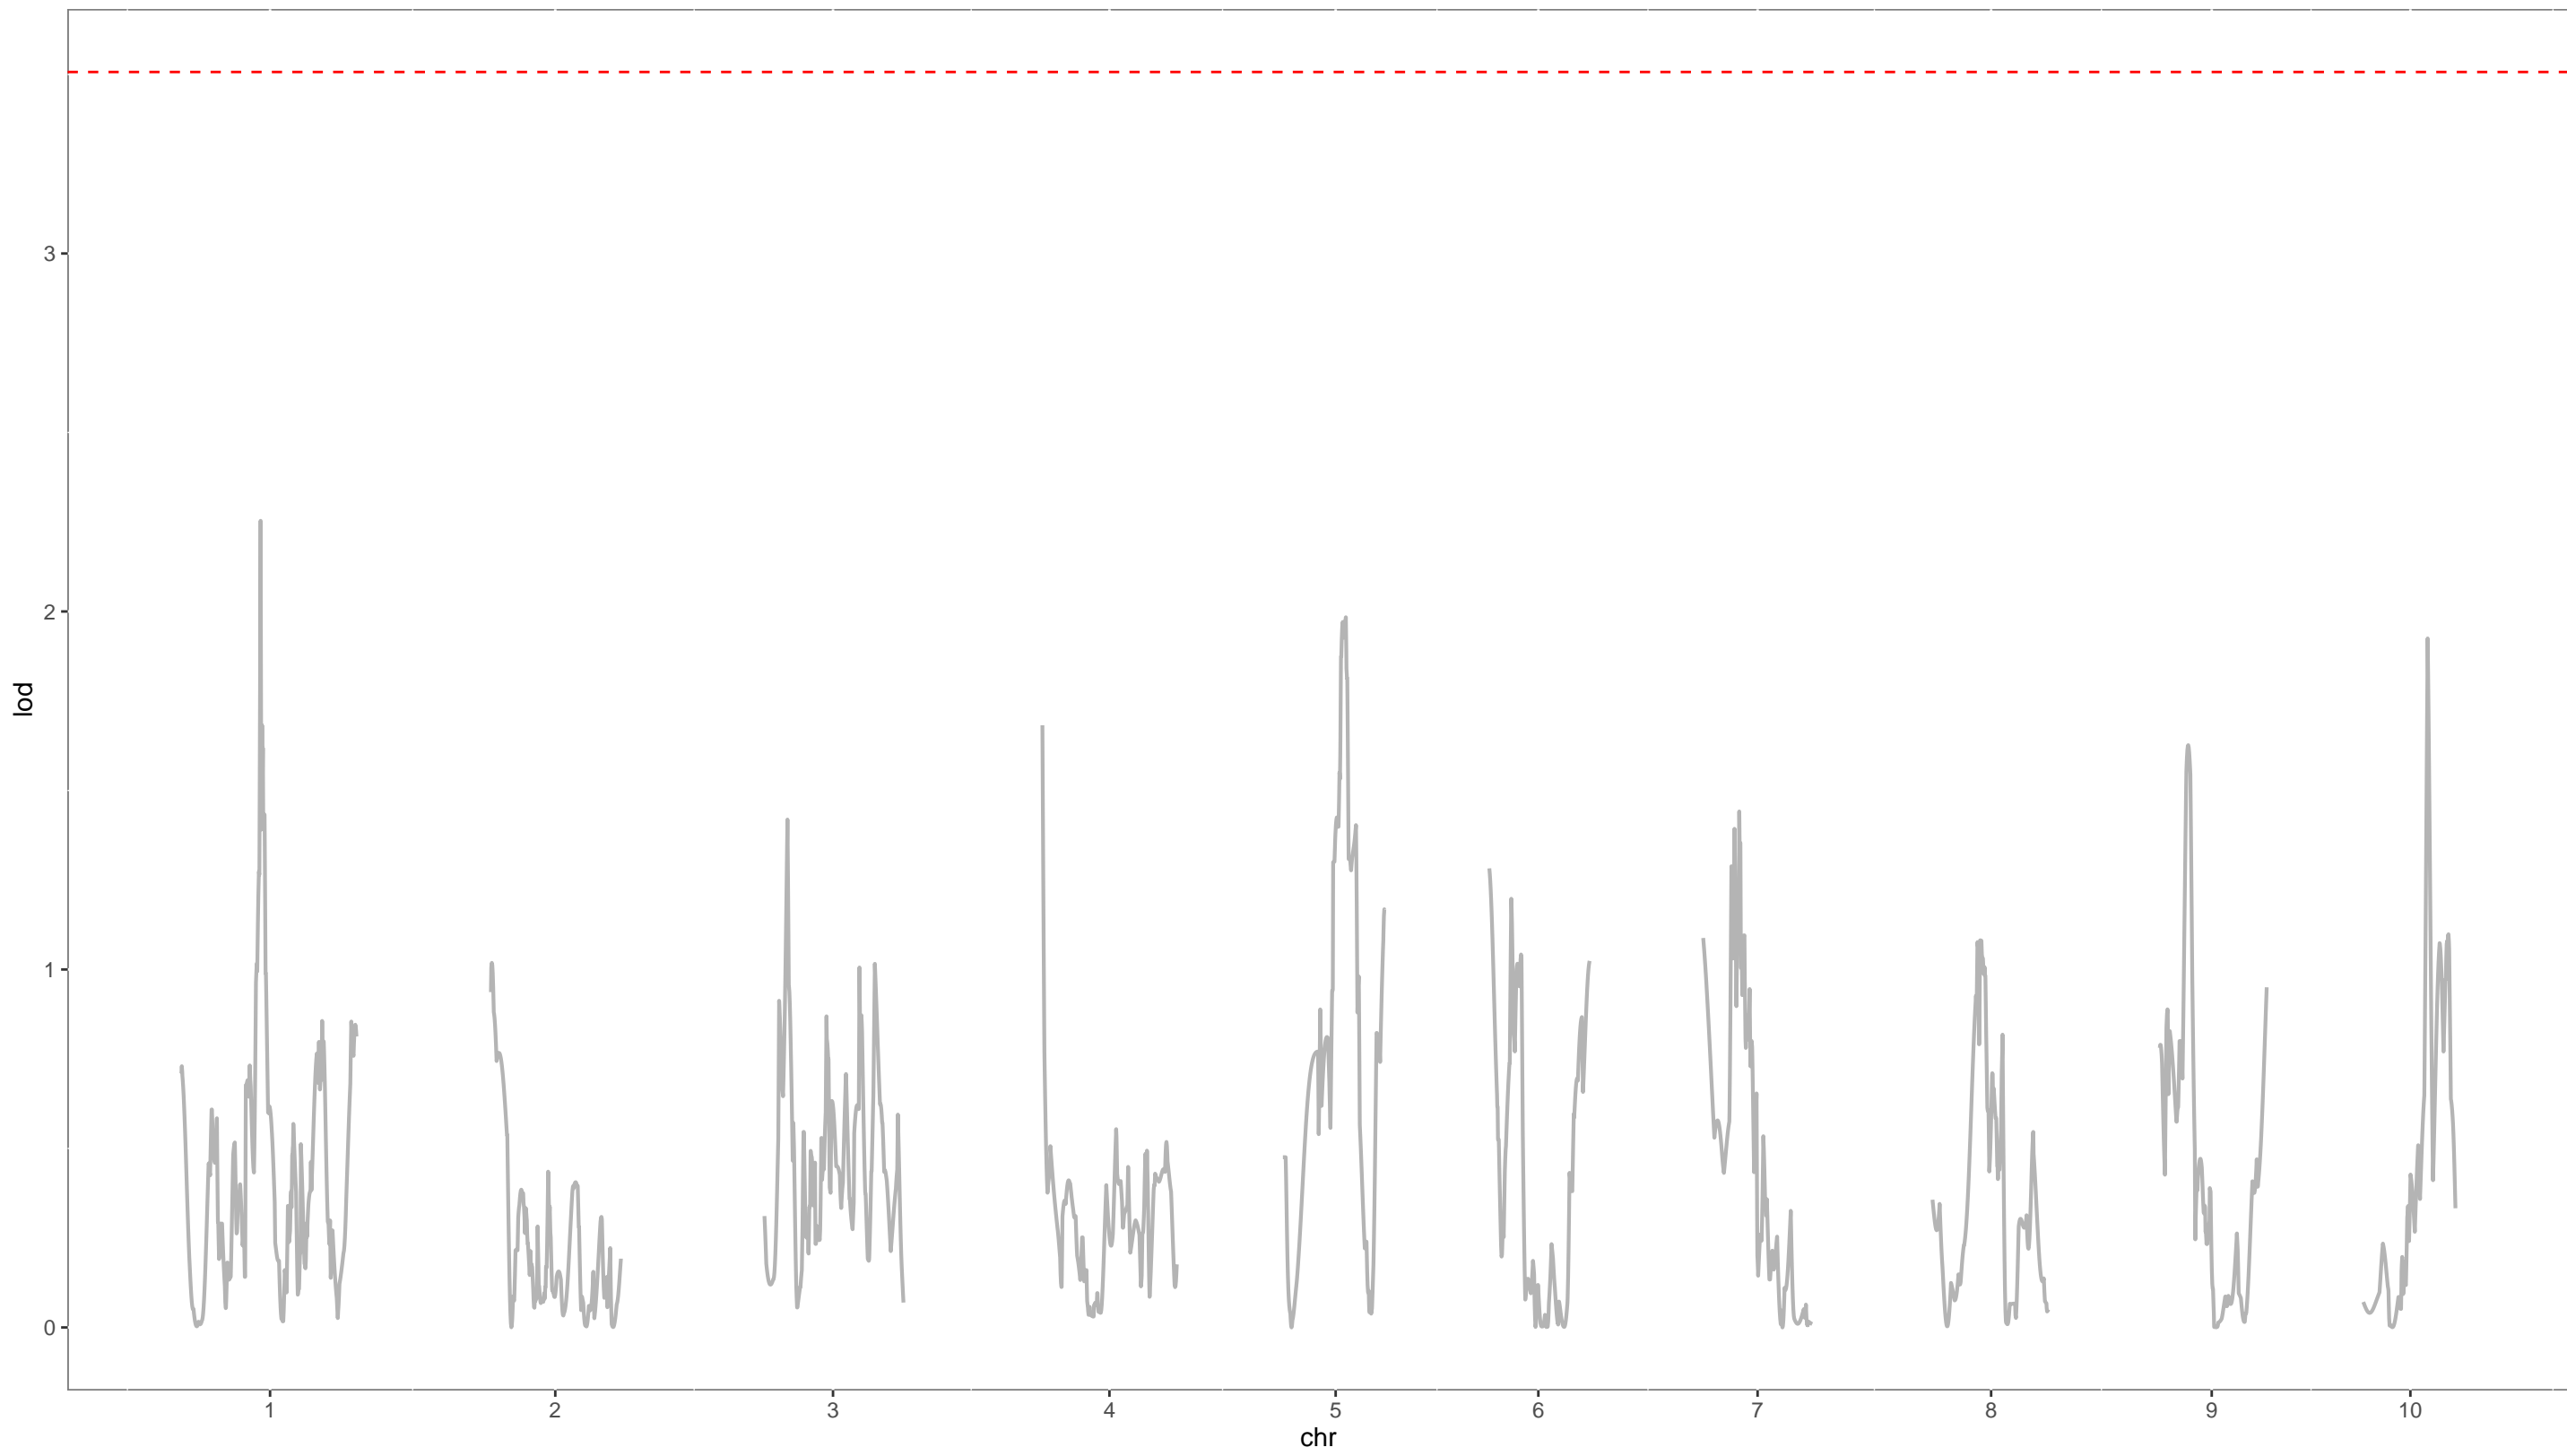

QTL analysis for additive covariate for Co_leaf

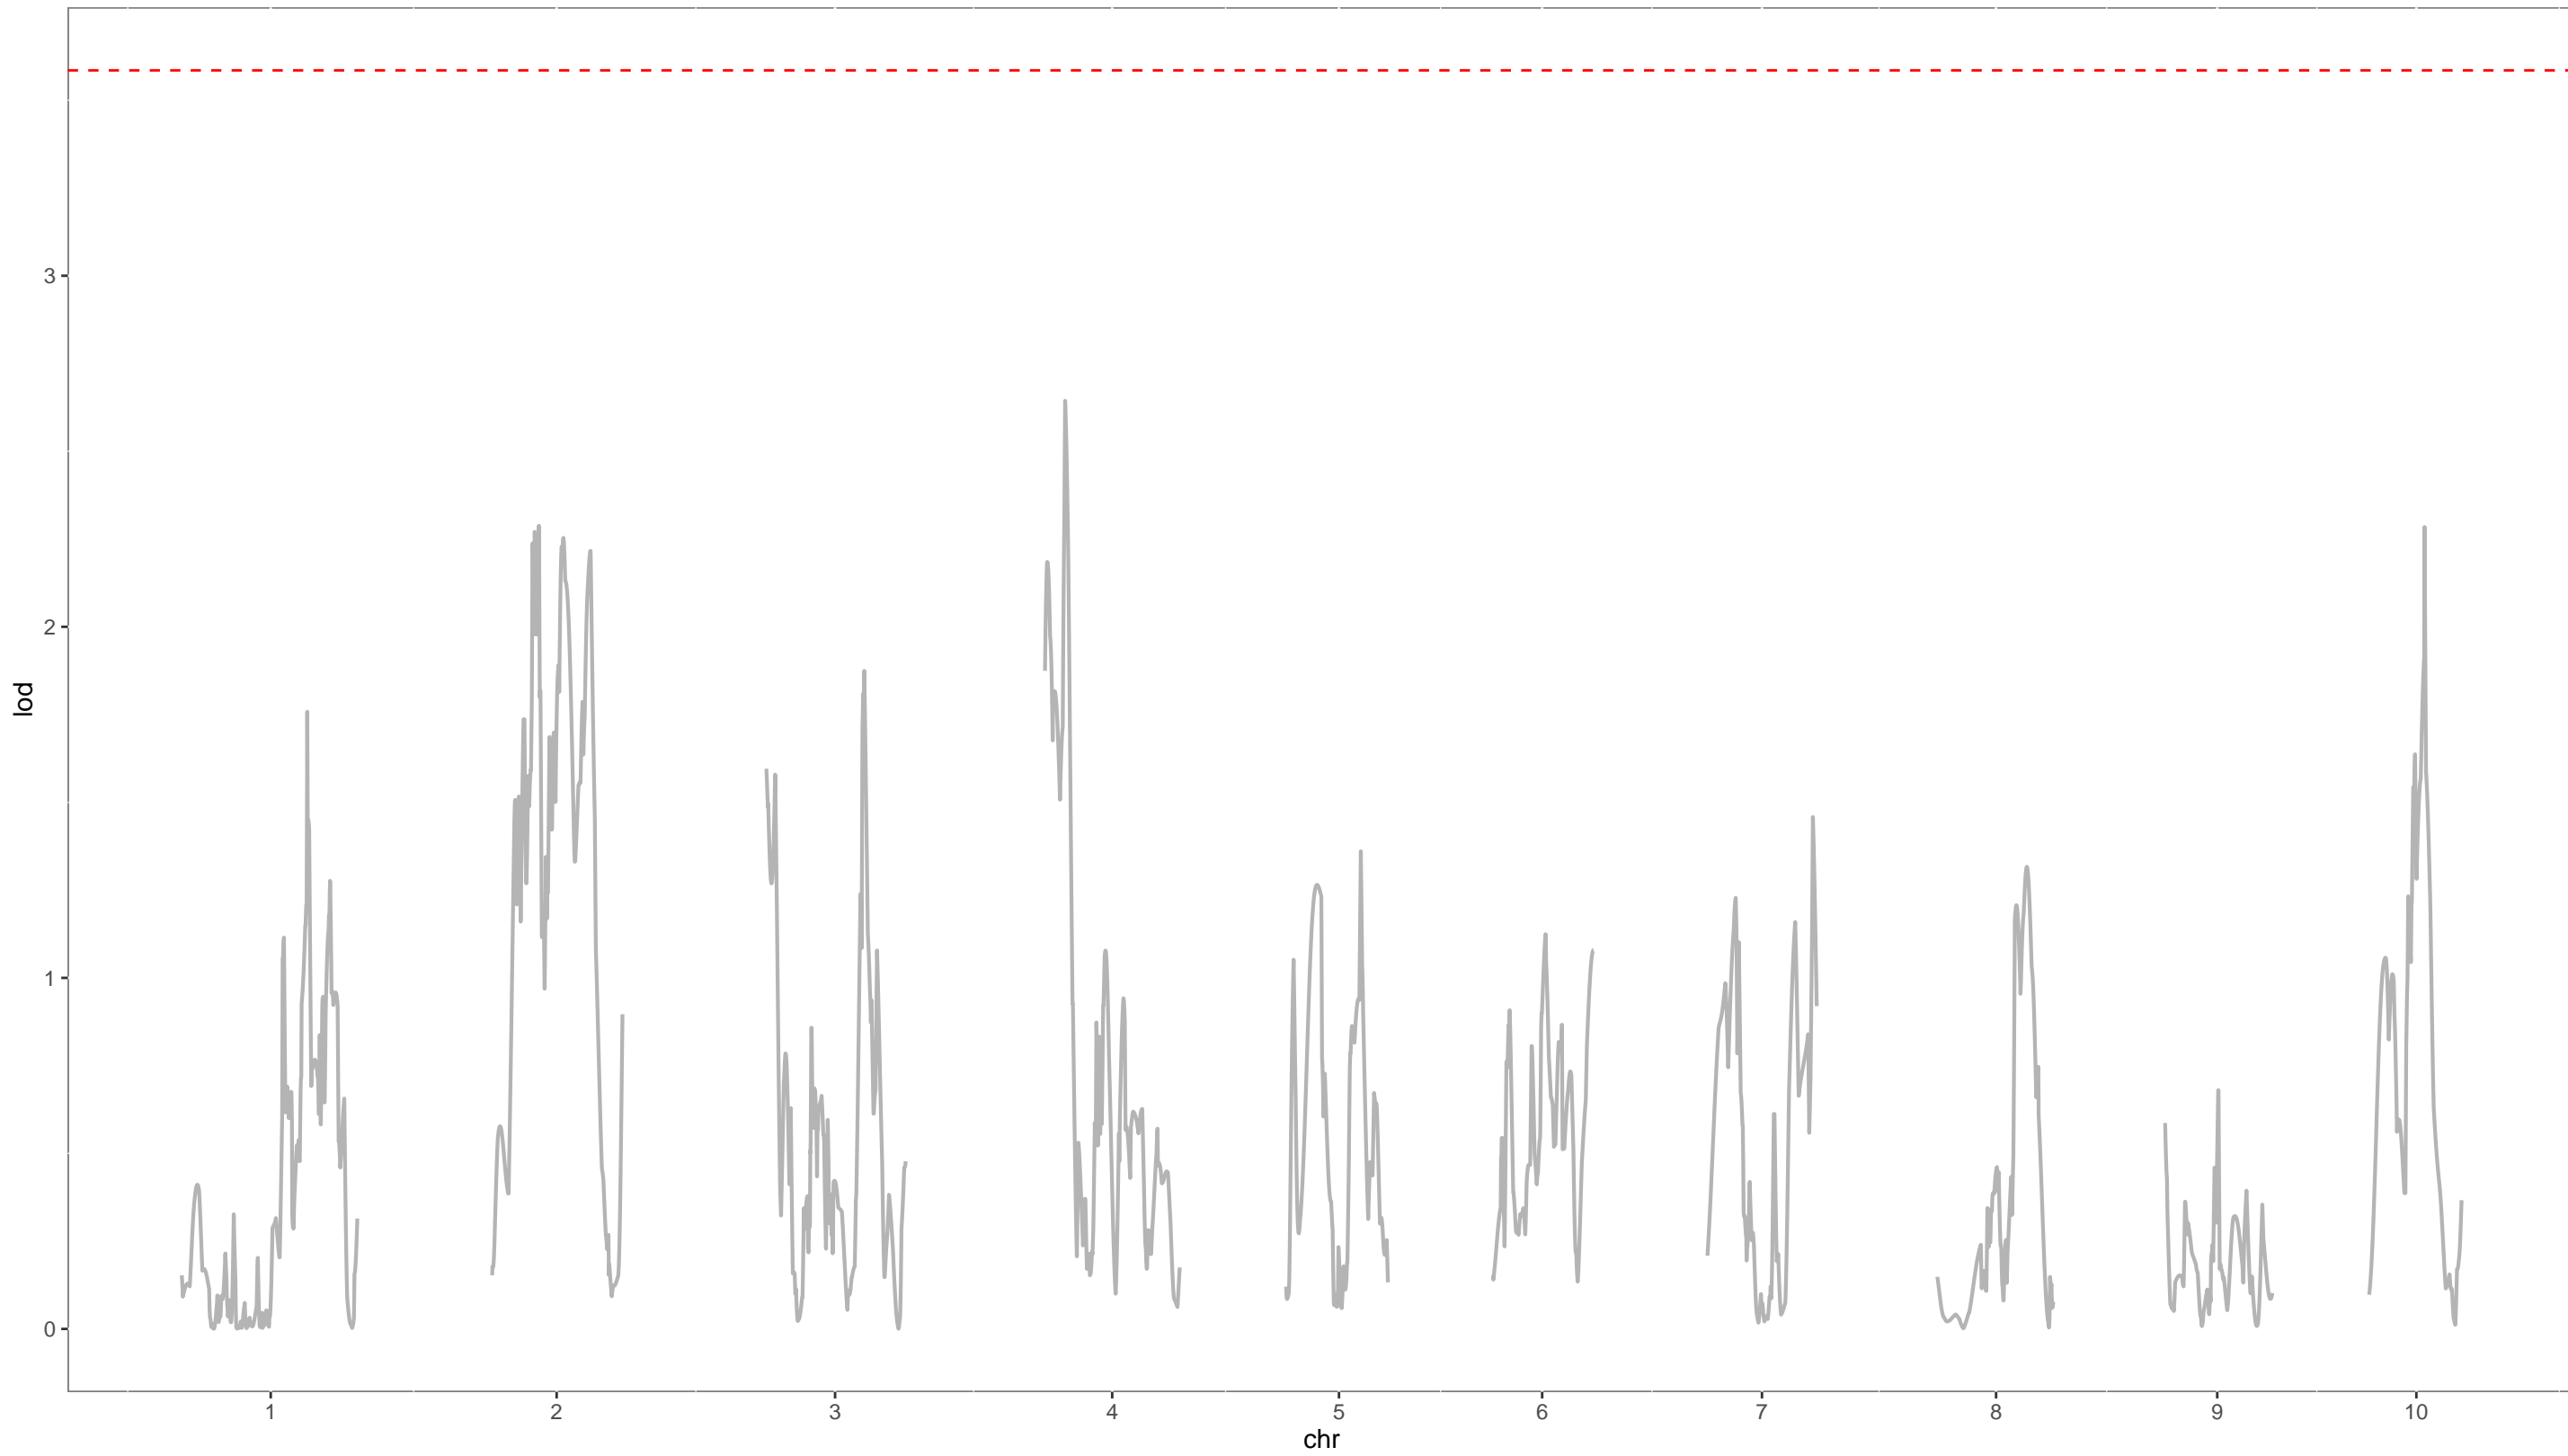

QTL analysis for additive covariate for Co_ratio

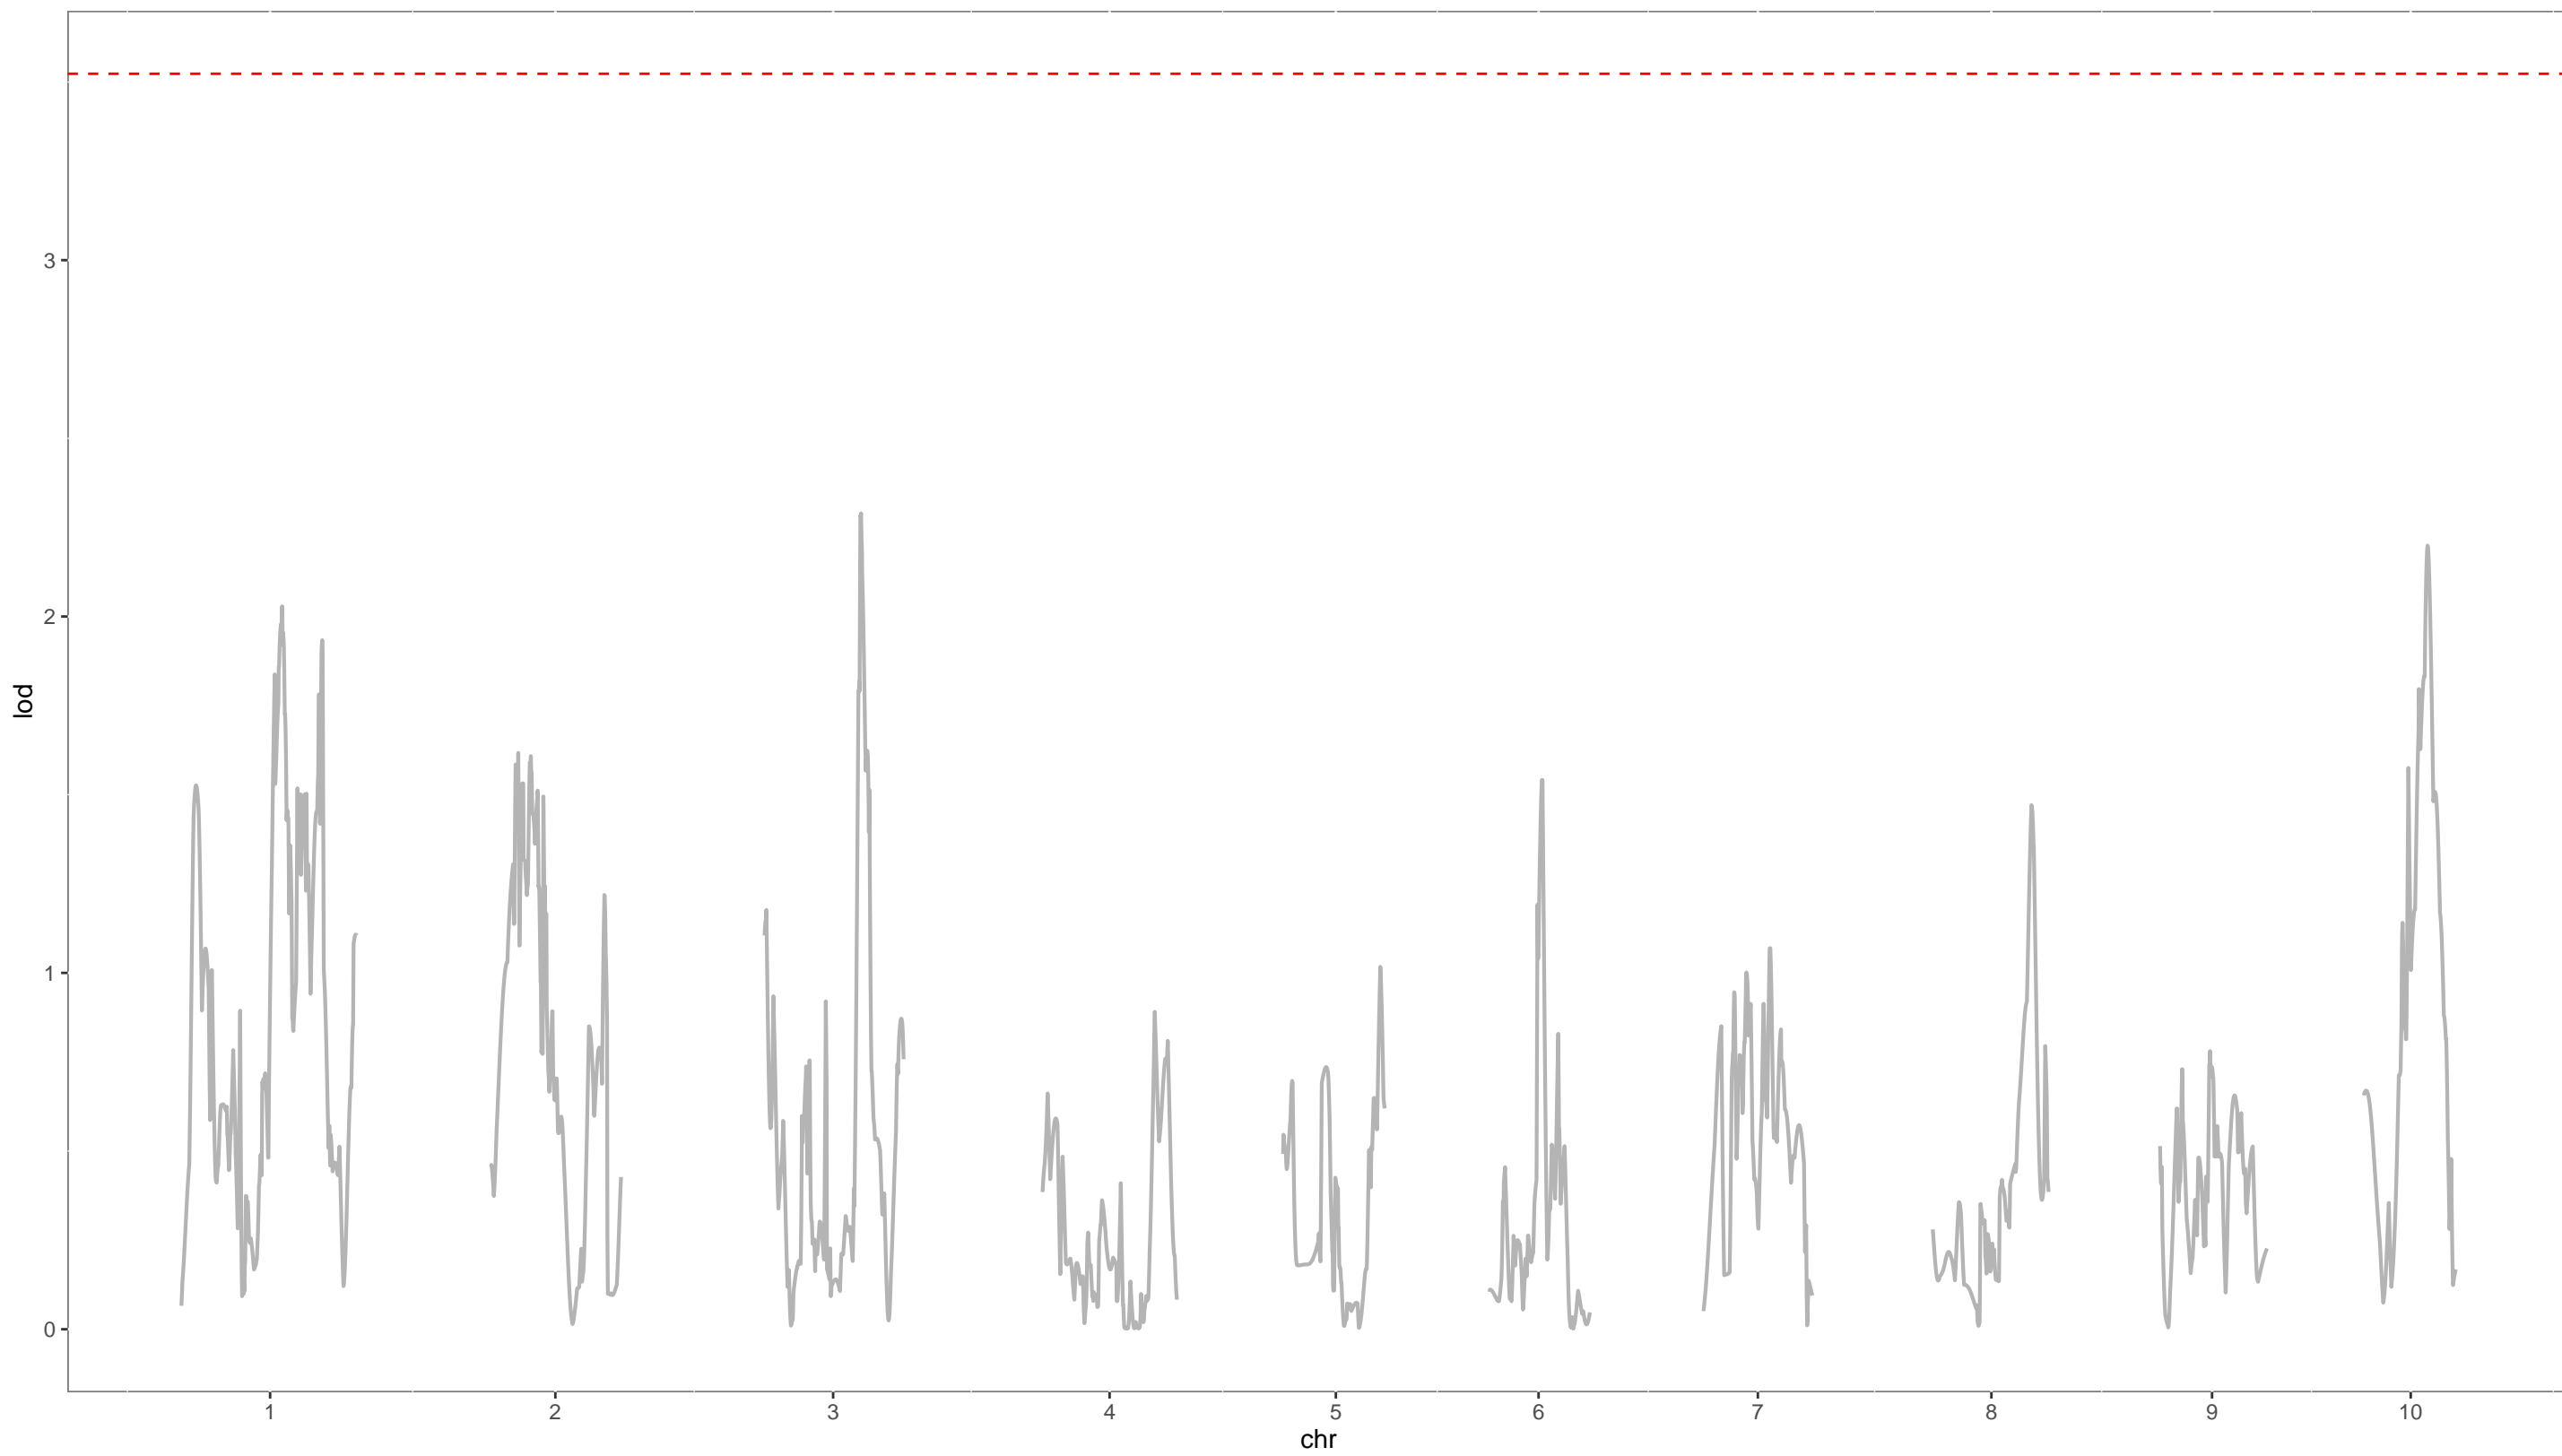

QTL analysis for additive covariate for Co_seed

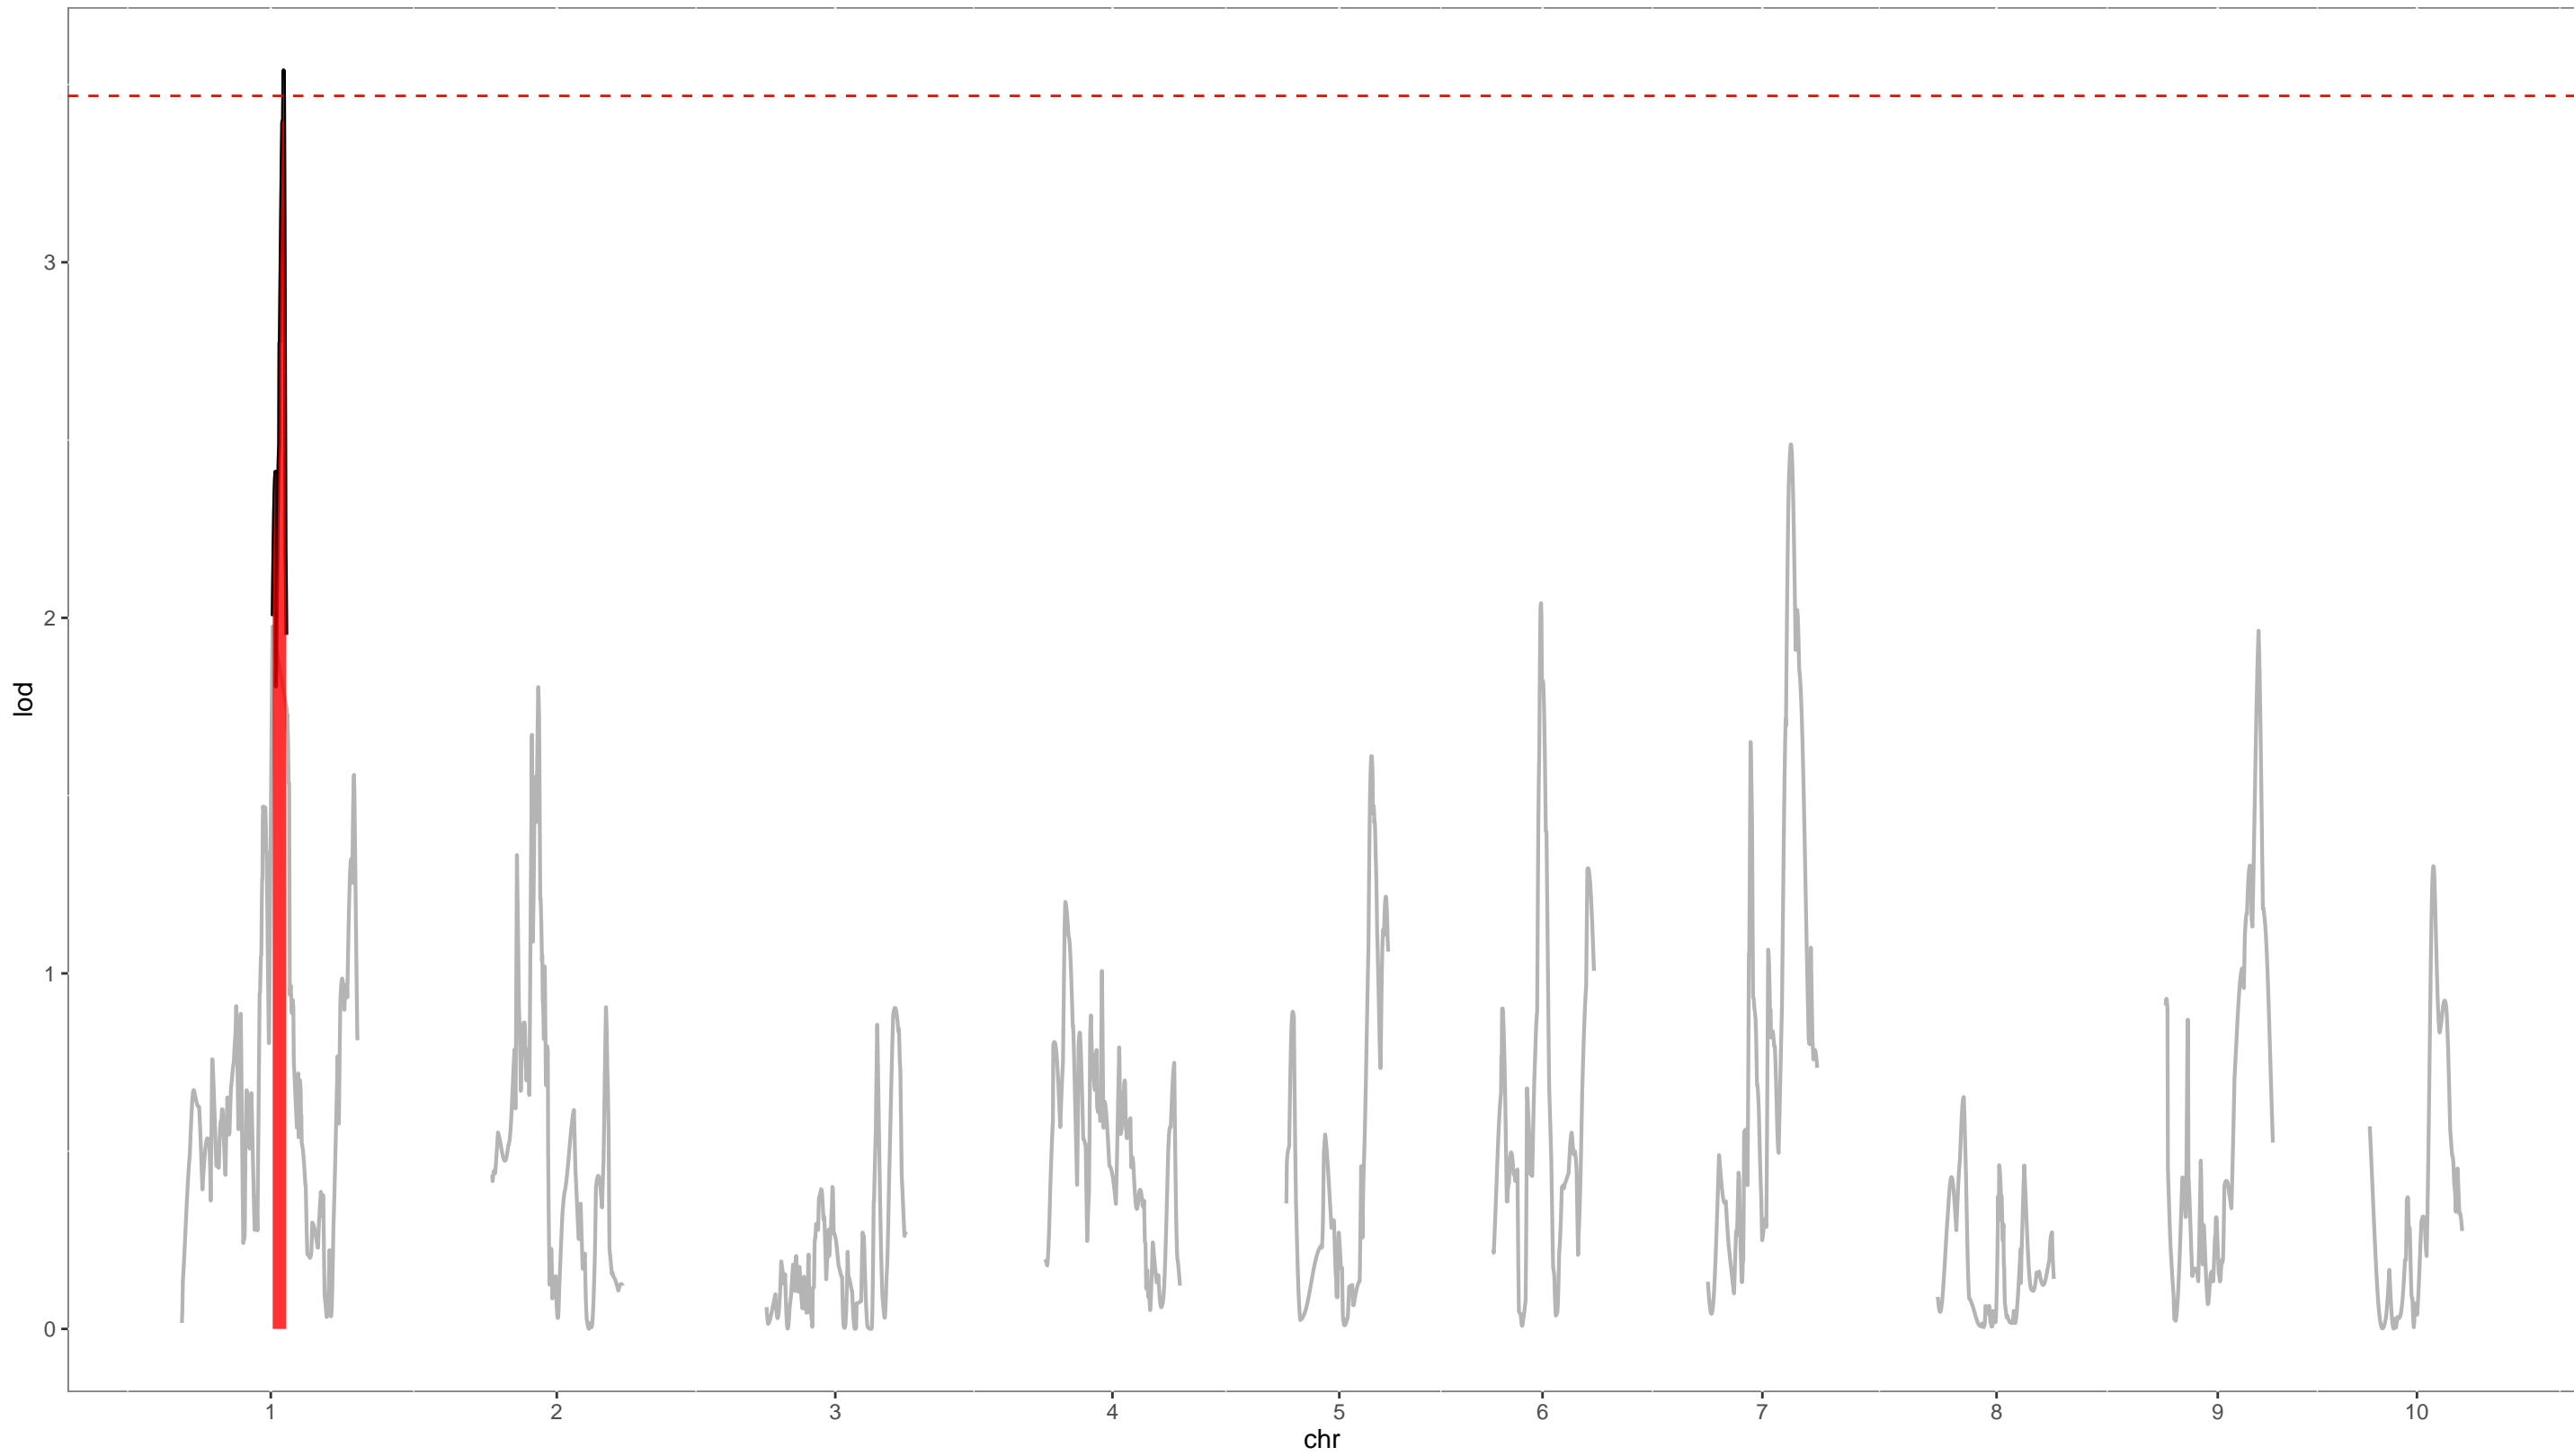

QTL analysis for additive covariate for Cu_leaf

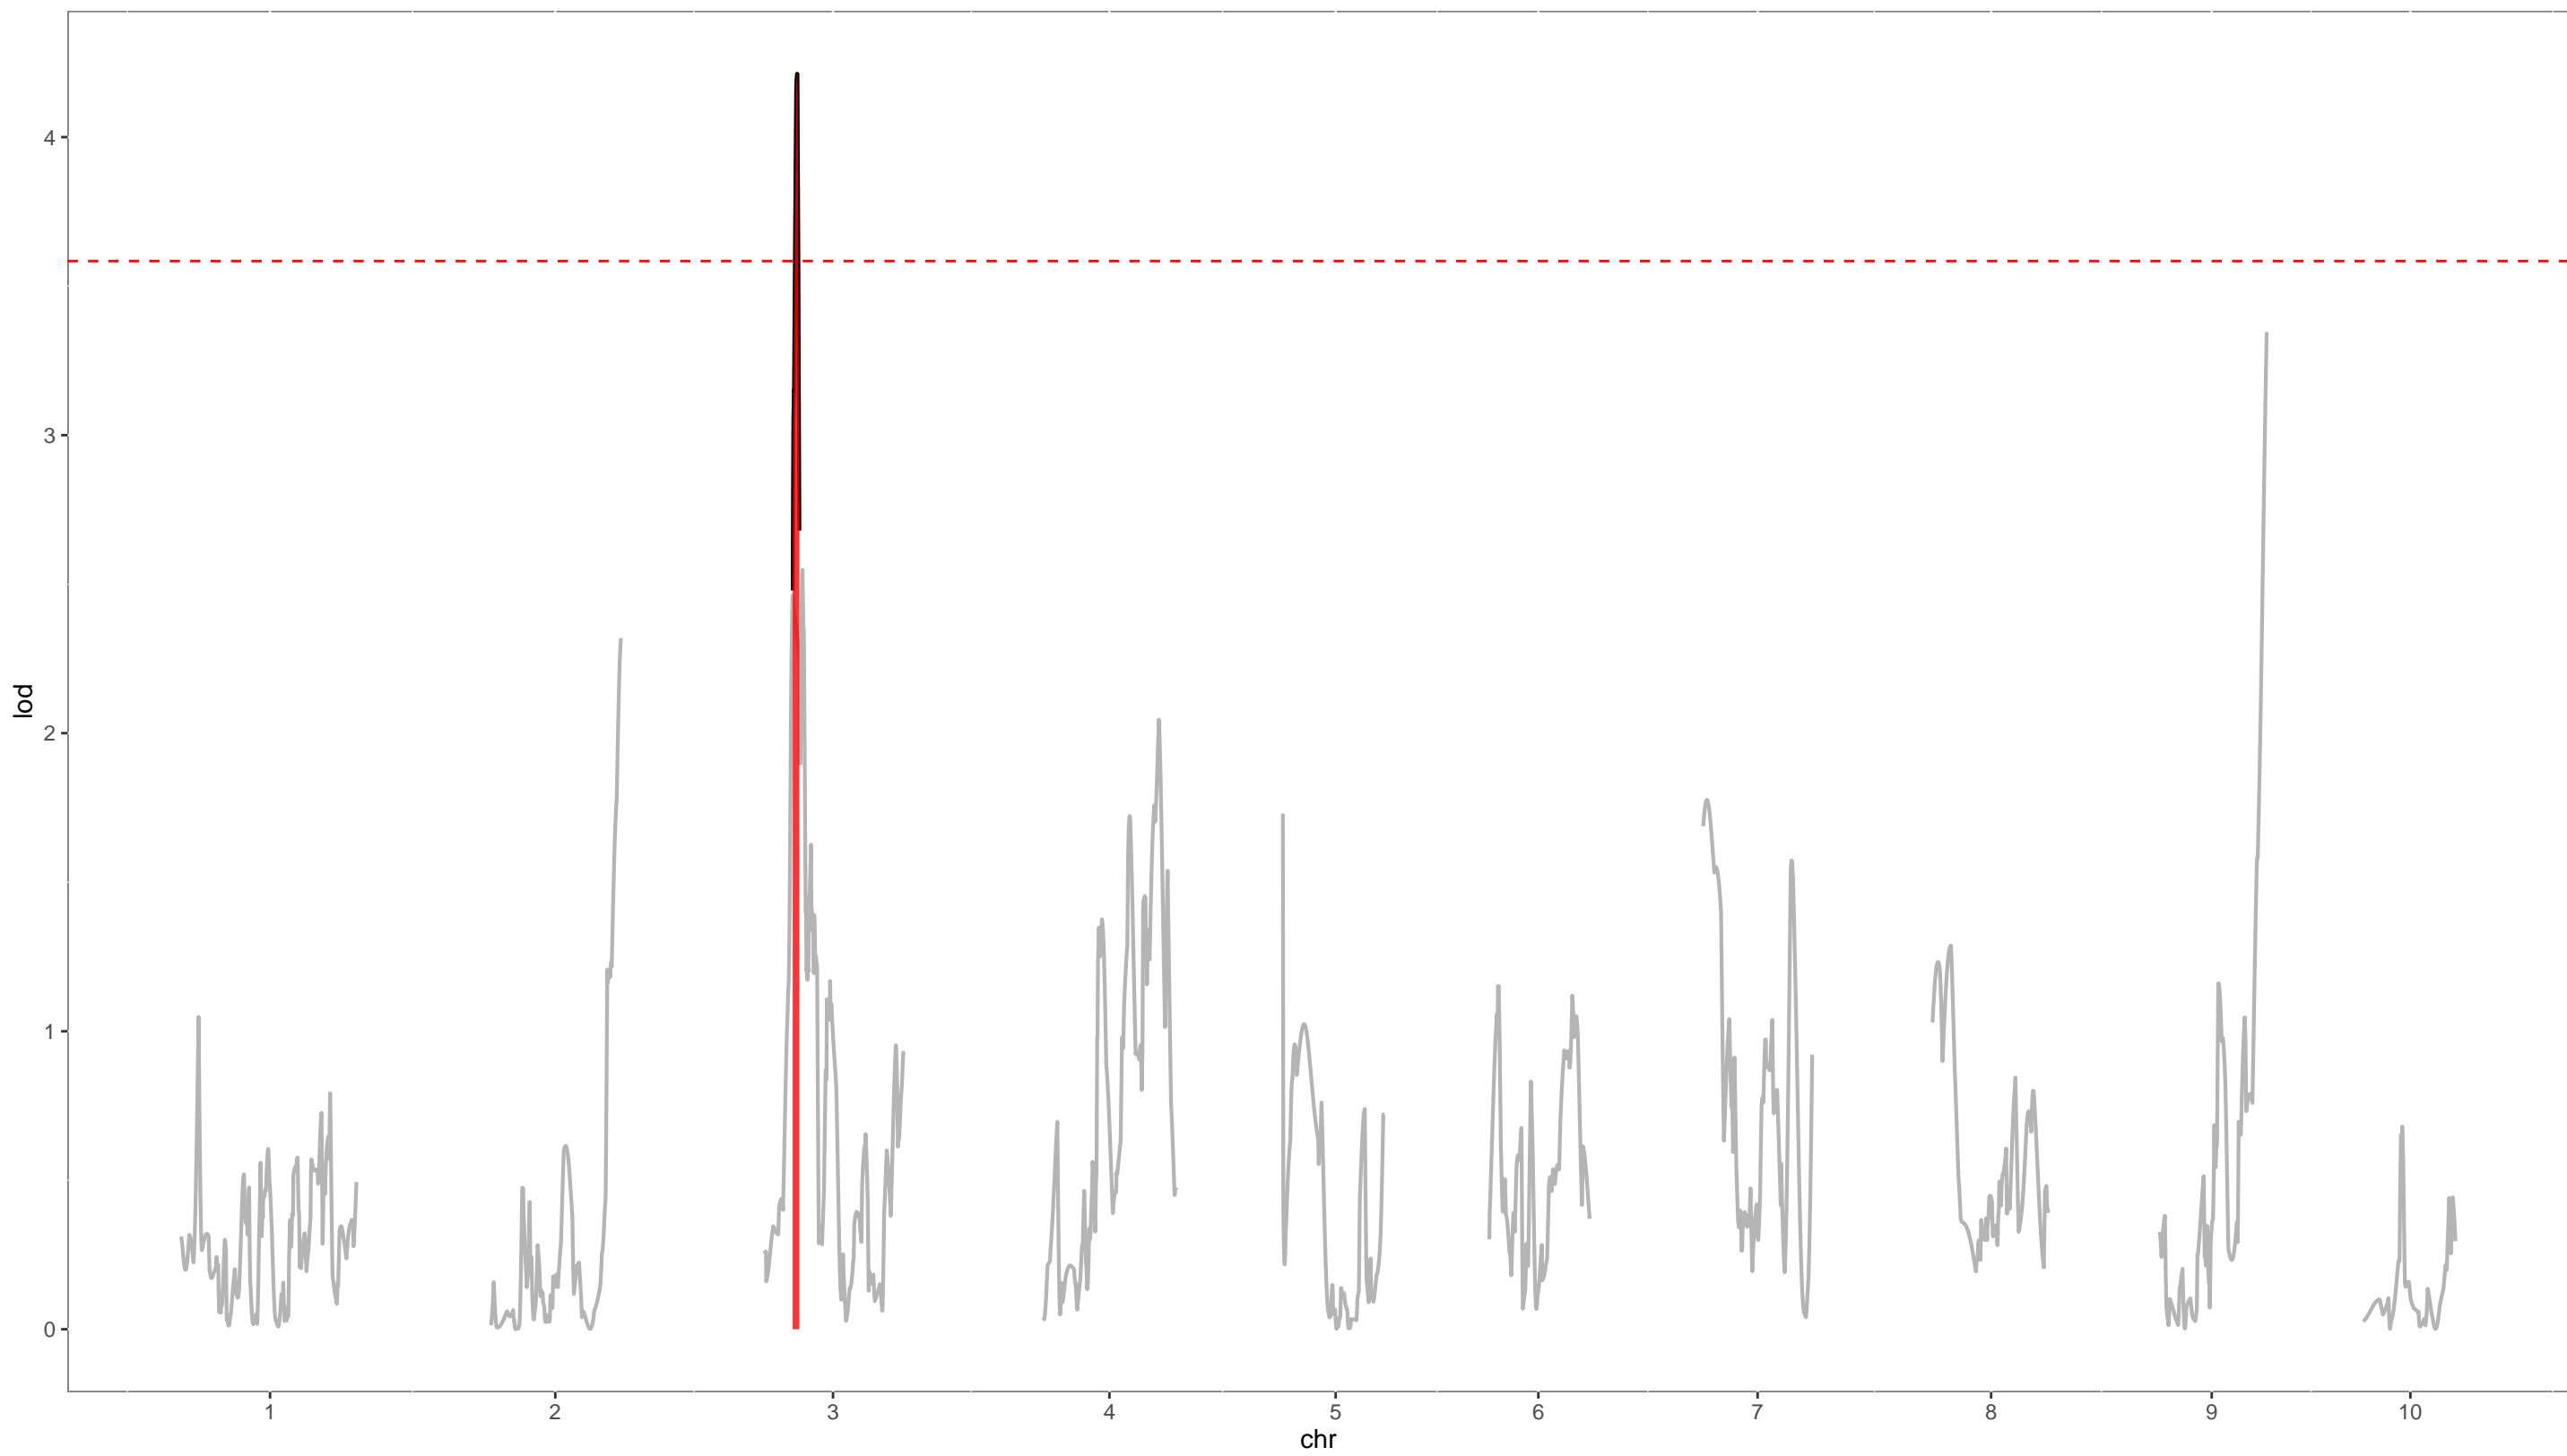

QTL analysis for additive covariate for Cu_ratio

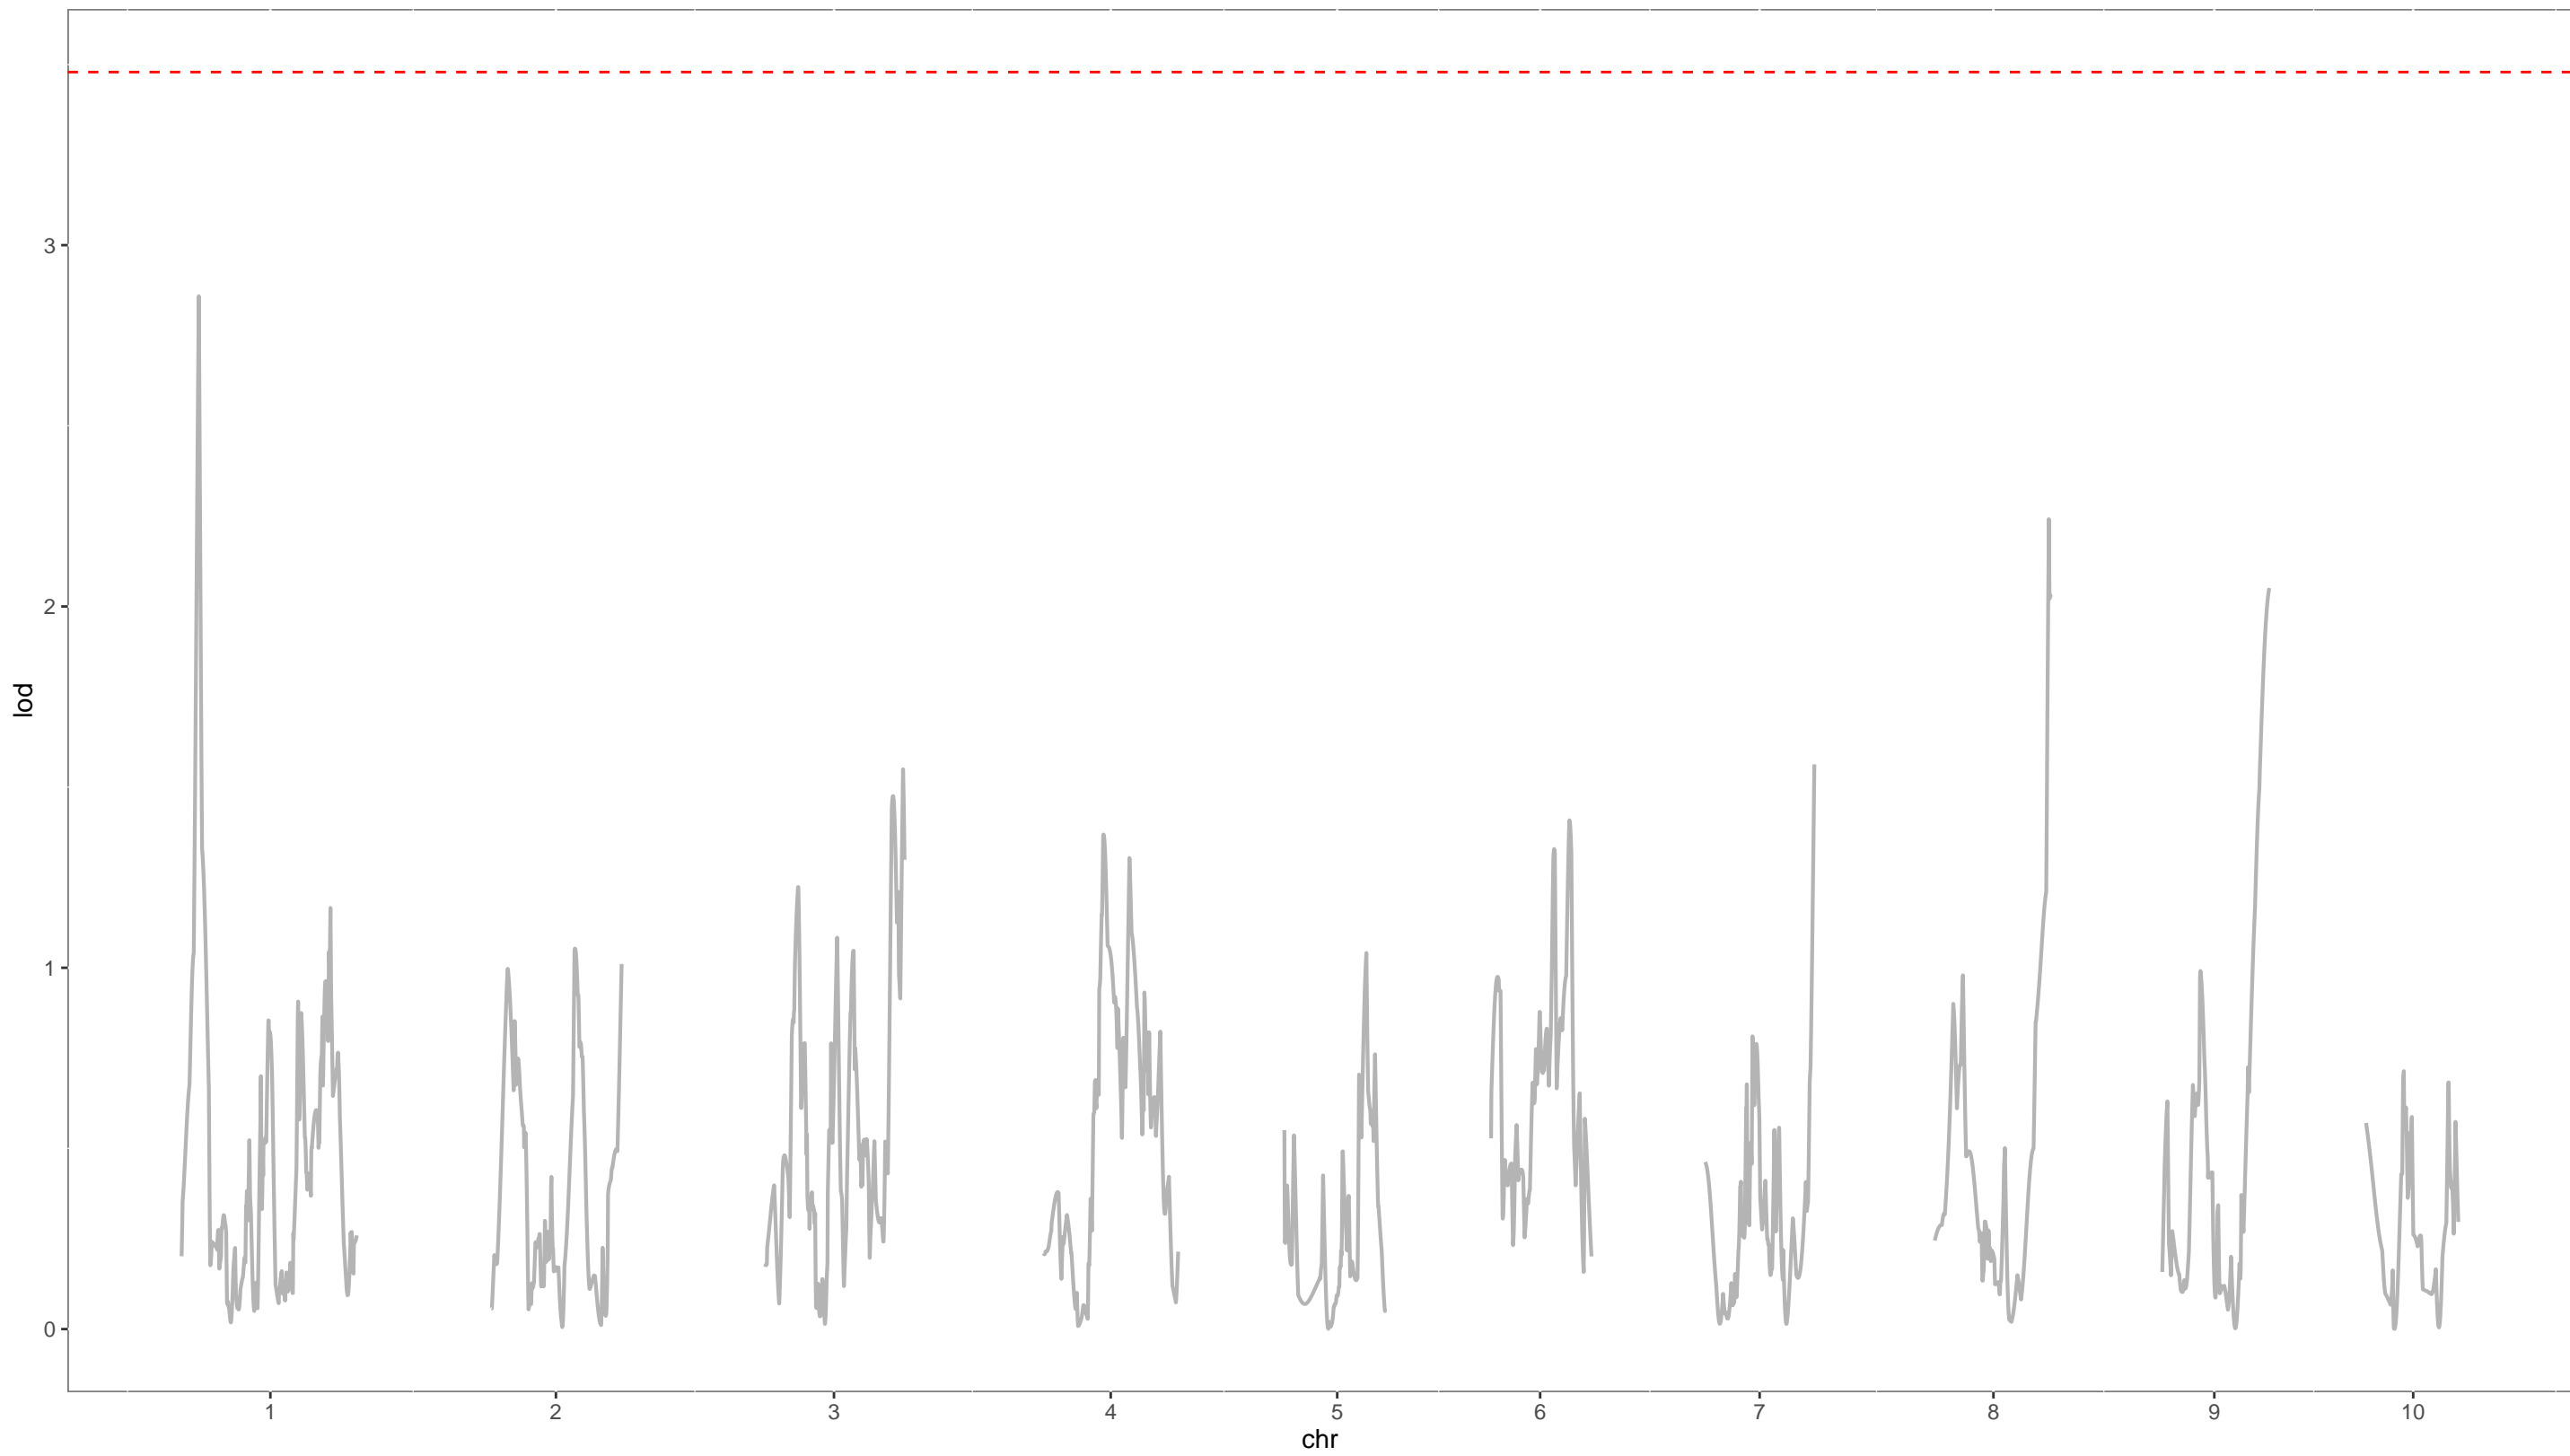

QTL analysis for additive covariate for Cu_seed

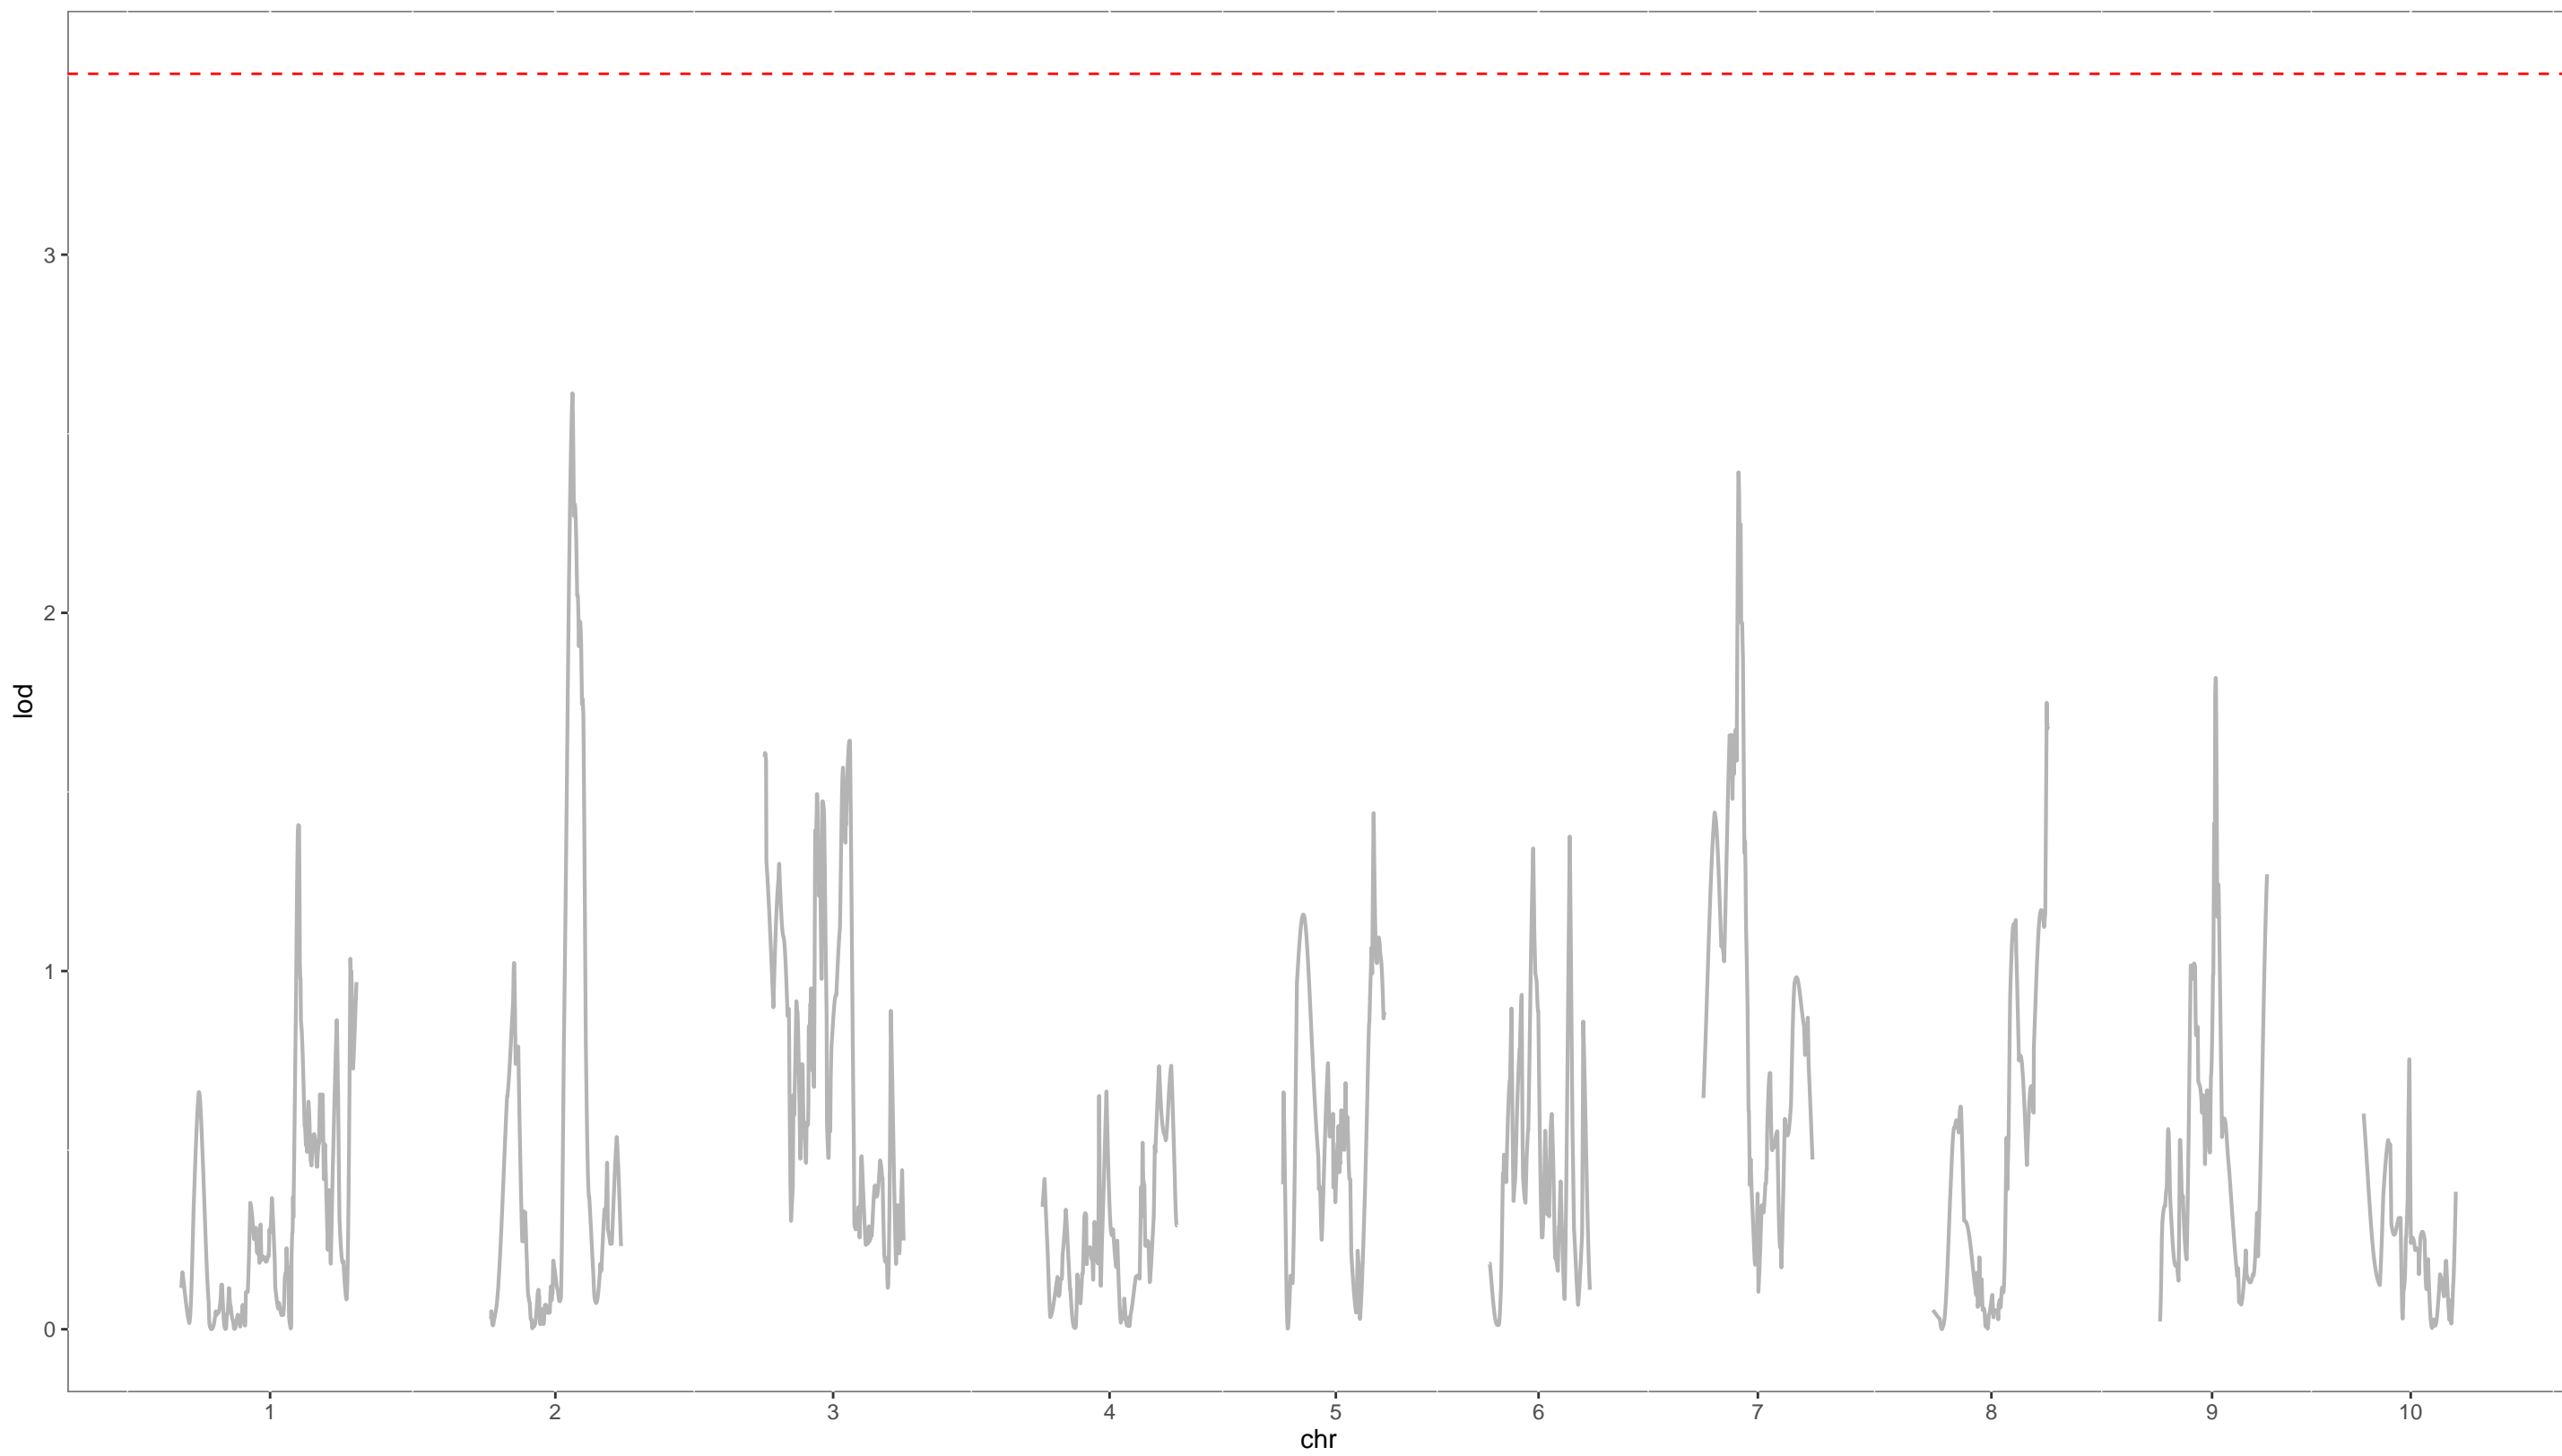

QTL analysis for additive covariate for Fe_leaf

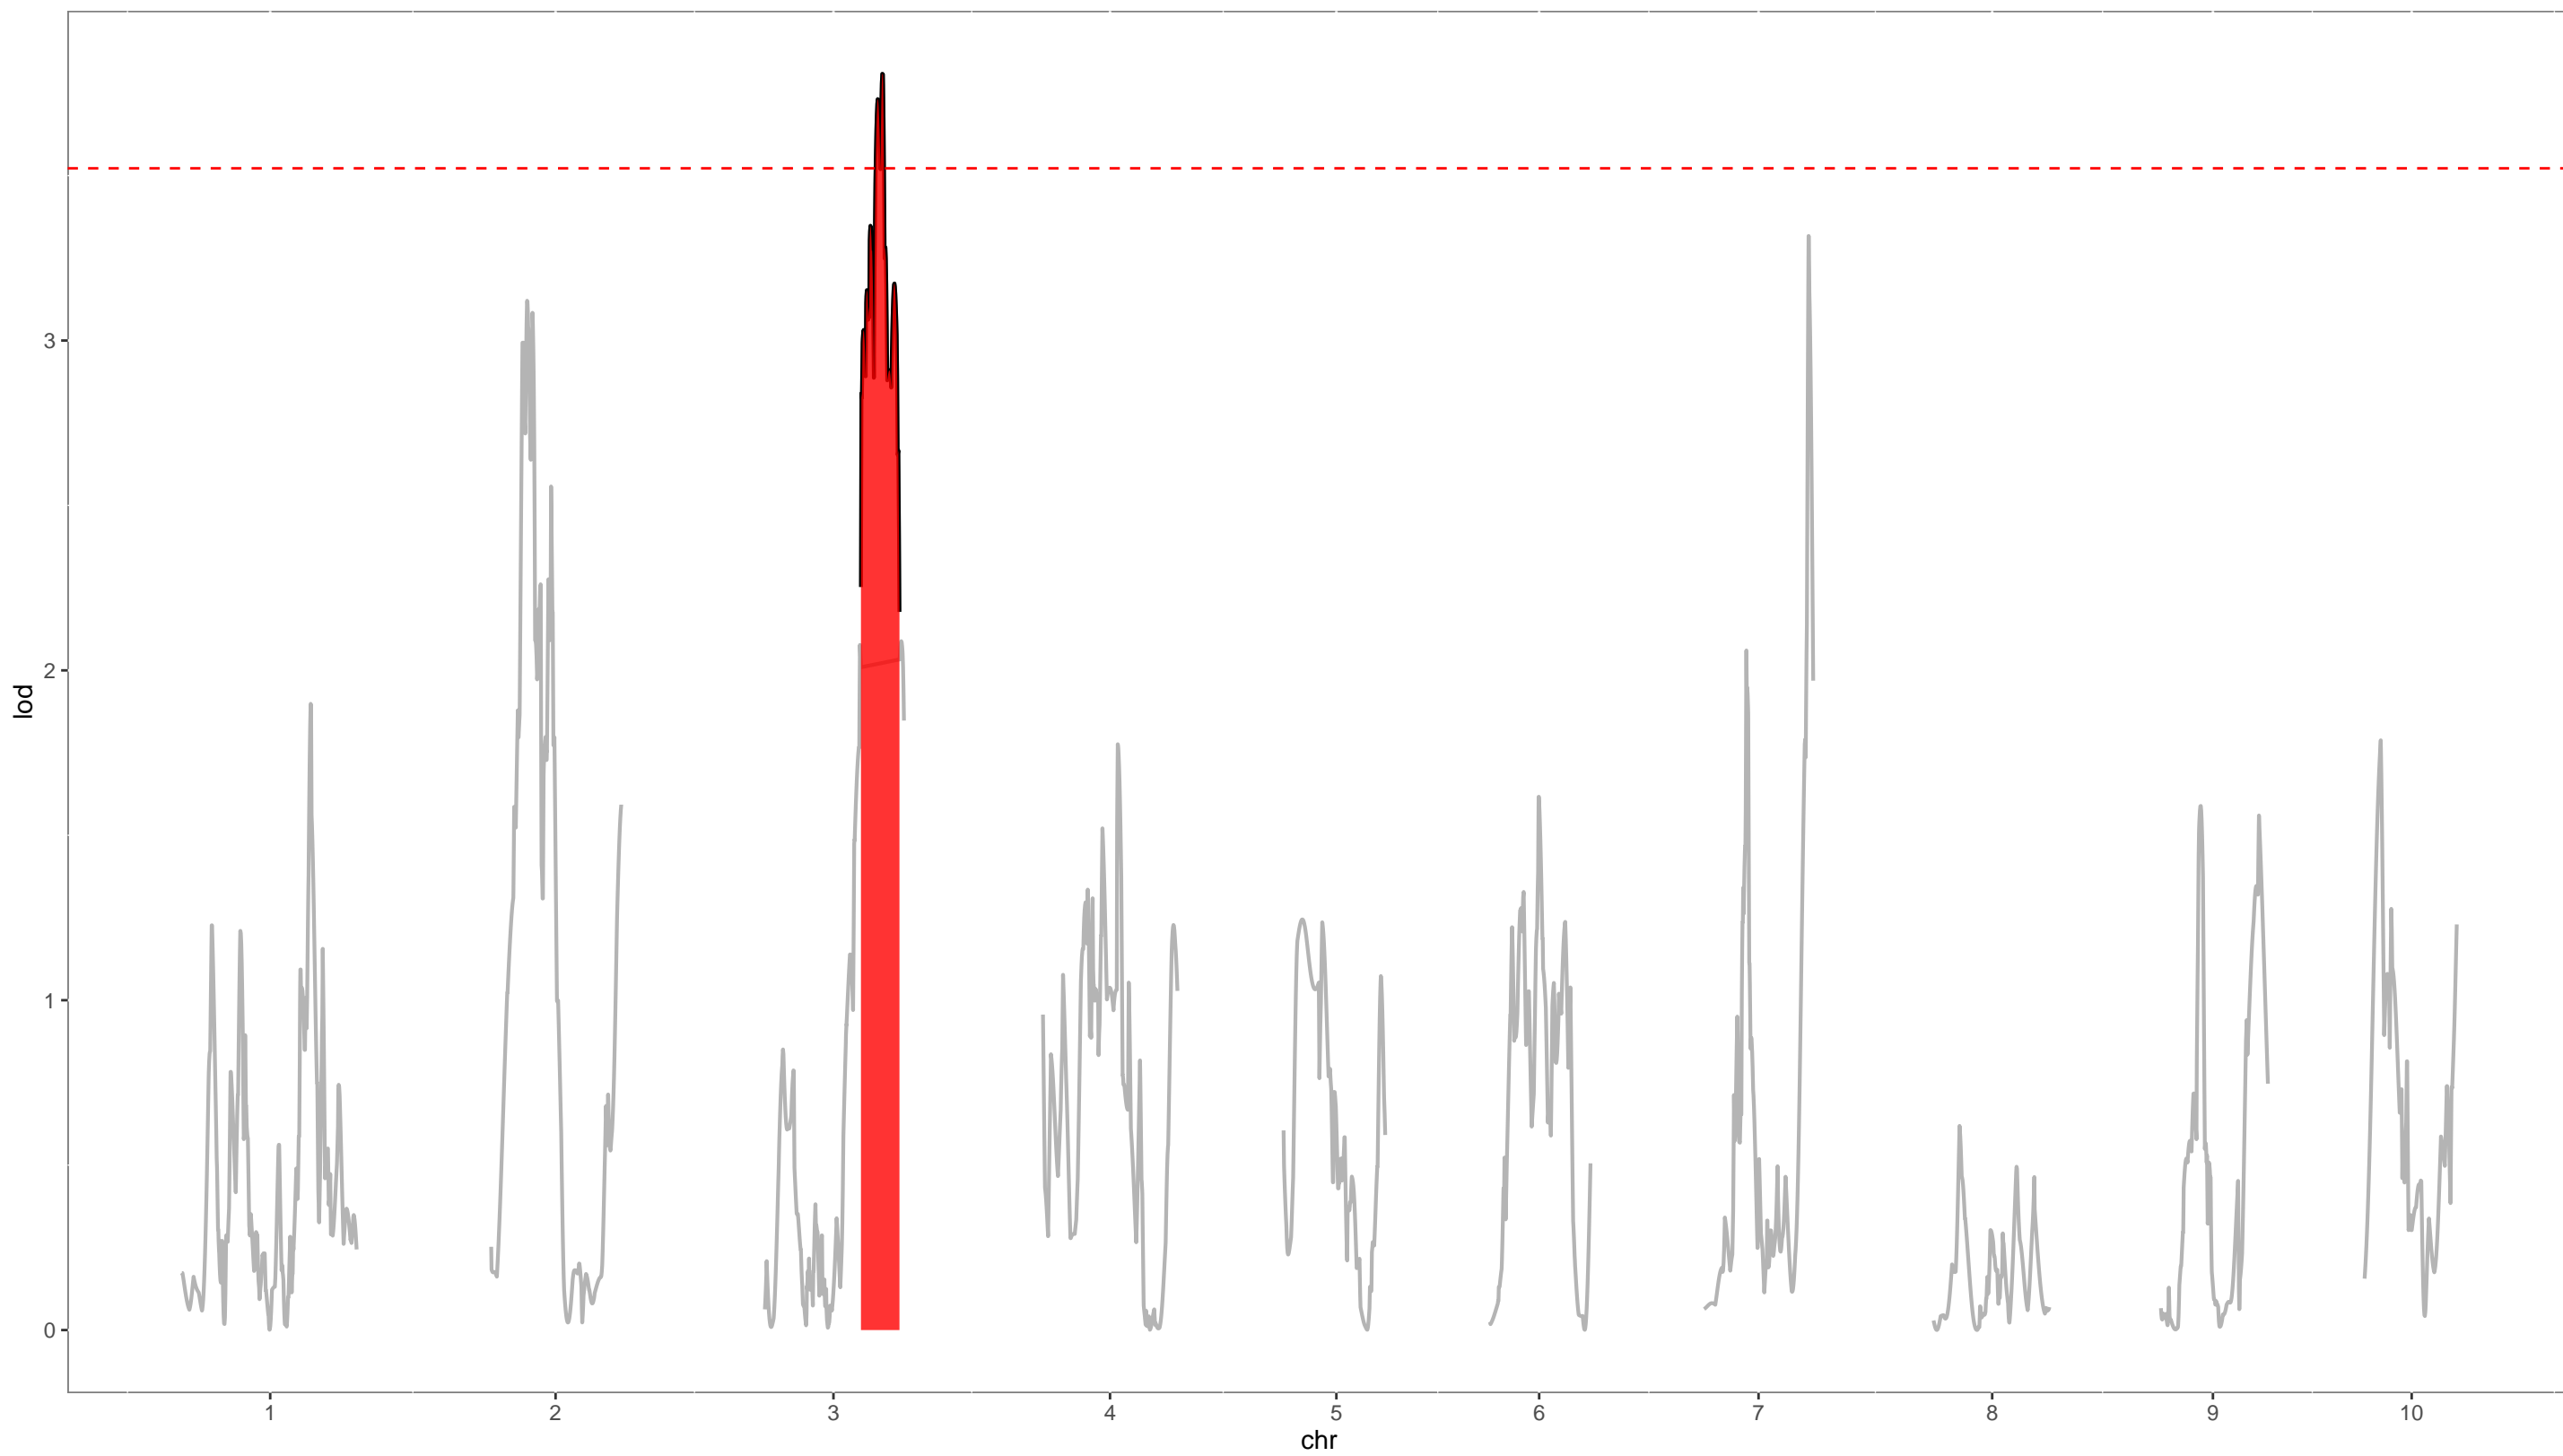

QTL analysis for additive covariate for Fe_ratio

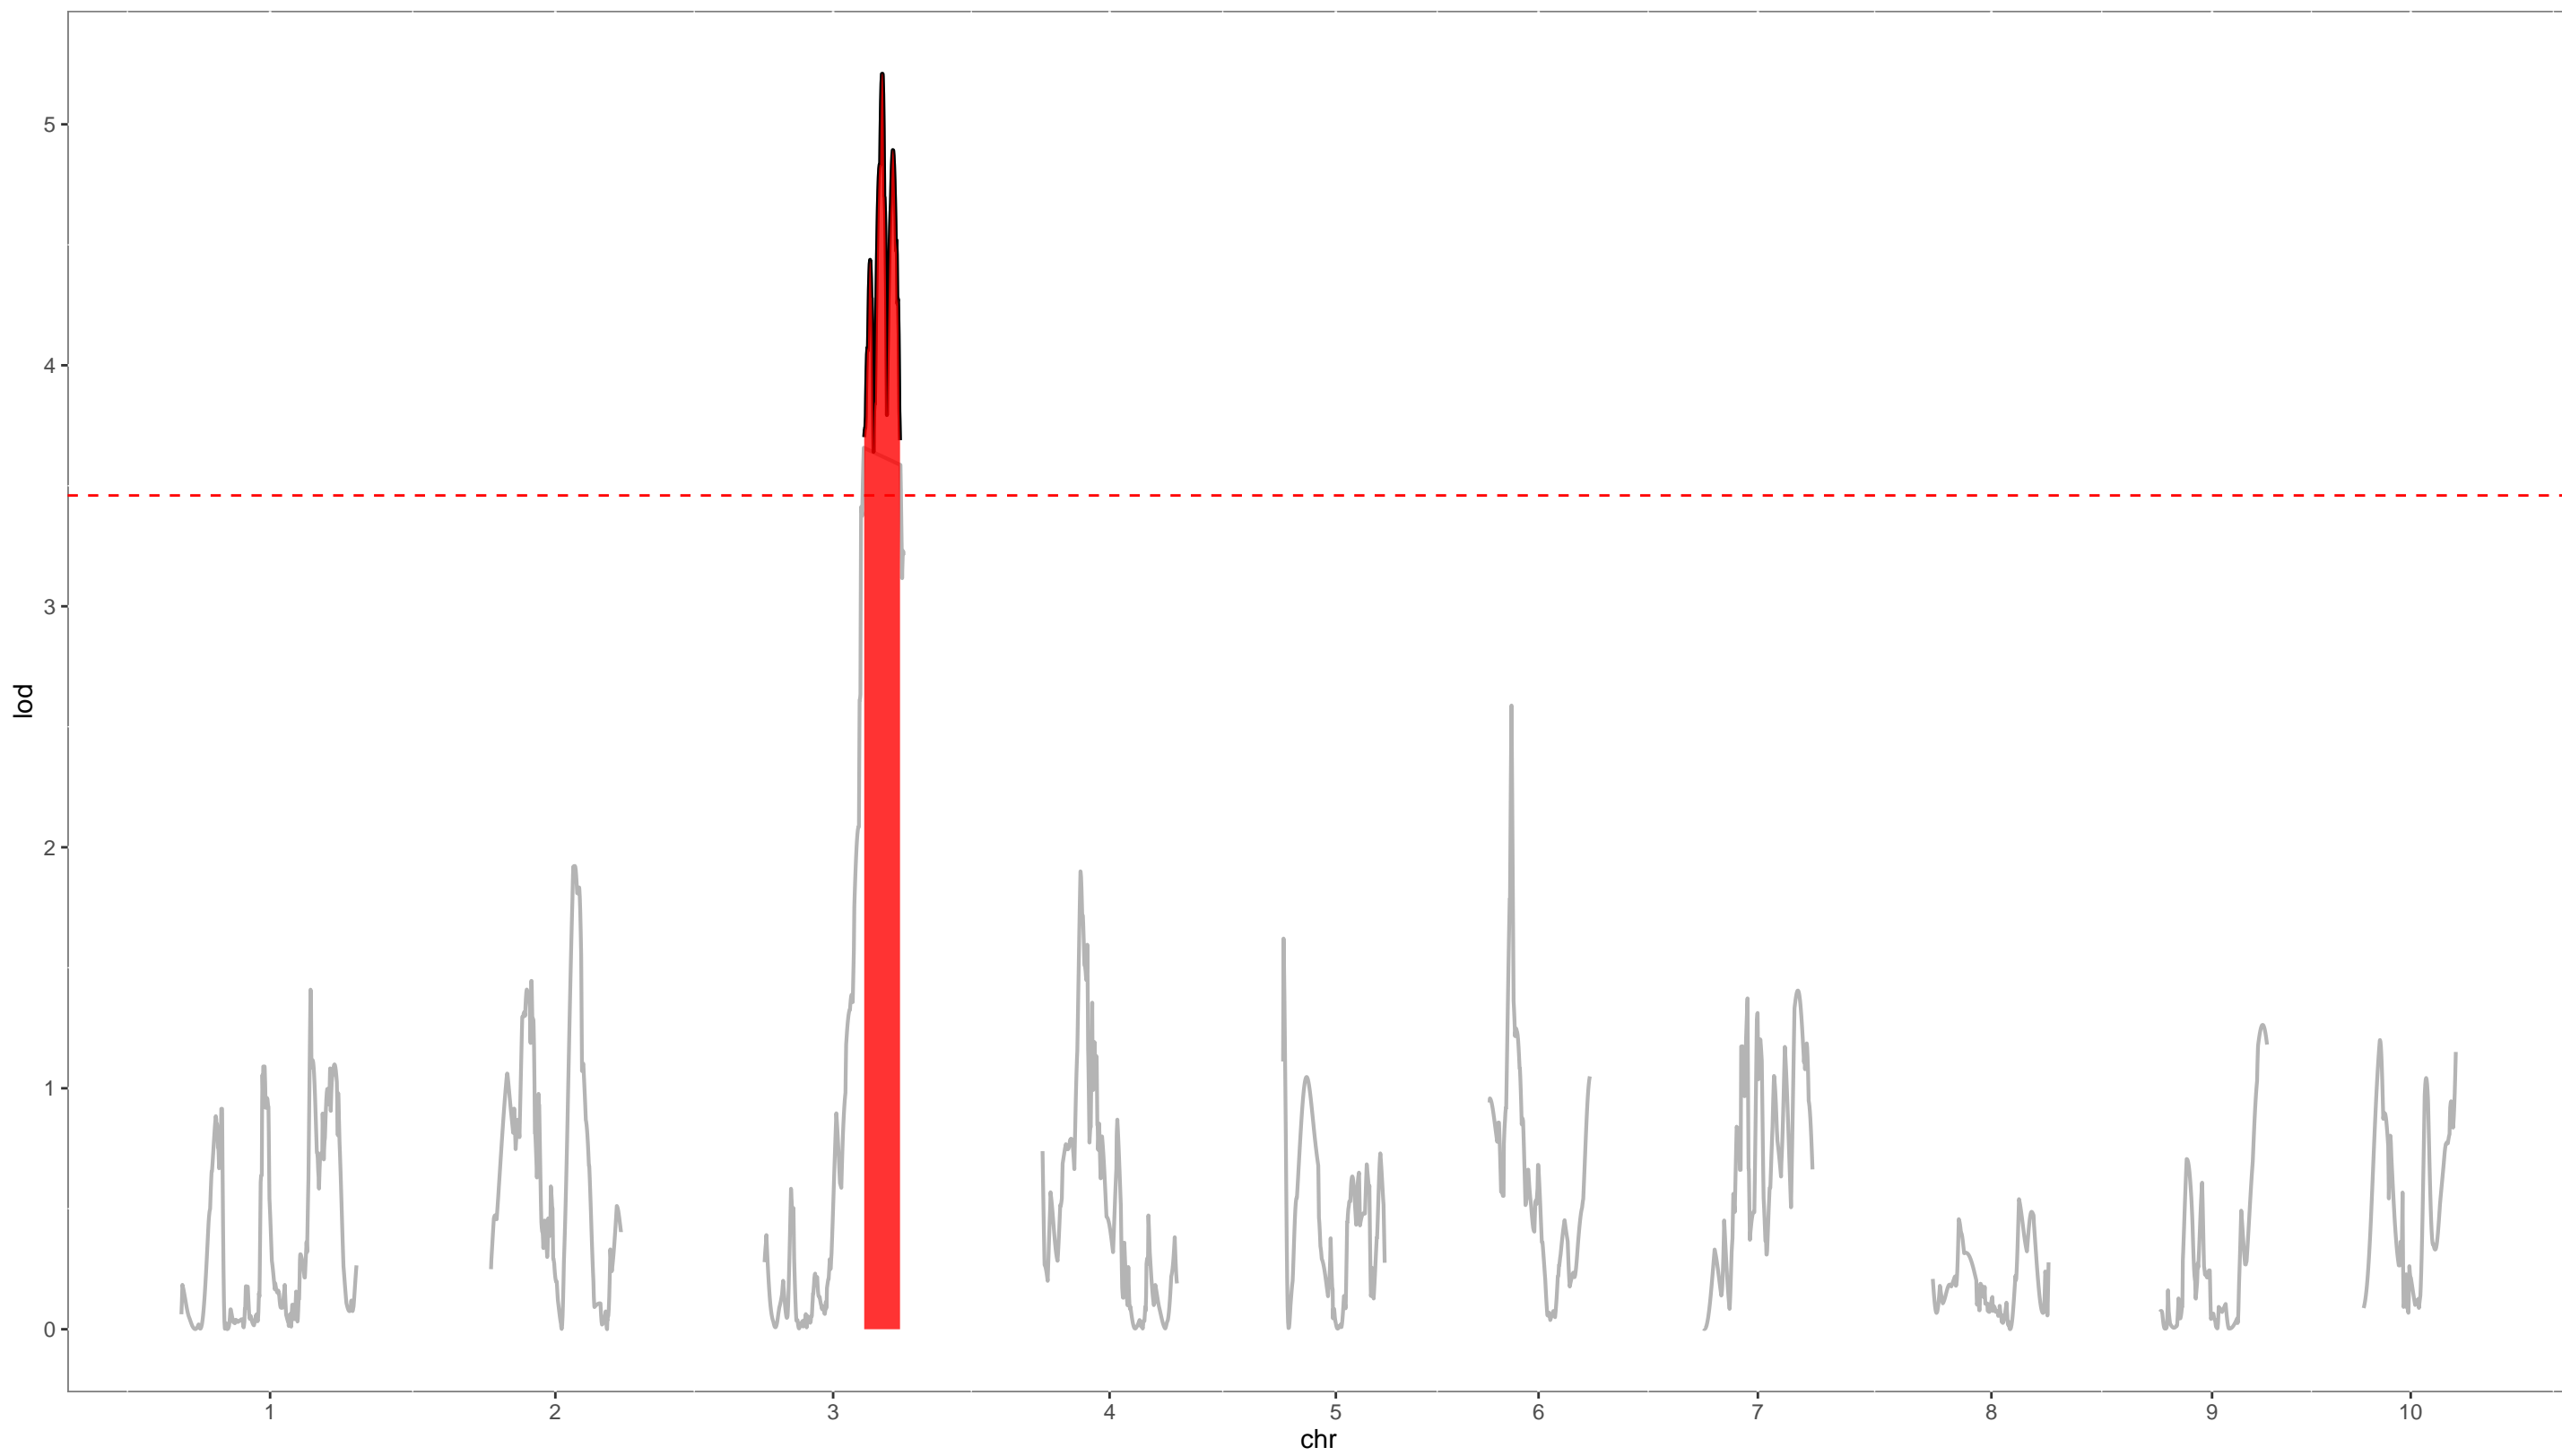

QTL analysis for additive covariate for Fe_seed

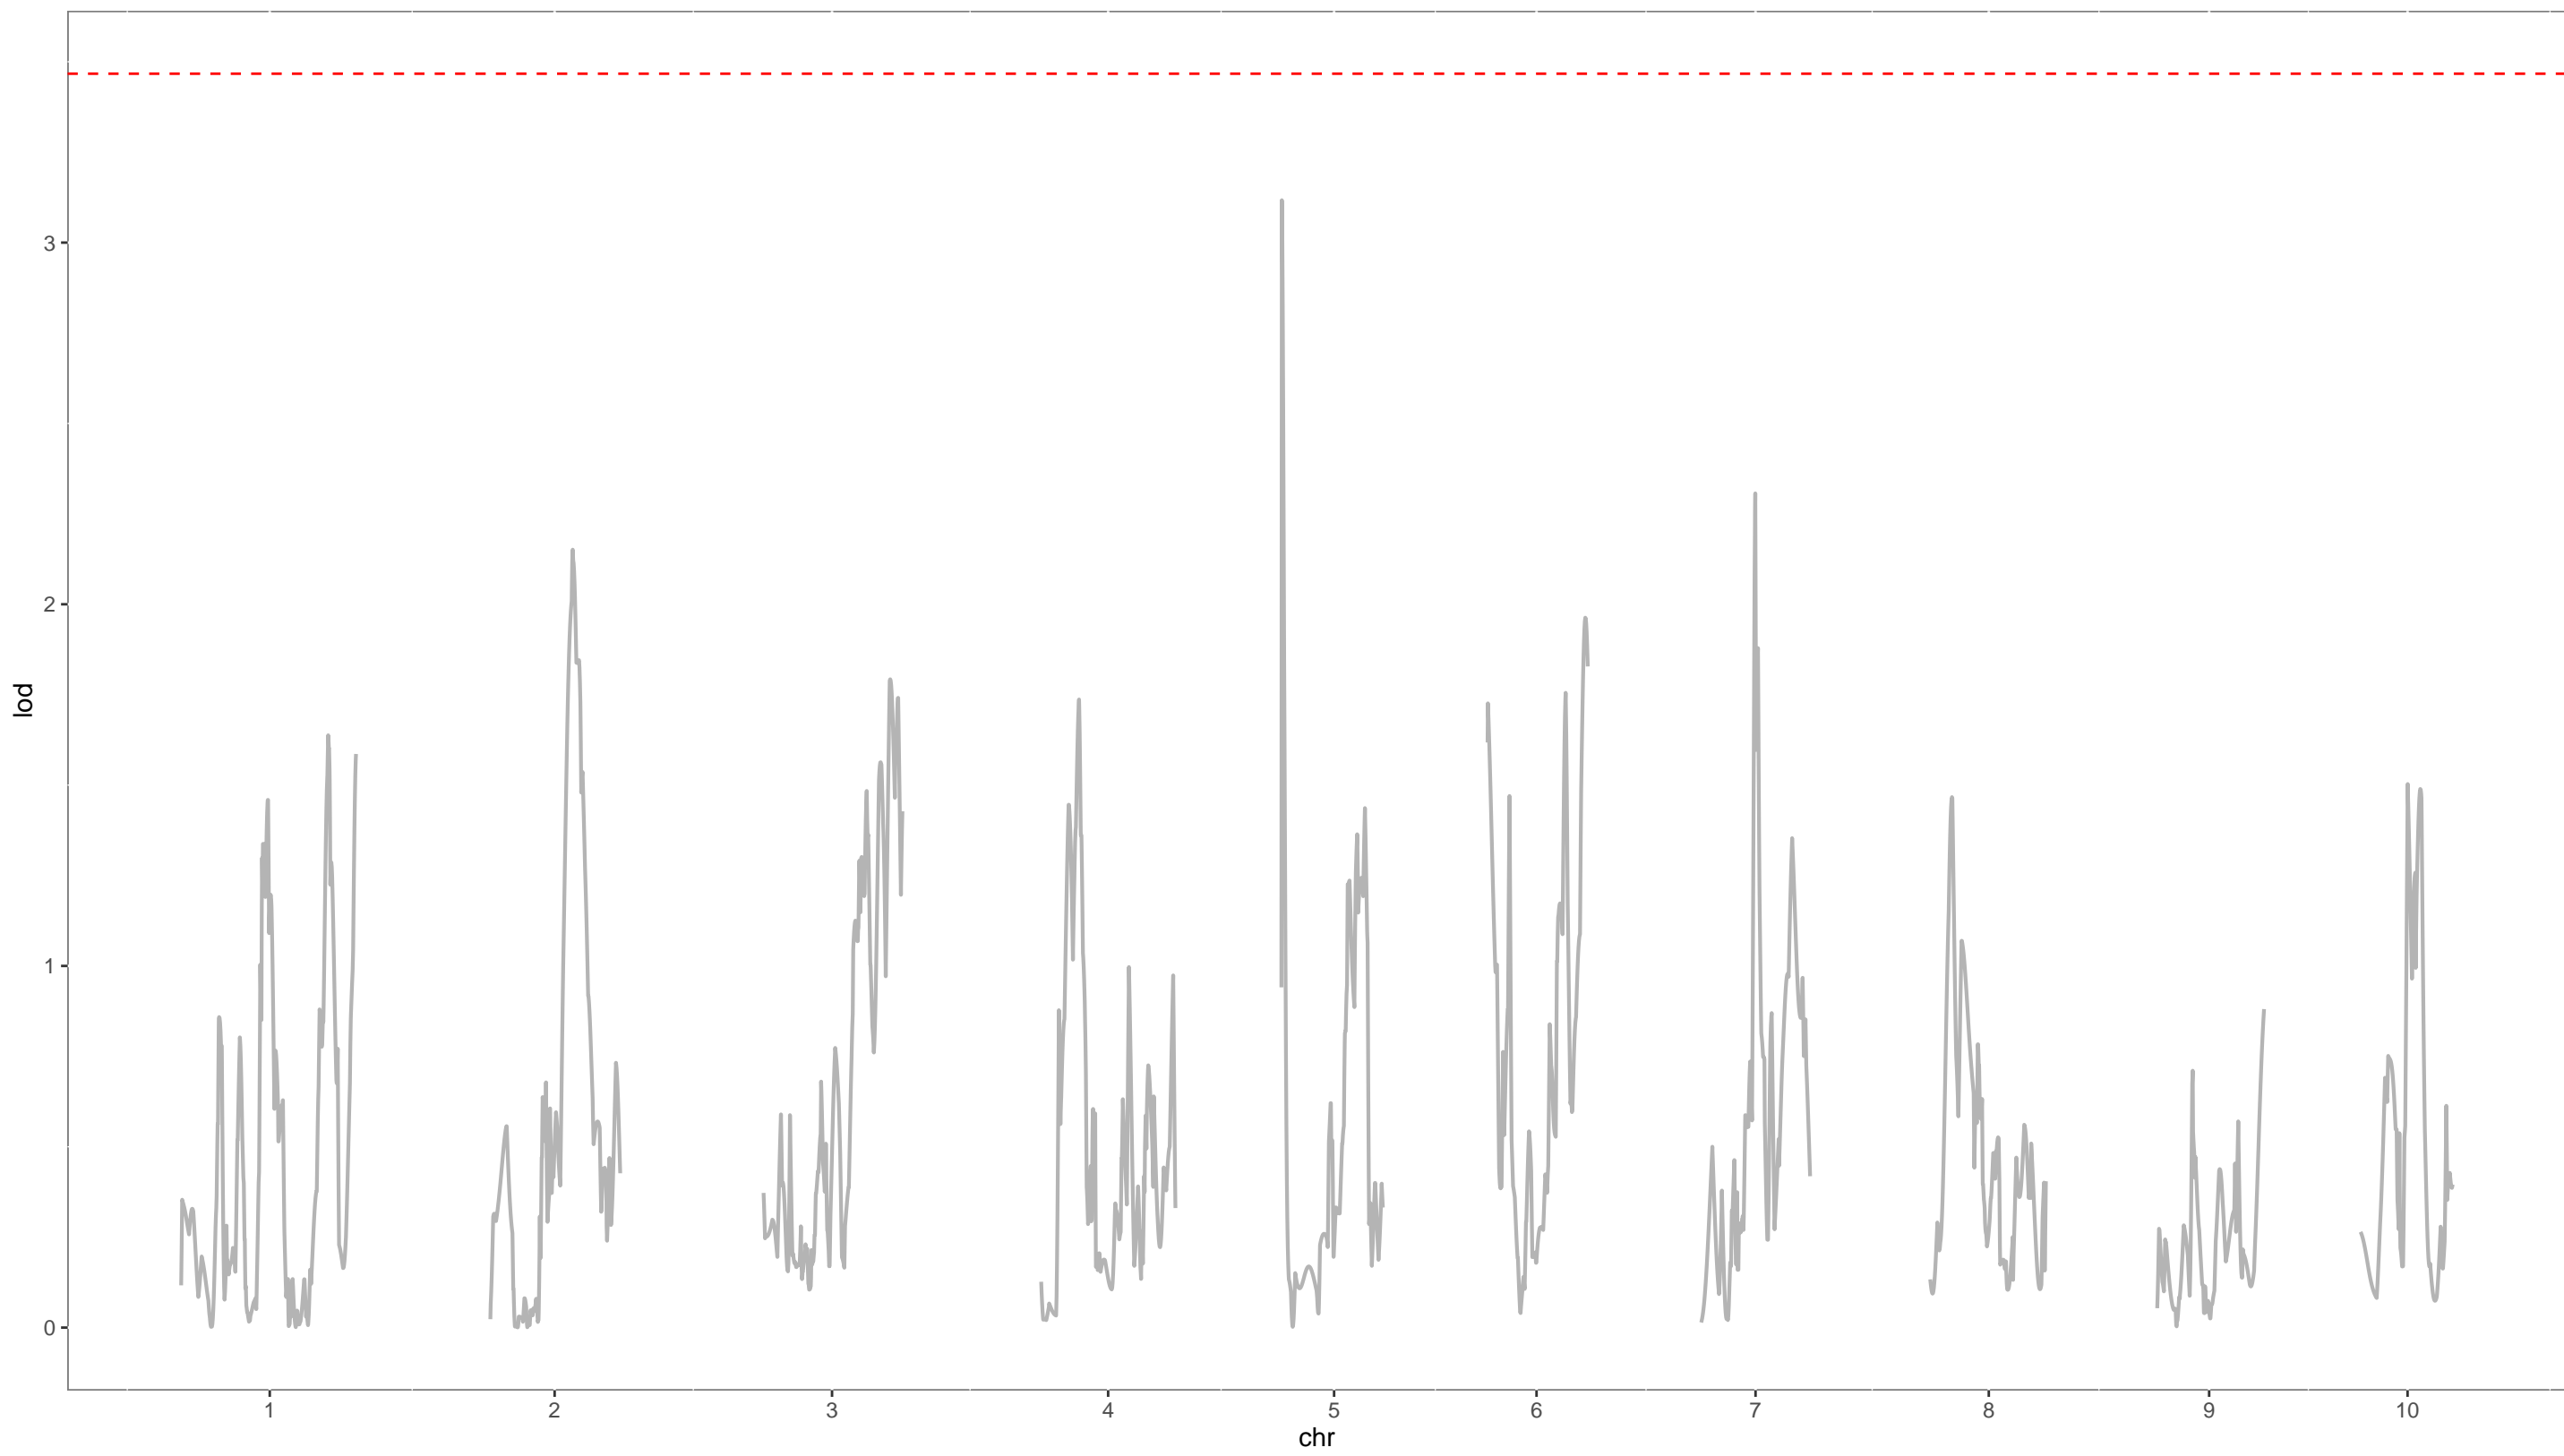

QTL analysis for additive covariate for K_leaf

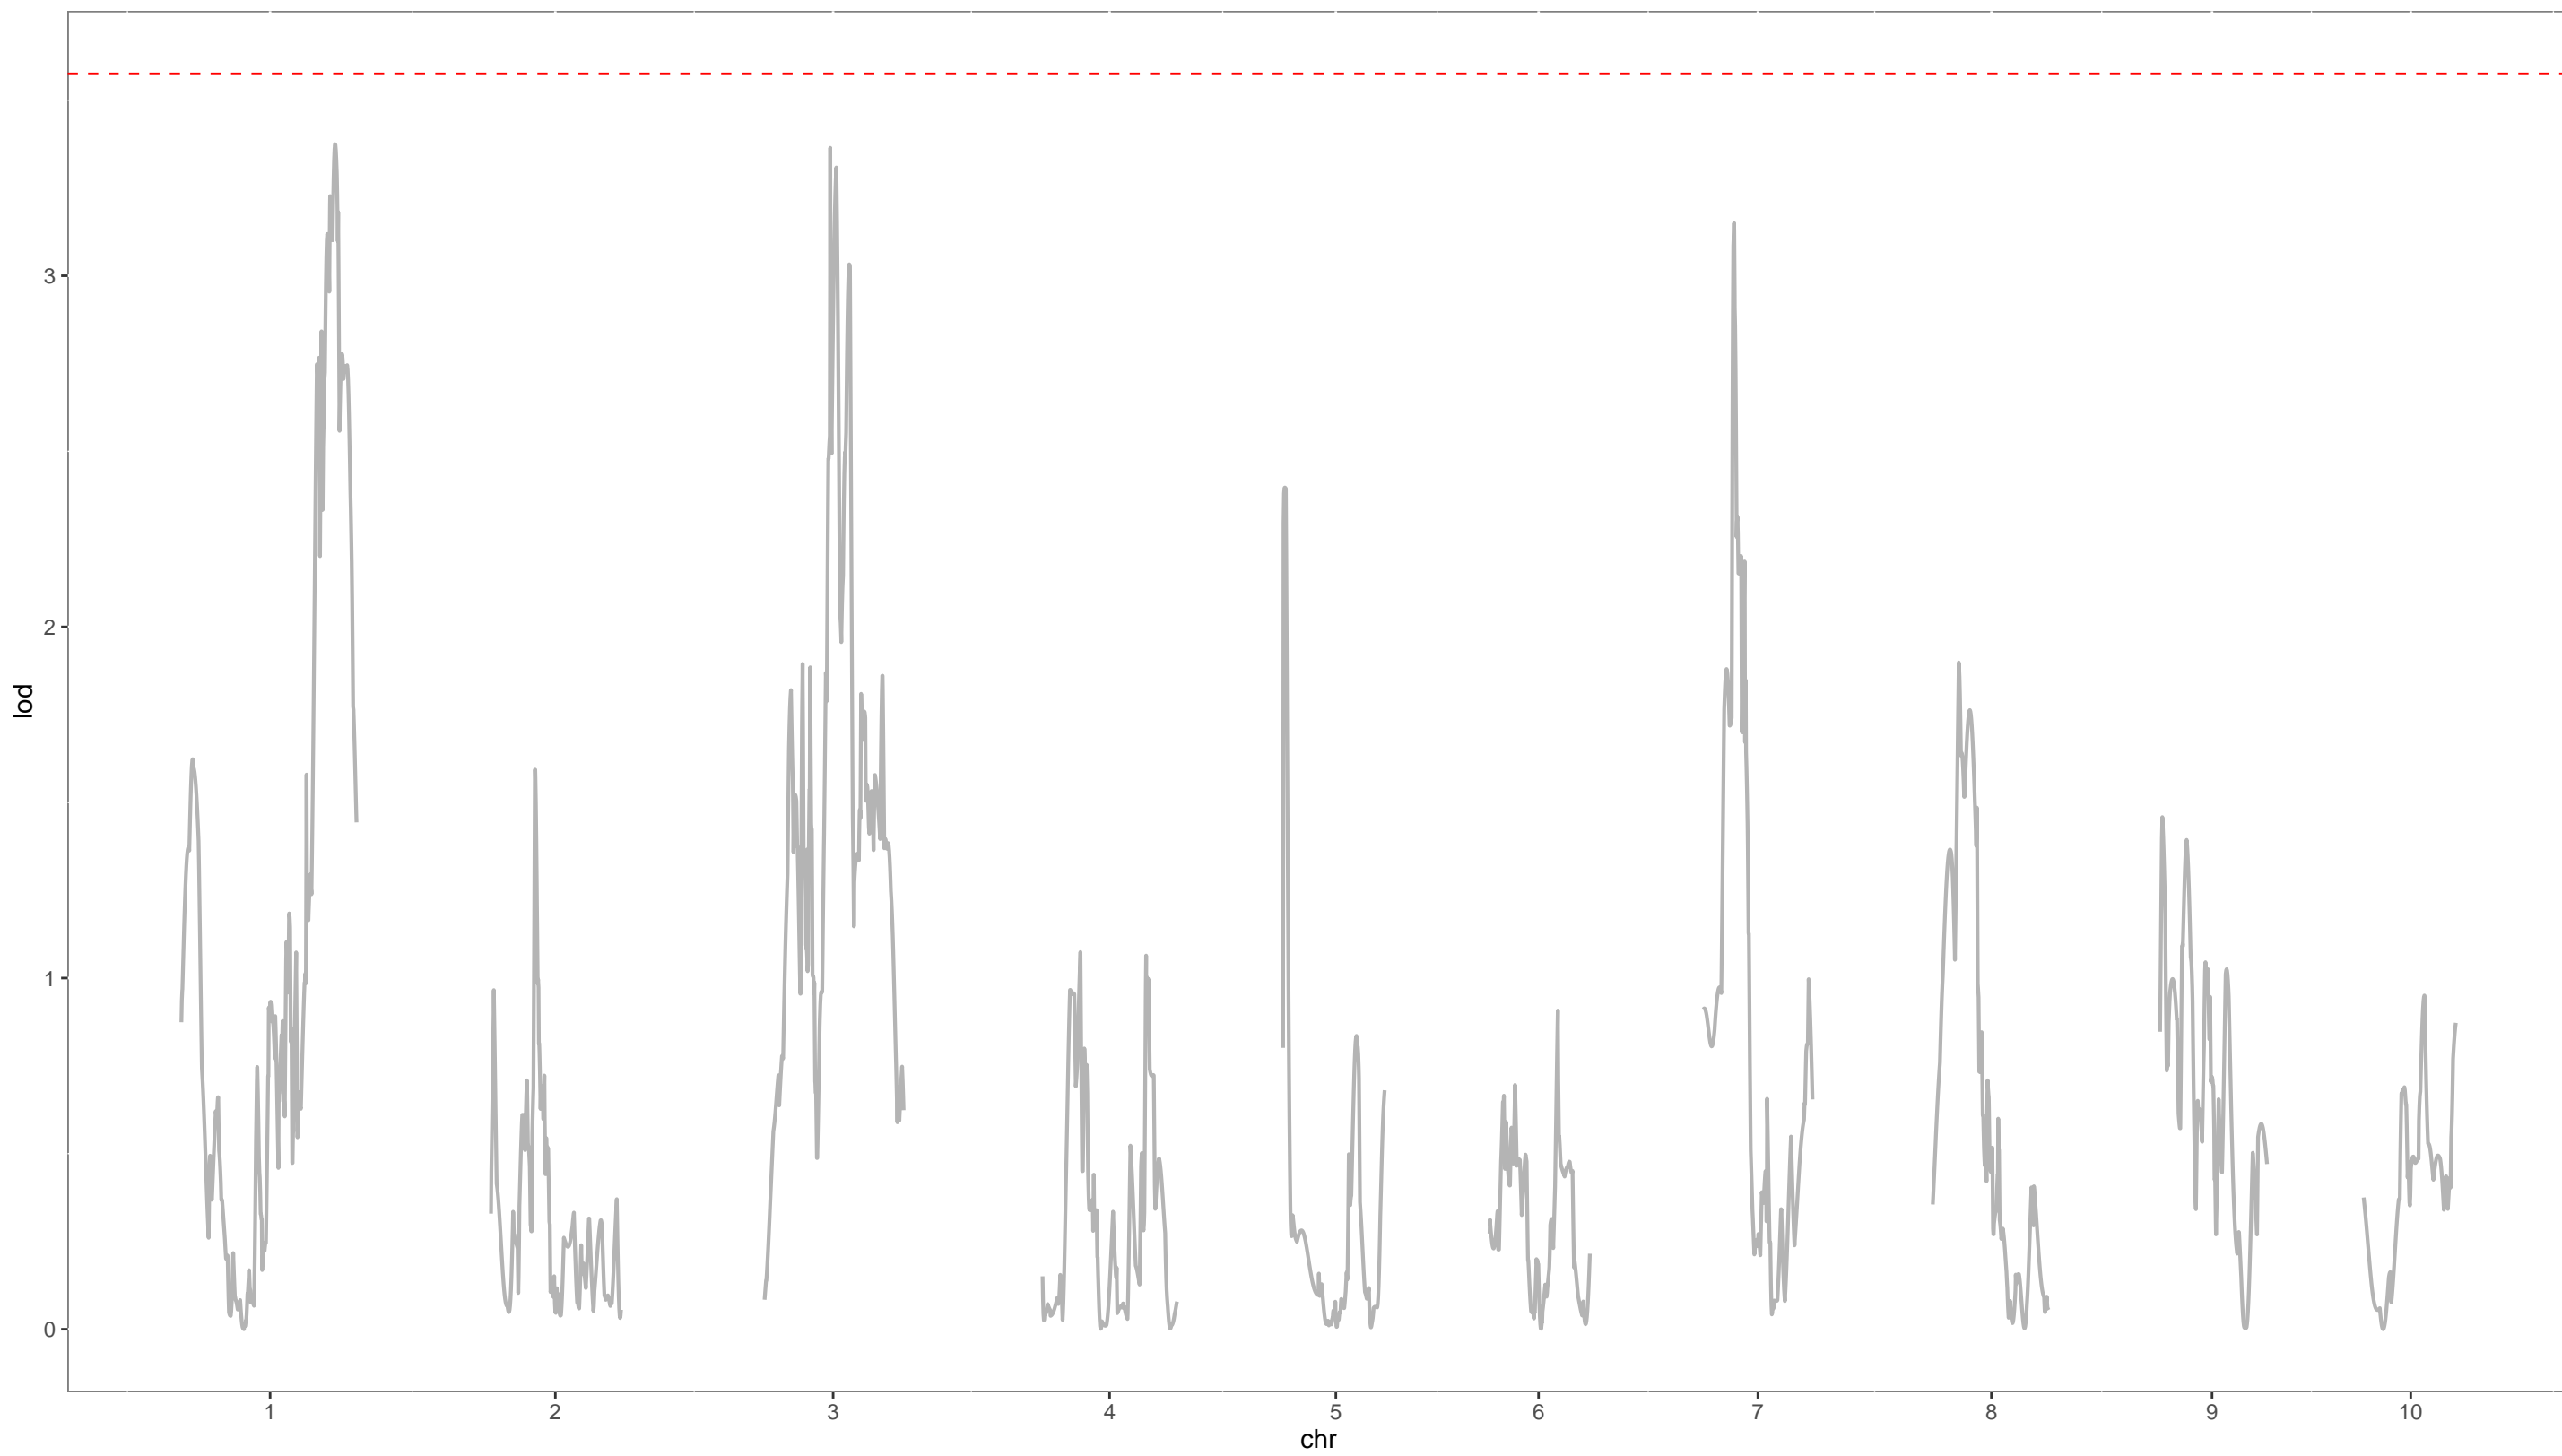

QTL analysis for additive covariate for K_ratio

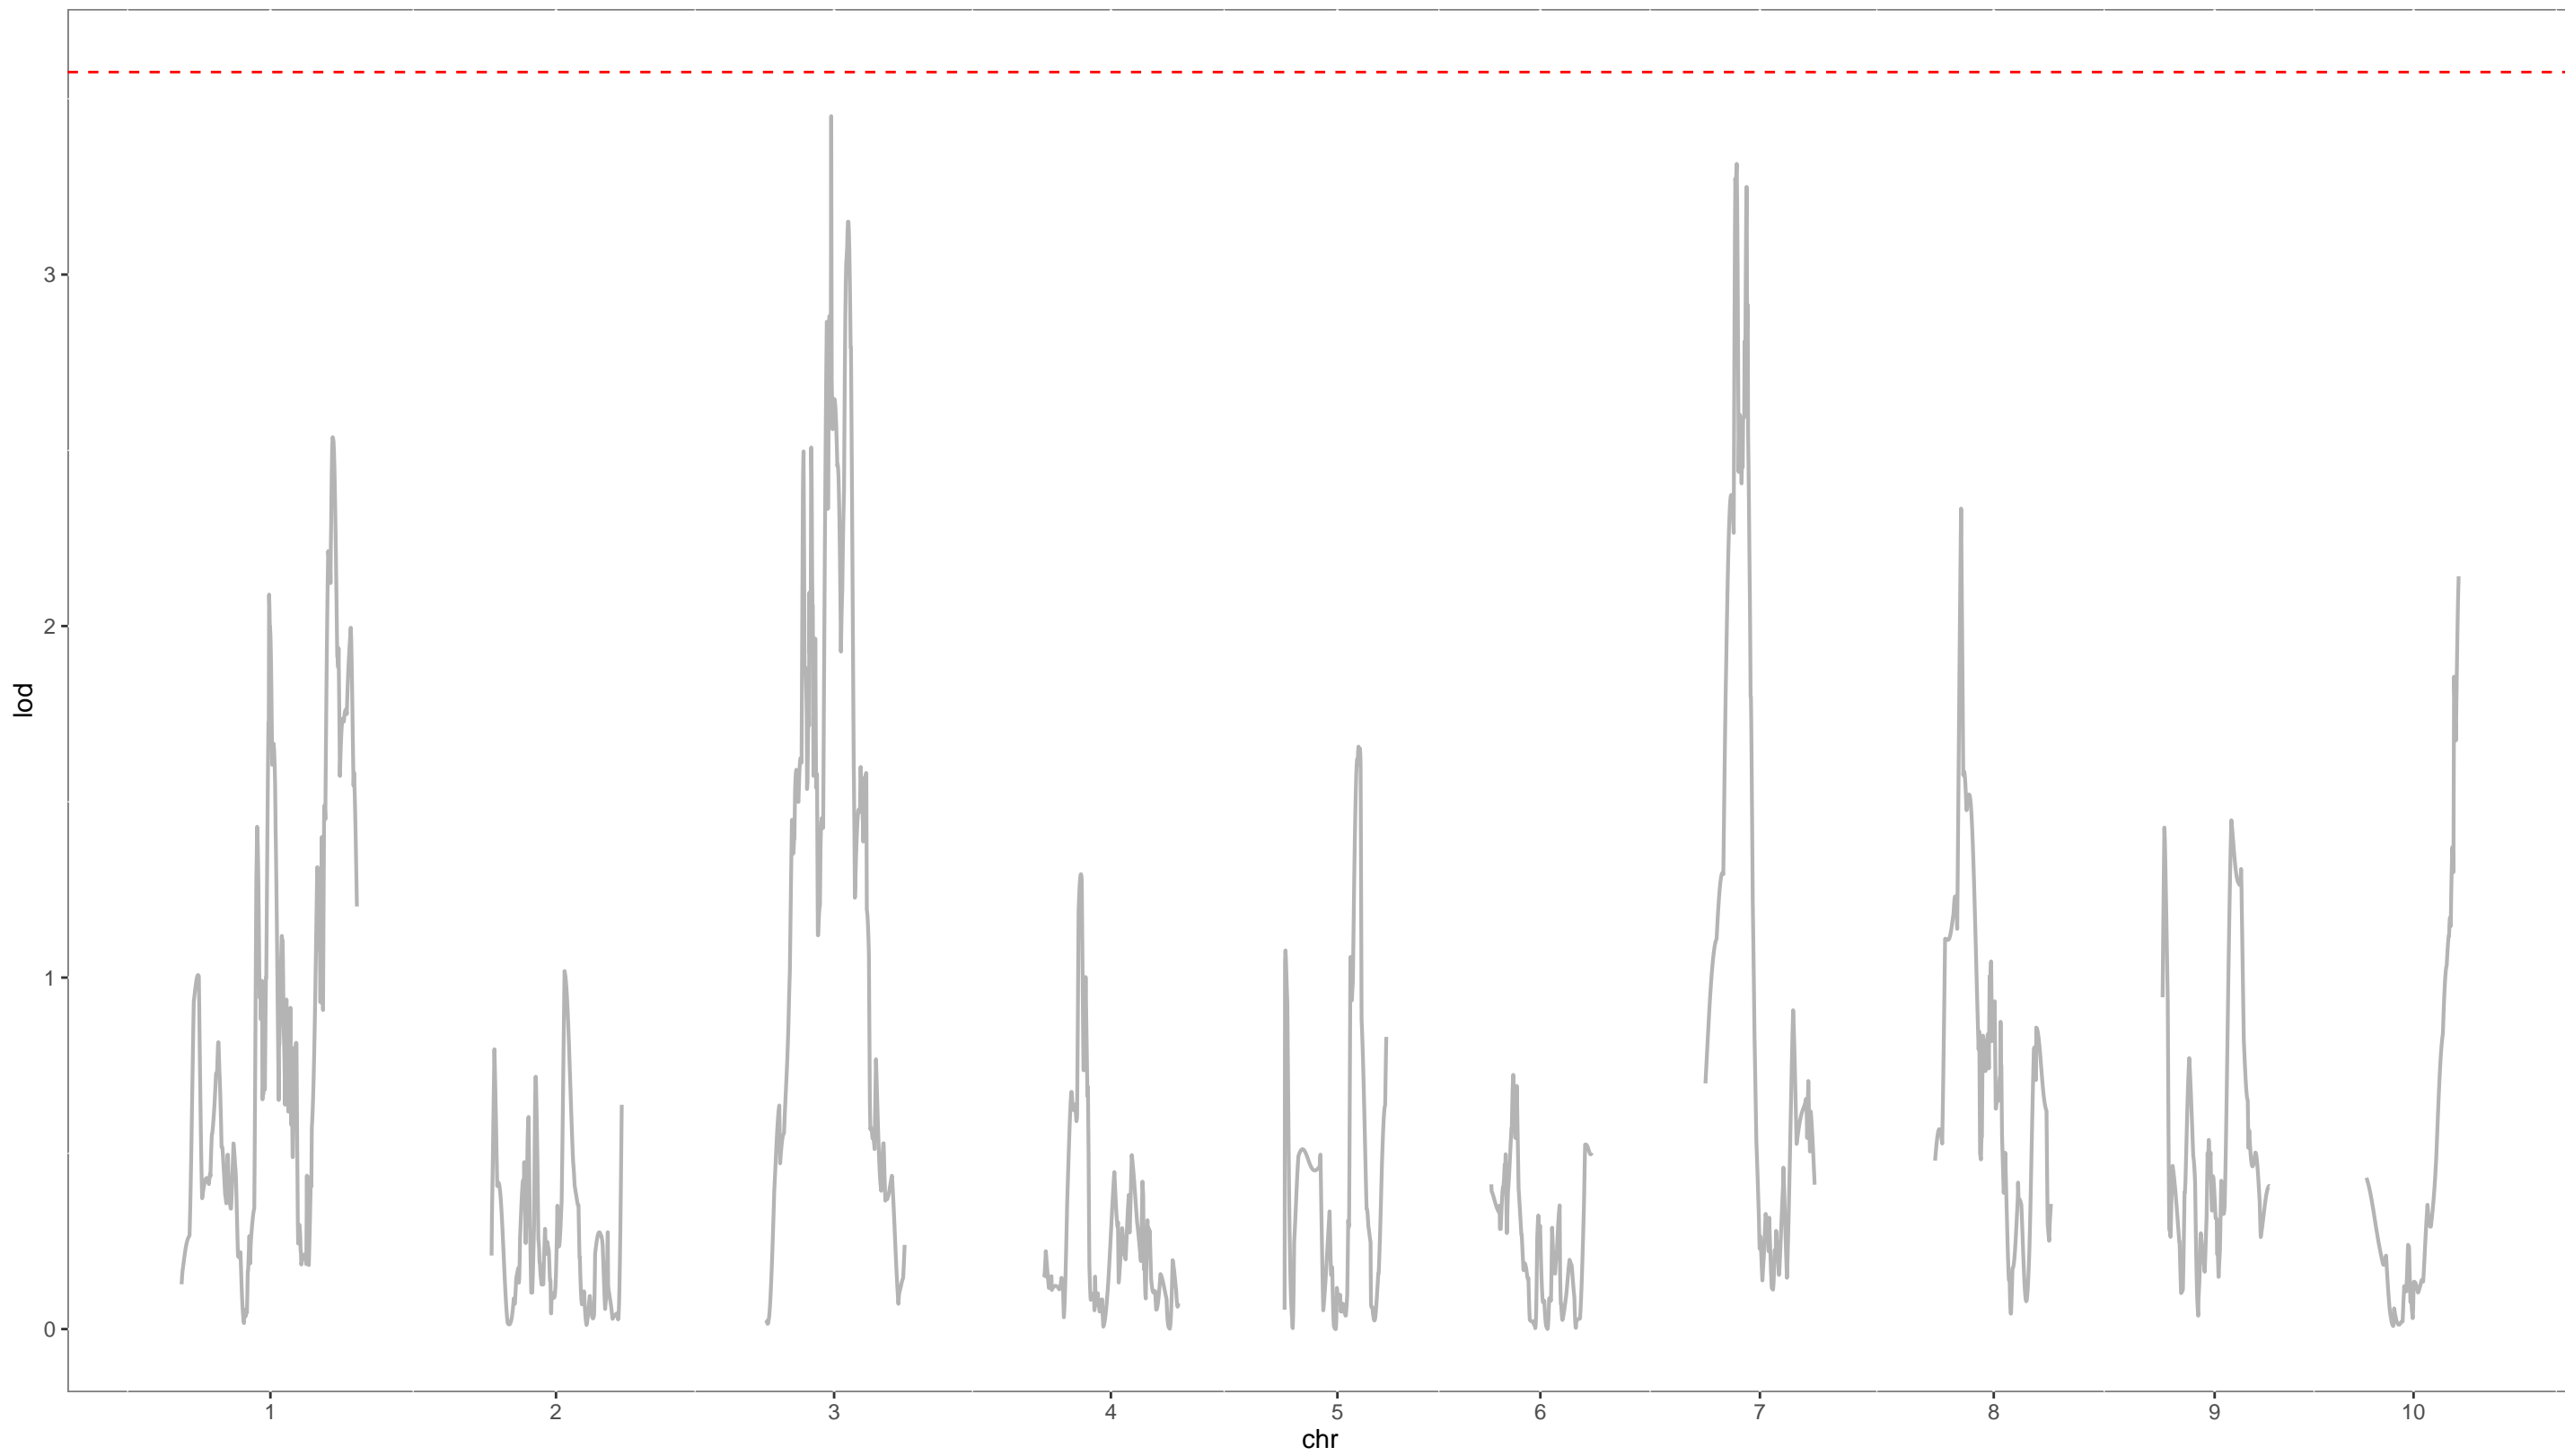

QTL analysis for additive covariate for K_seed

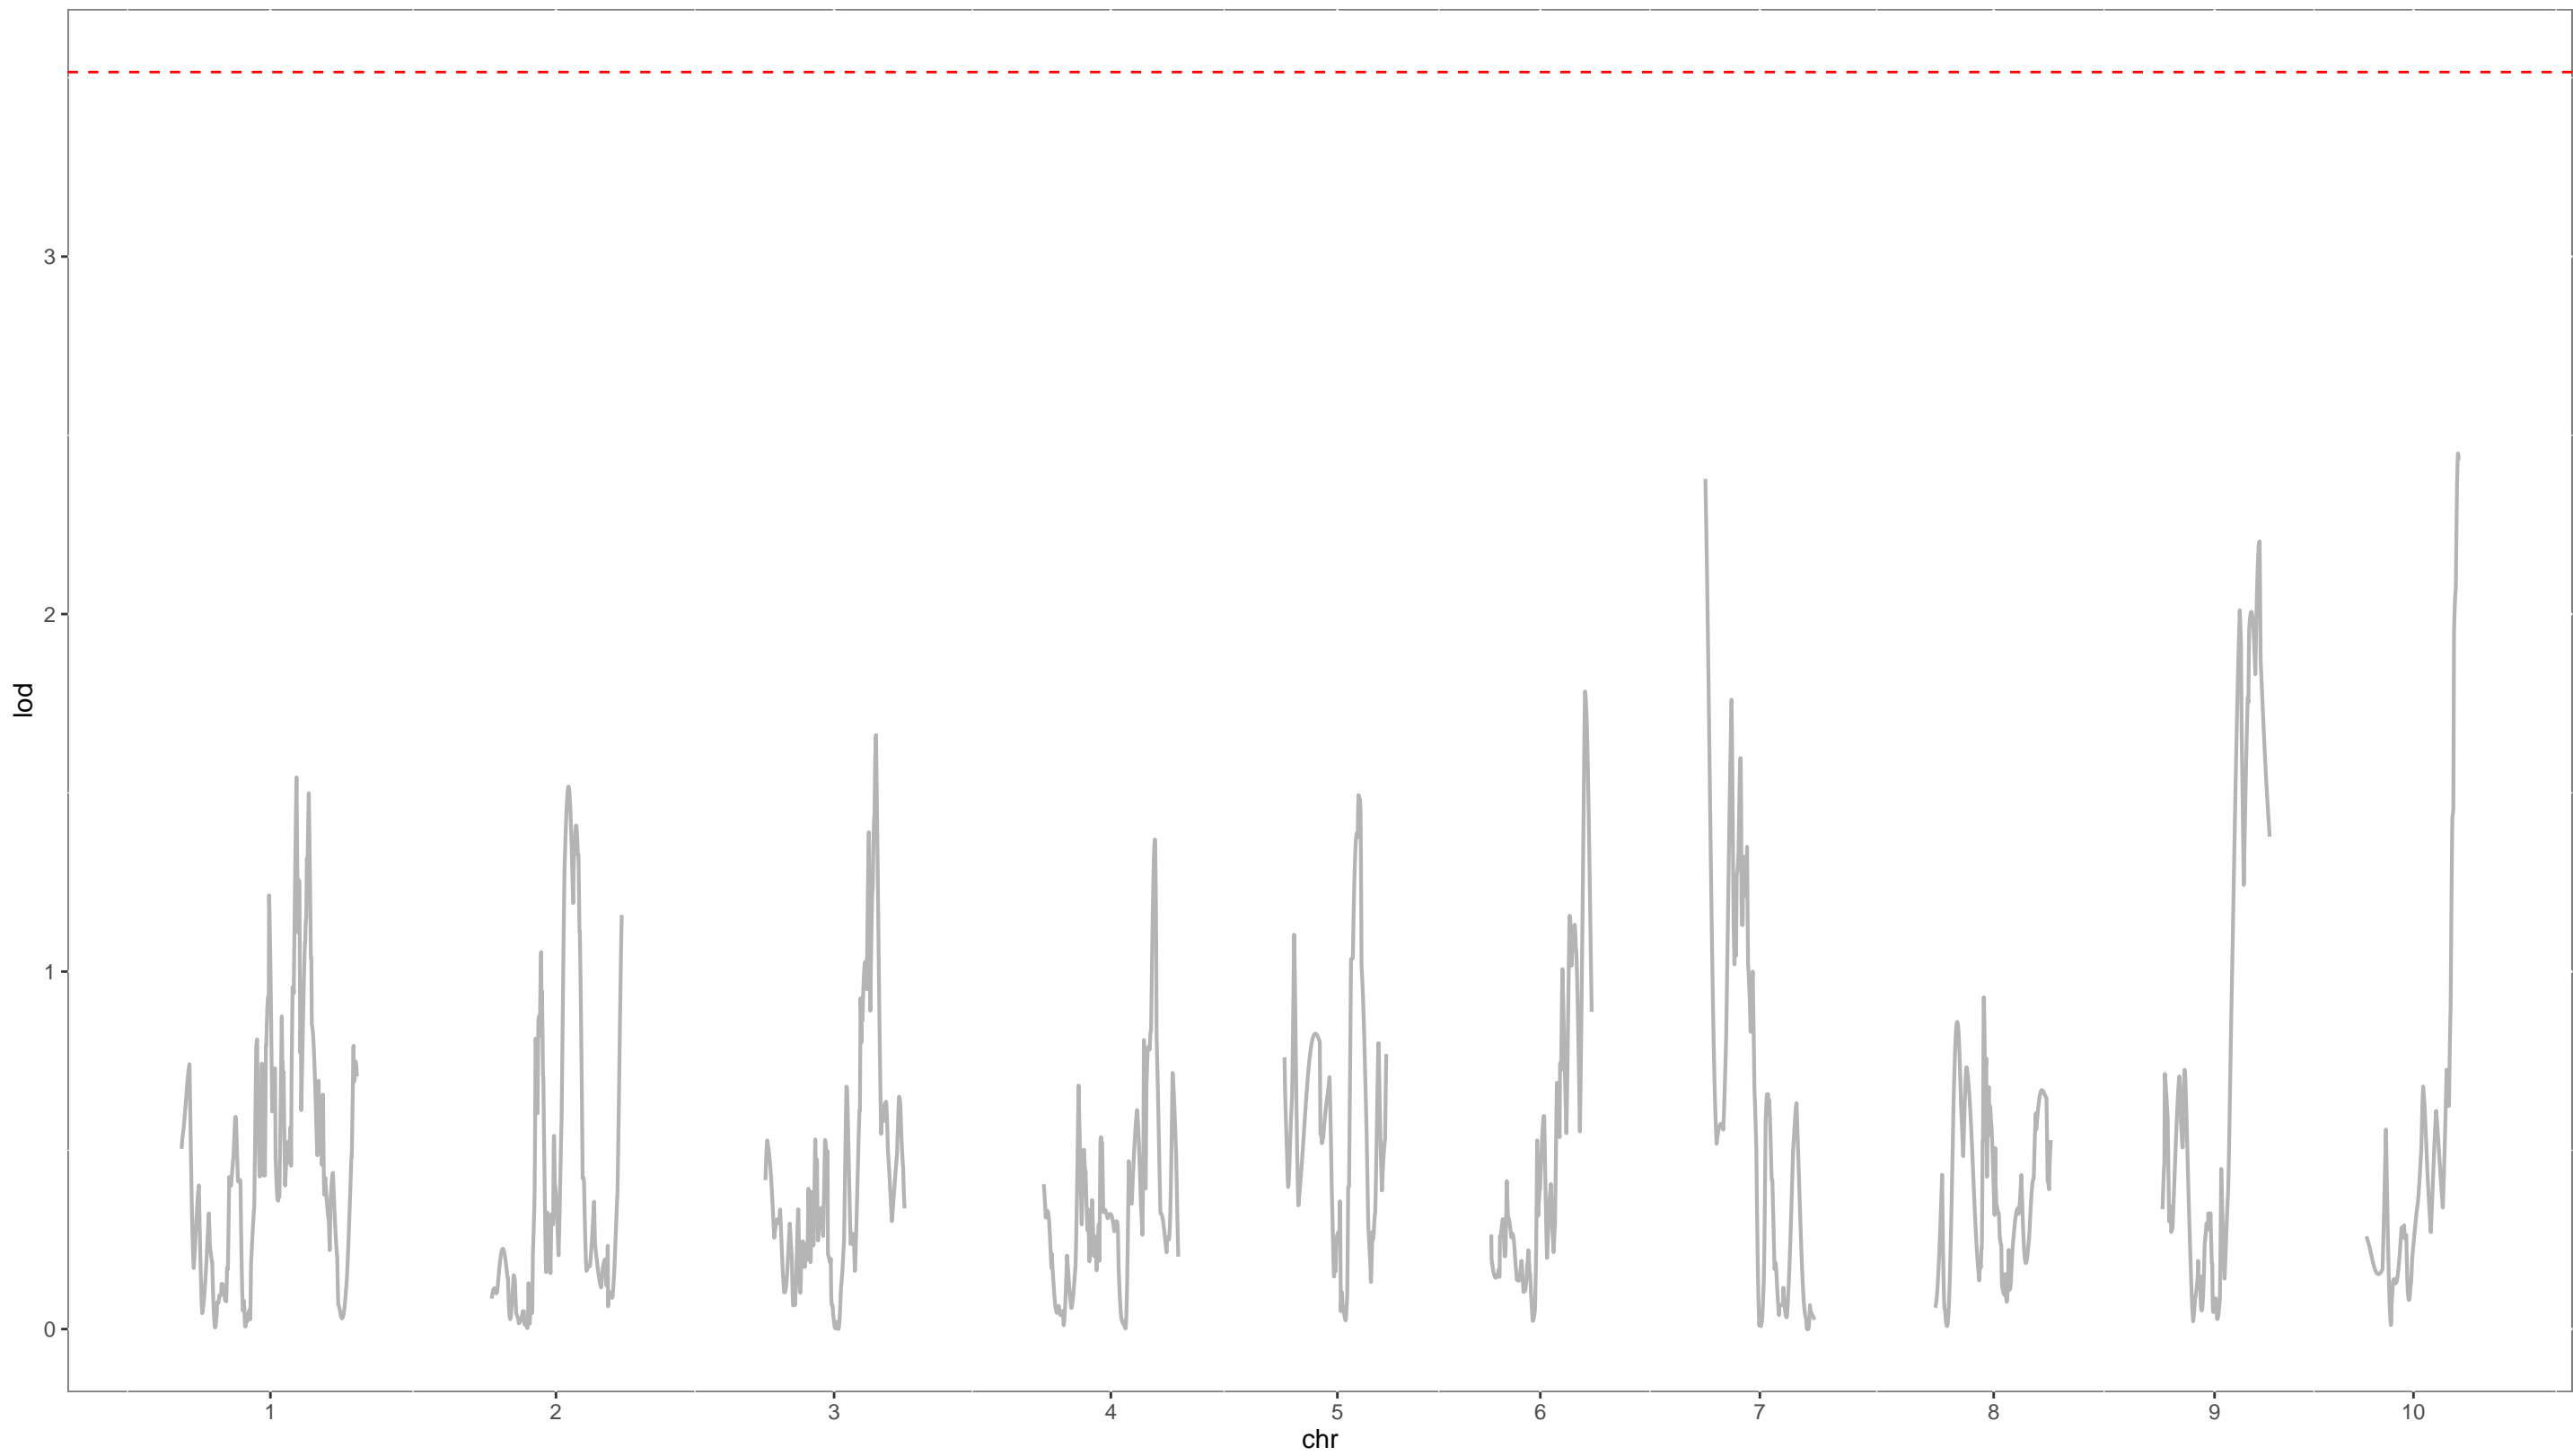

QTL analysis for additive covariate for Mg_leaf

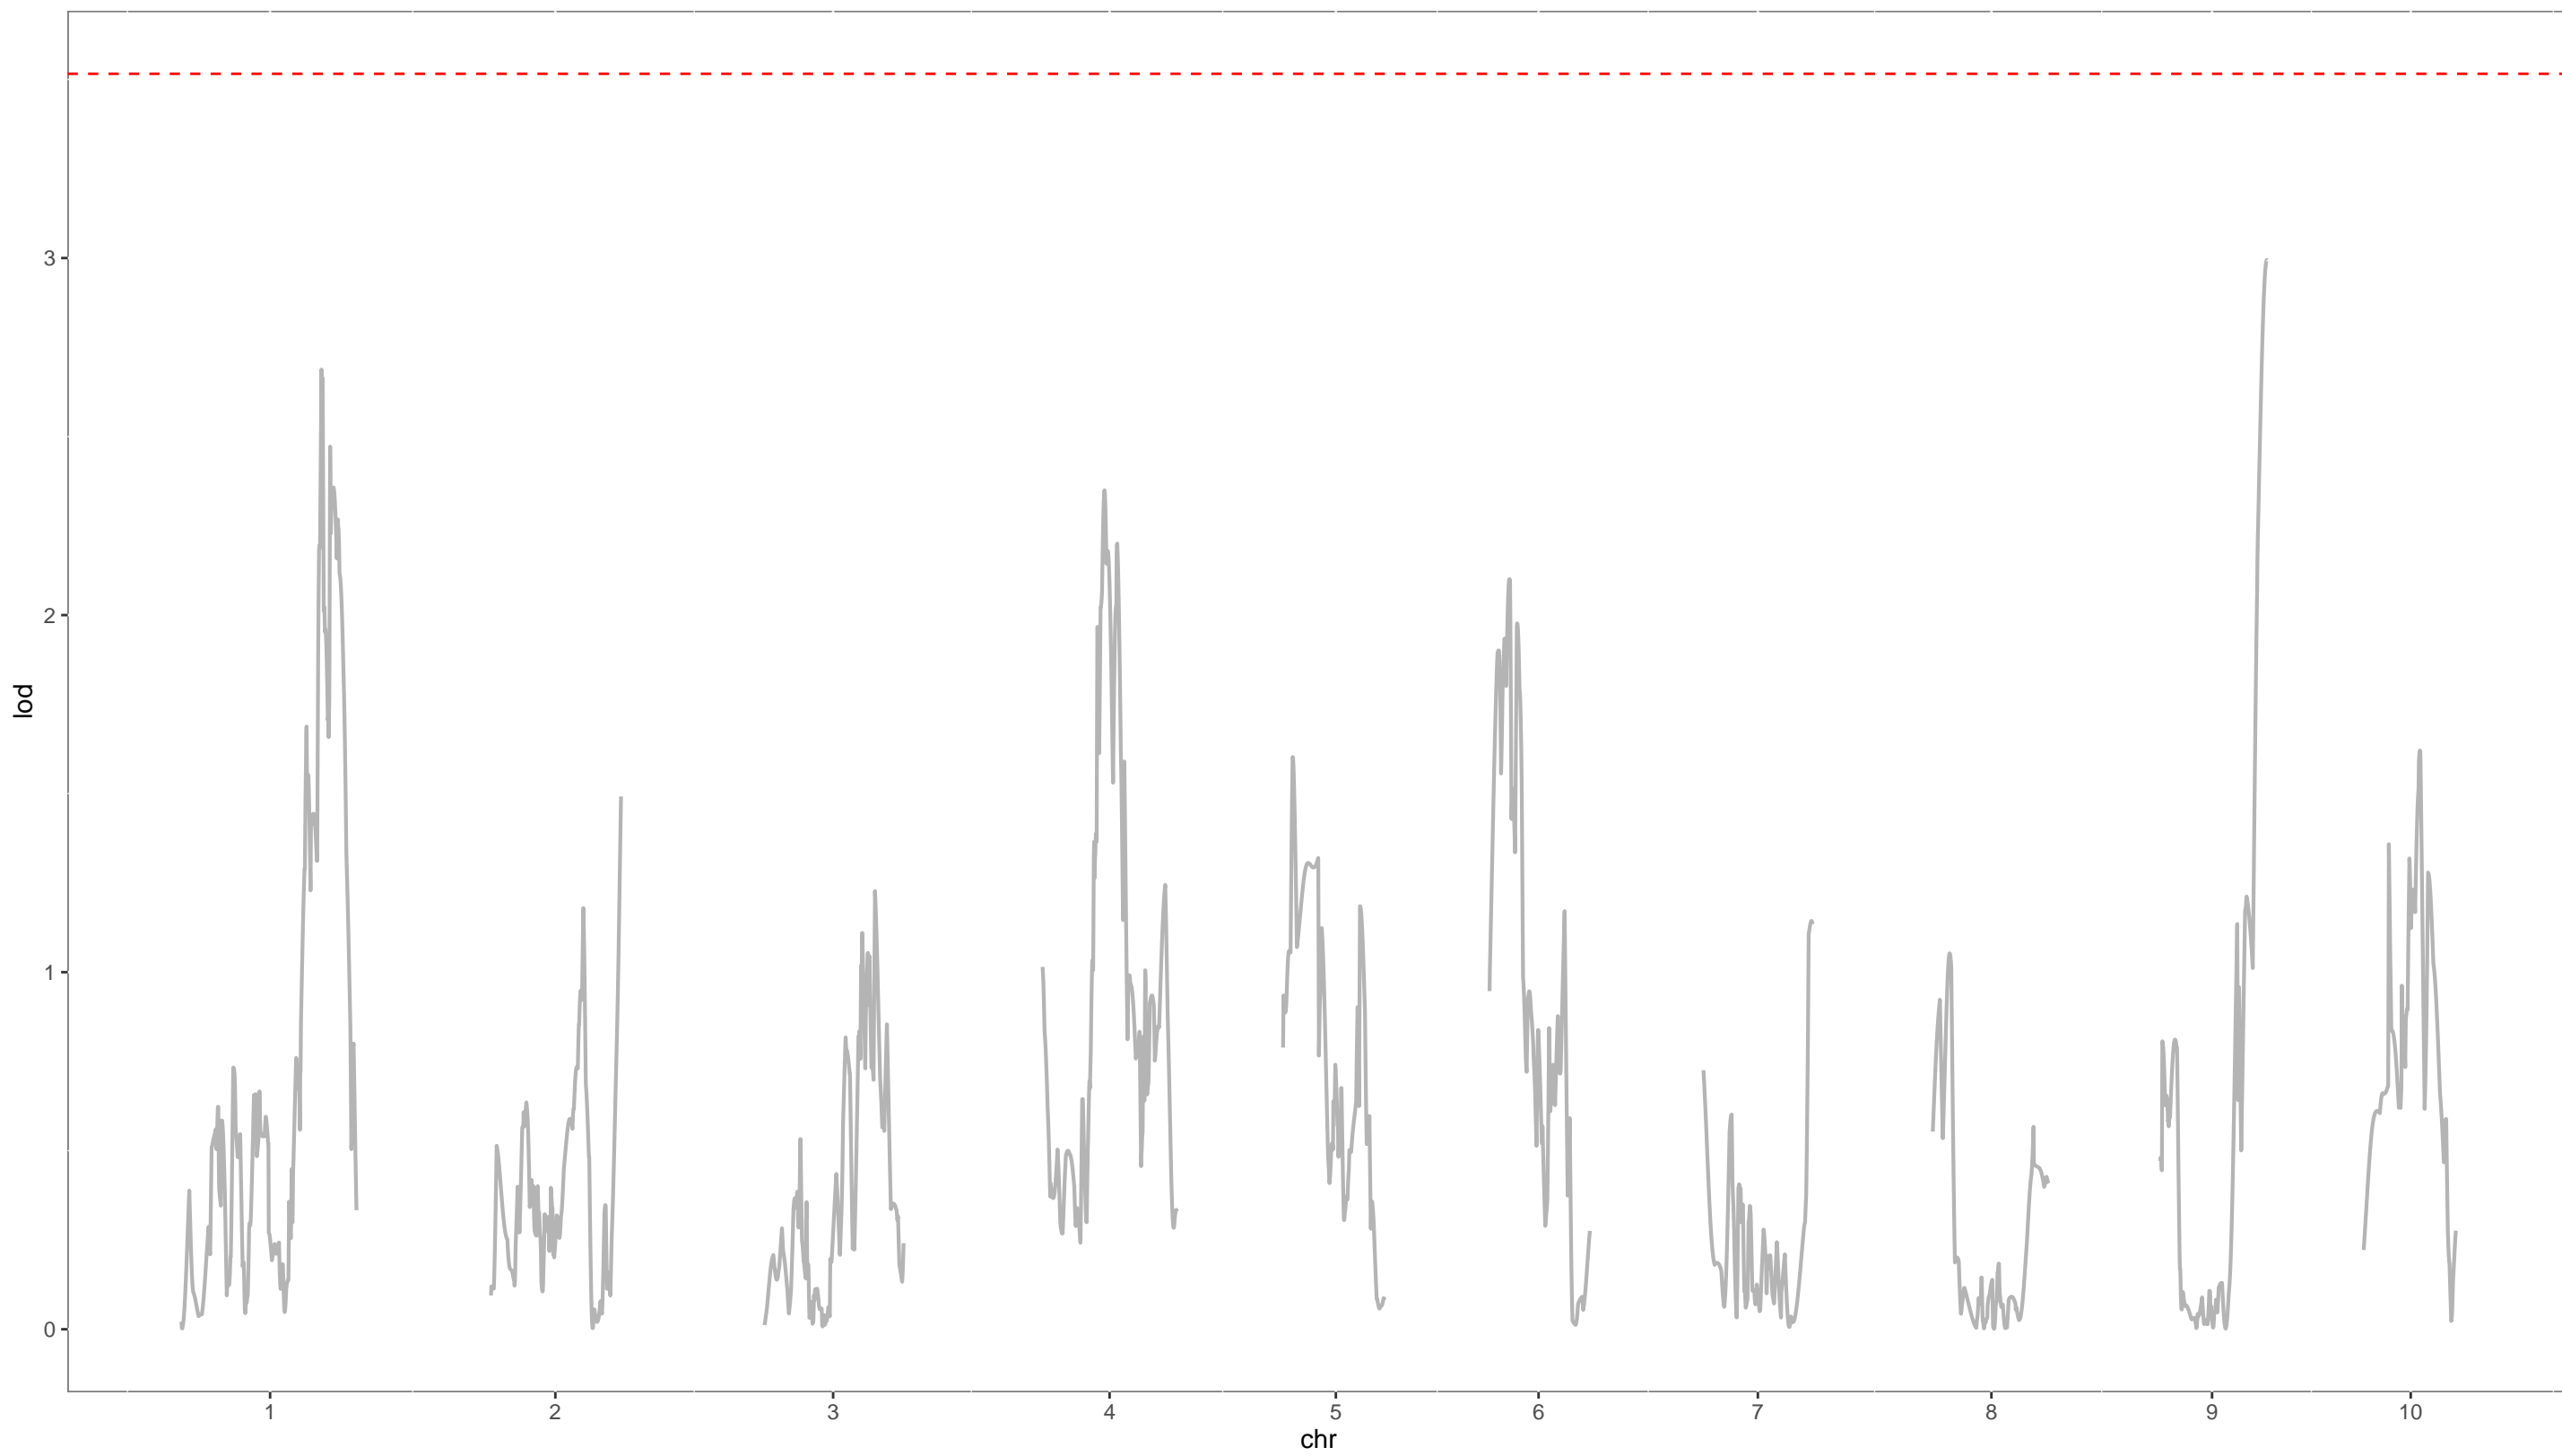

QTL analysis for additive covariate for Mg_ratio

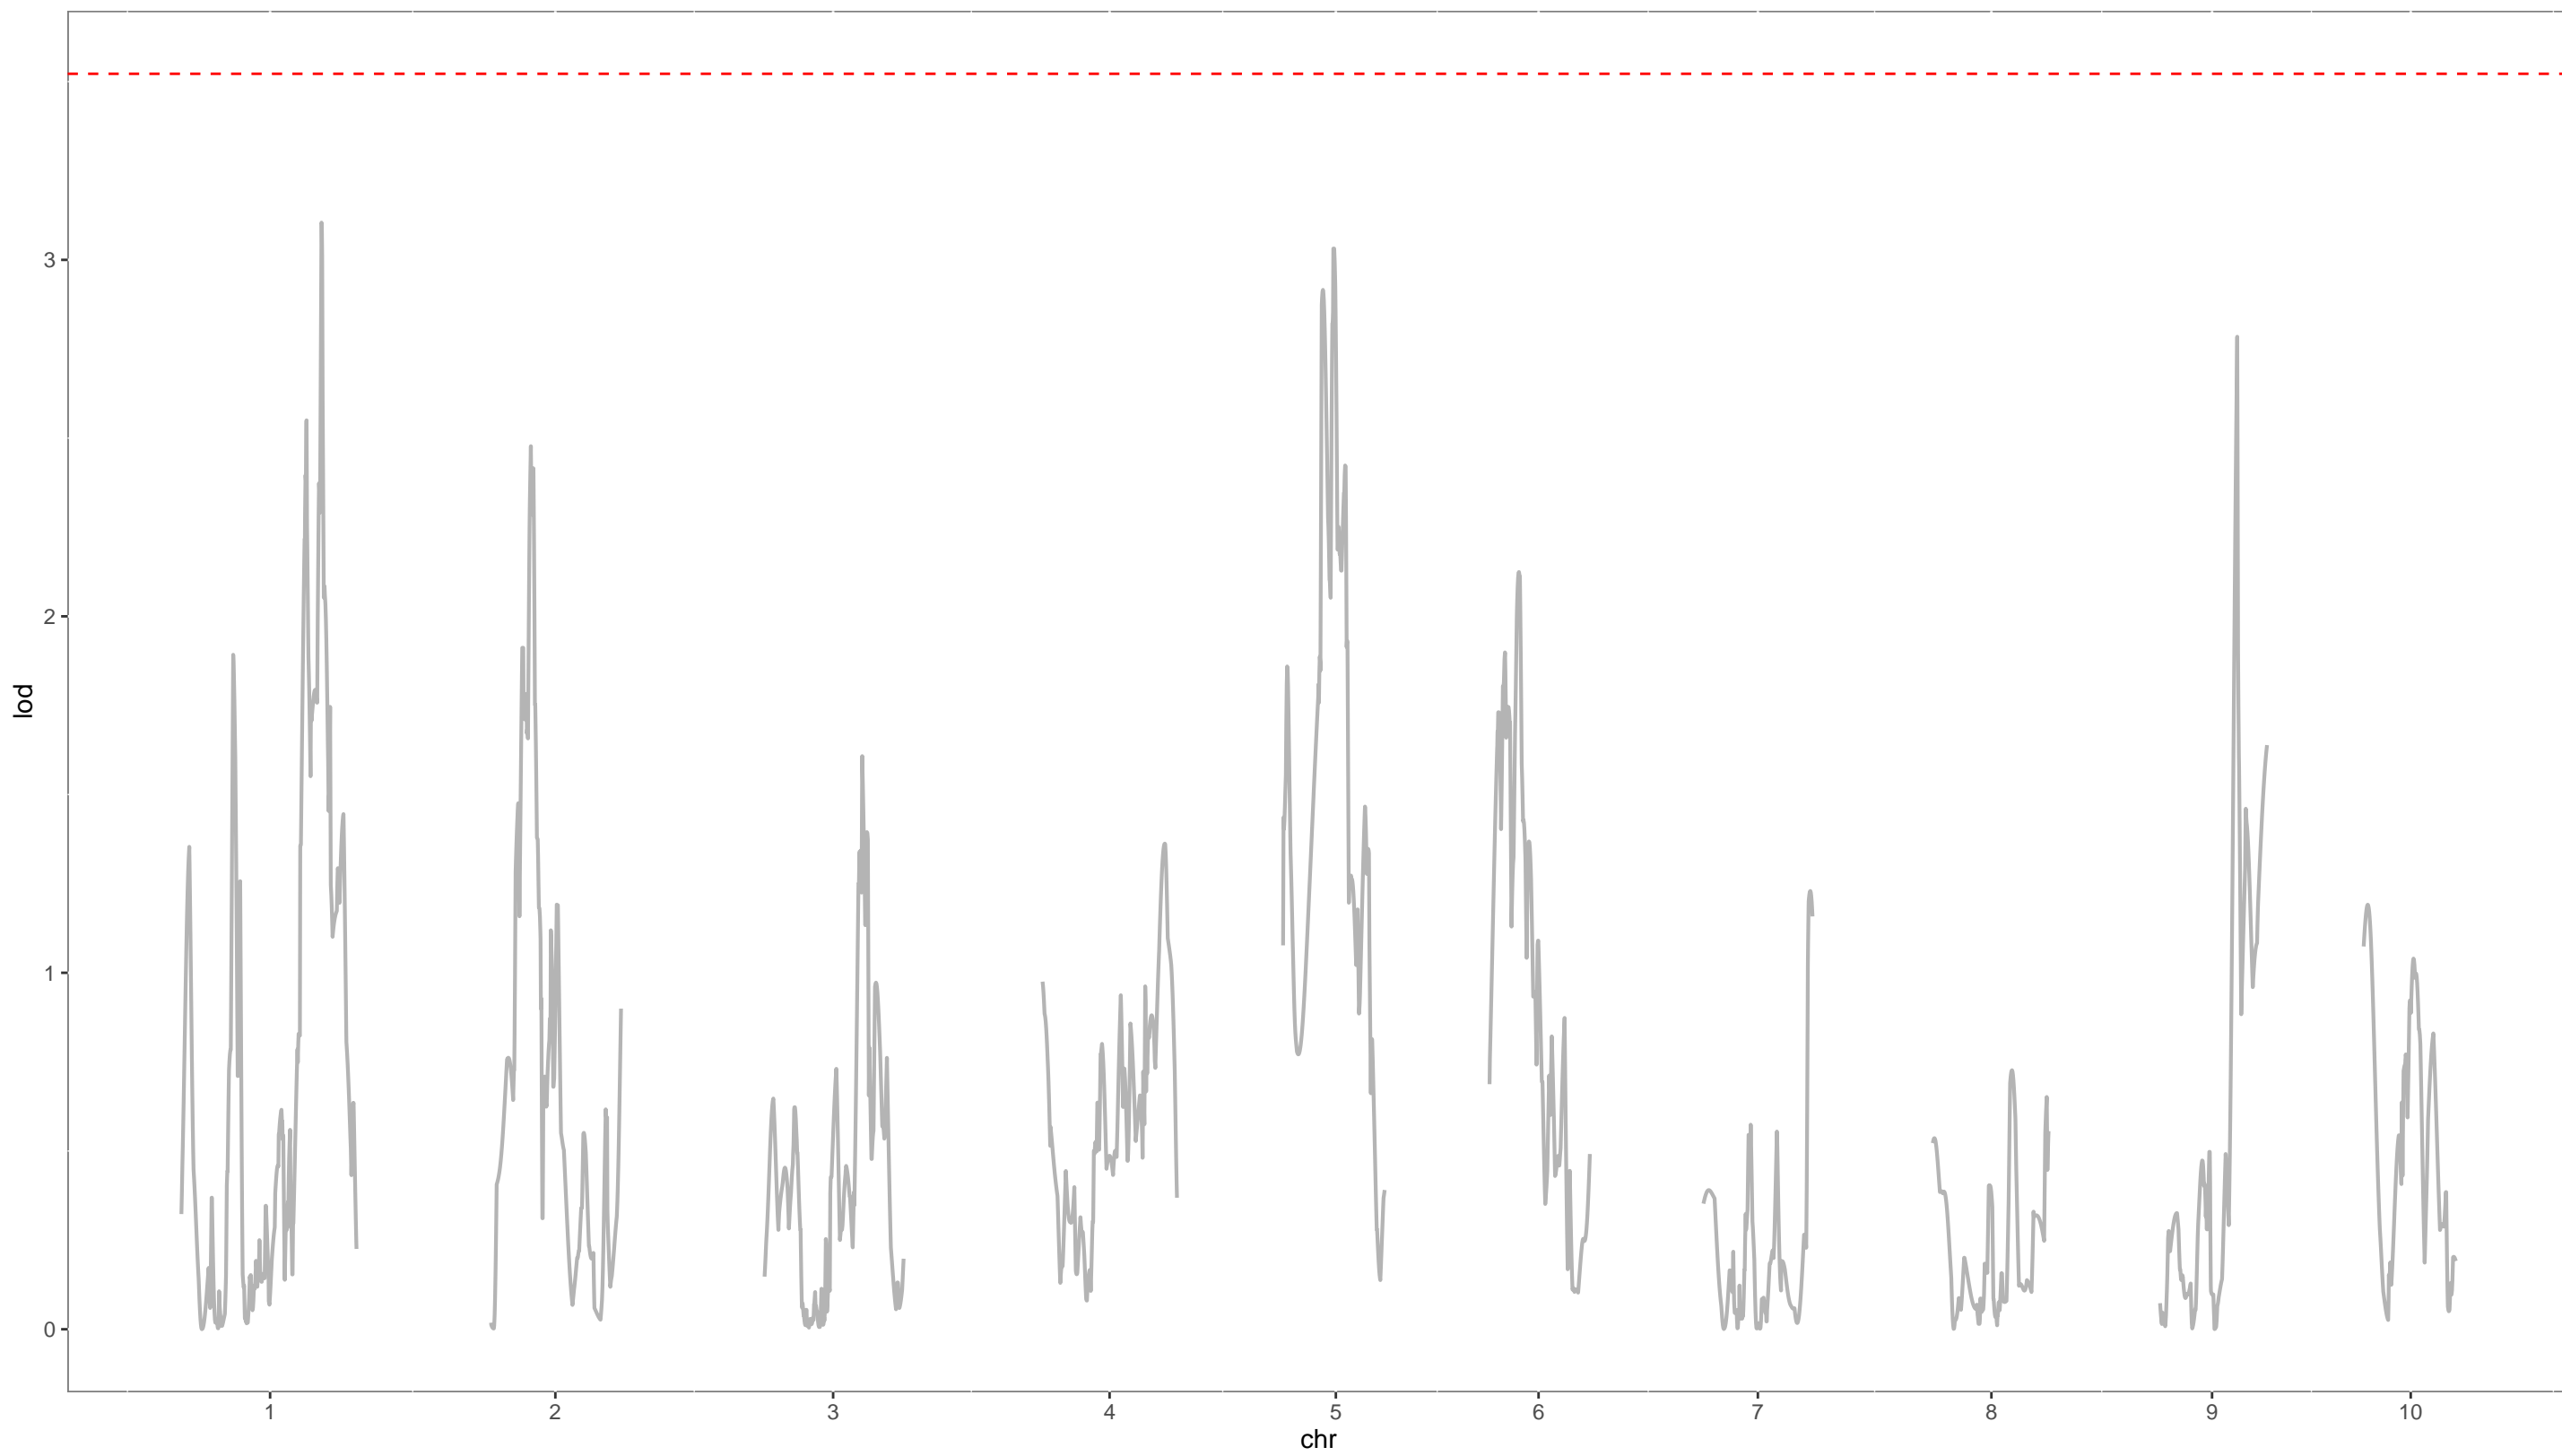

QTL analysis for additive covariate for Mg_seed

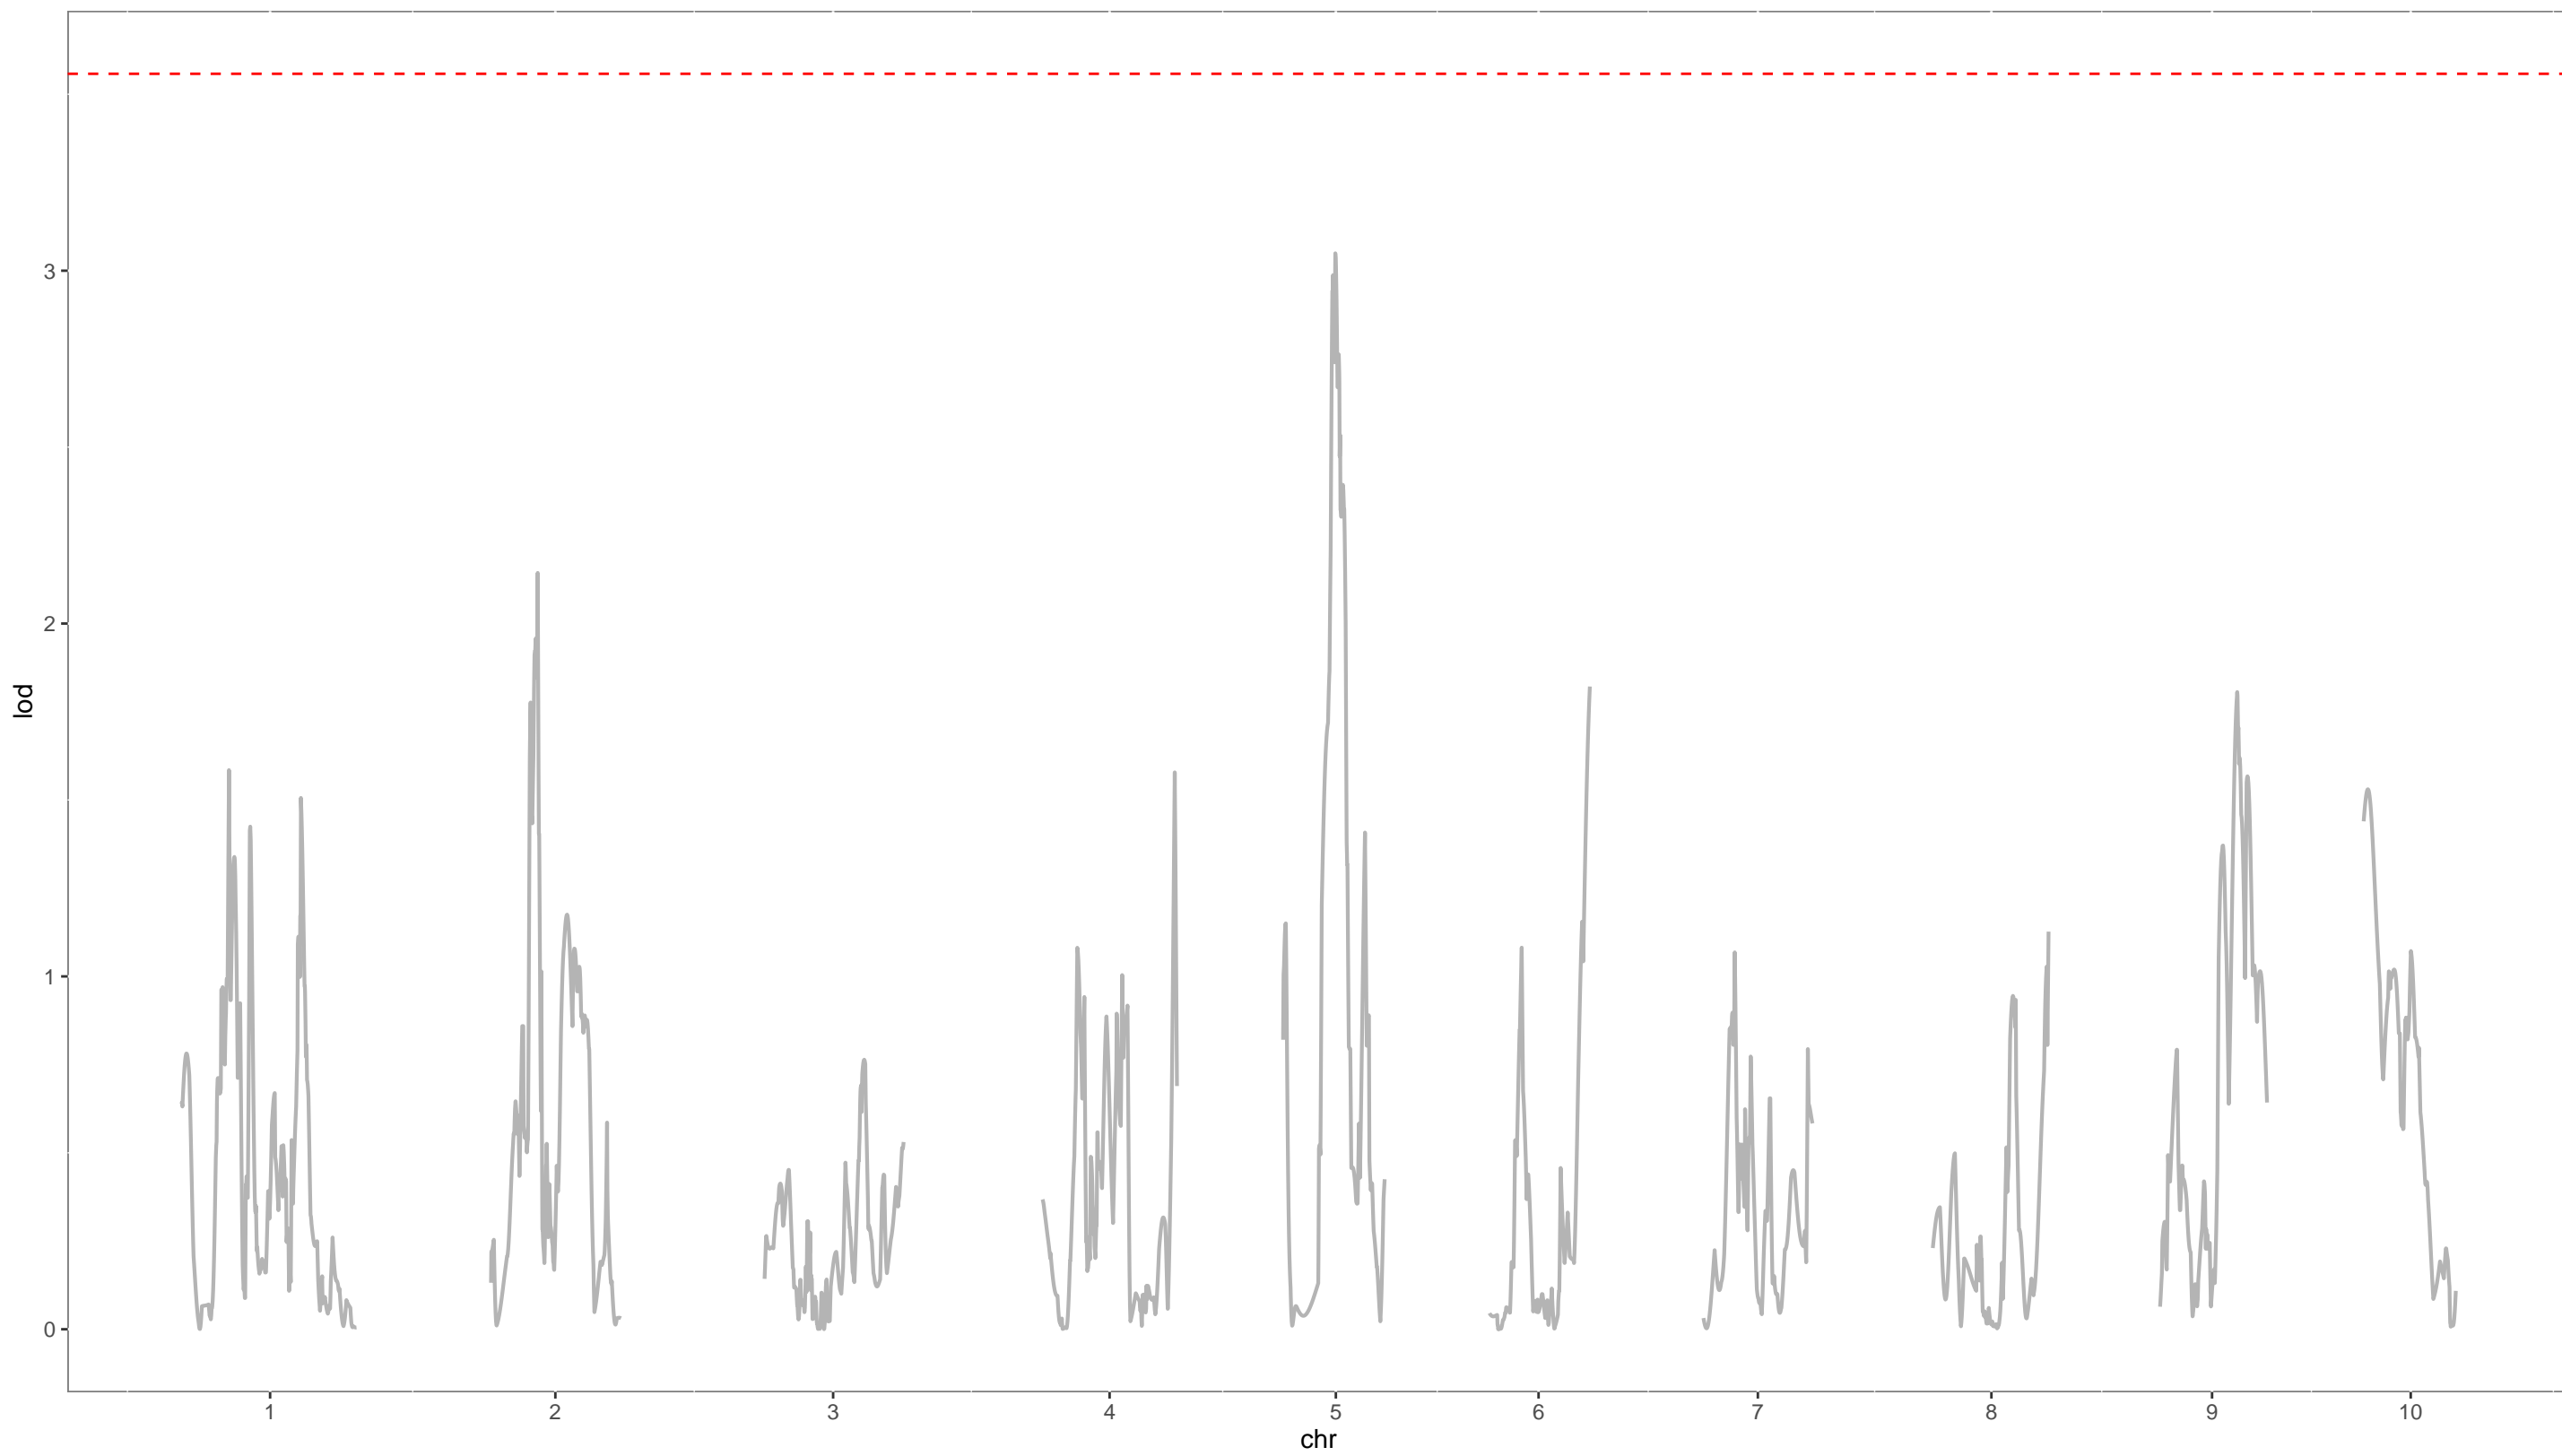

QTL analysis for additive covariate for Mn_leaf

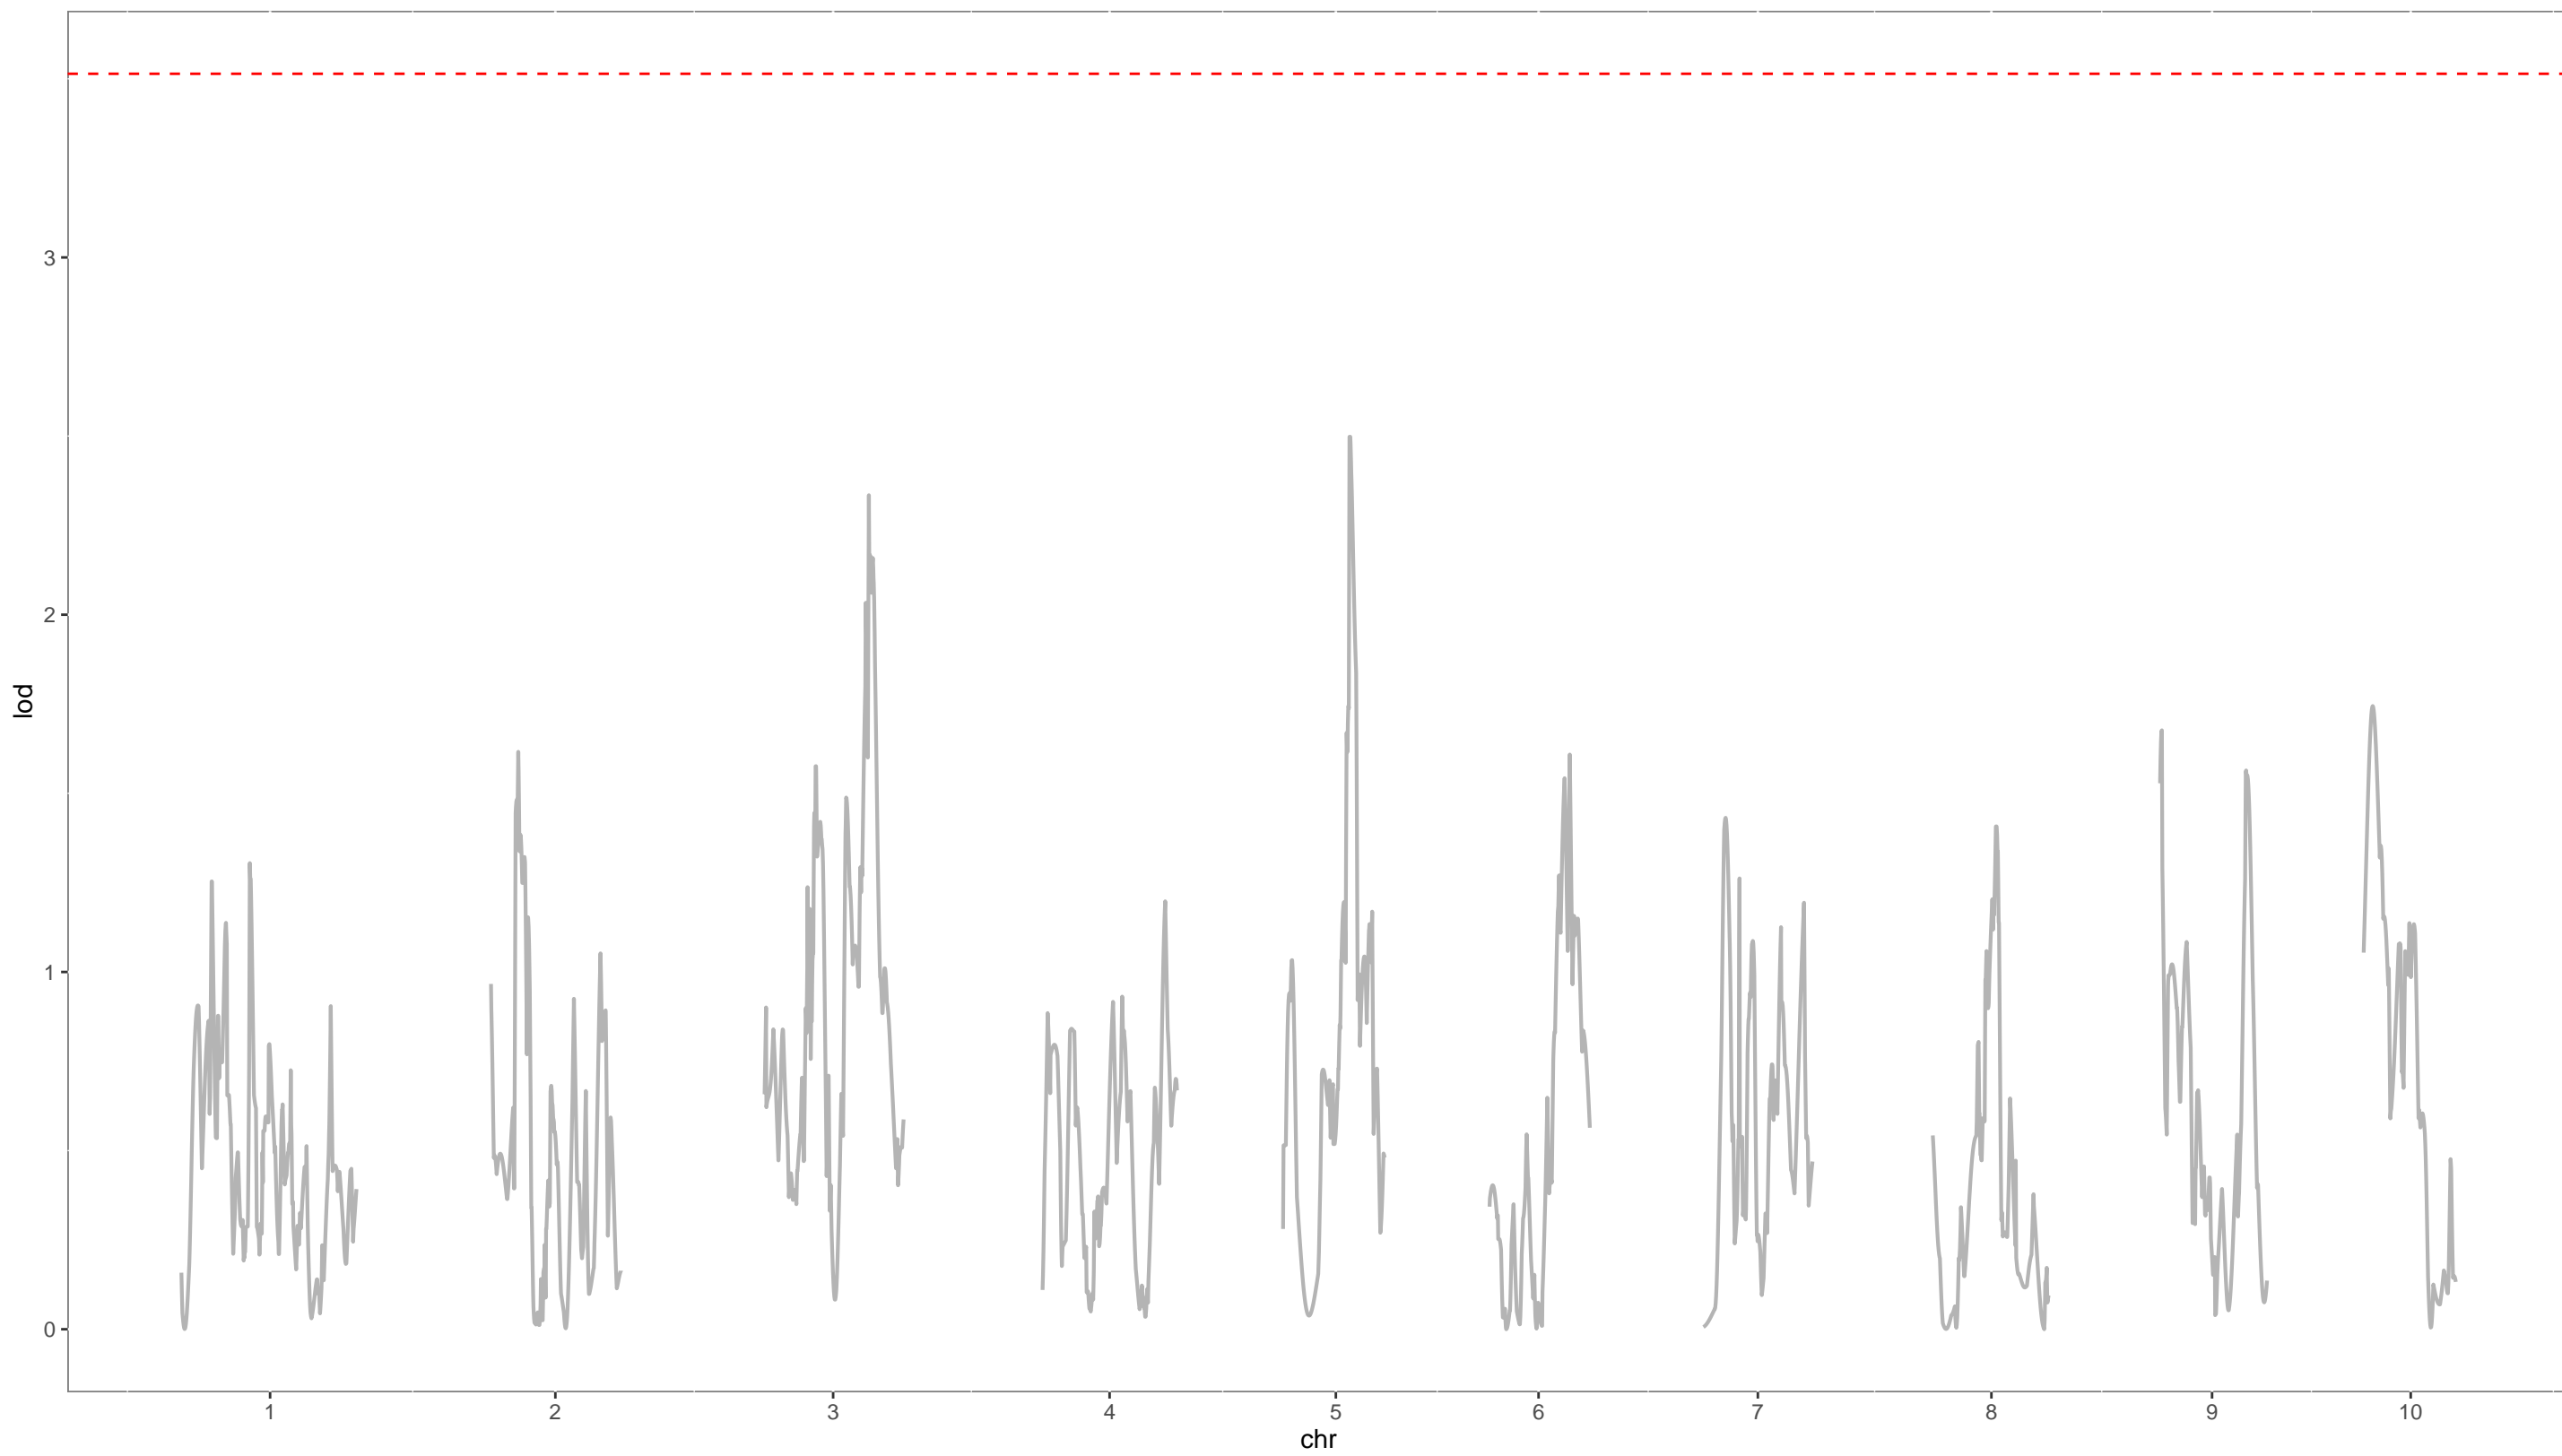

QTL analysis for additive covariate for Mn_ratio

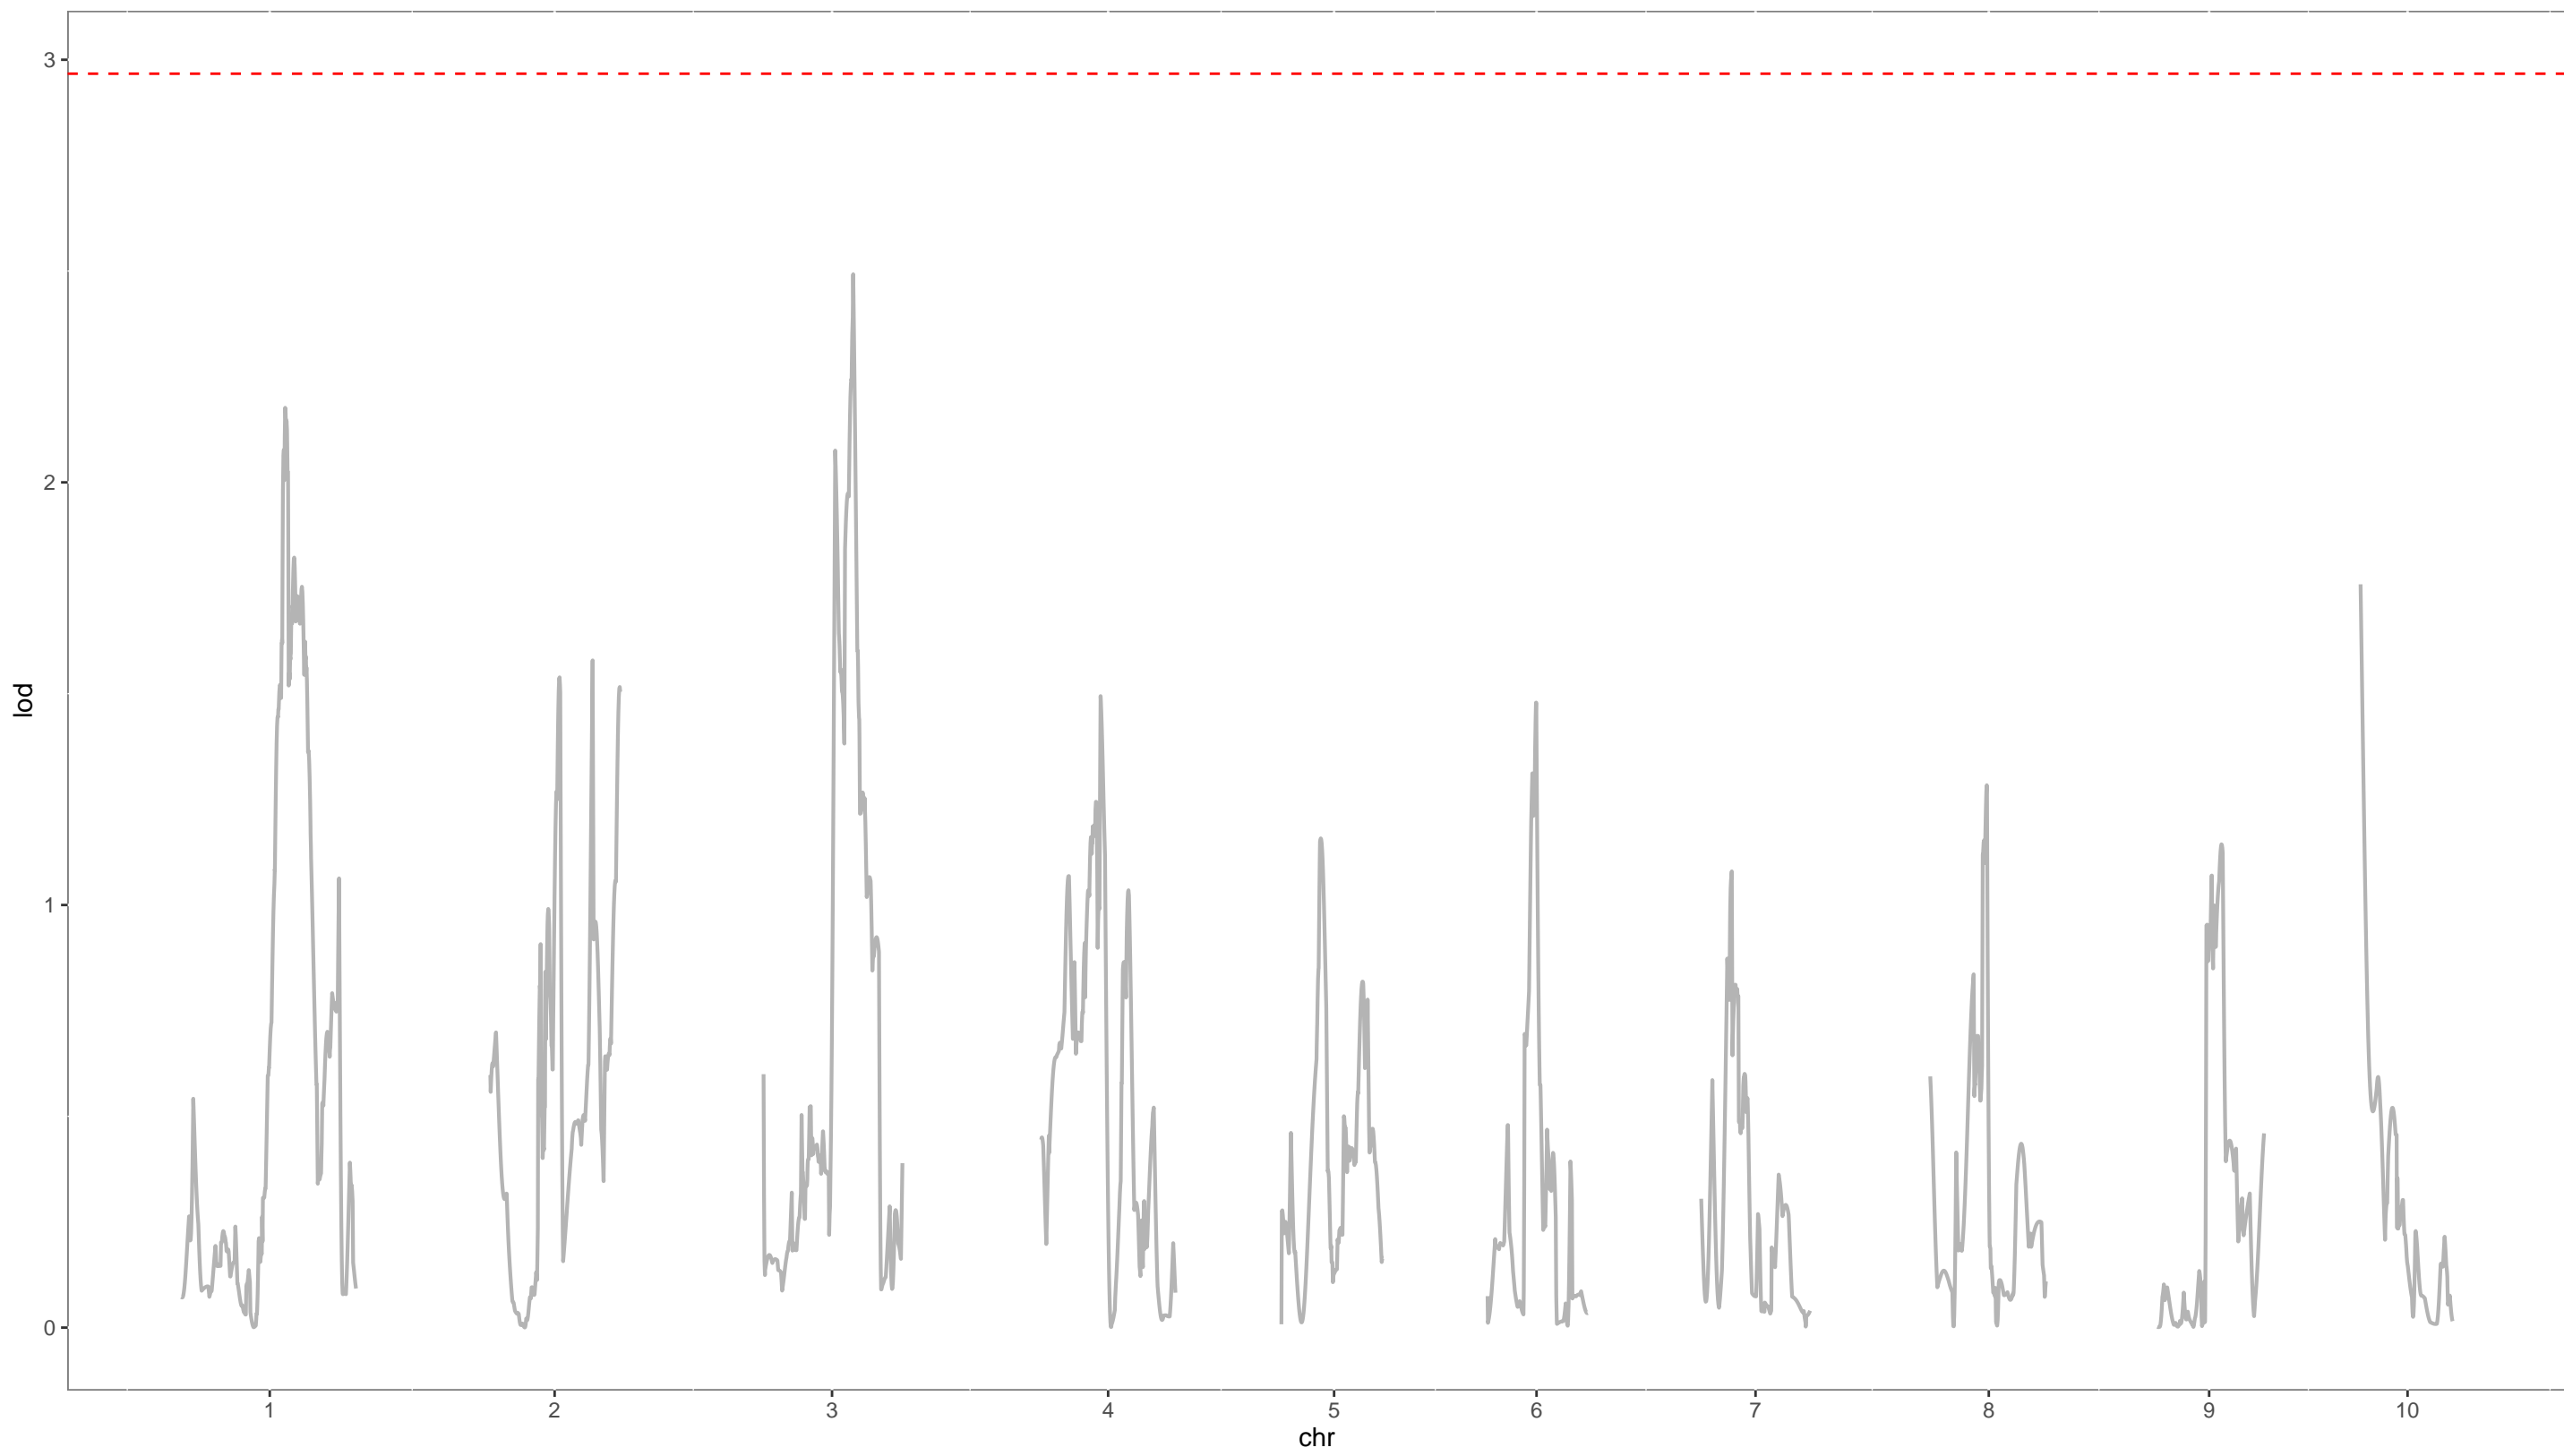

QTL analysis for additive covariate for Mn_seed

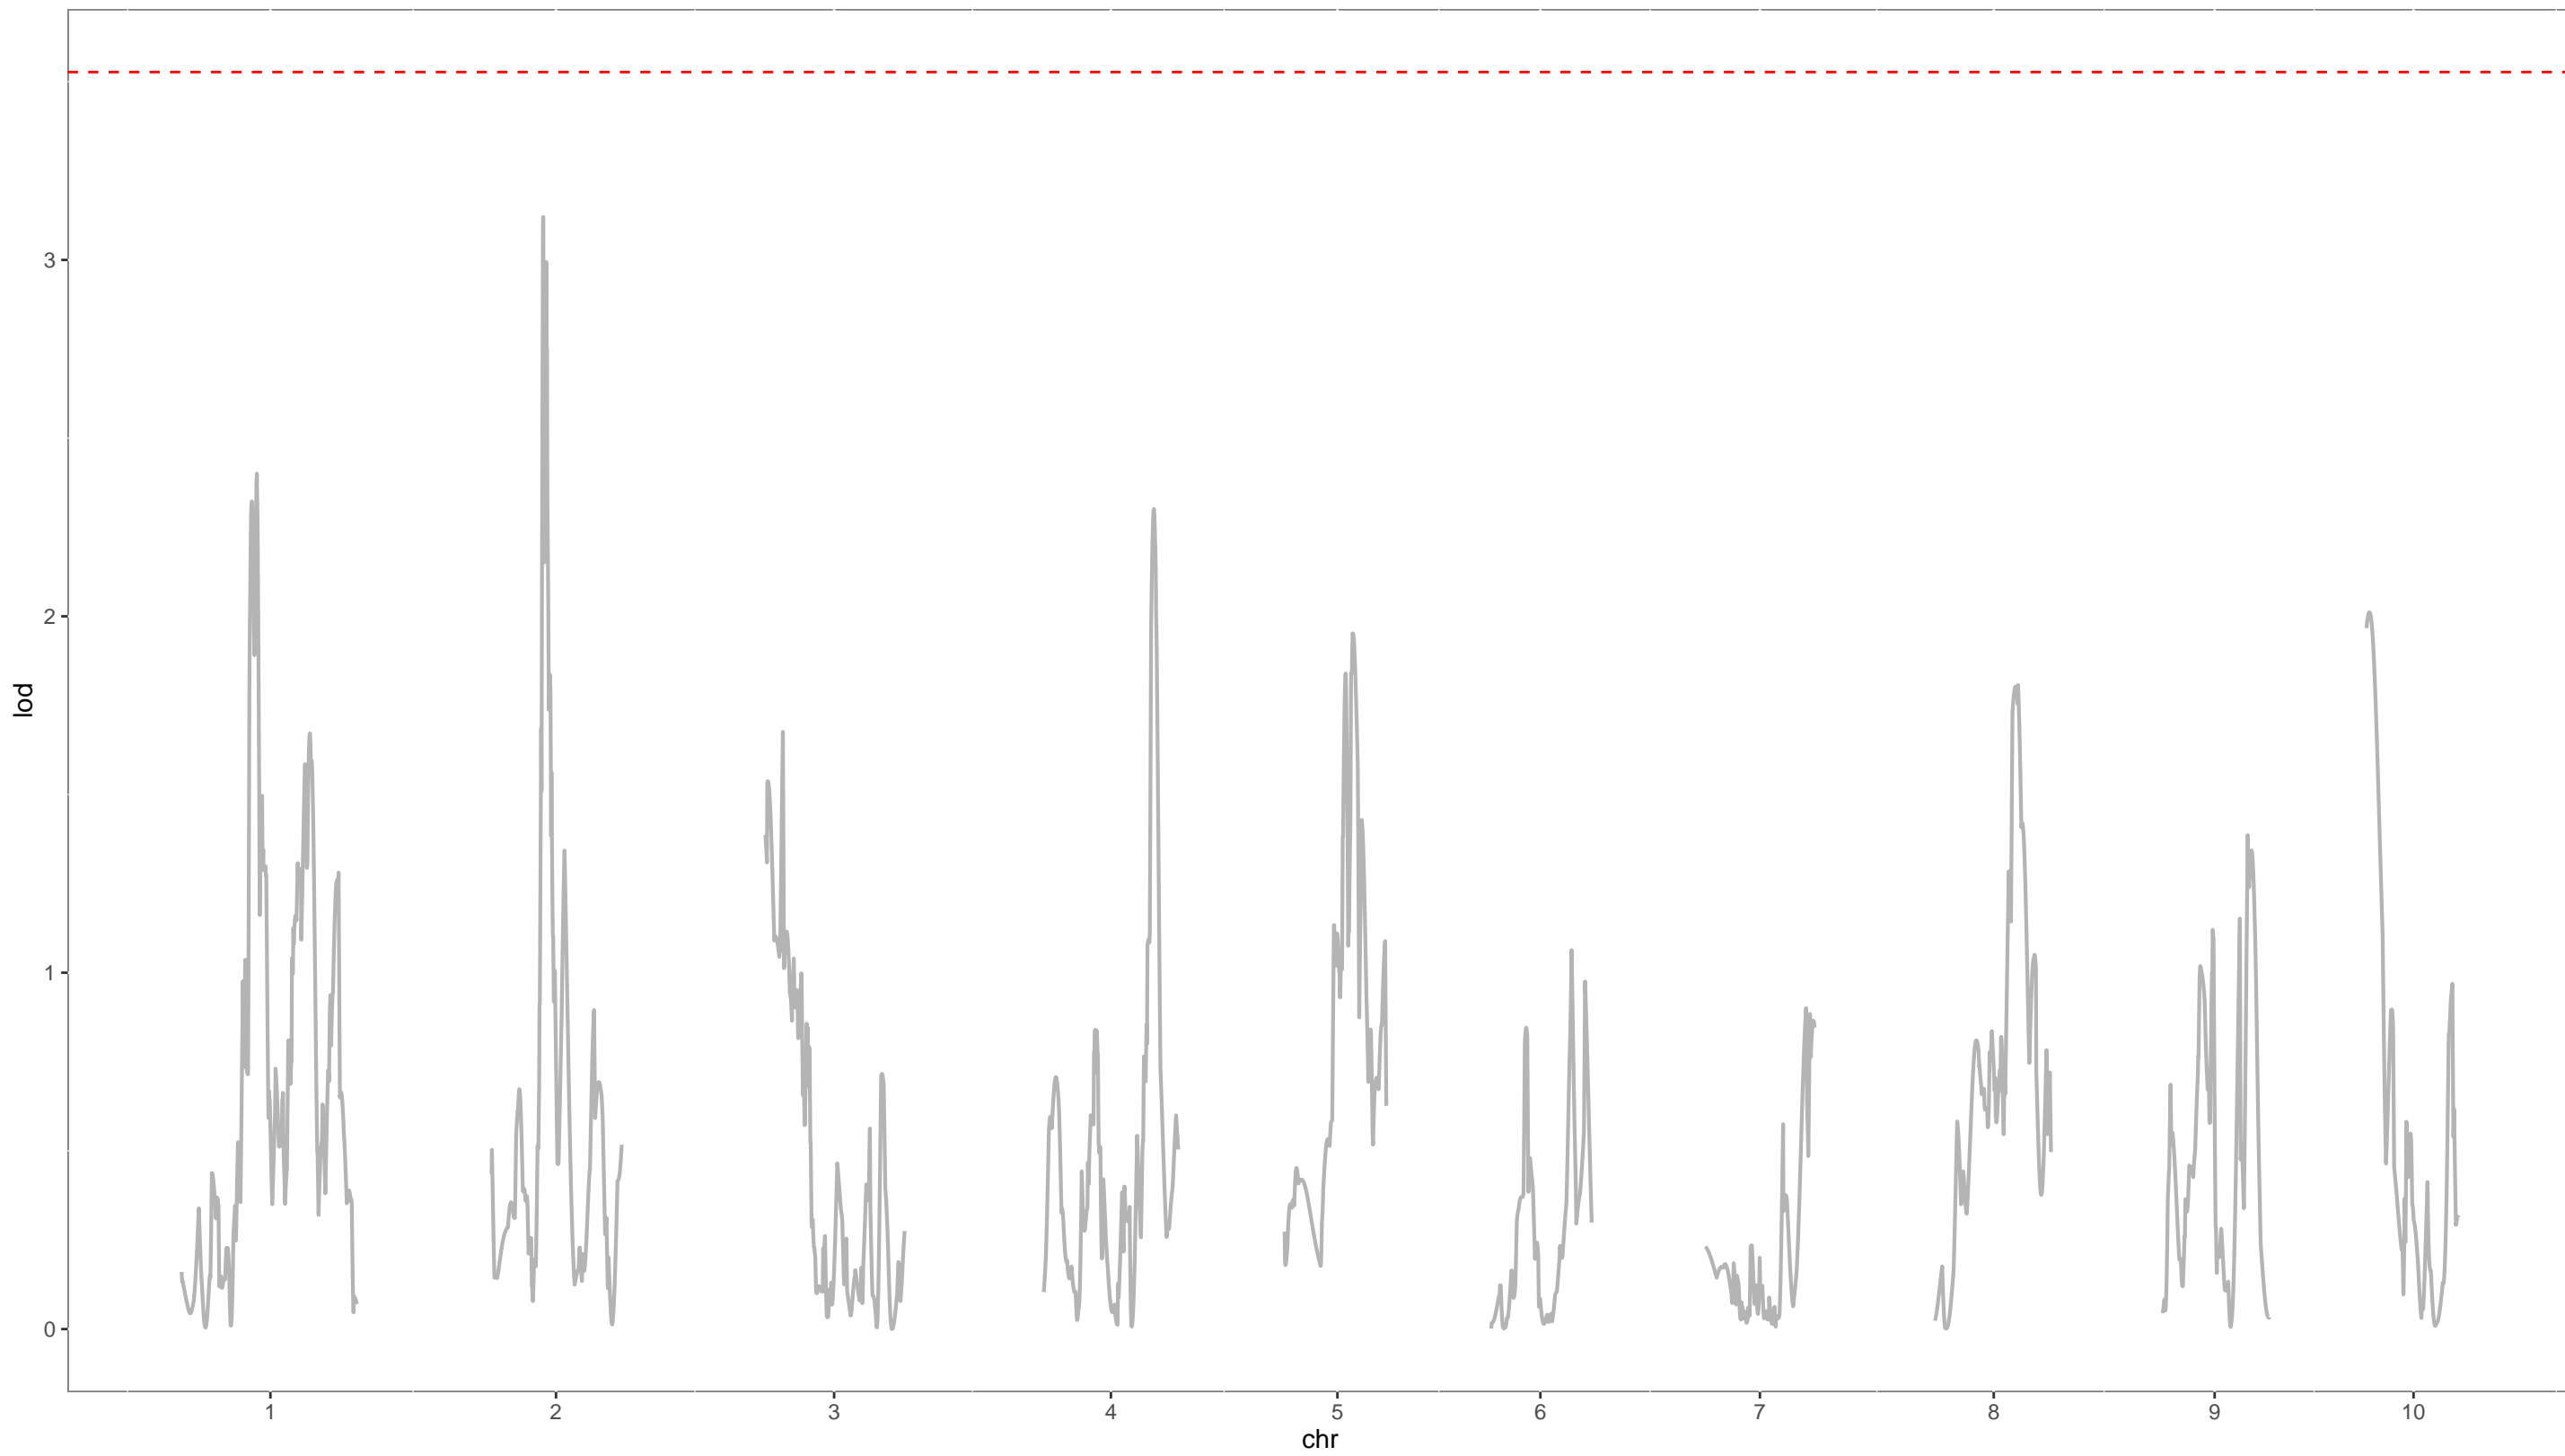

QTL analysis for additive covariate for Mo_leaf

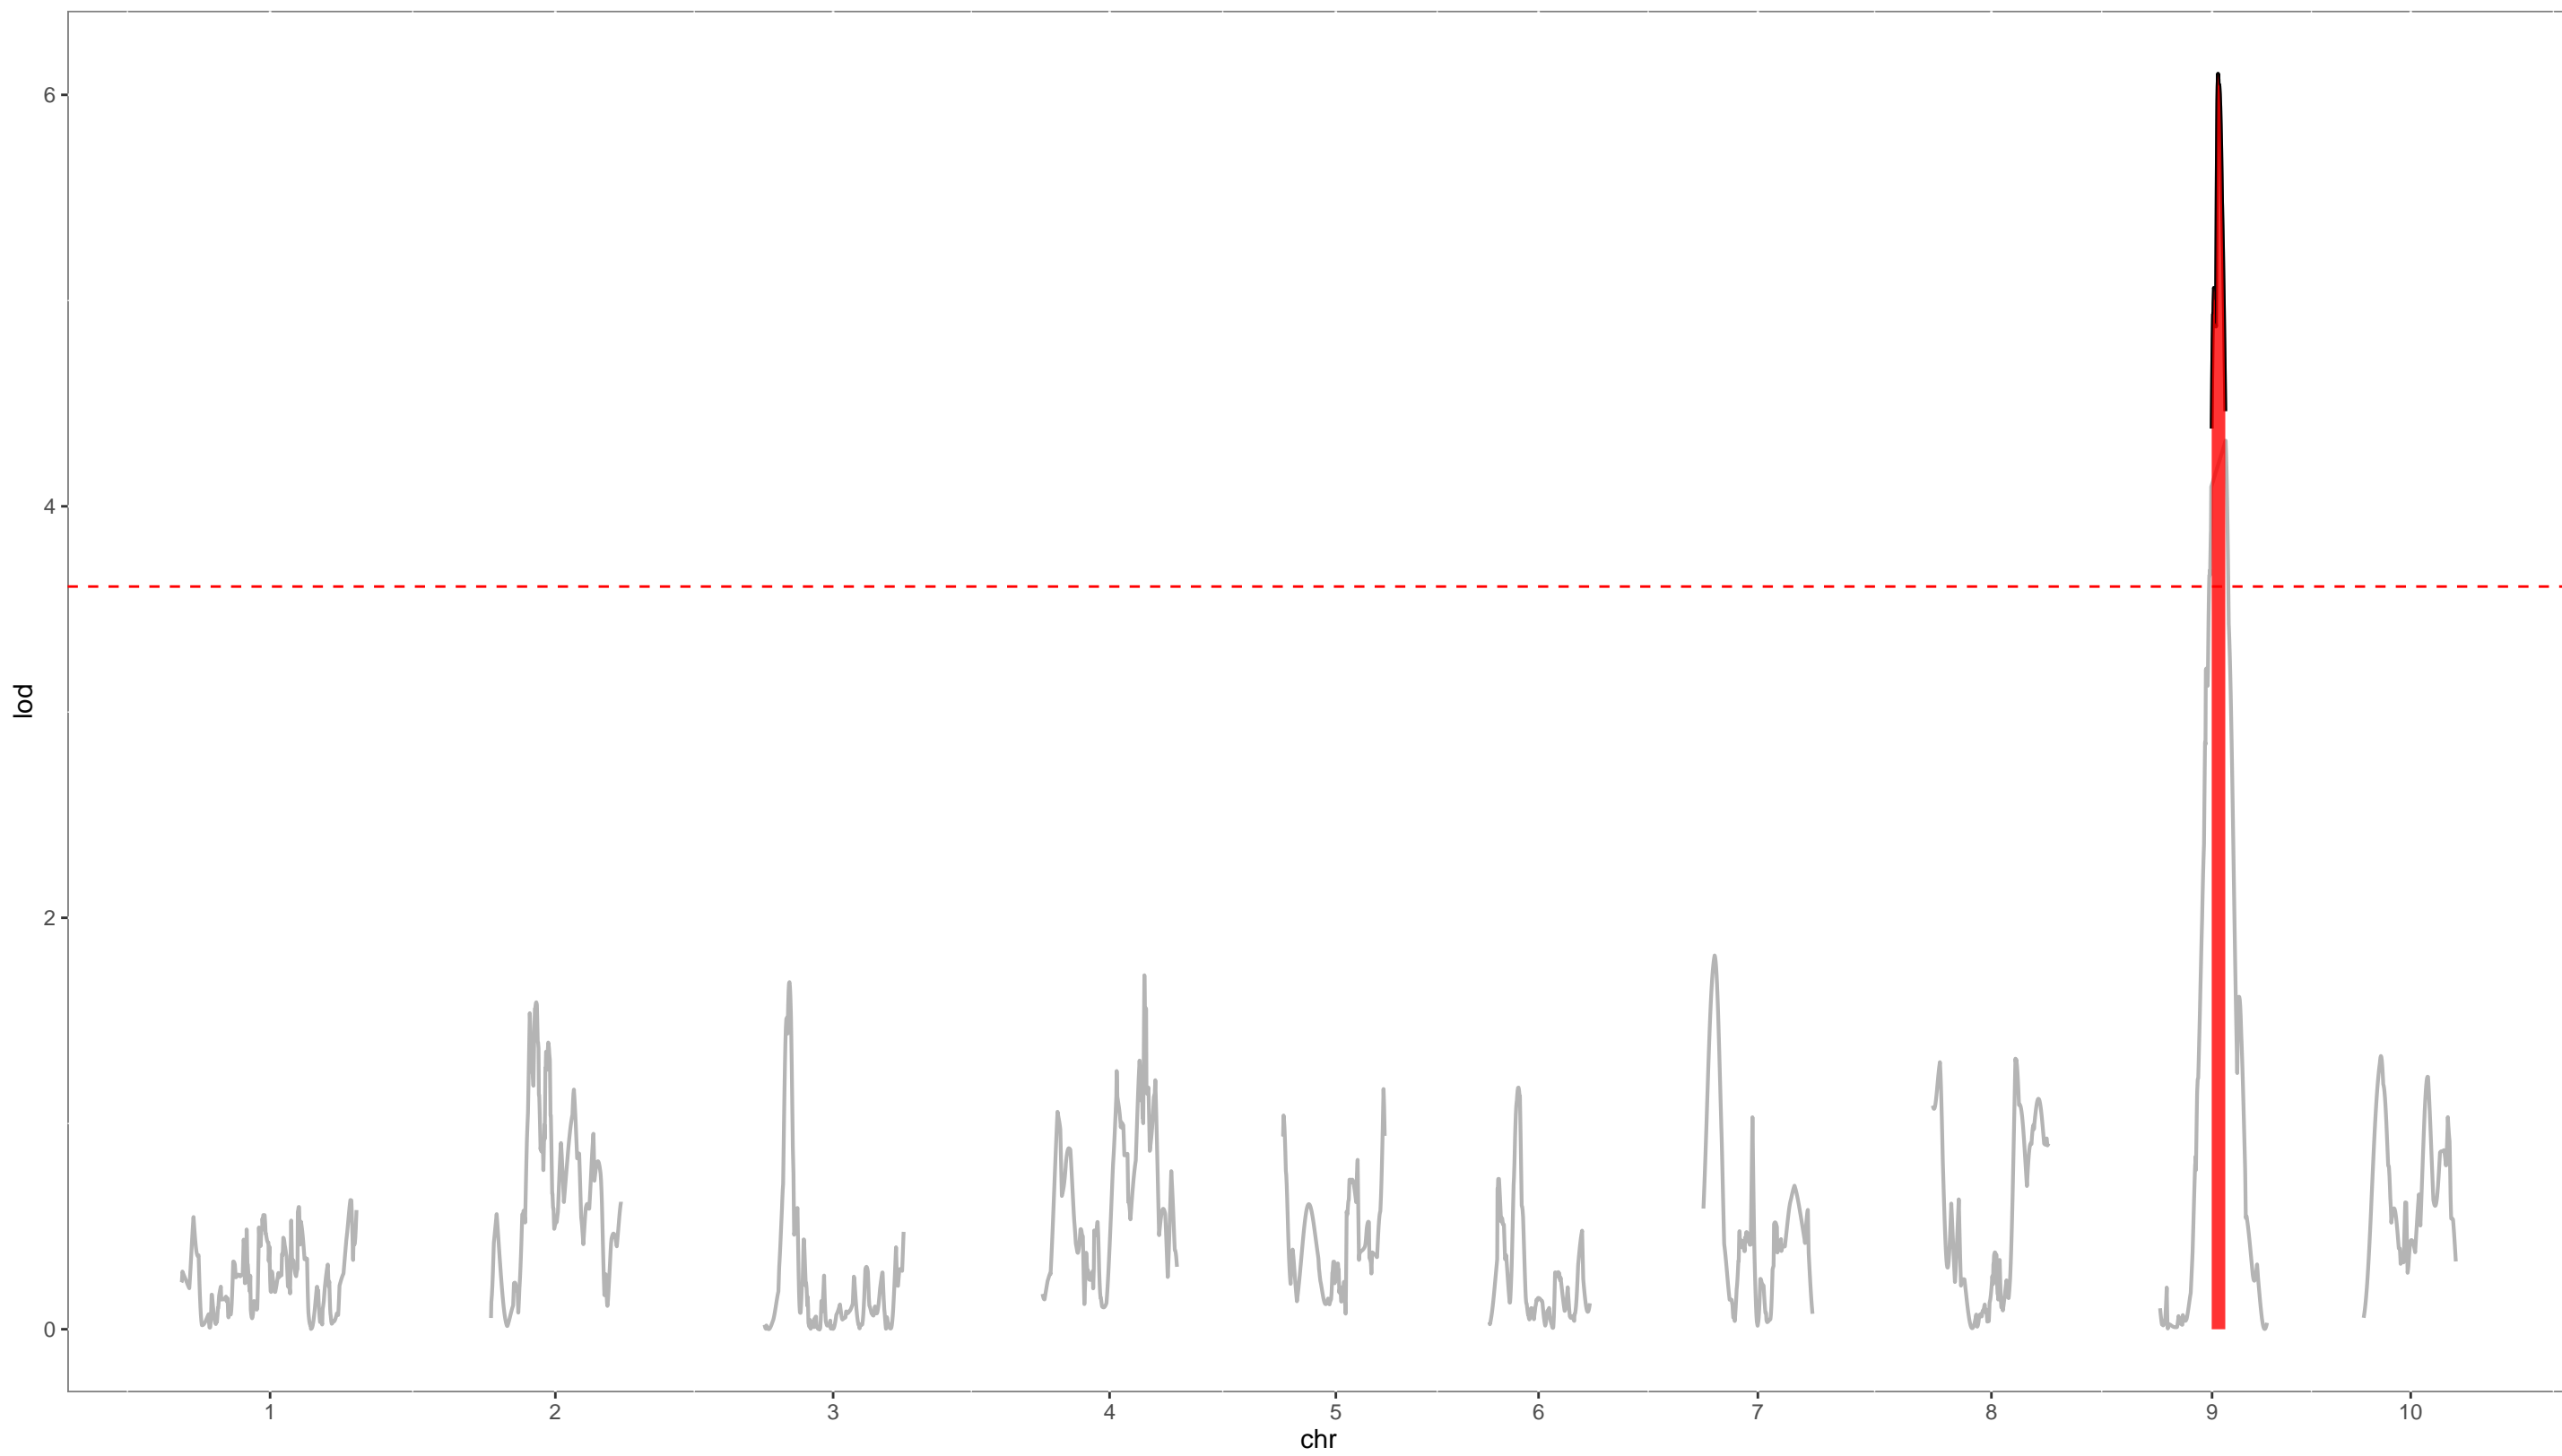

QTL analysis for additive covariate for Mo_ratio

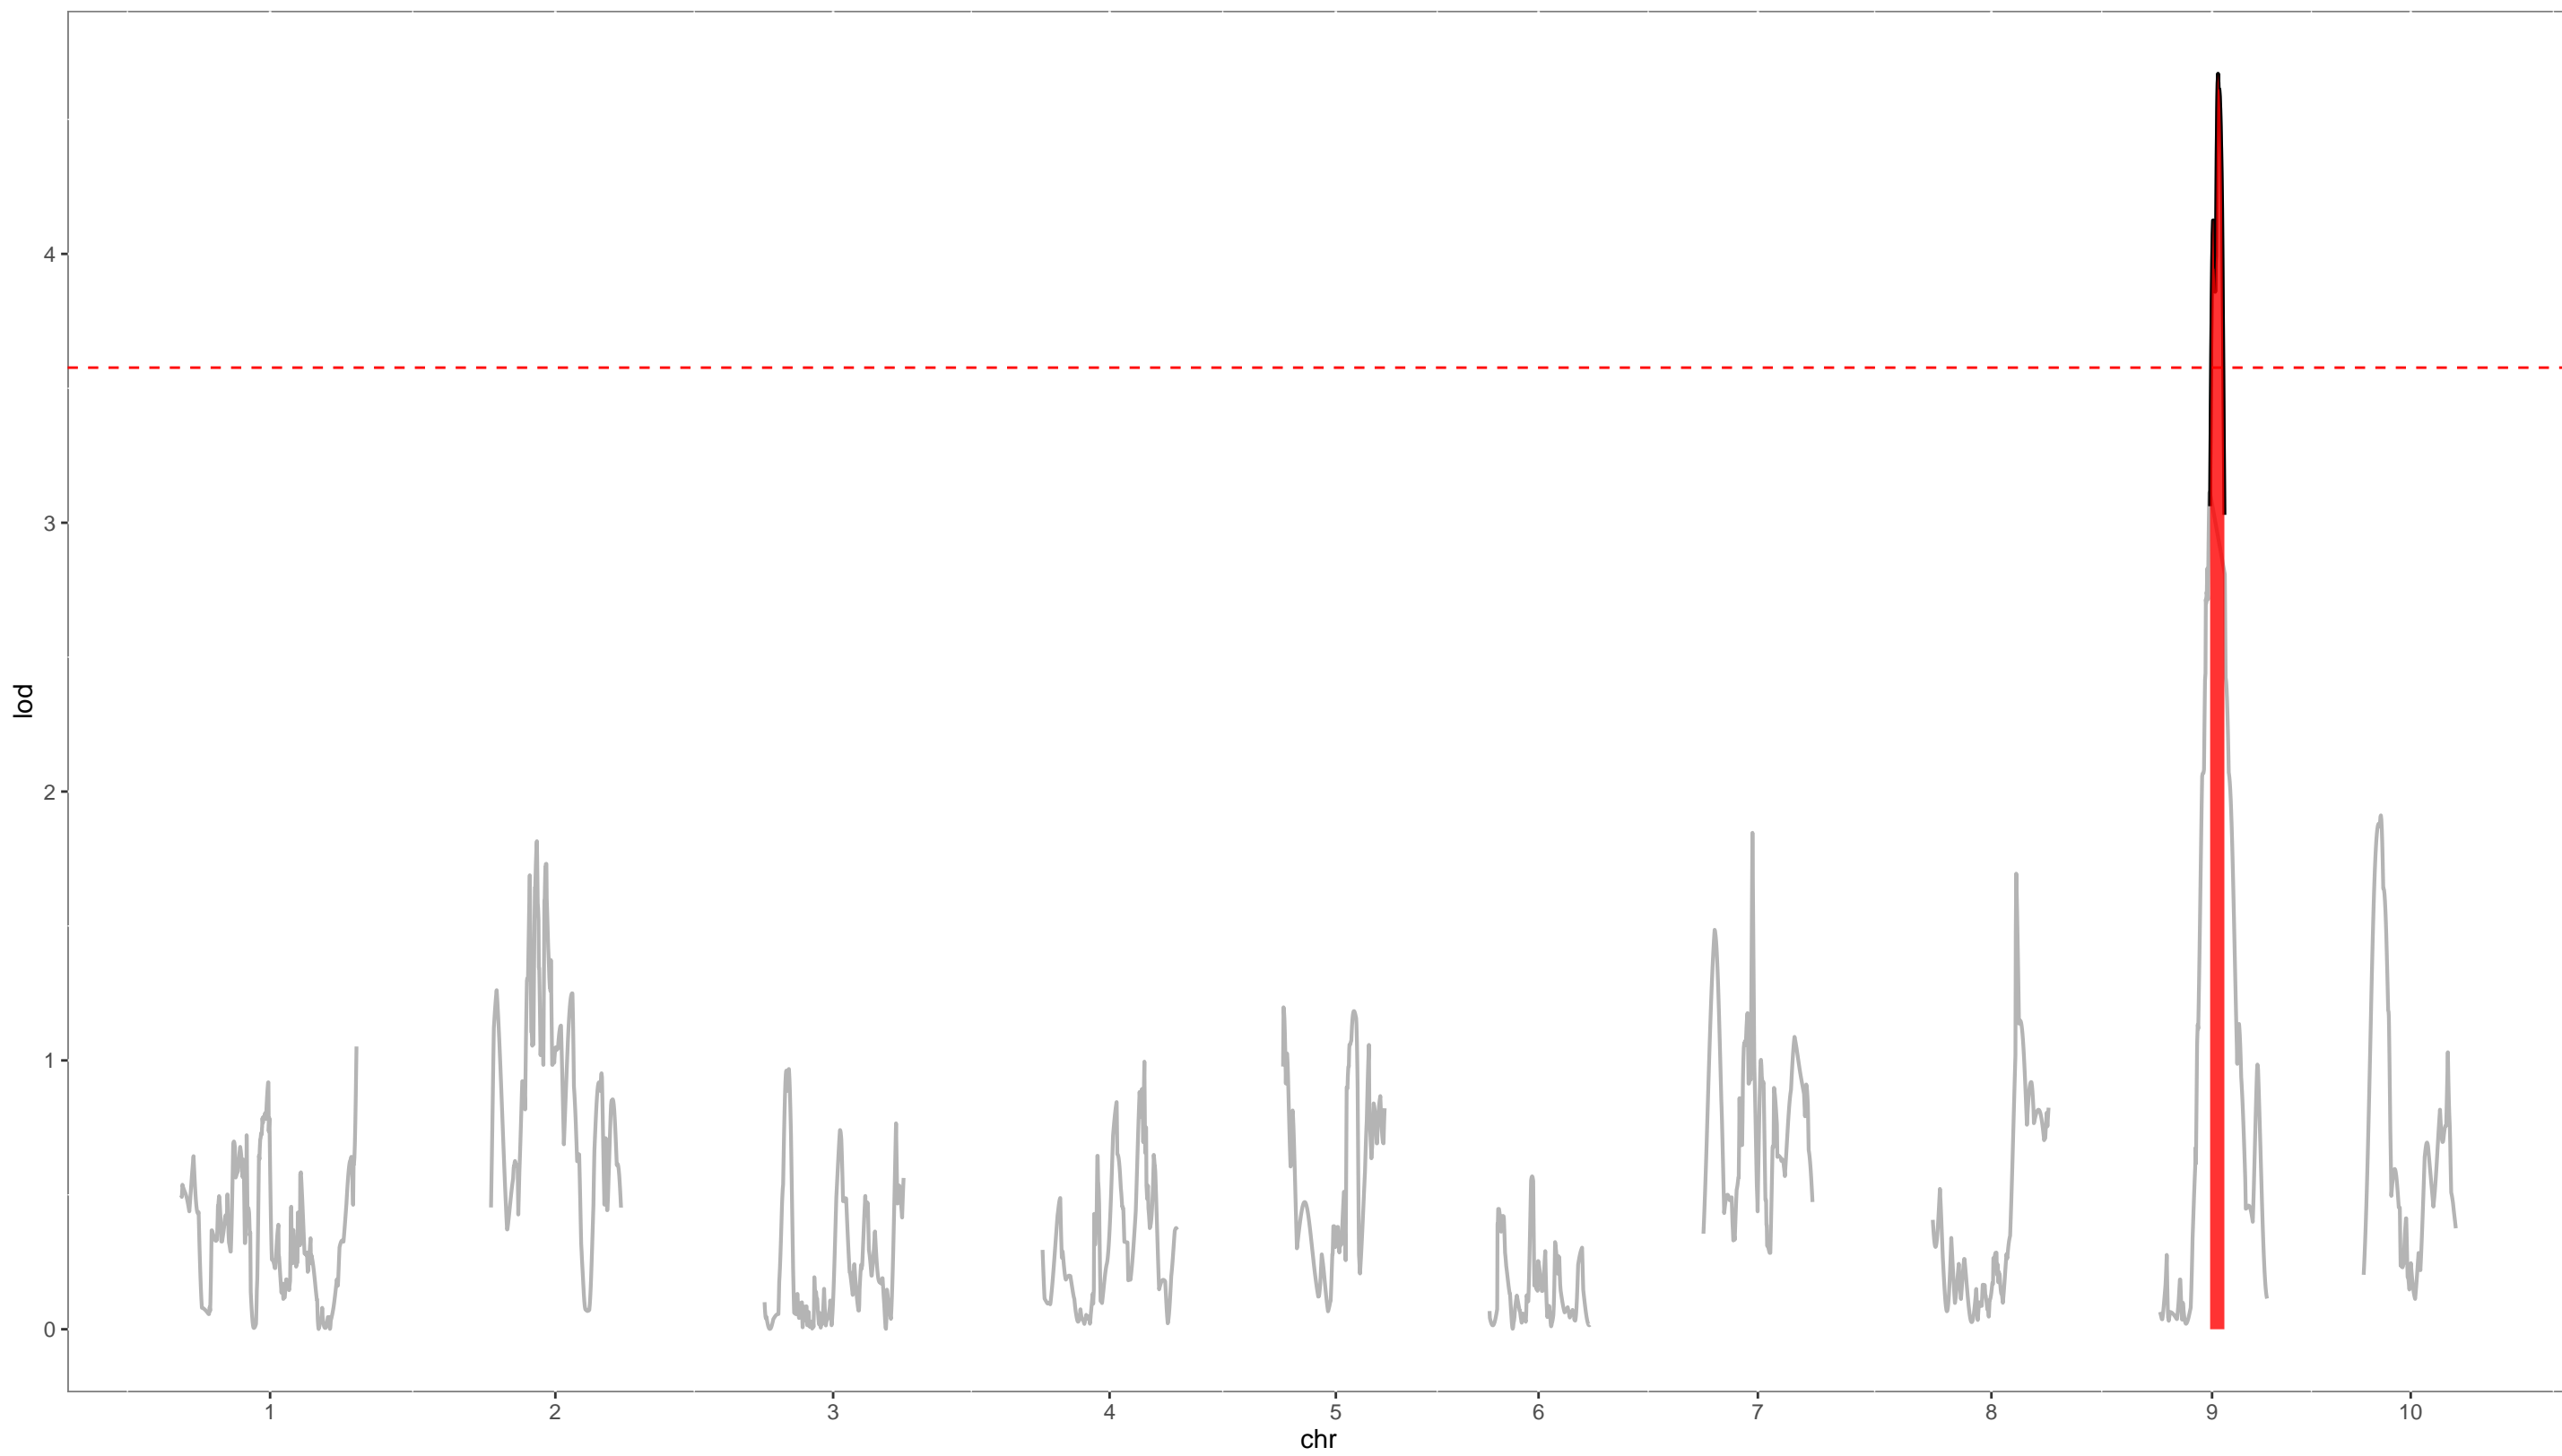

QTL analysis for additive covariate for Mo_seed

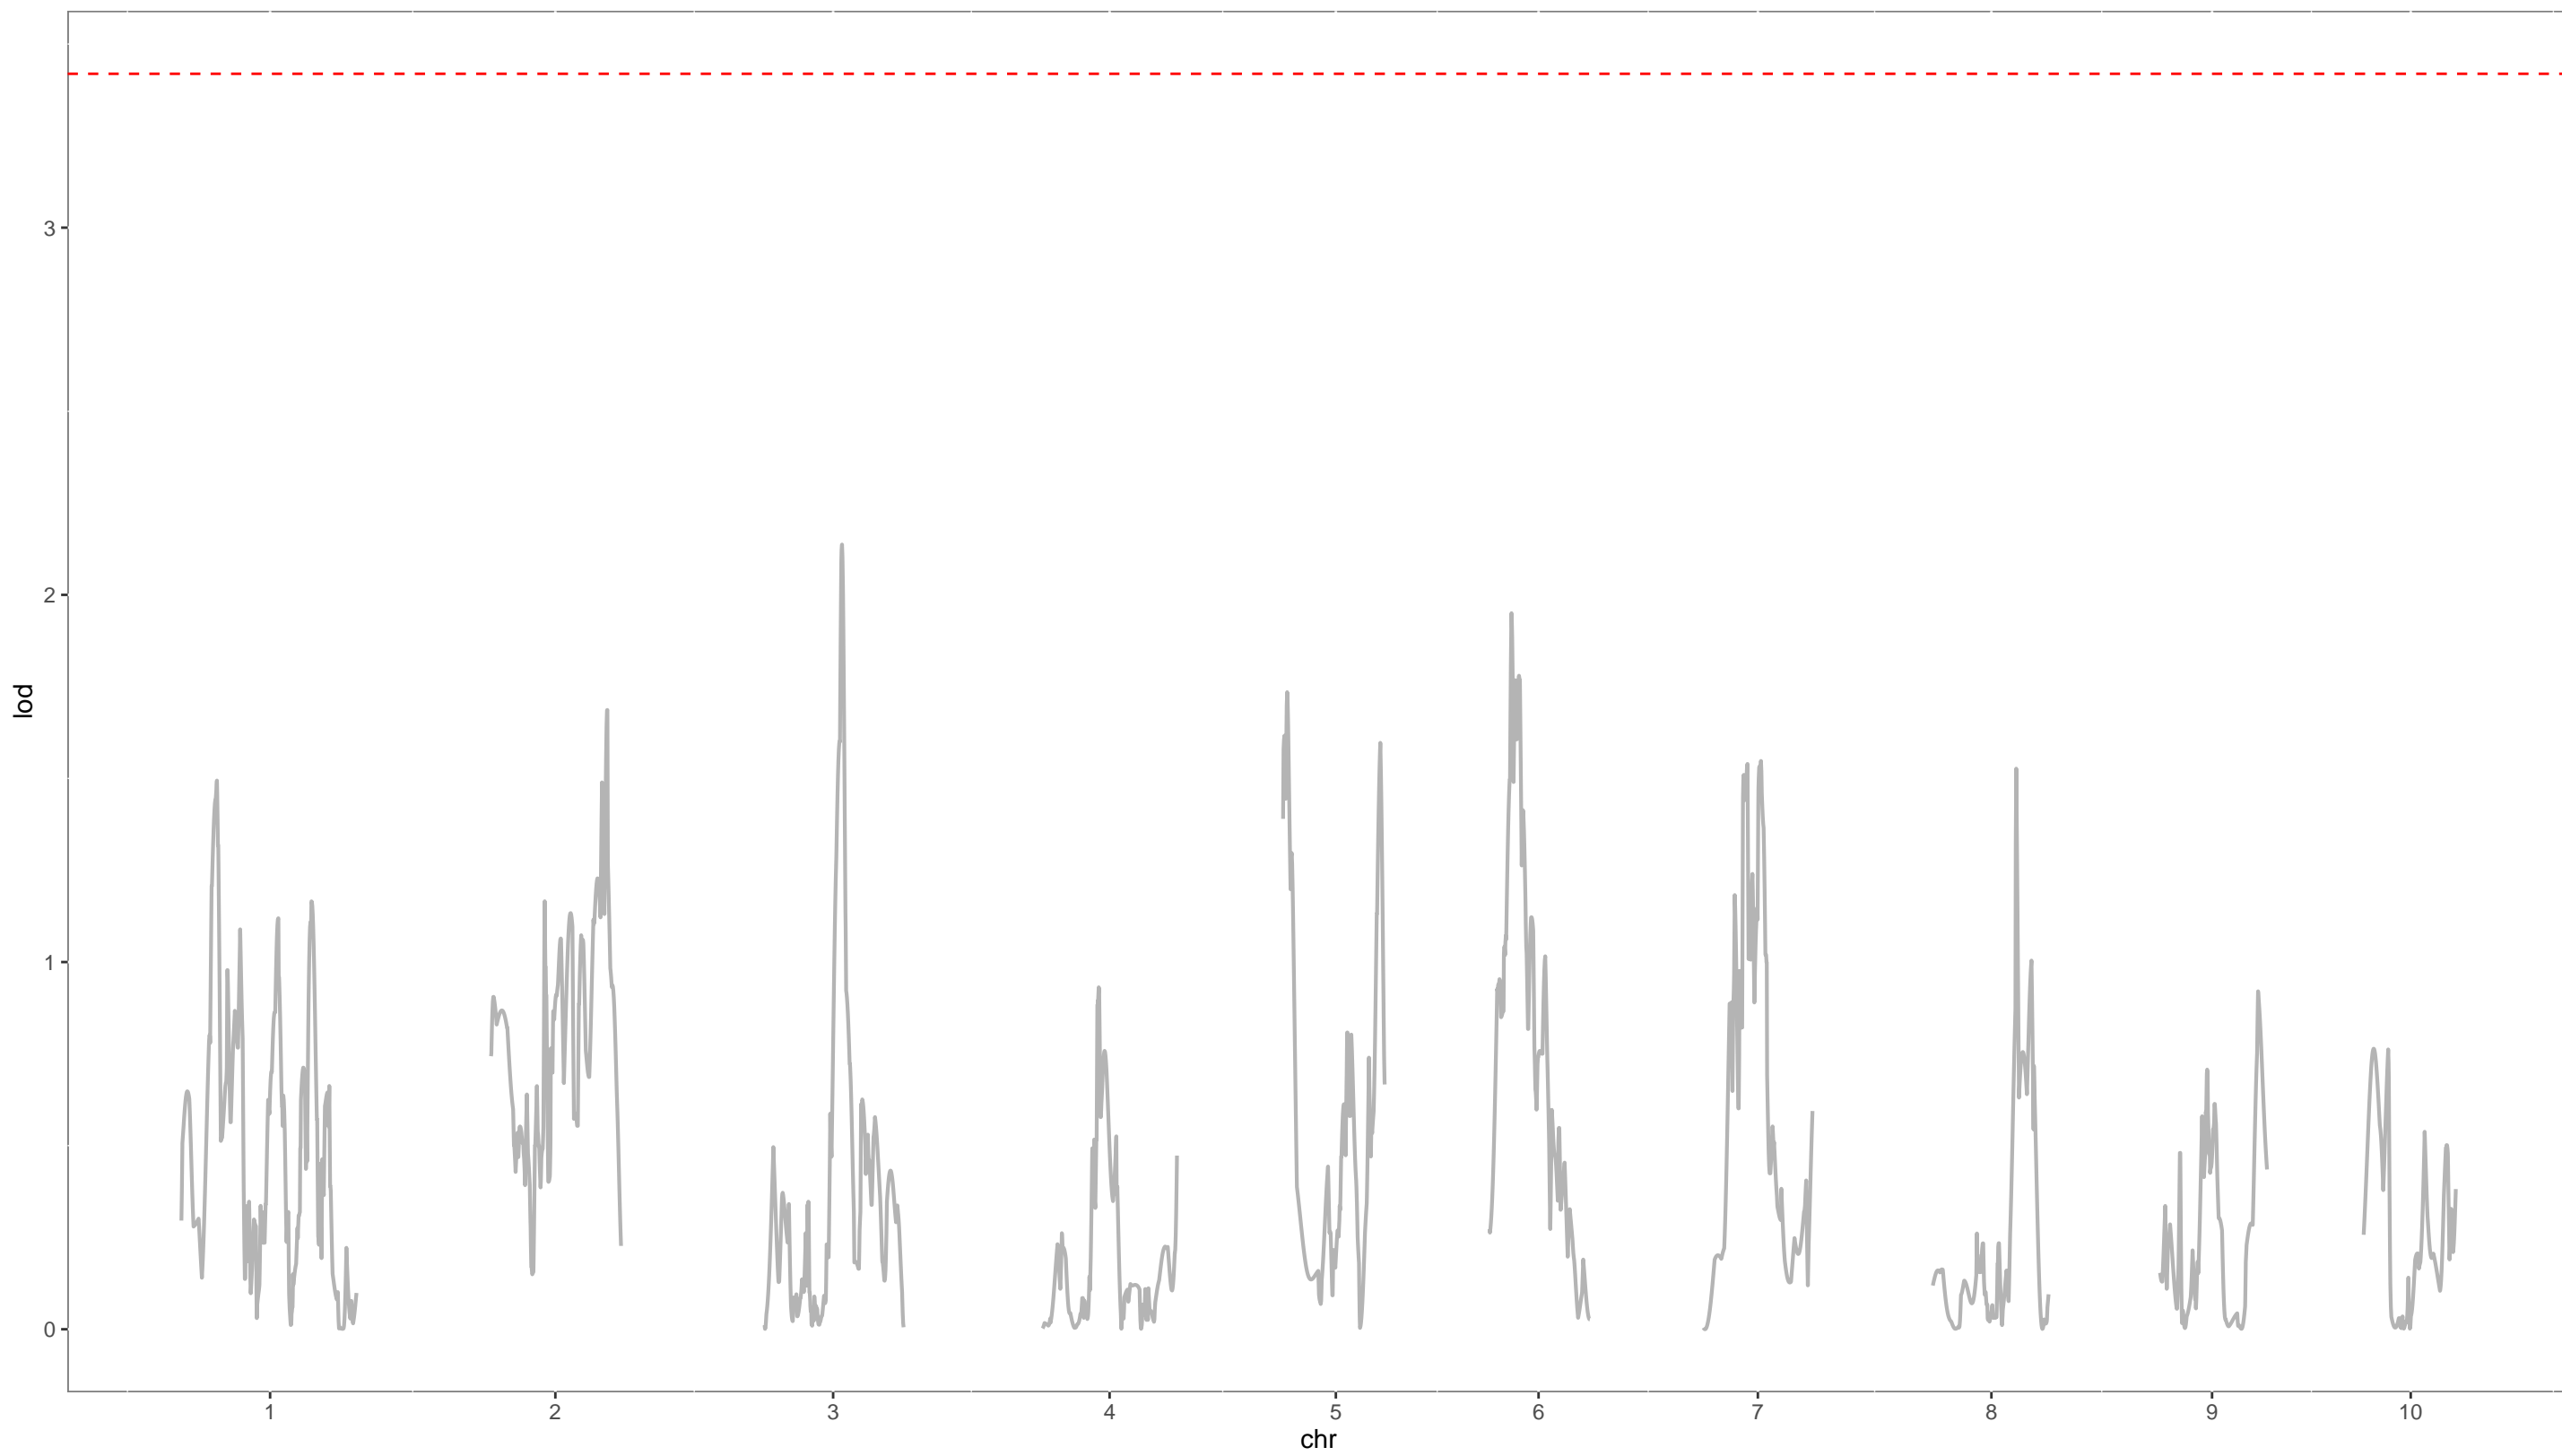

QTL analysis for additive covariate for Na_leaf

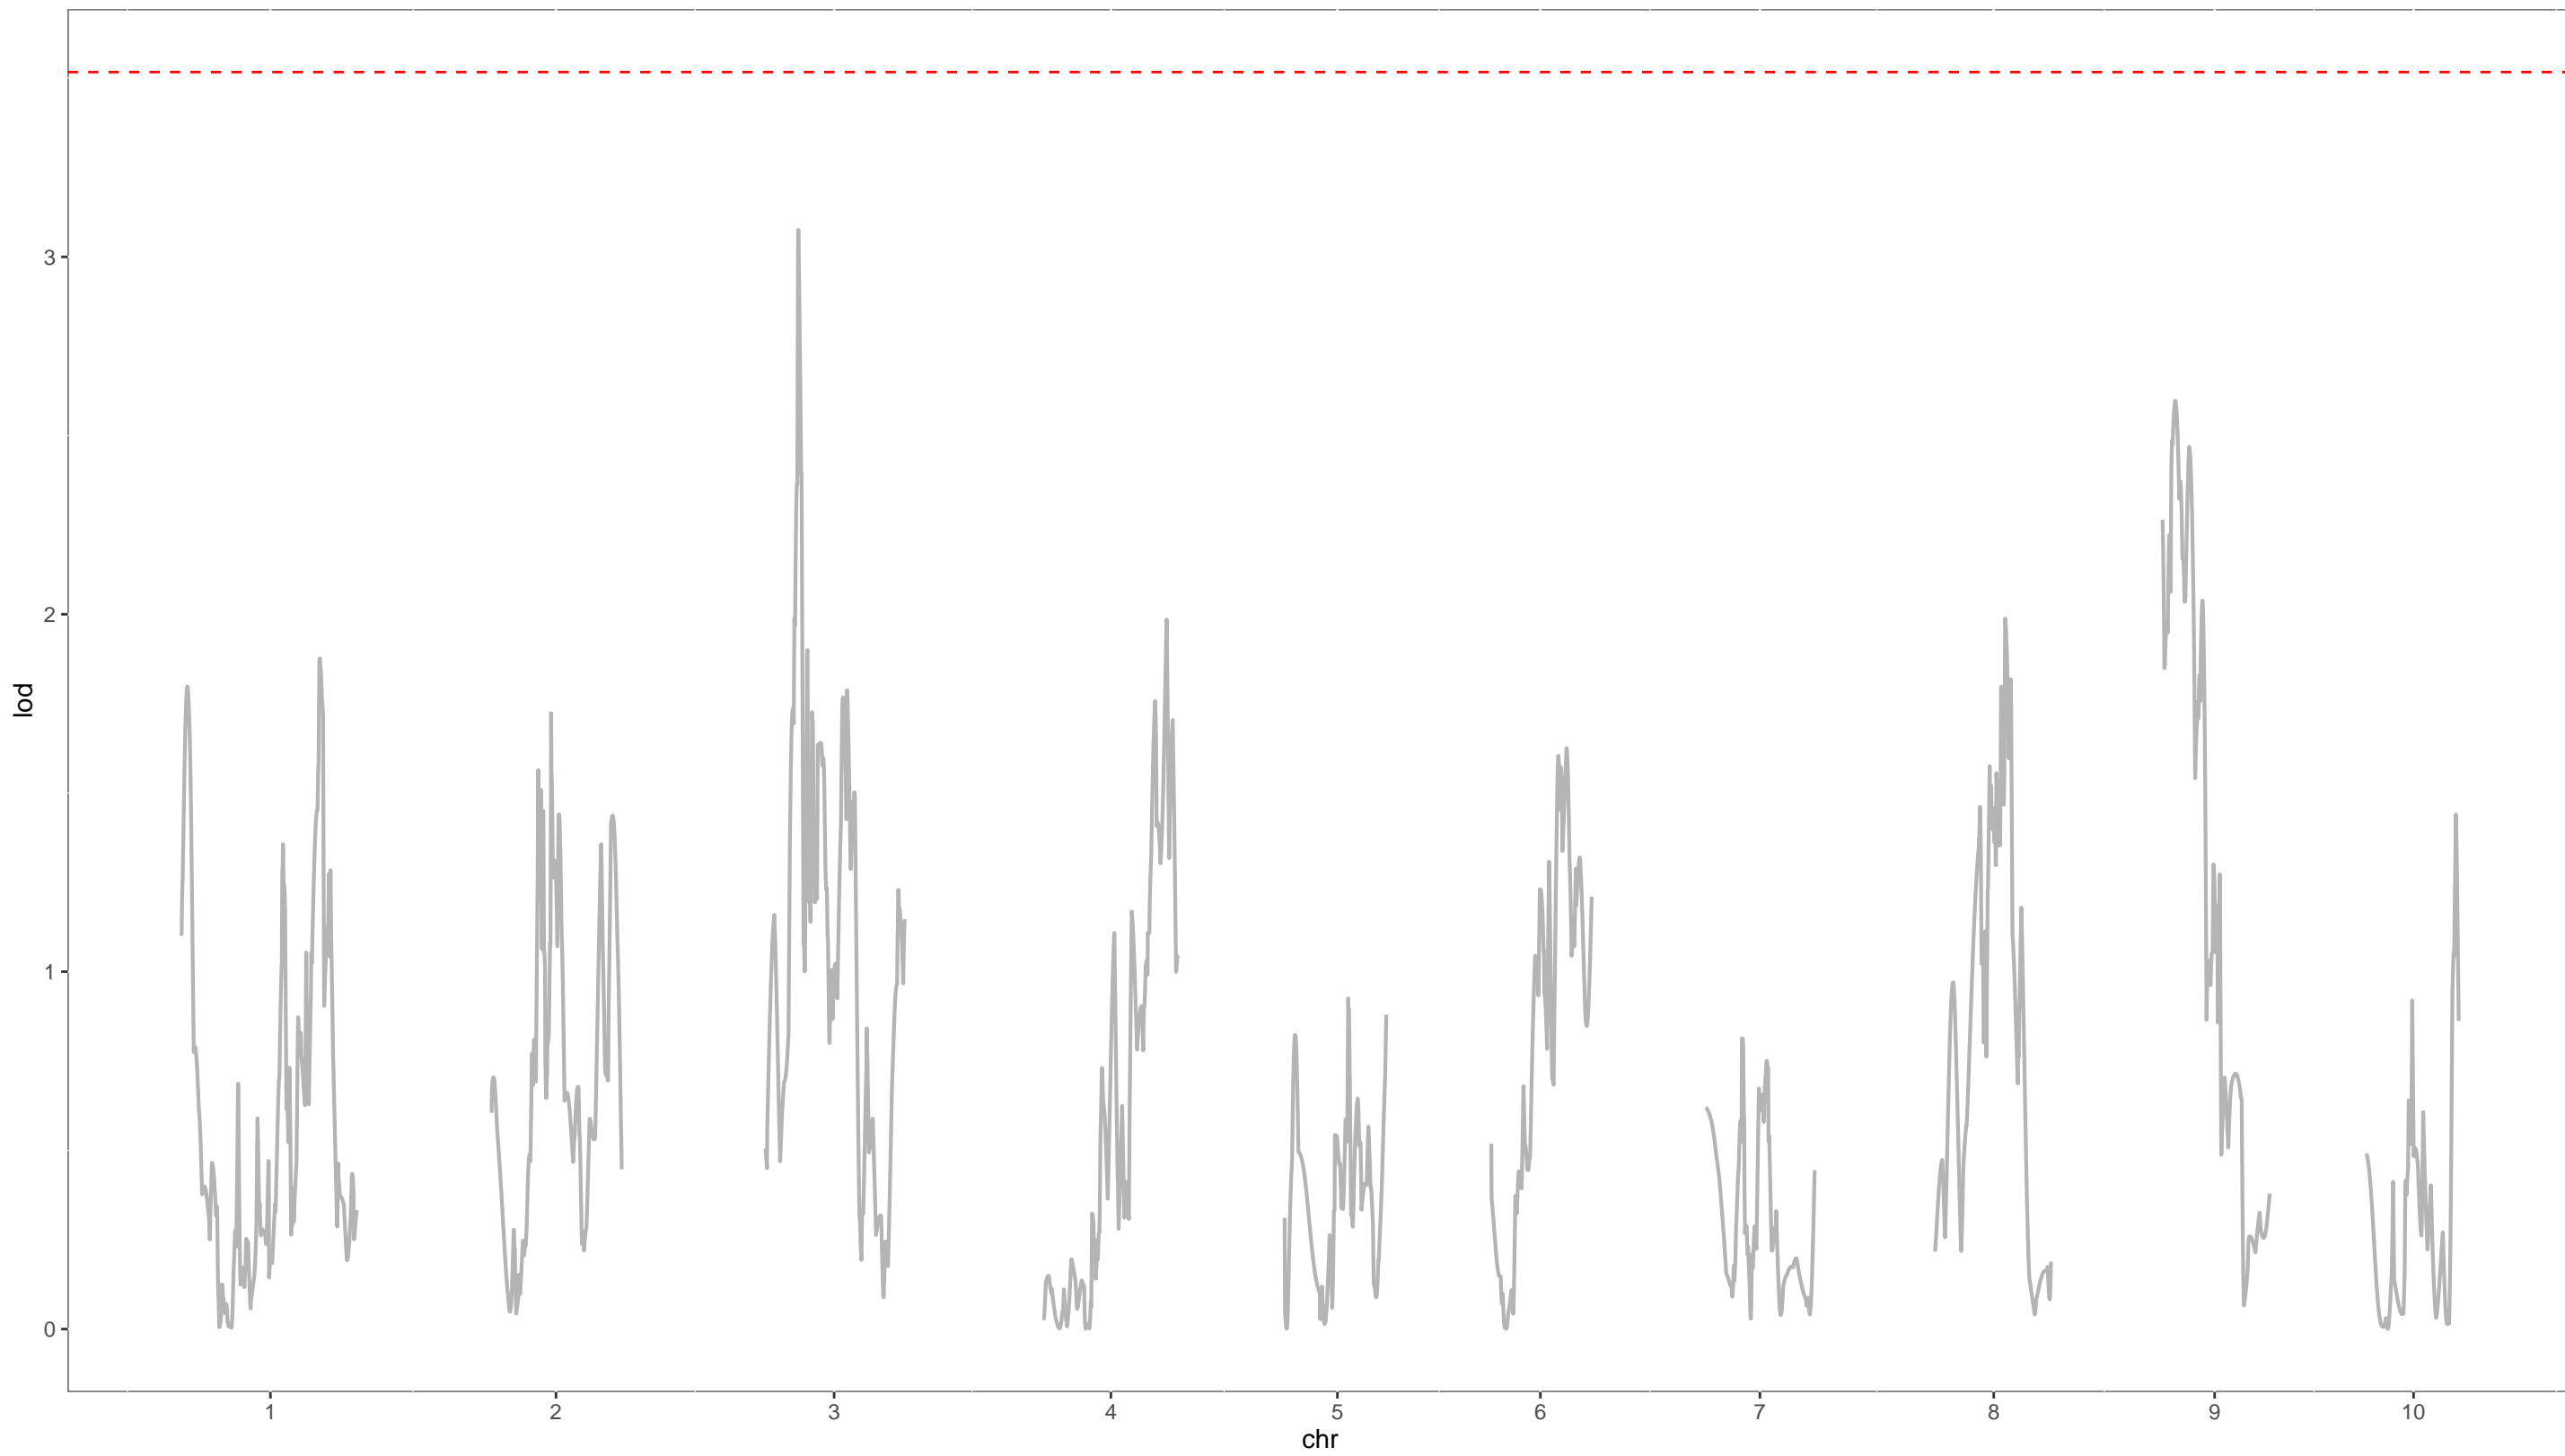

QTL analysis for additive covariate for Na_ratio

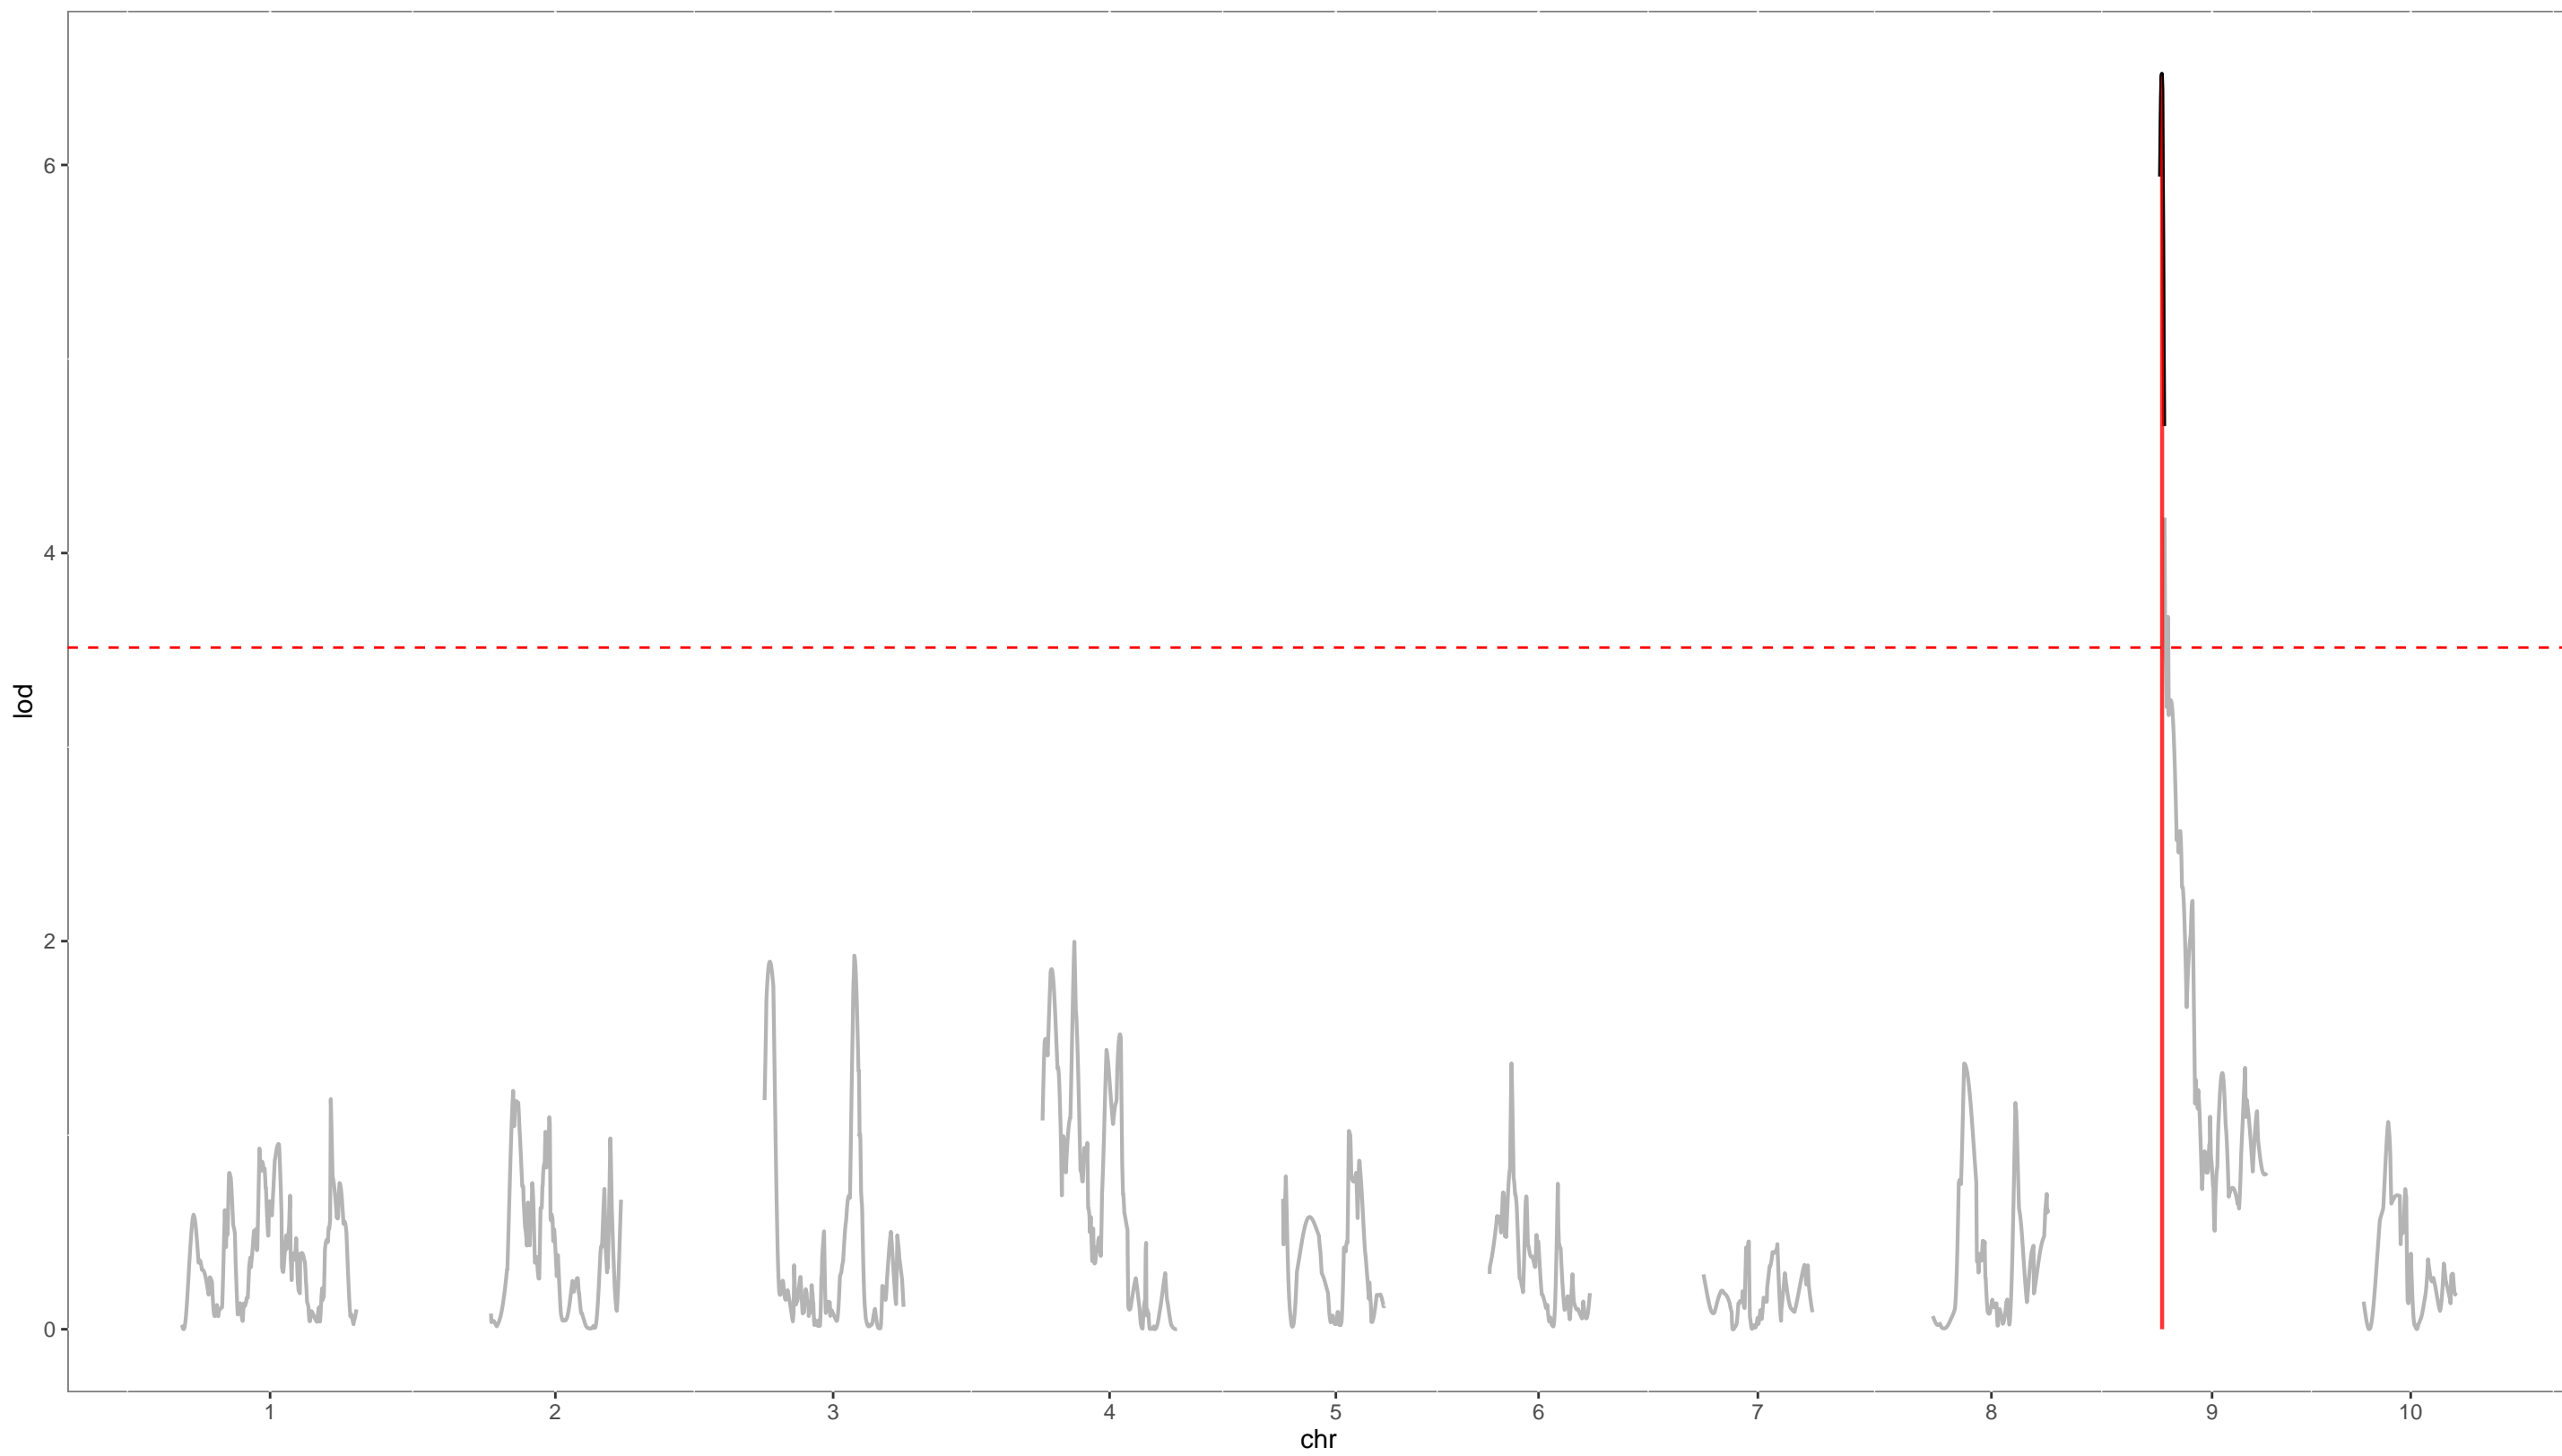

QTL analysis for additive covariate for Na_seed

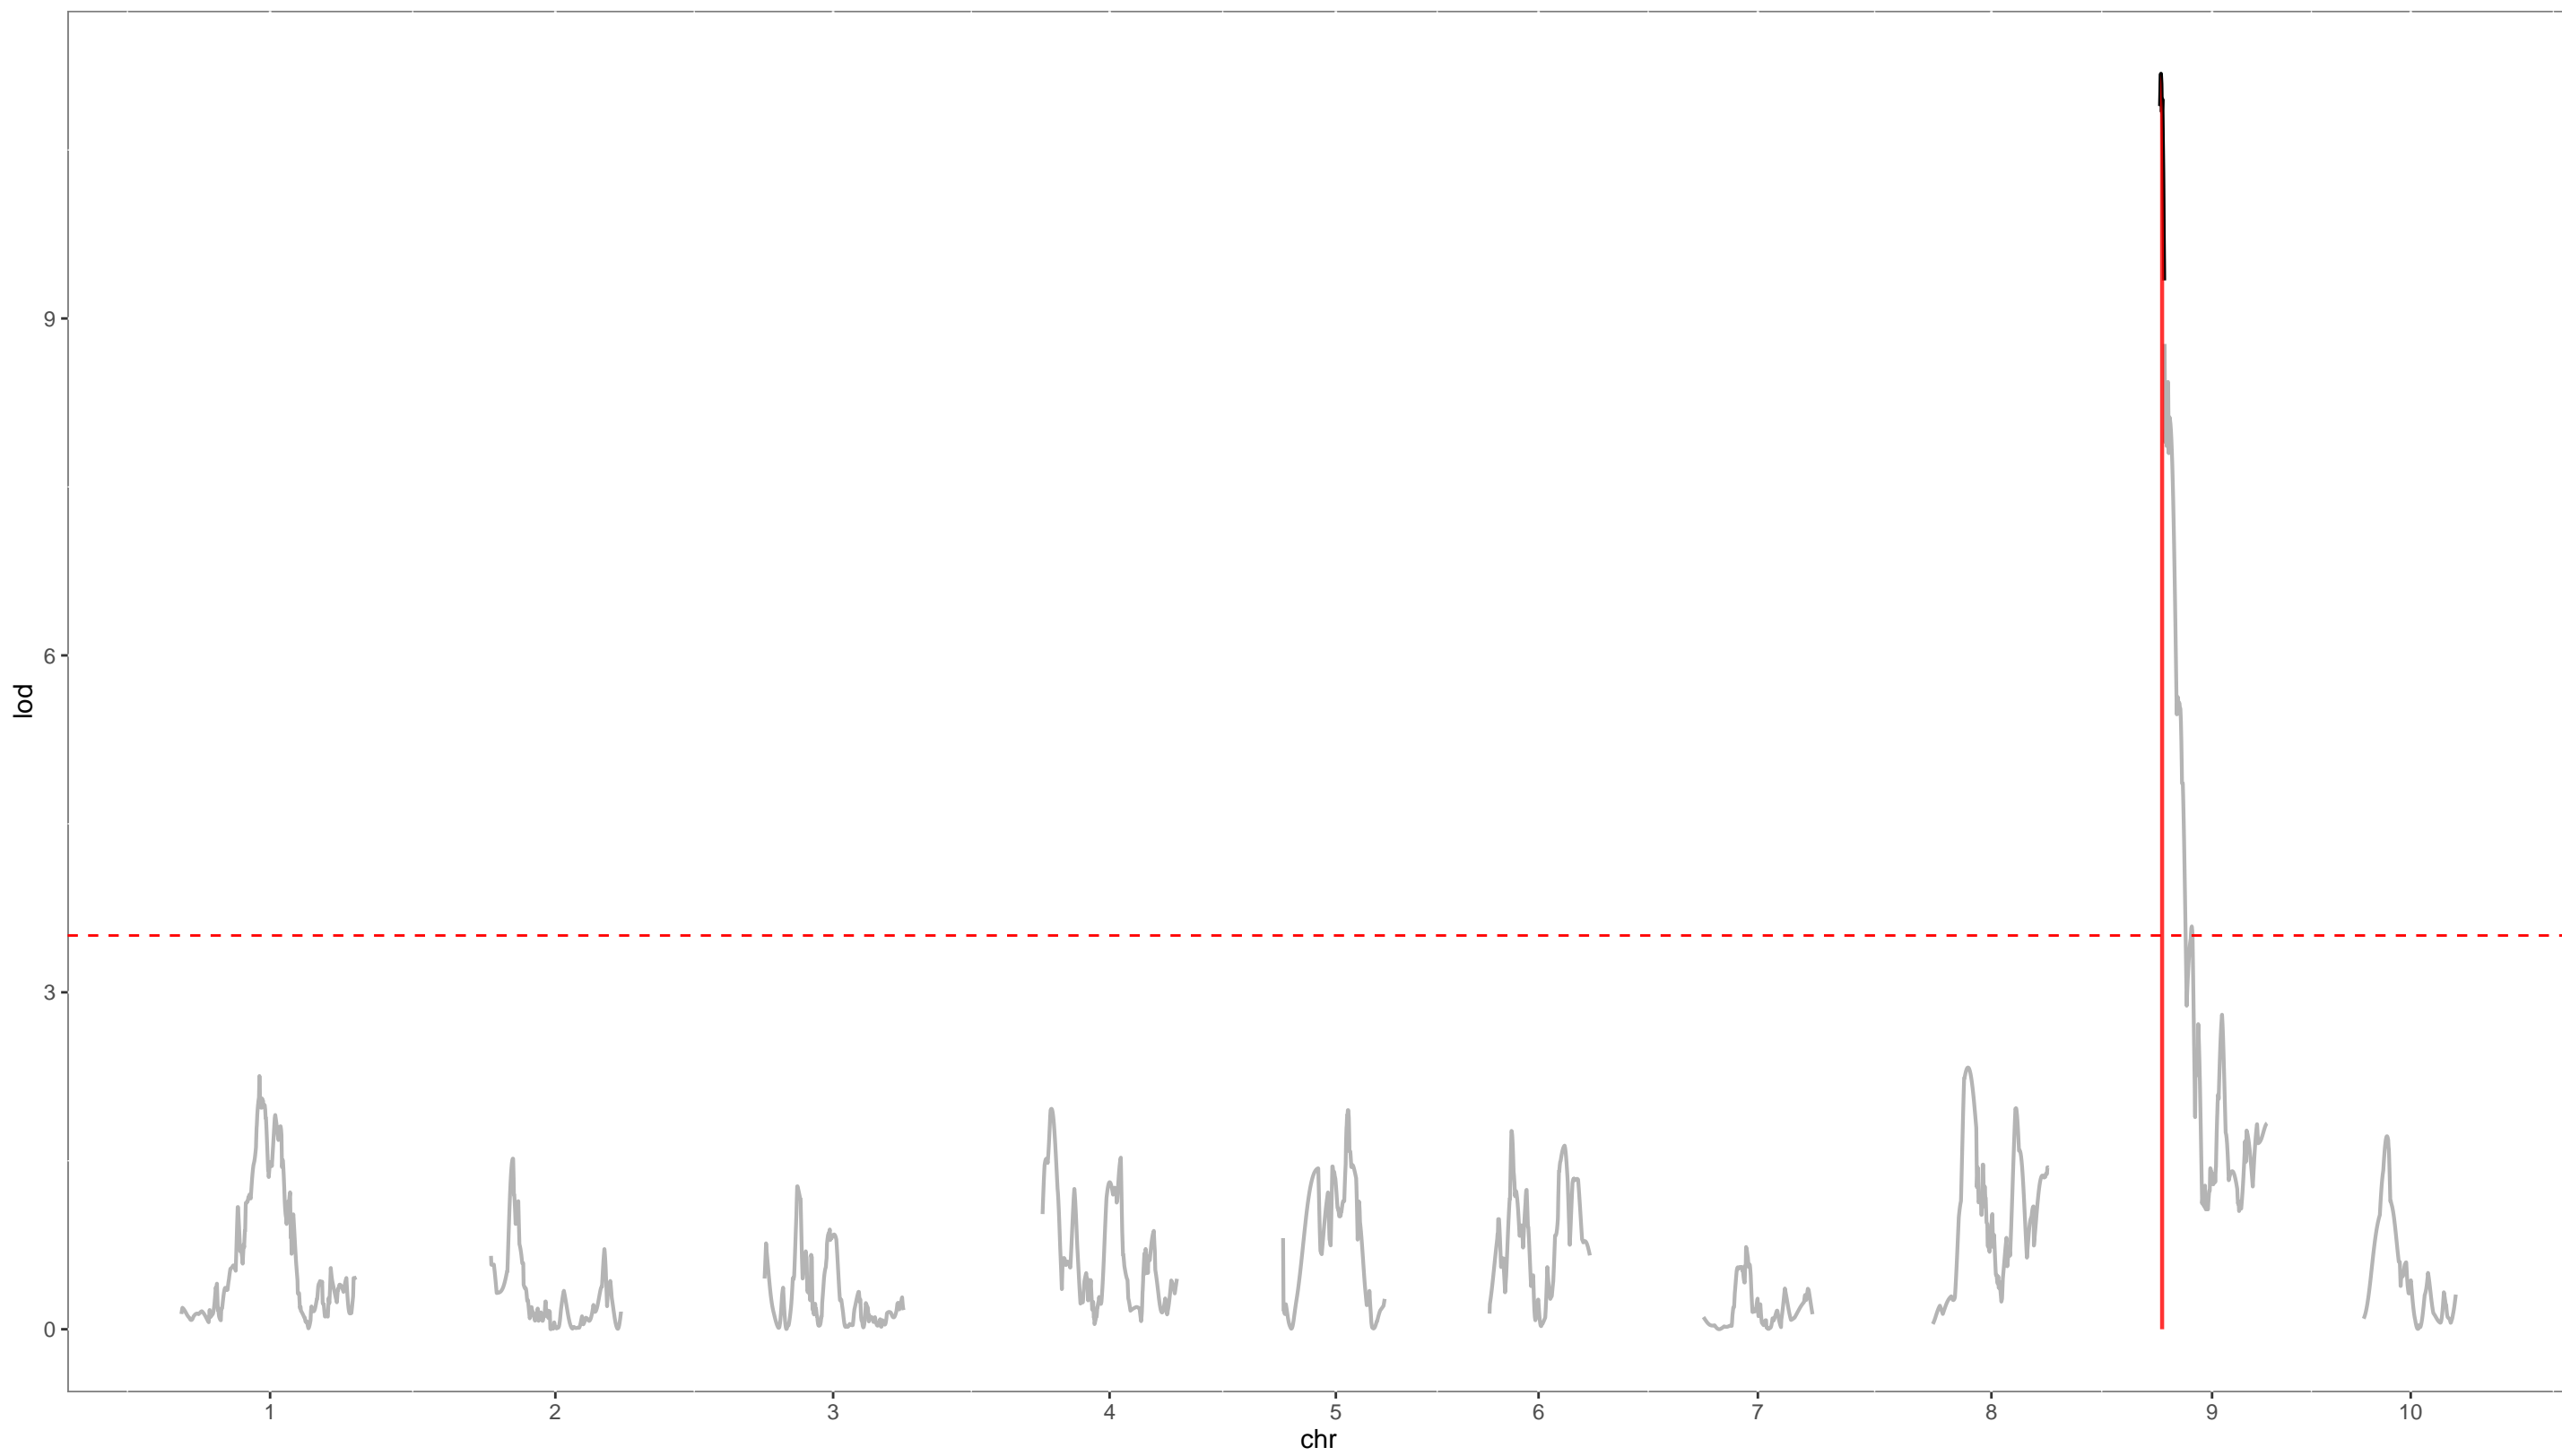

QTL analysis for additive covariate for Ni_leaf

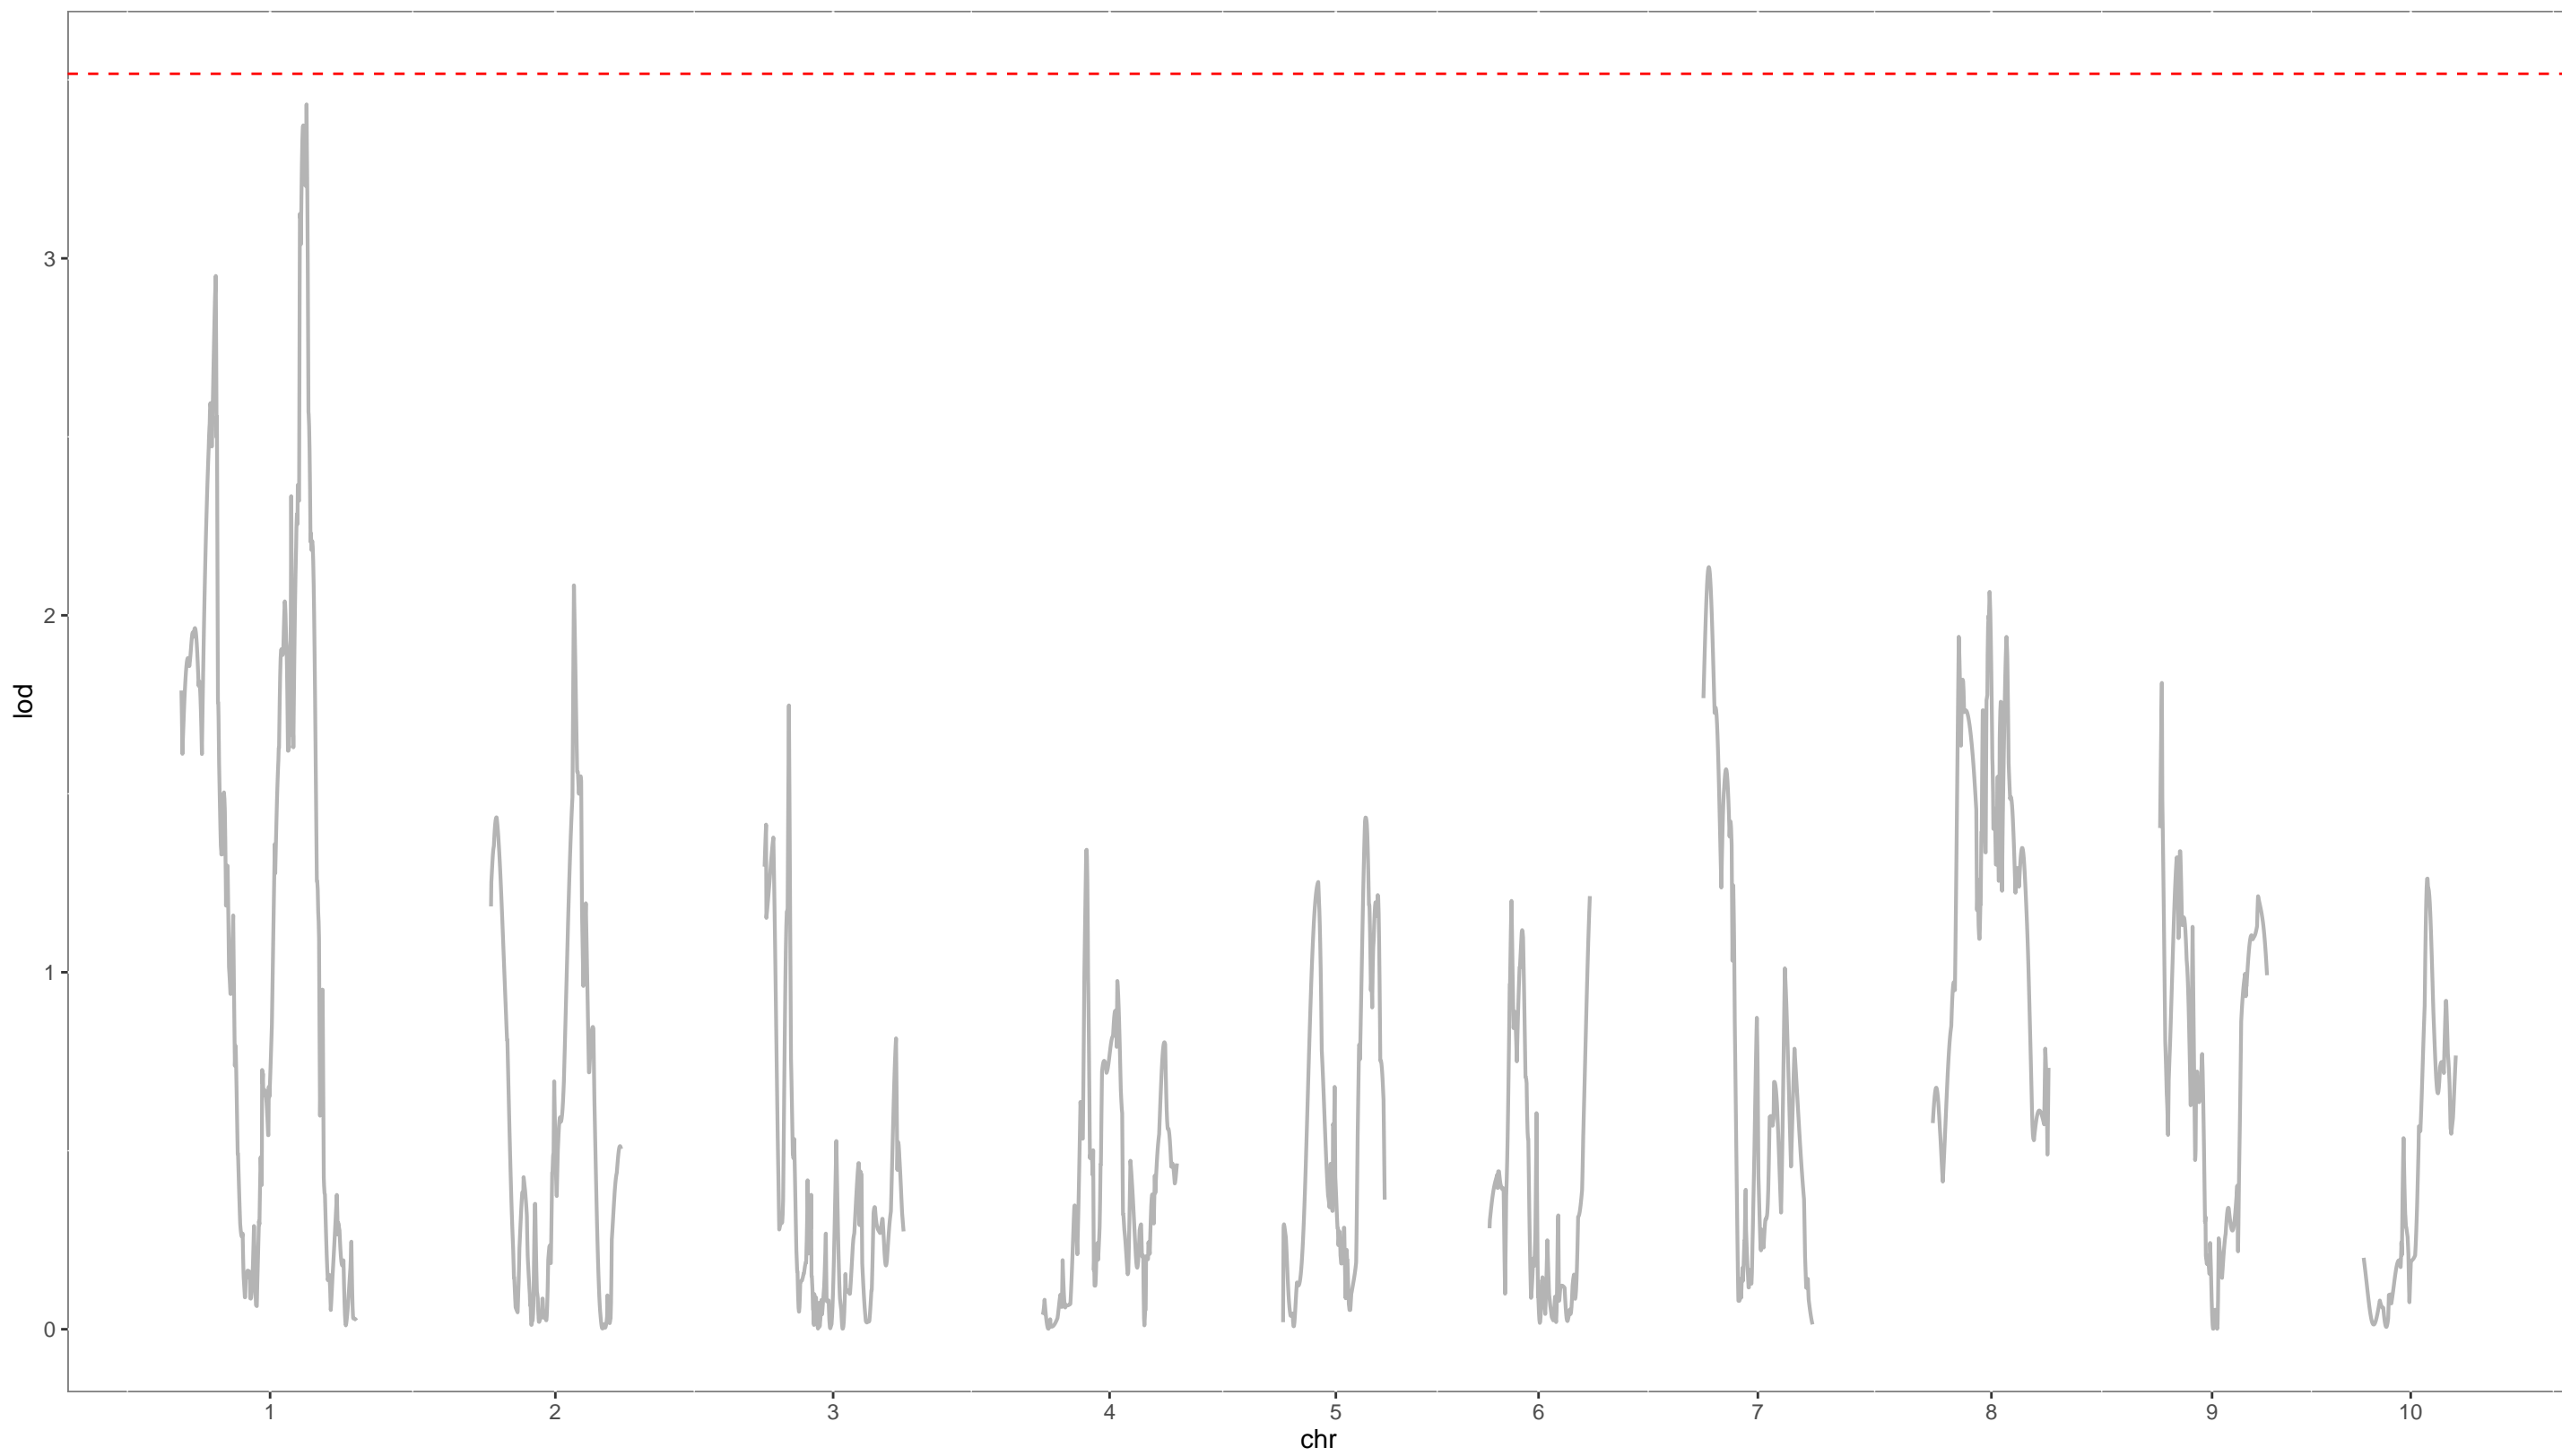

QTL analysis for additive covariate for Ni_ratio

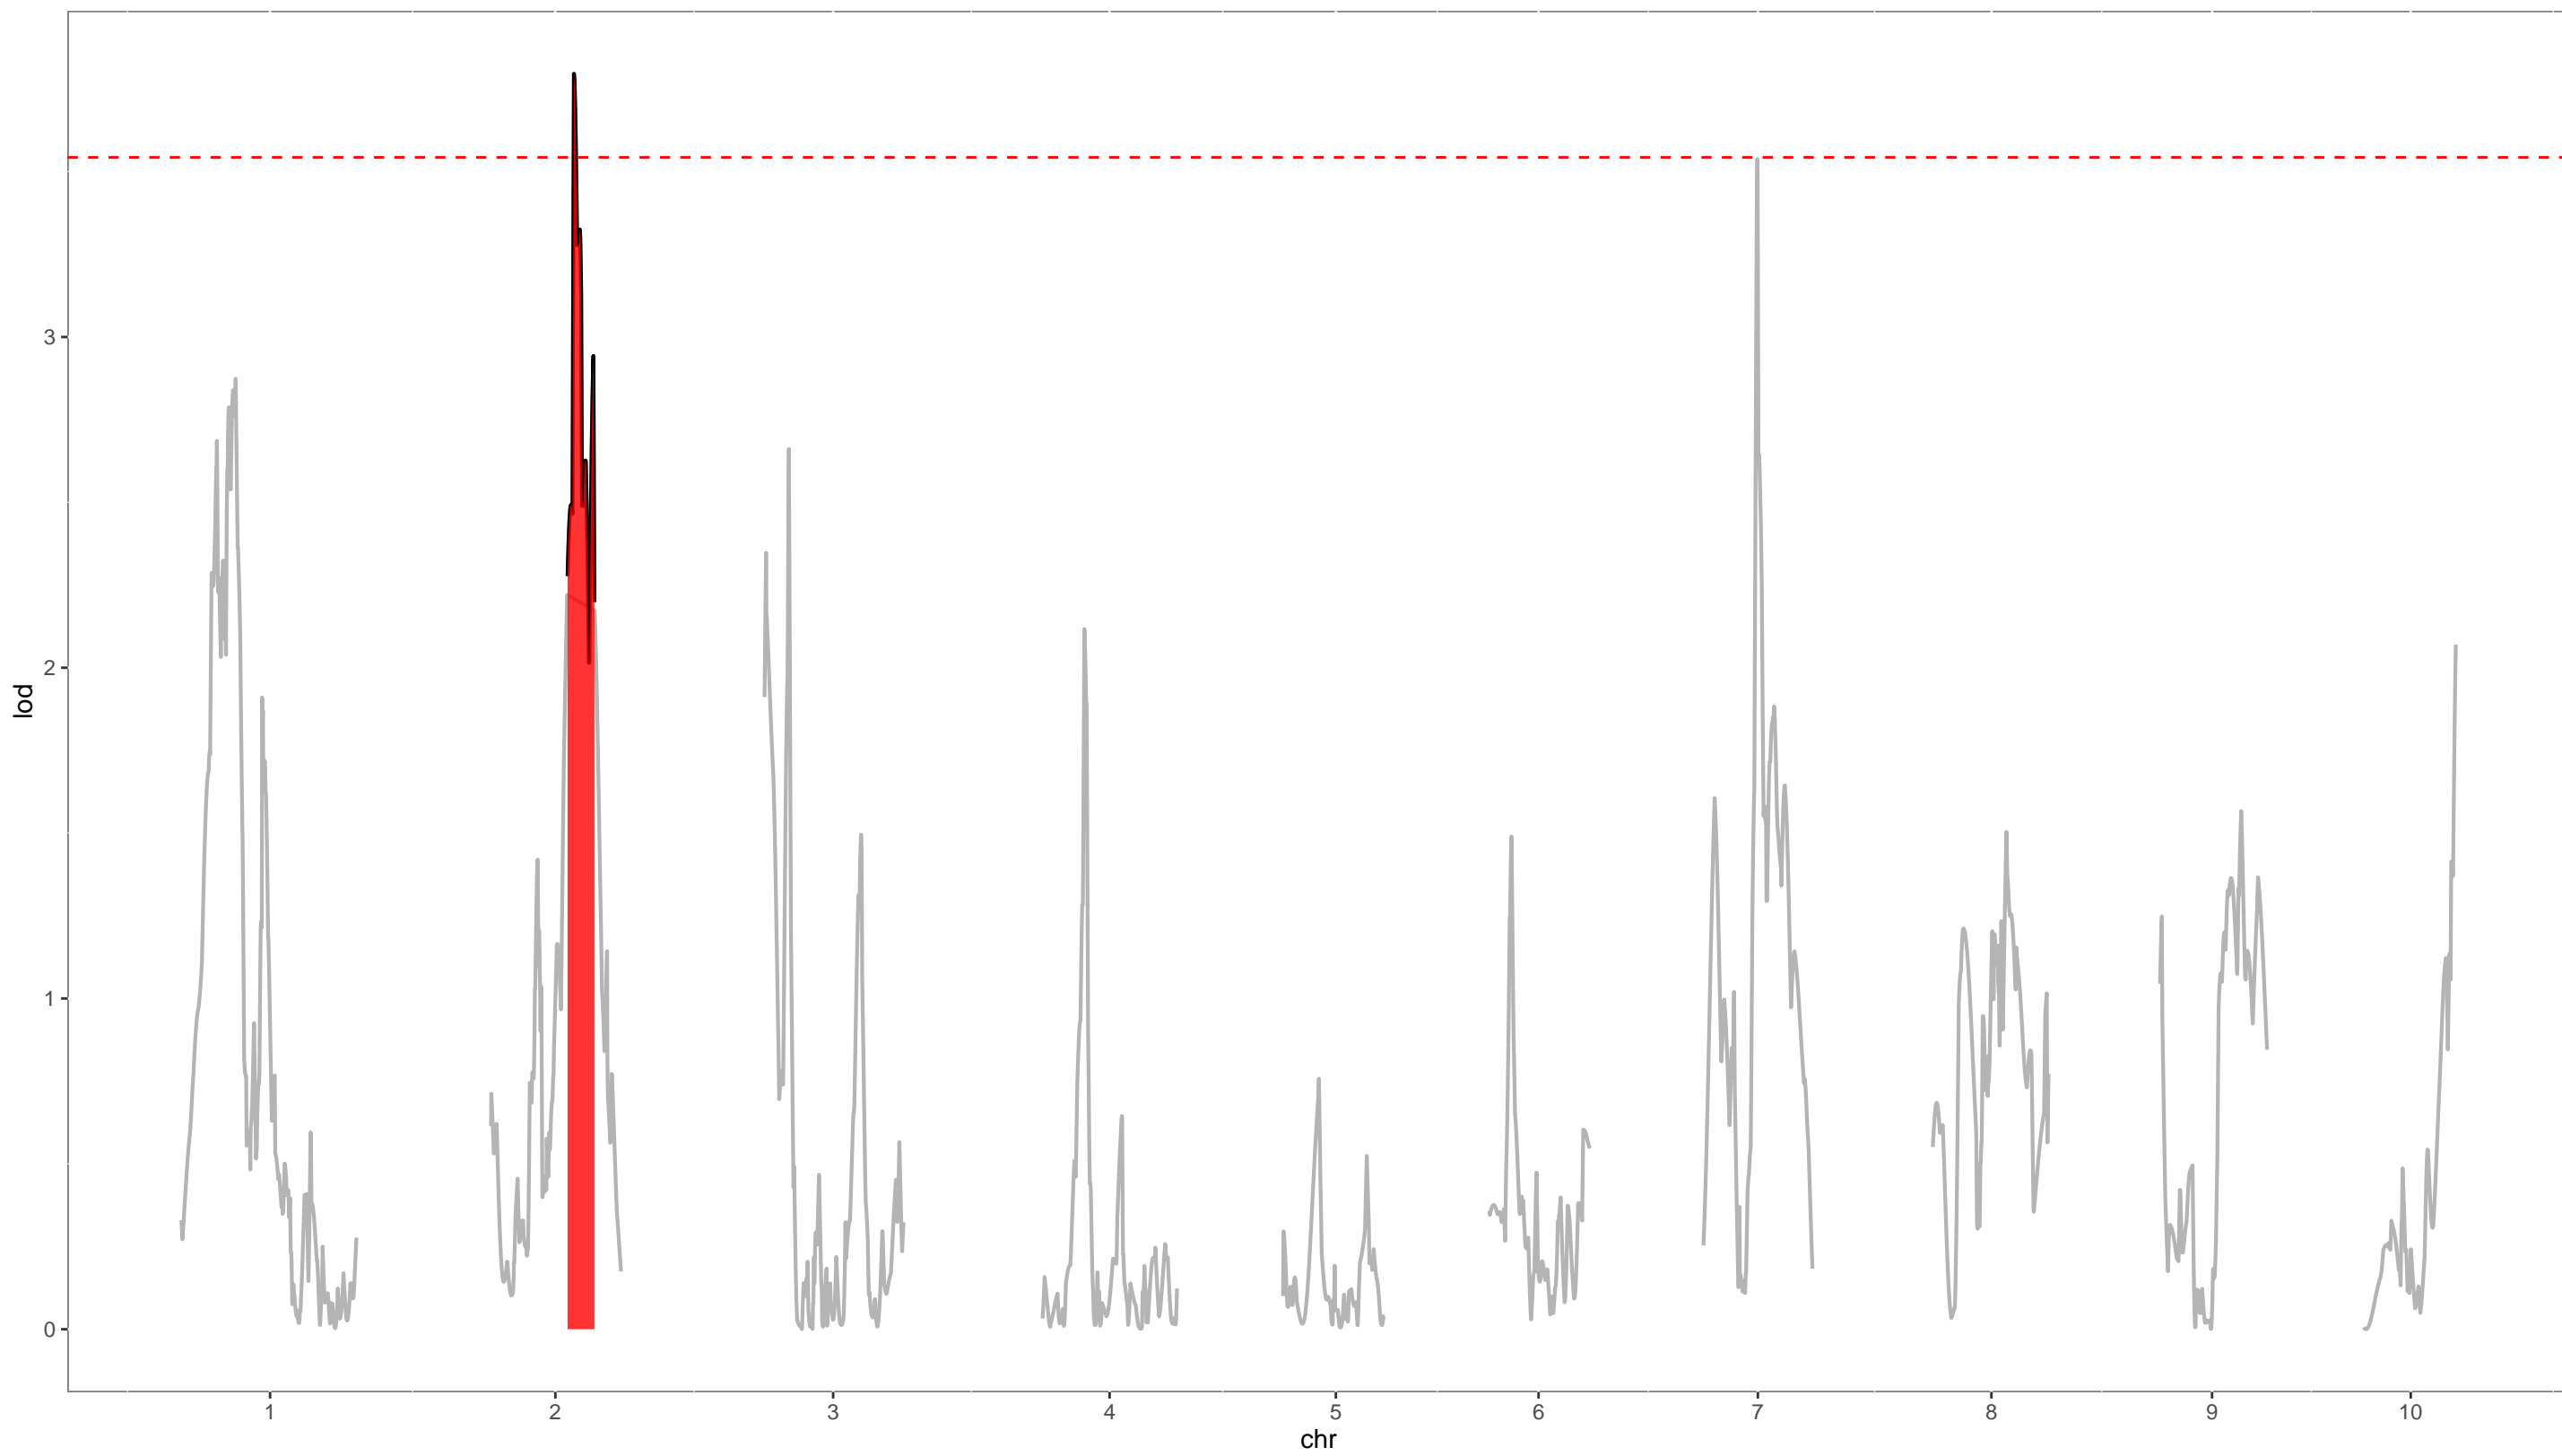

QTL analysis for additive covariate for Ni_seed

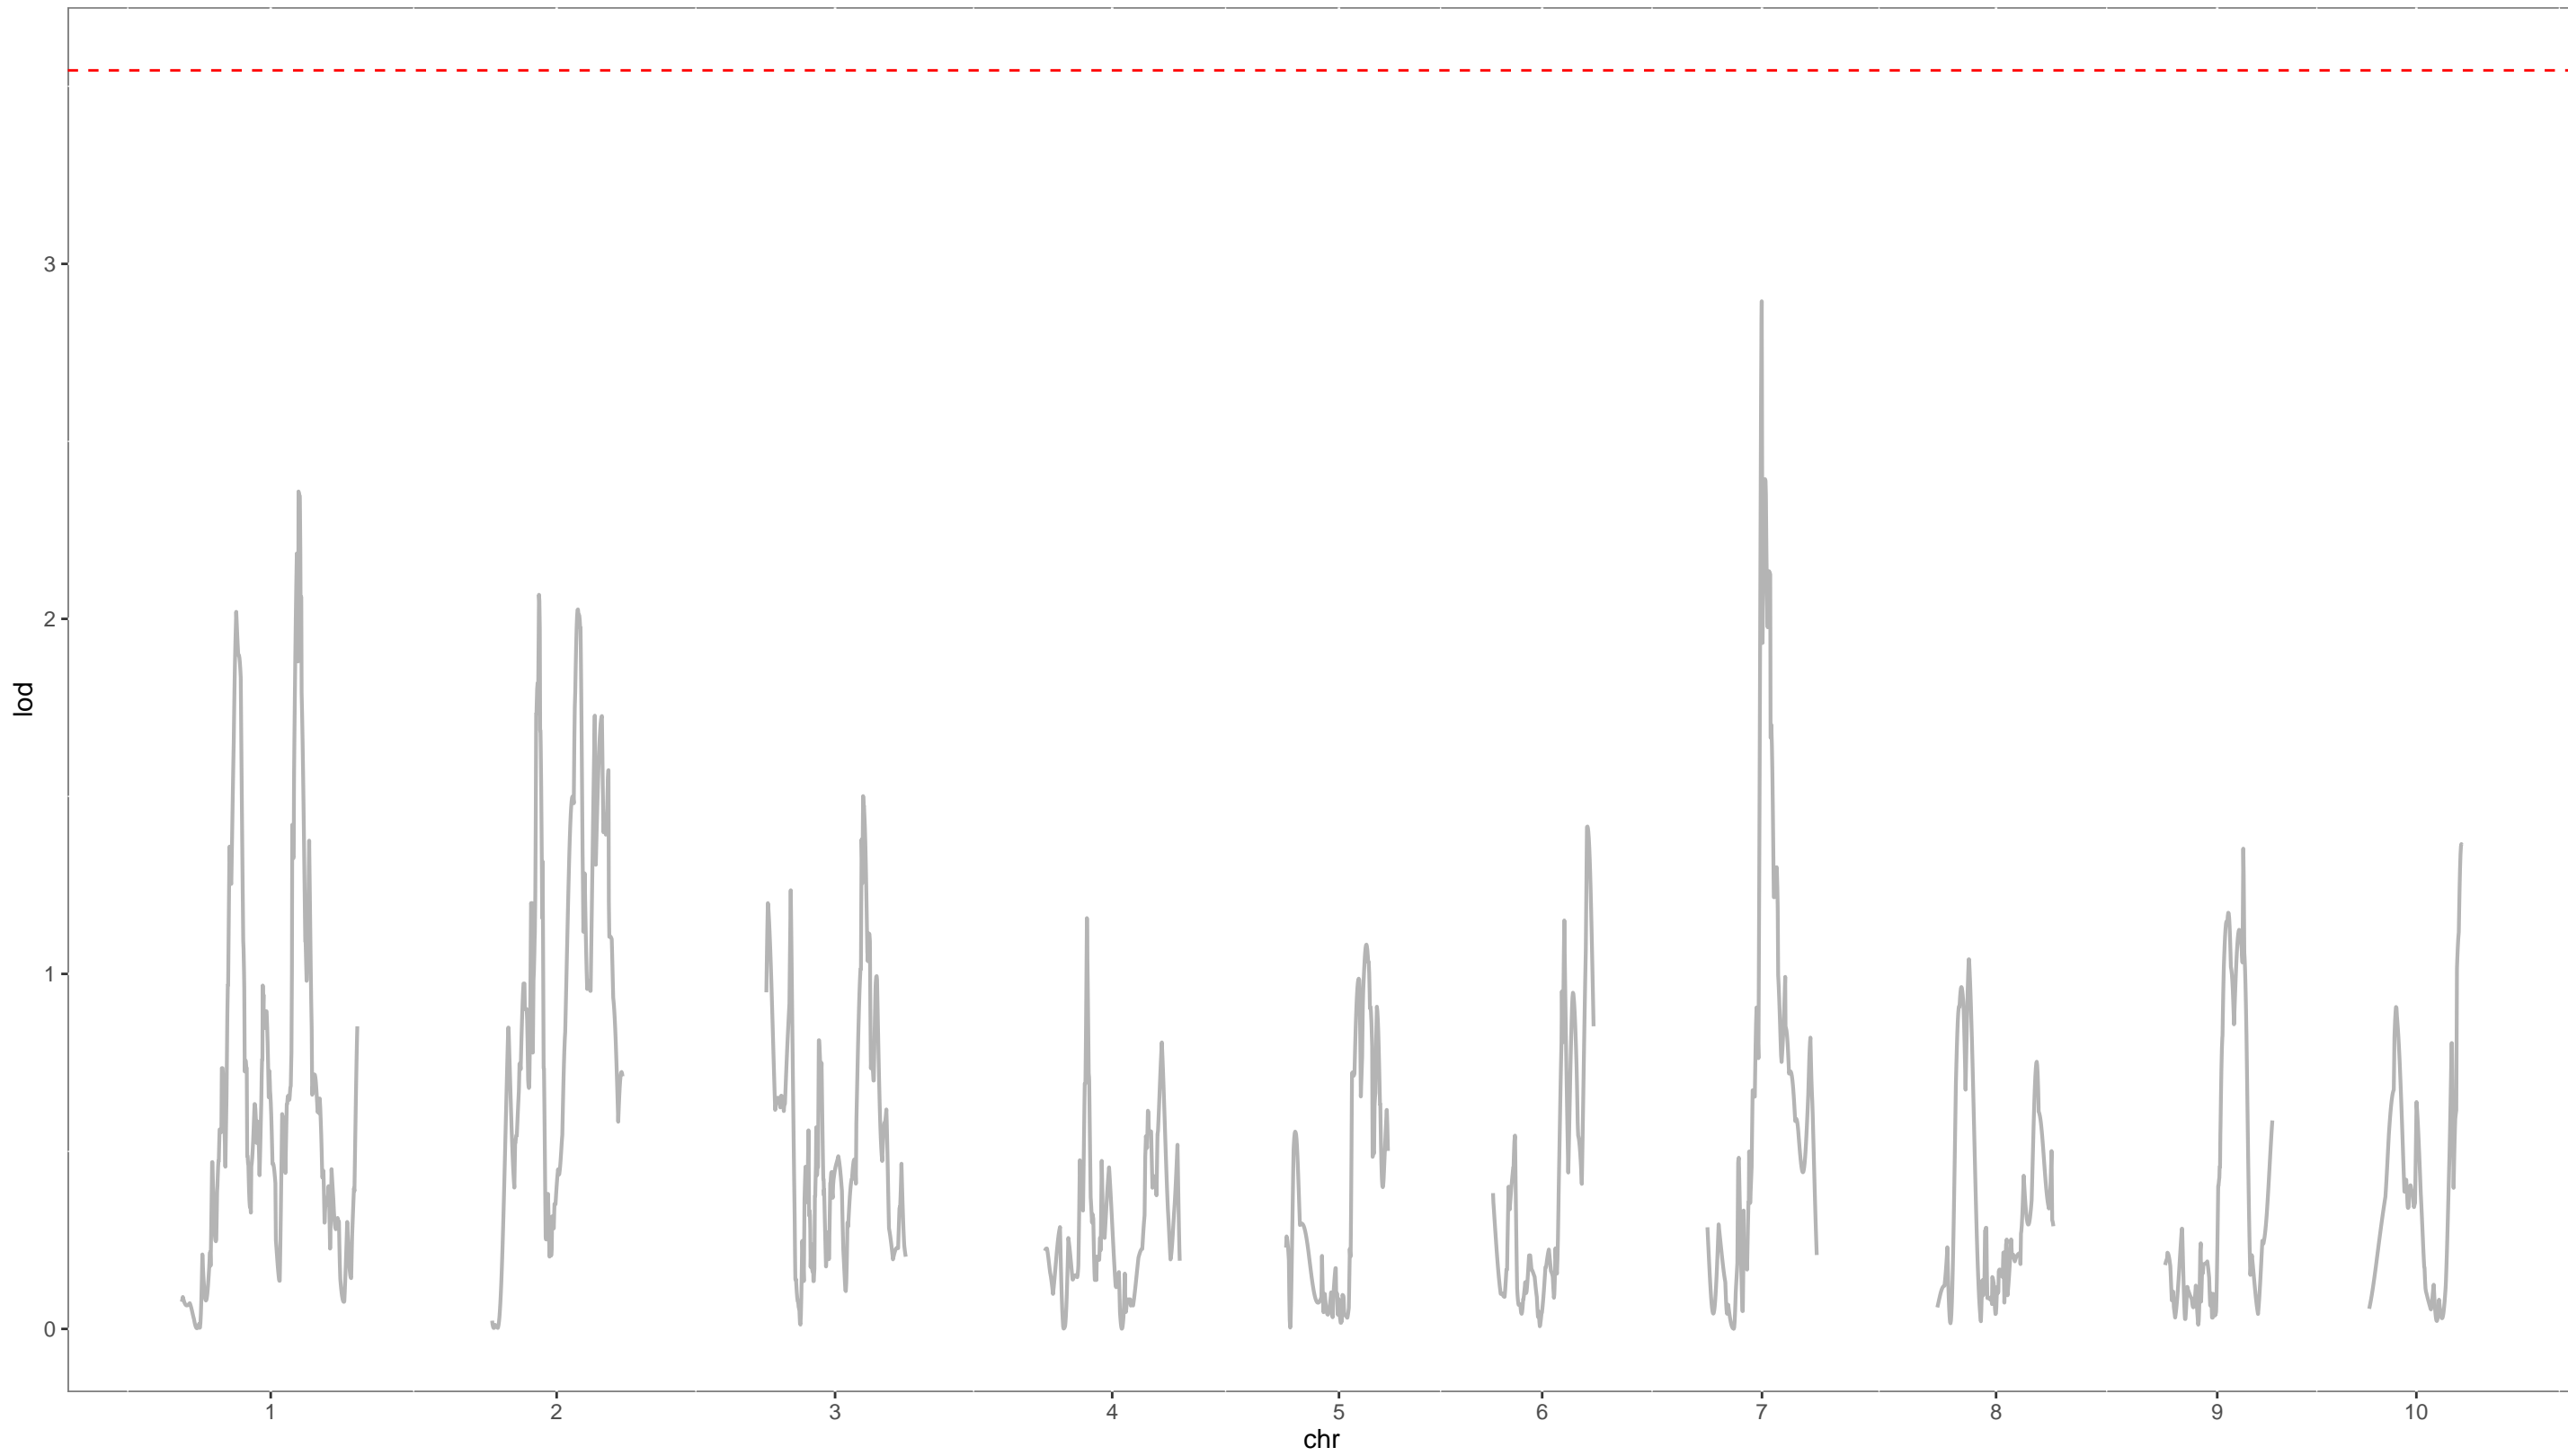

QTL analysis for additive covariate for P_leaf

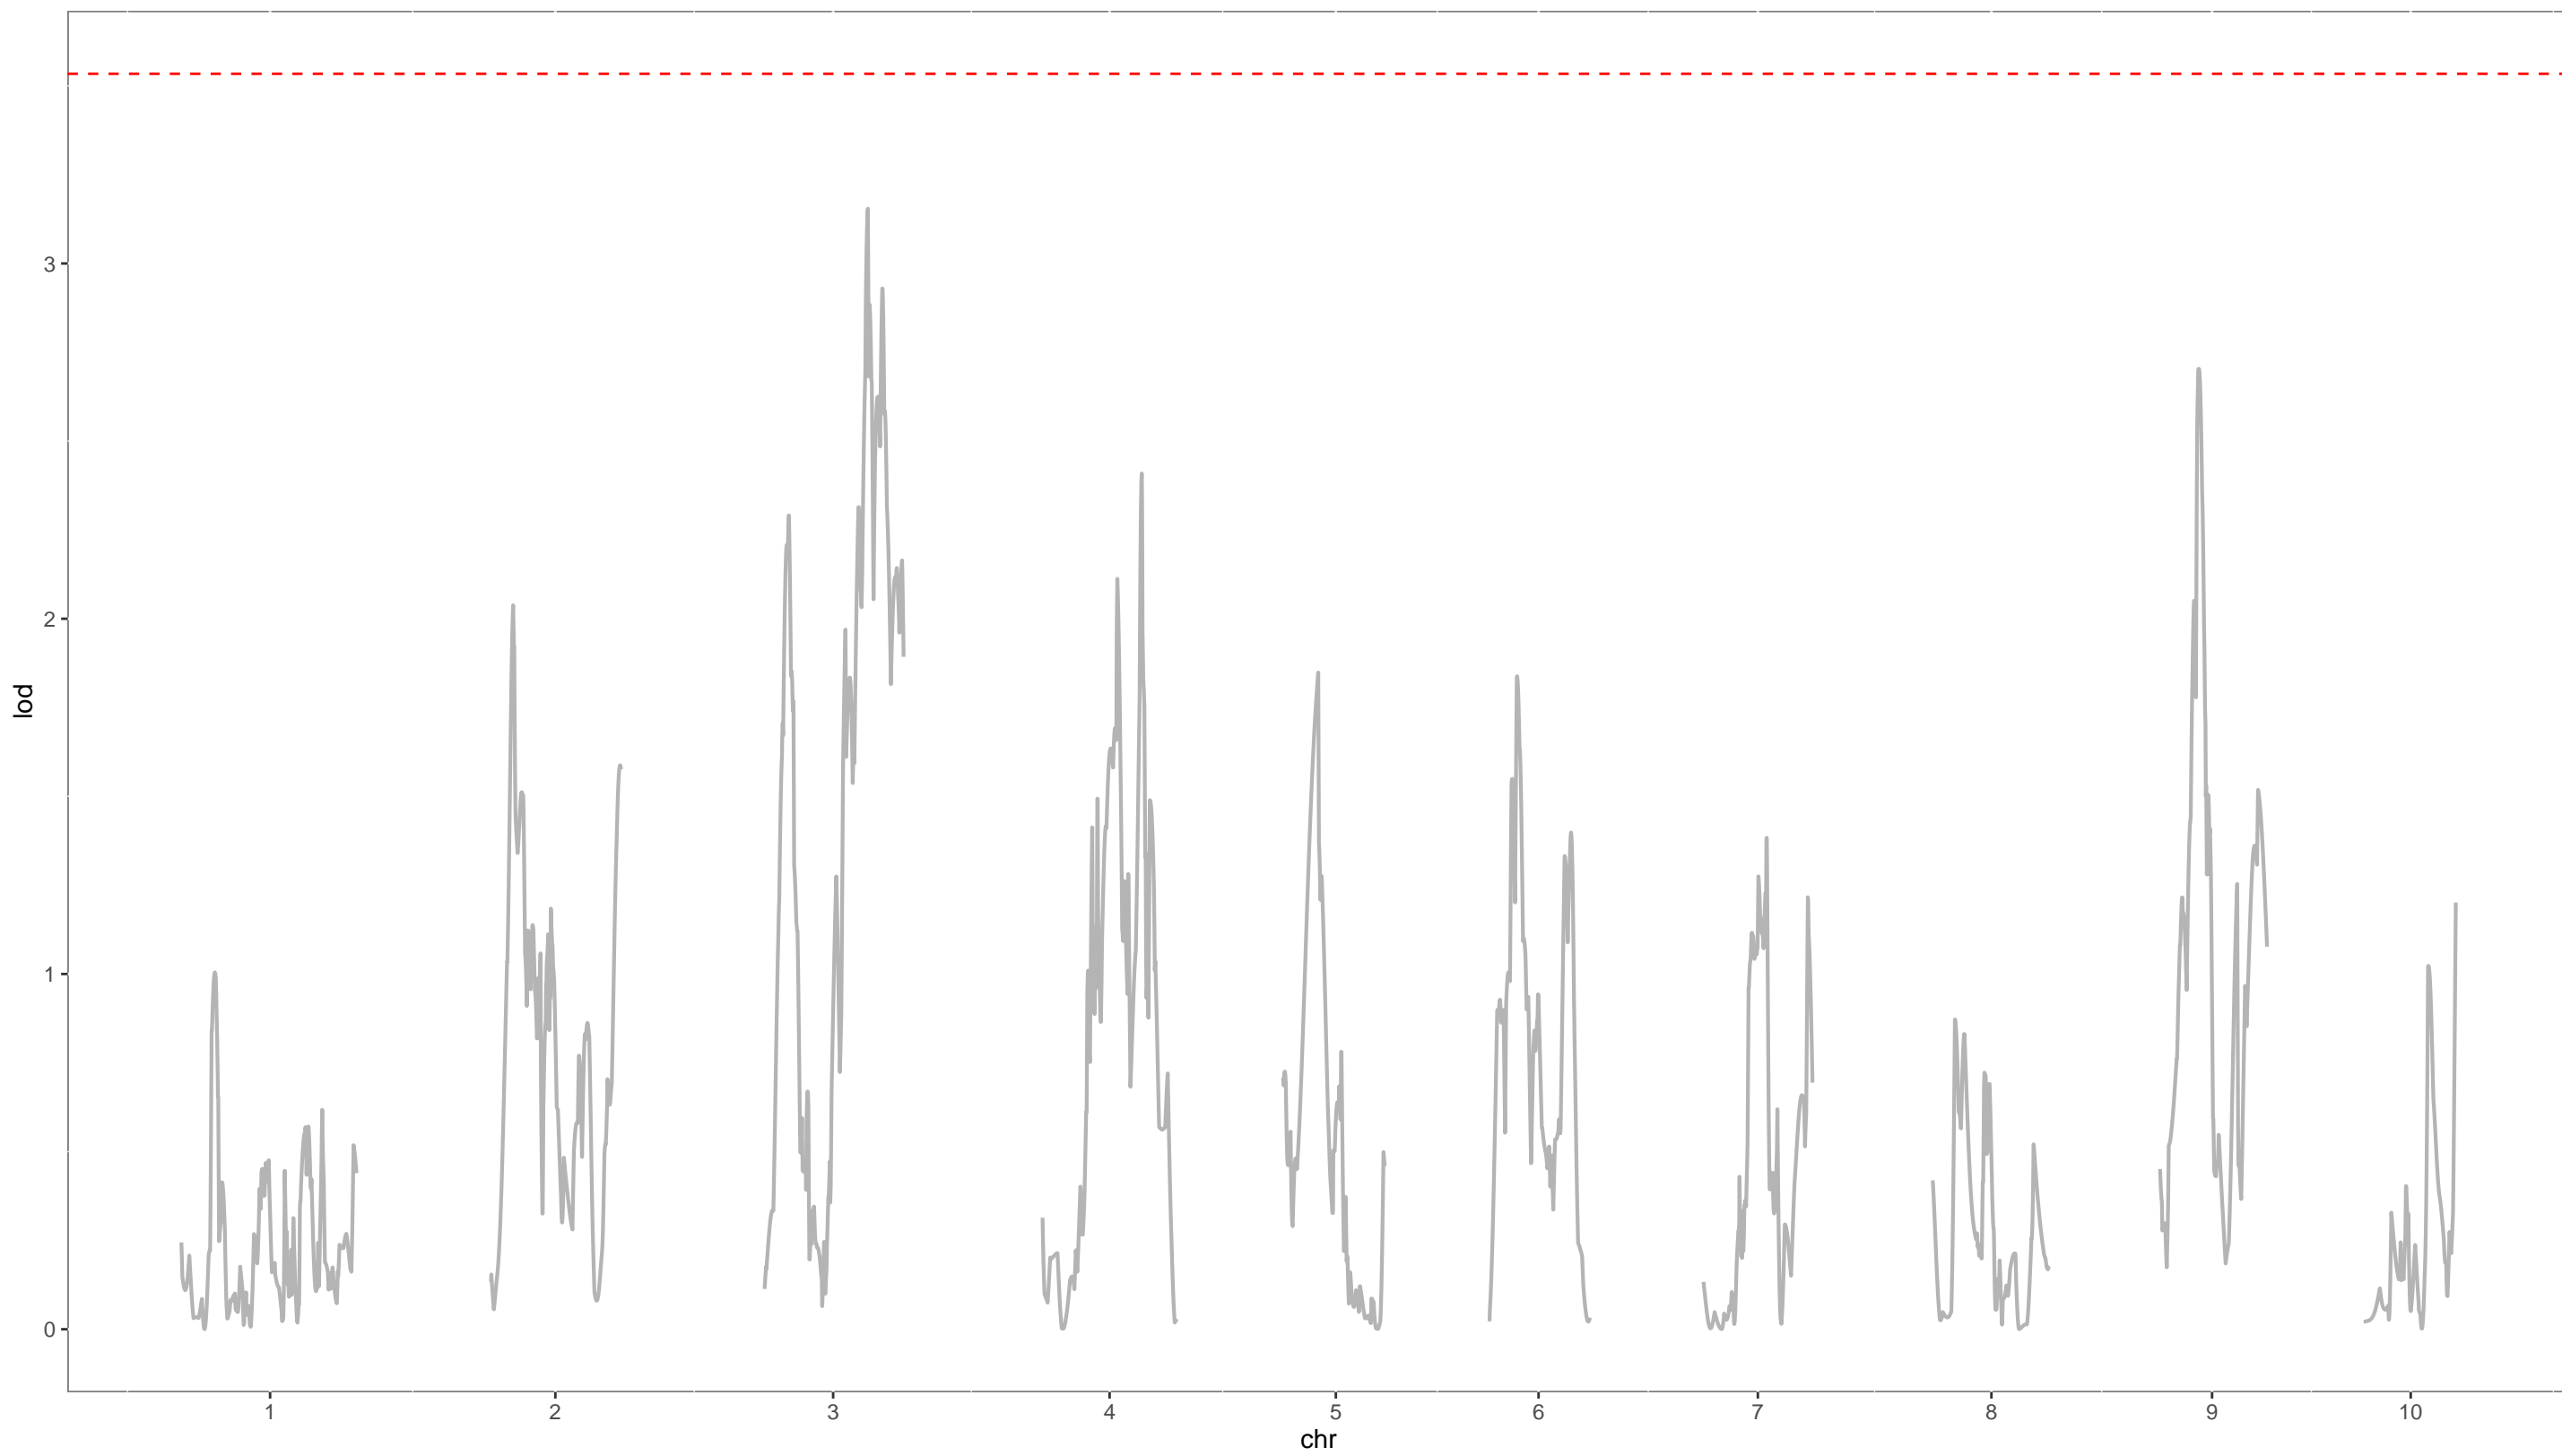

QTL analysis for additive covariate for P_ratio

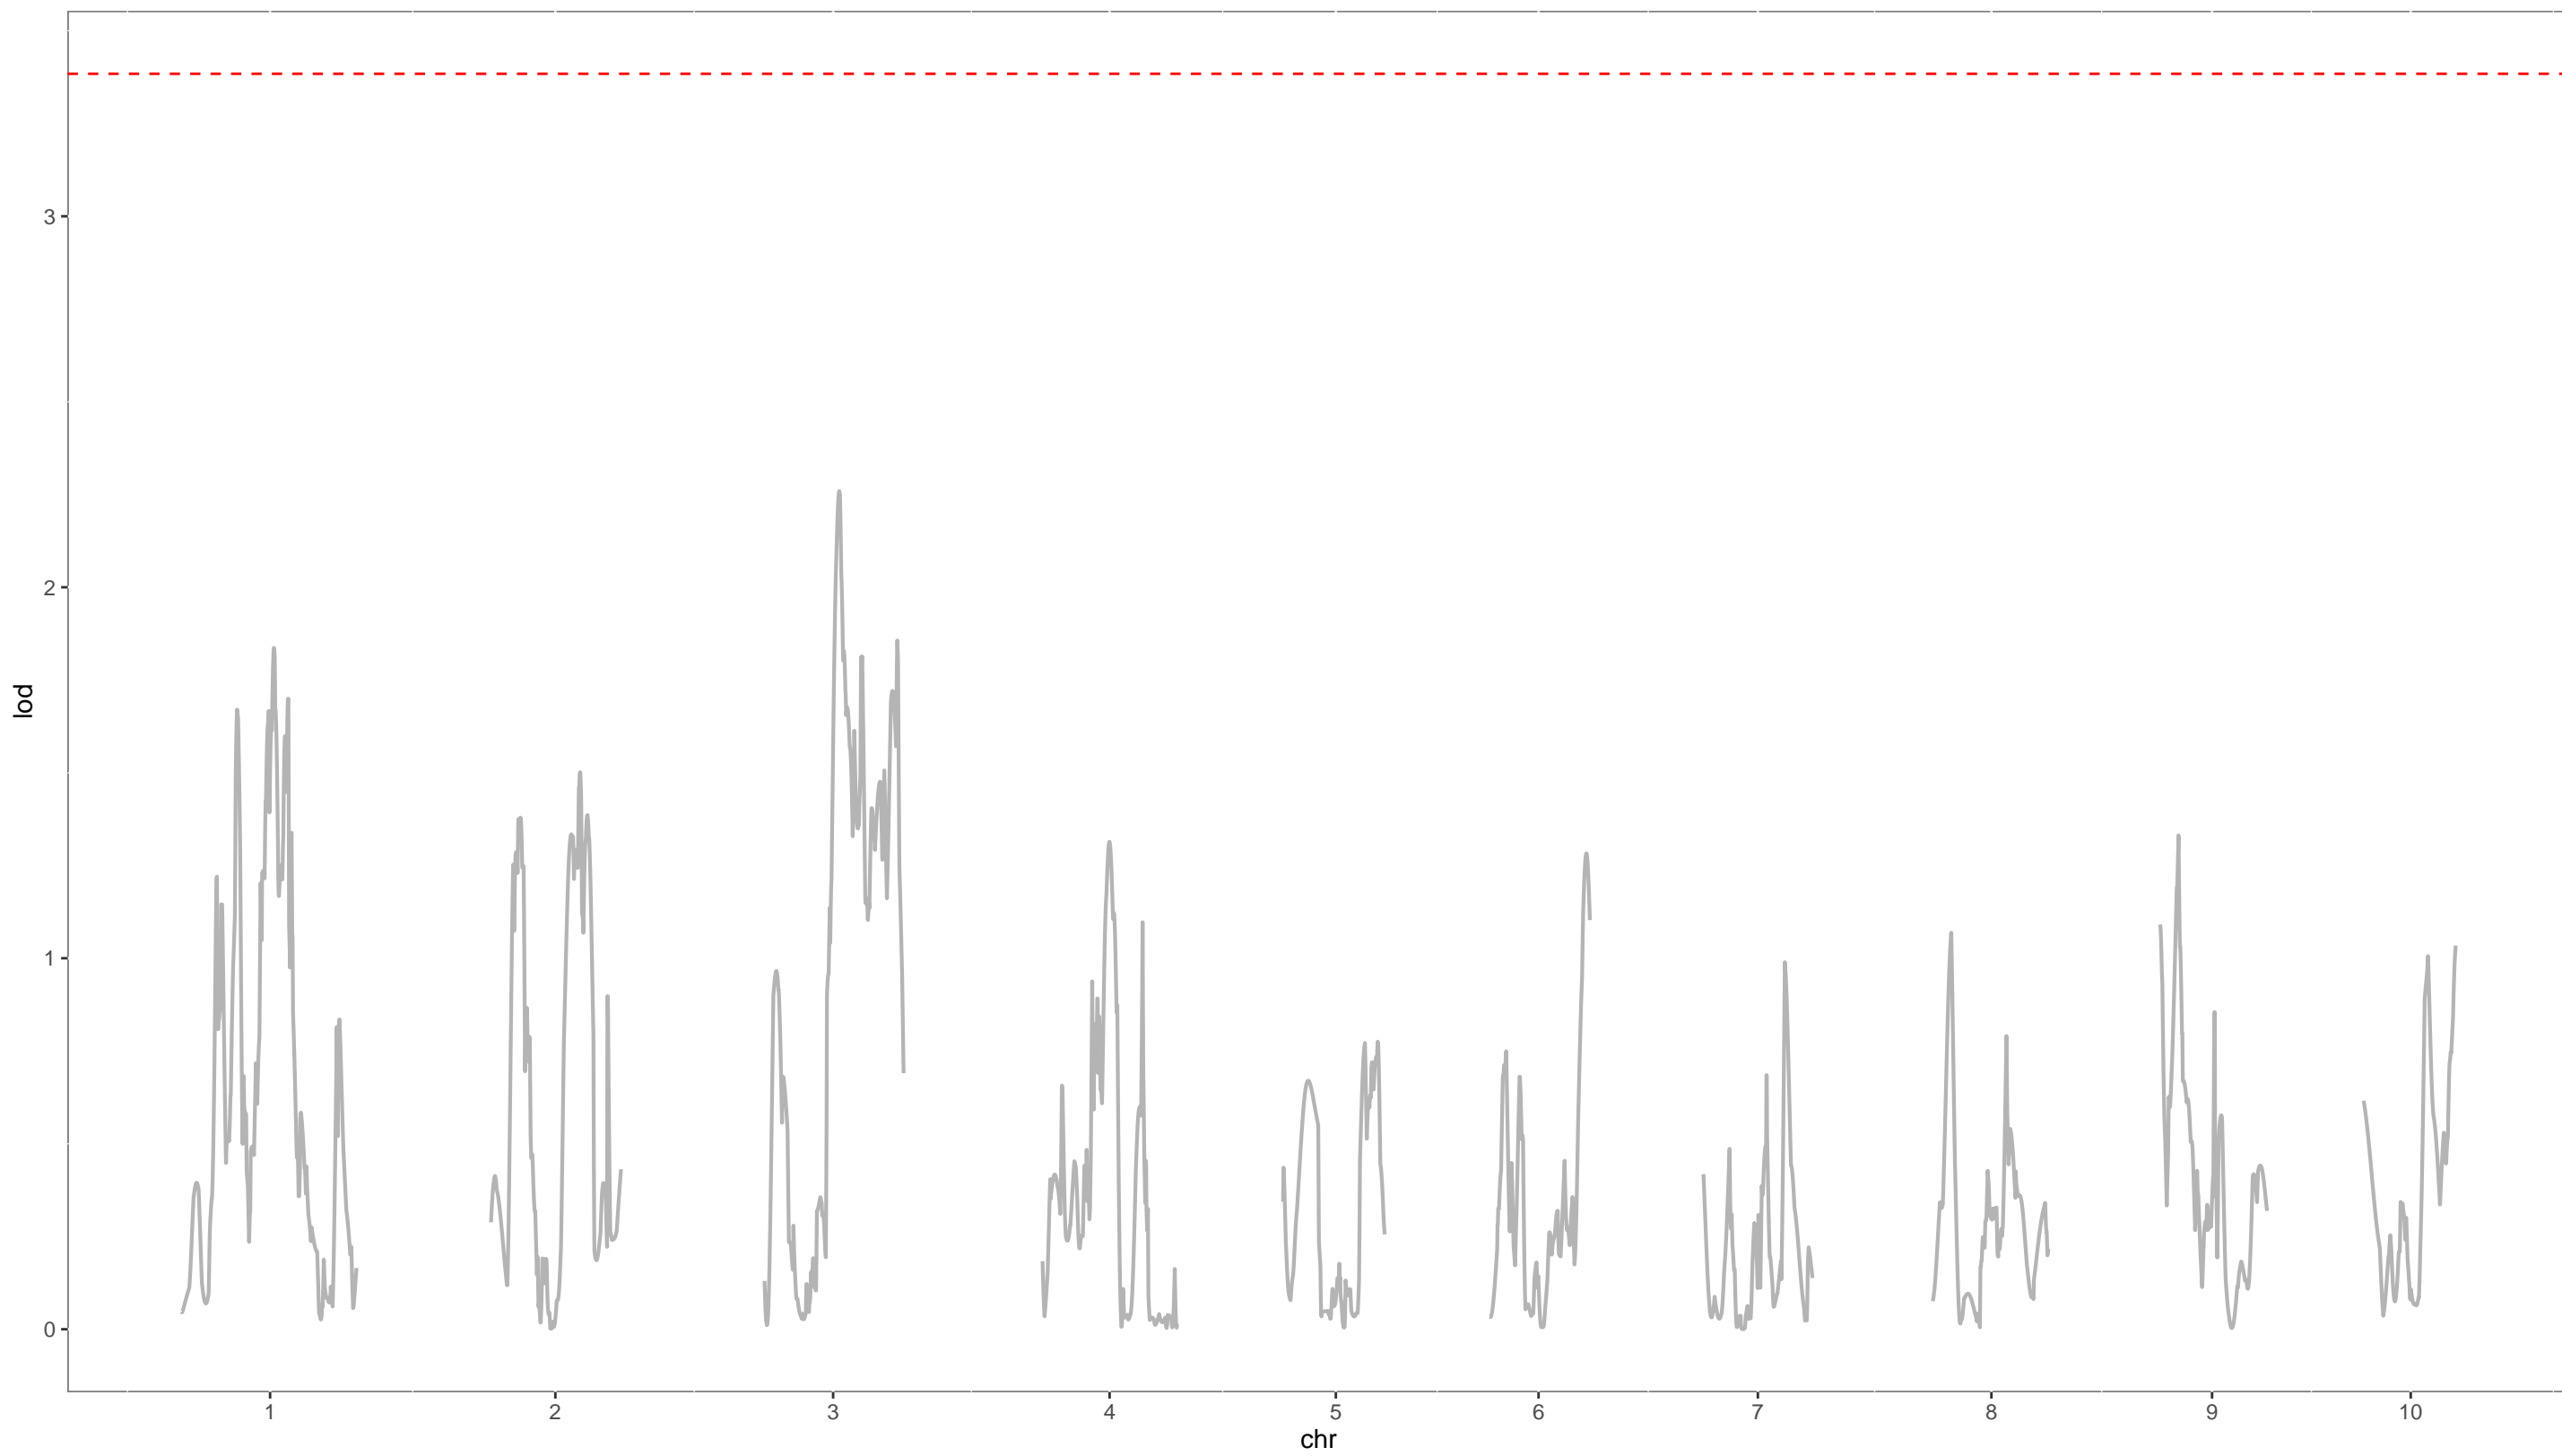

QTL analysis for additive covariate for P_seed

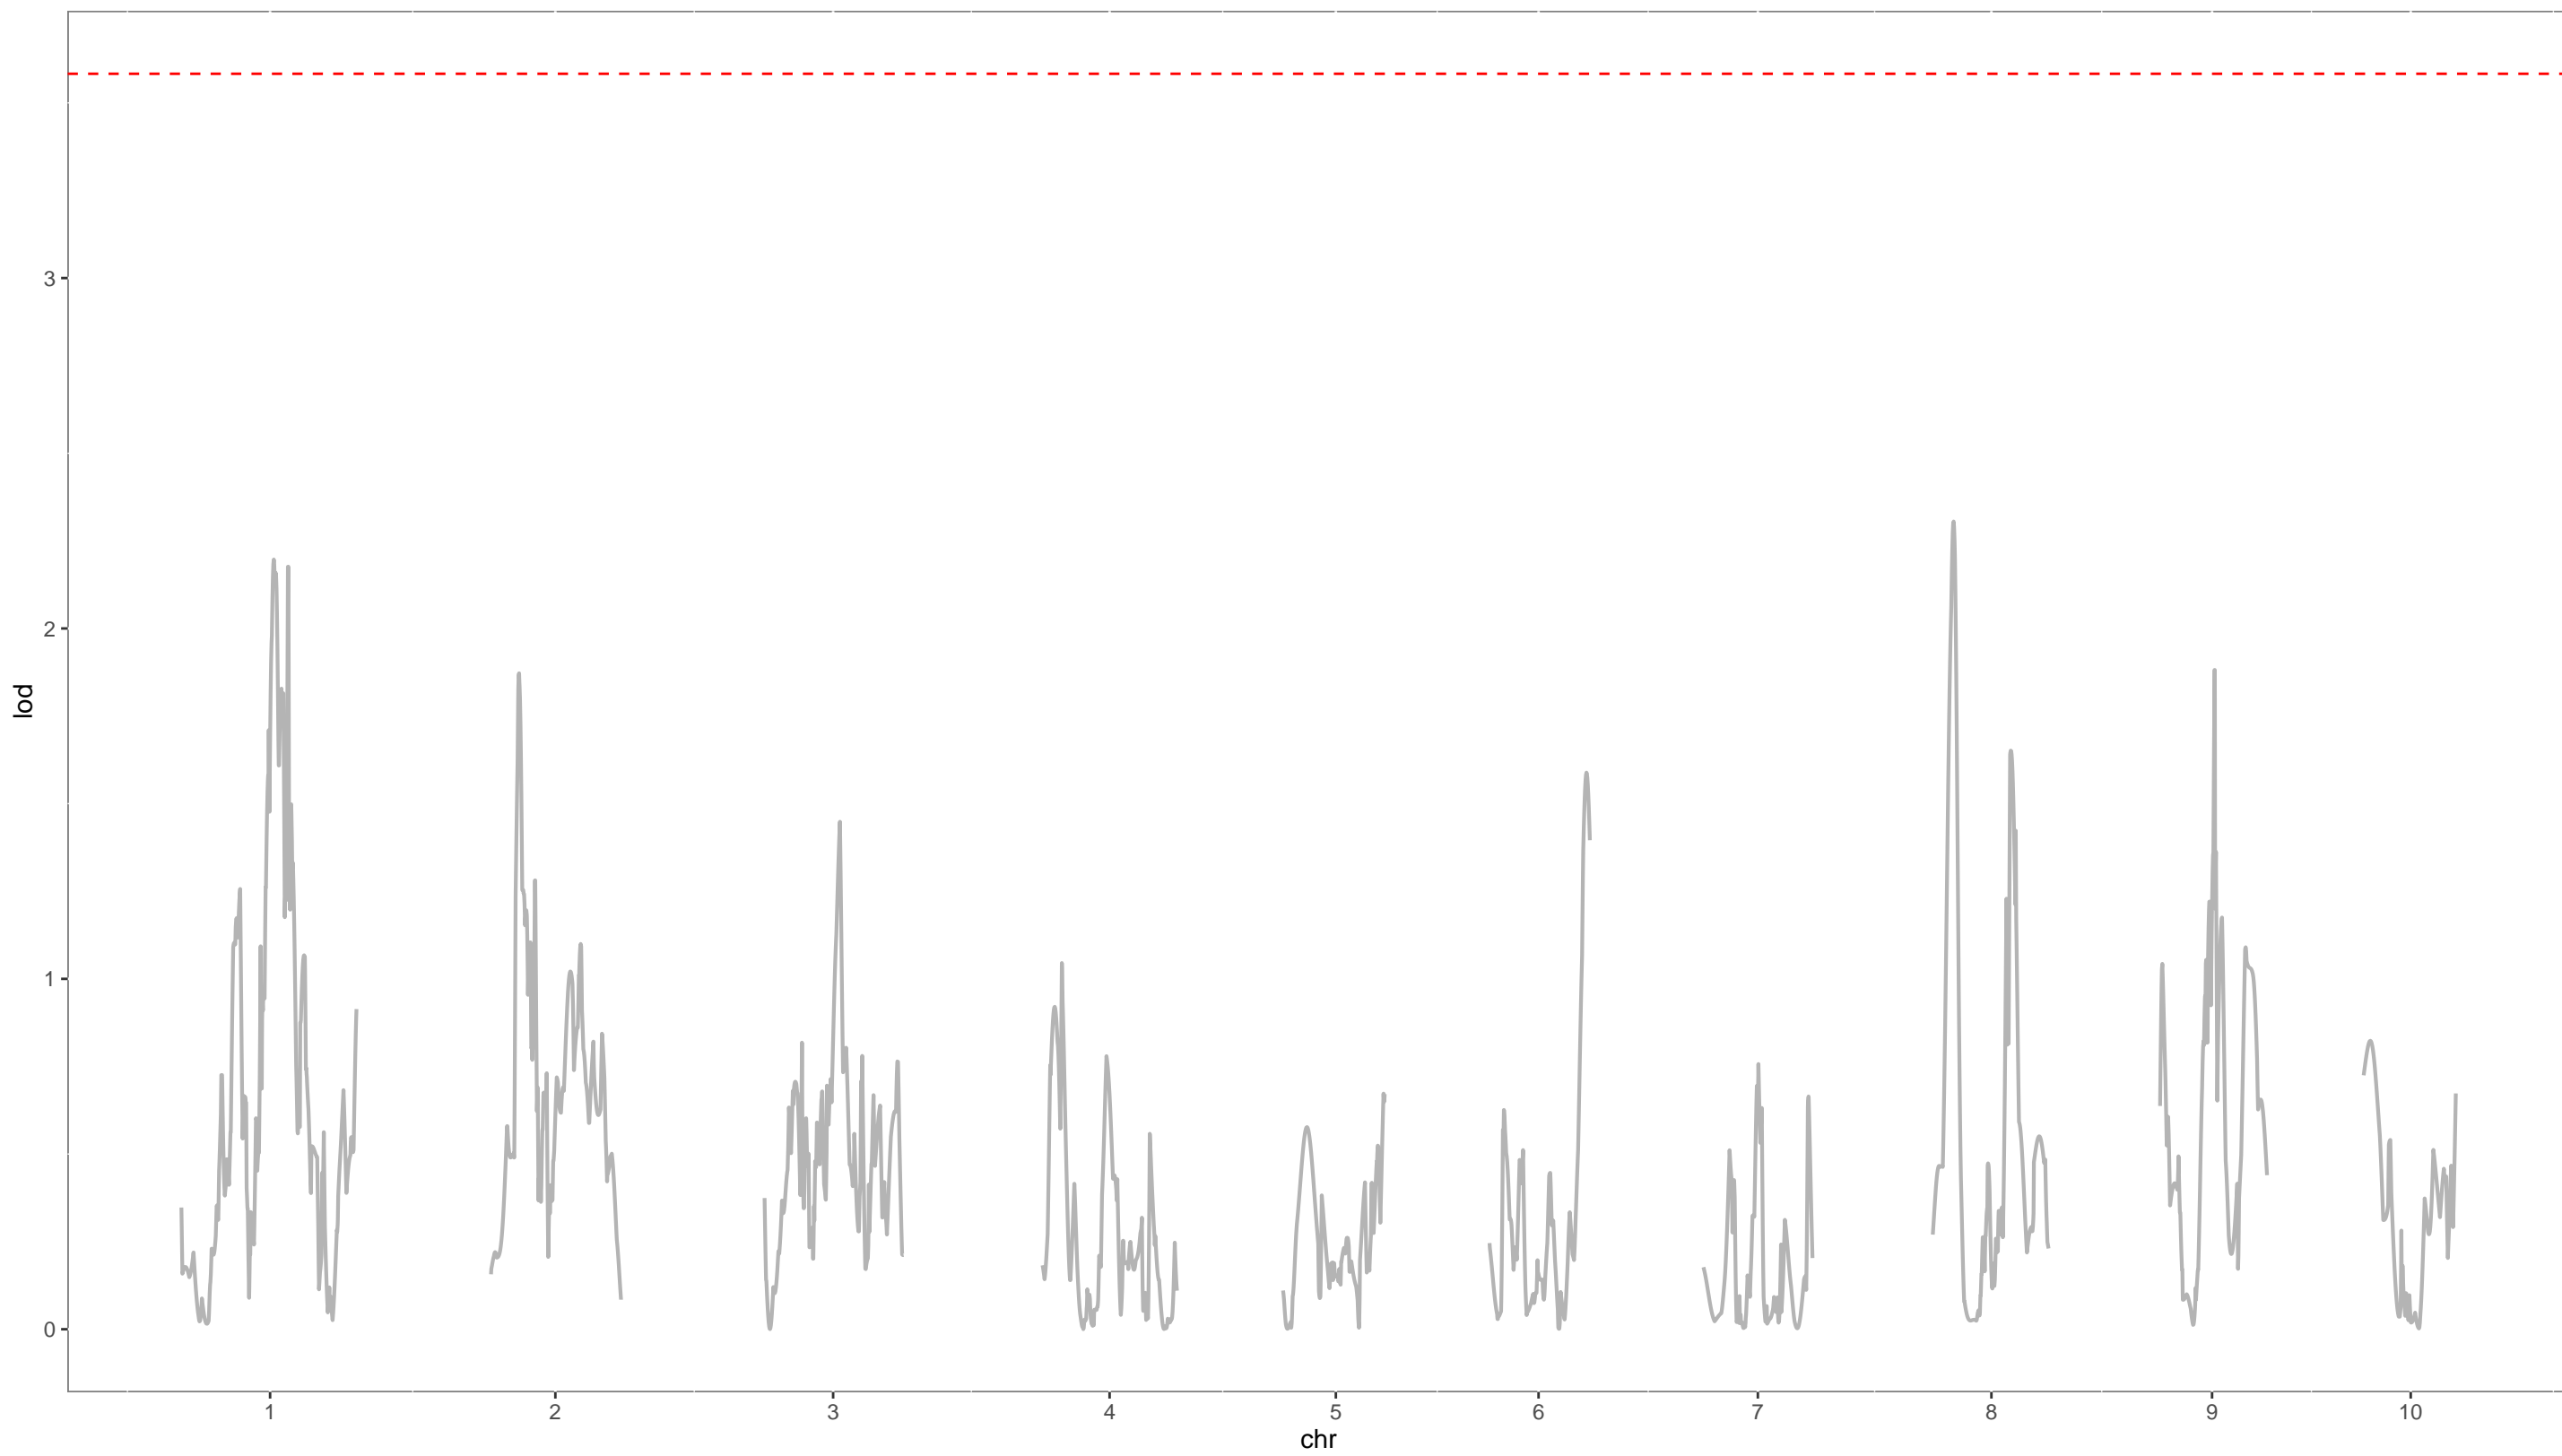

QTL analysis for additive covariate for Rb_leaf

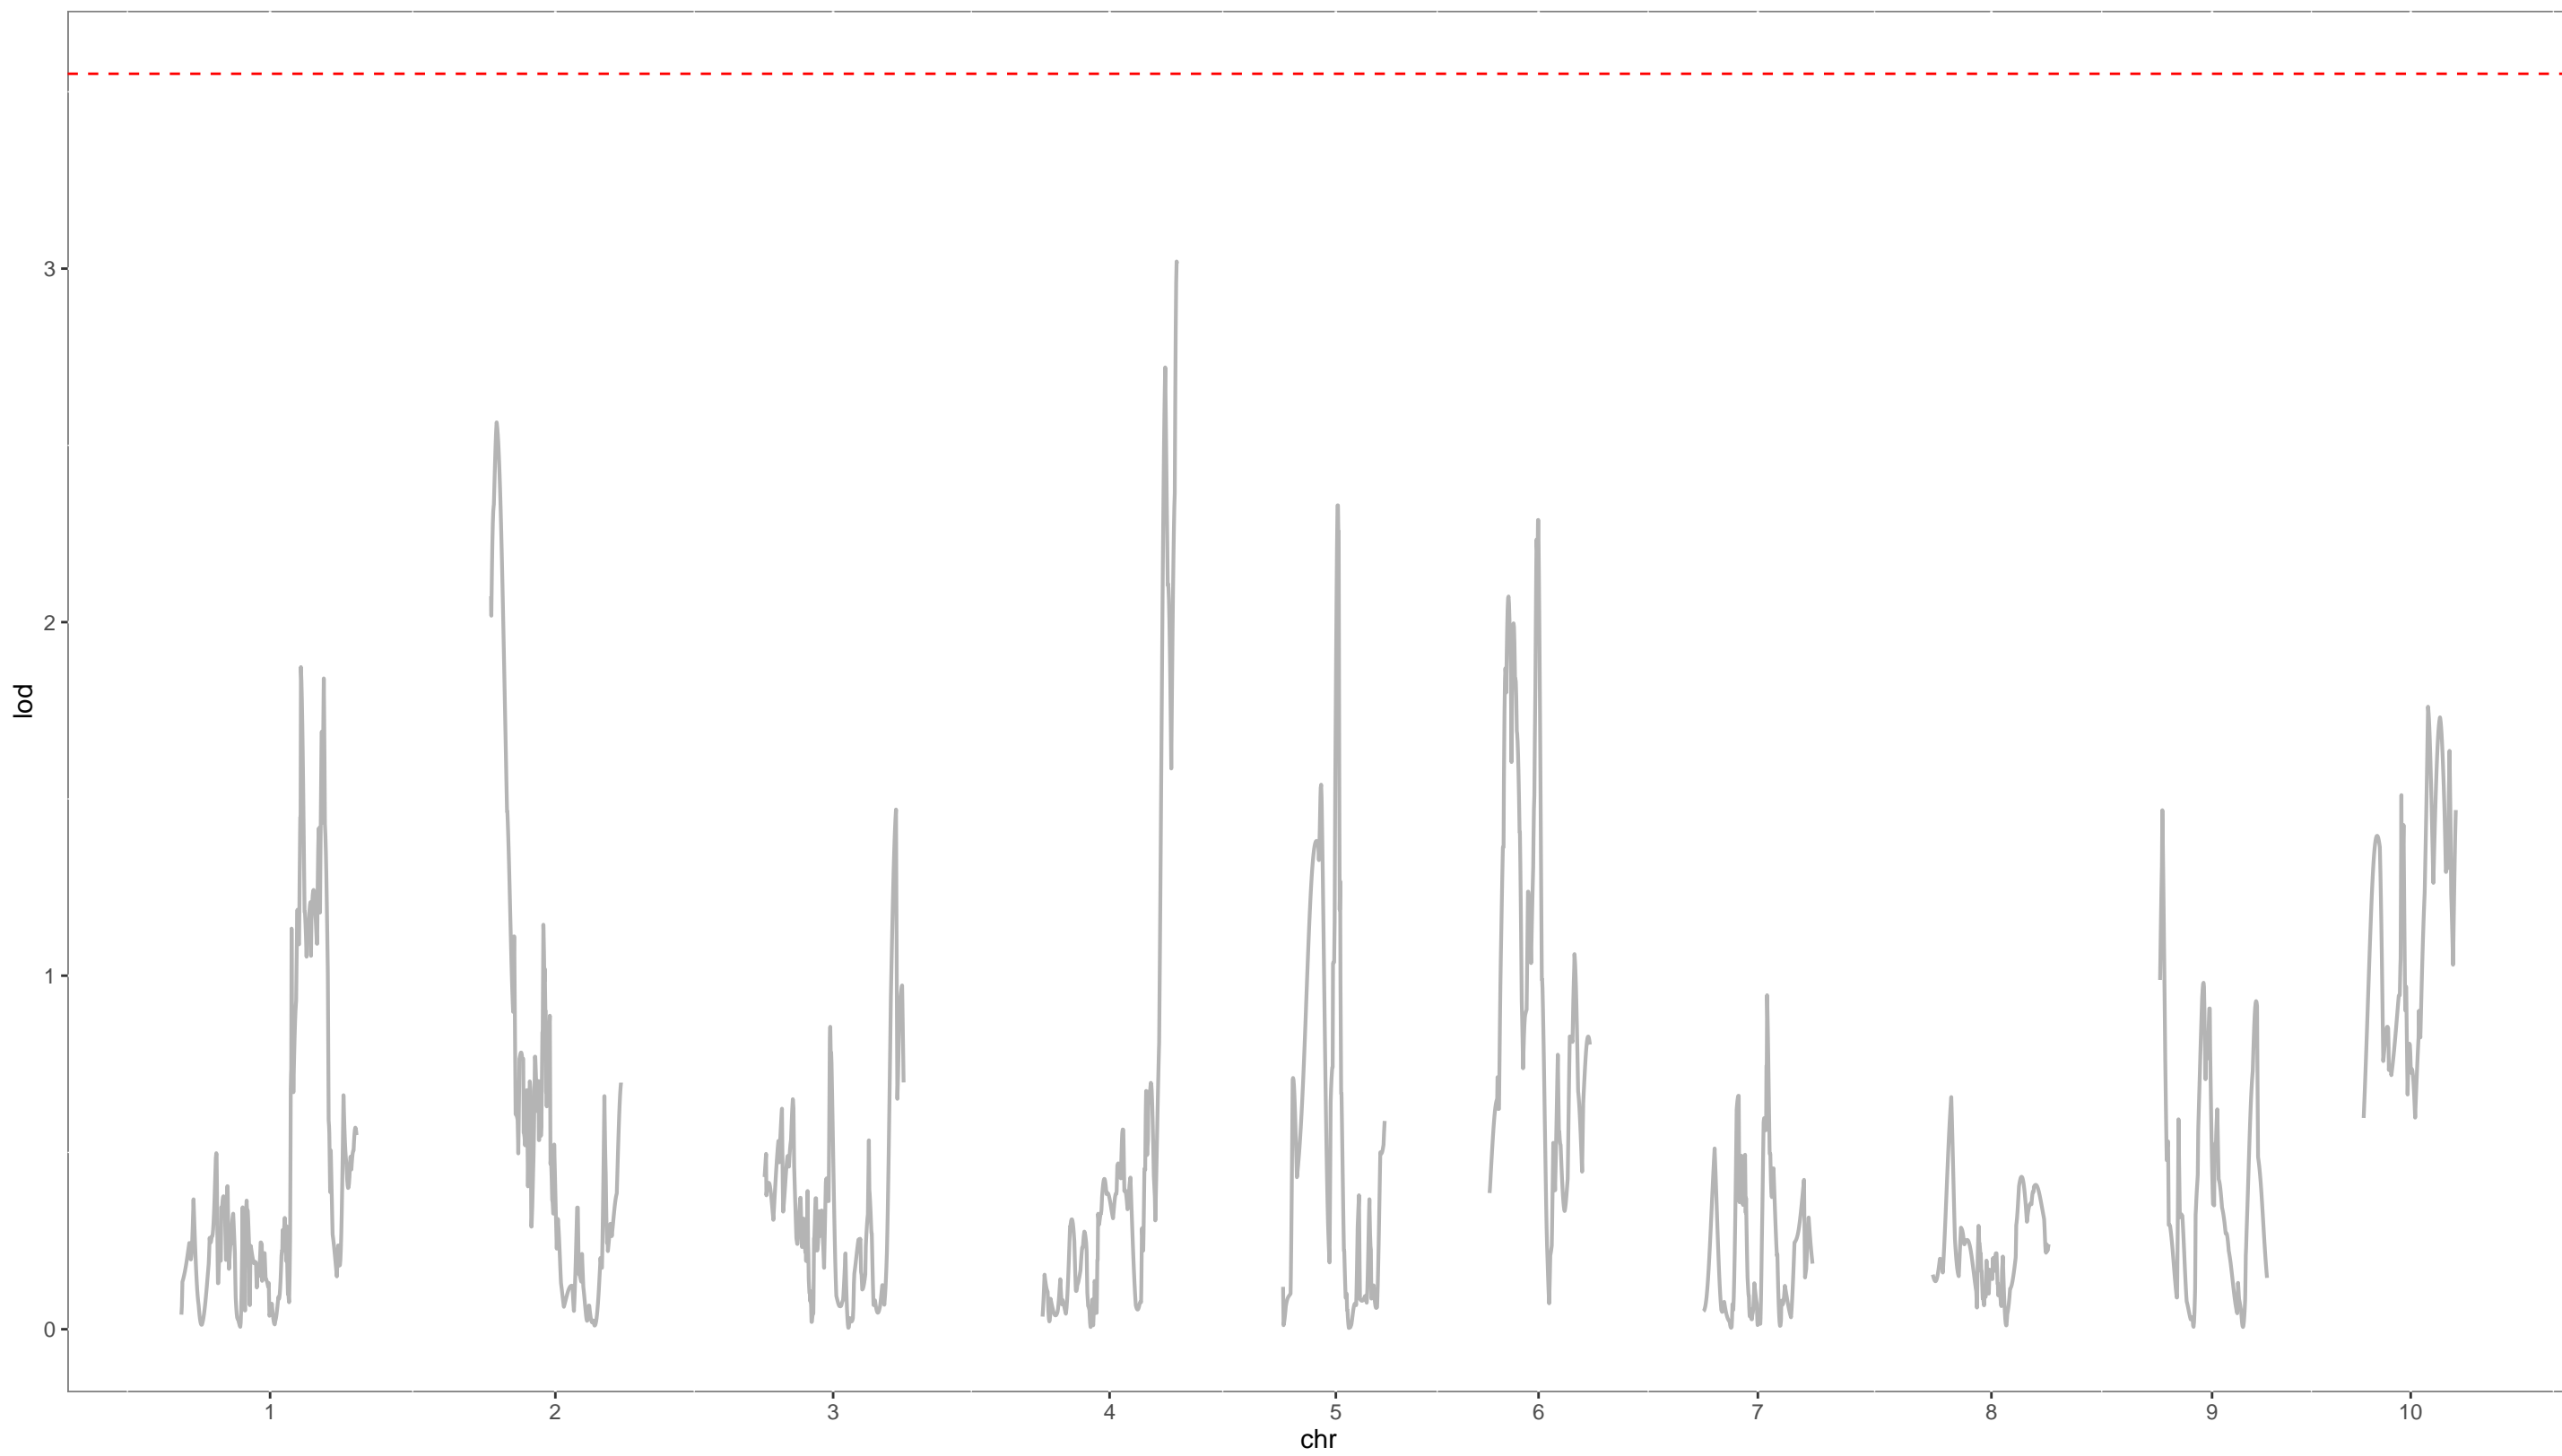

QTL analysis for additive covariate for Rb_ratio

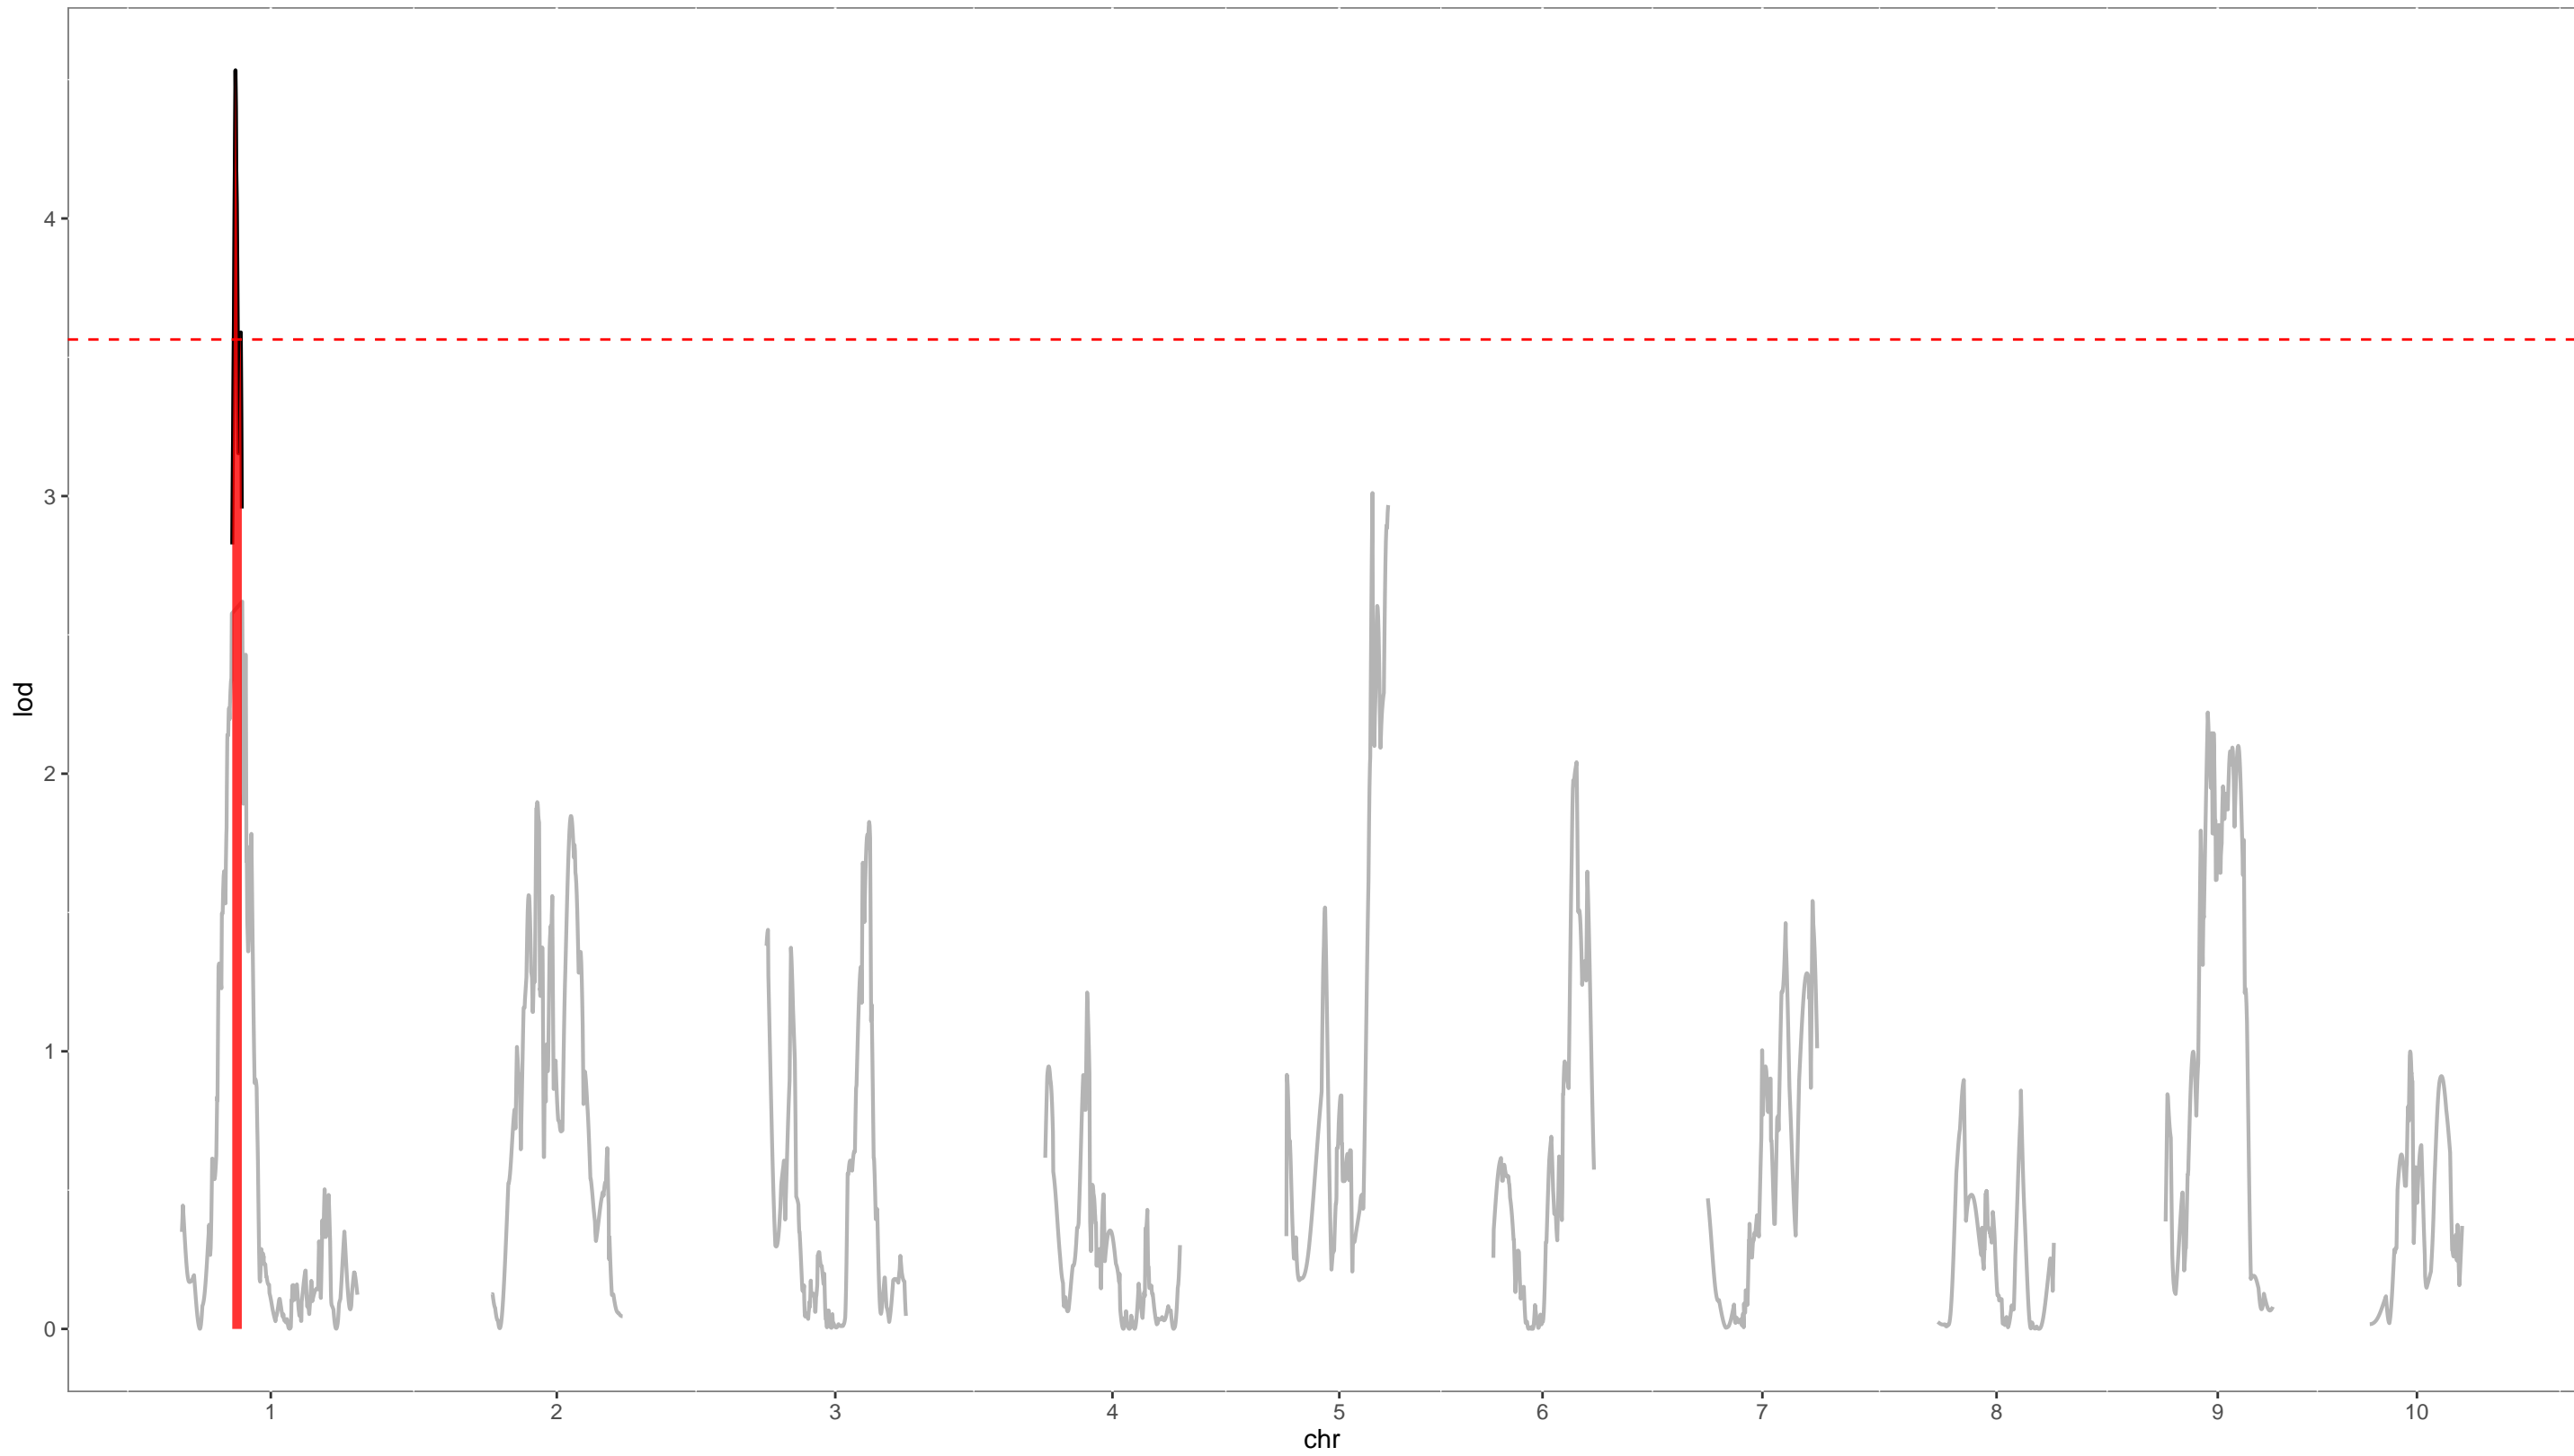

QTL analysis for additive covariate for Rb_seed

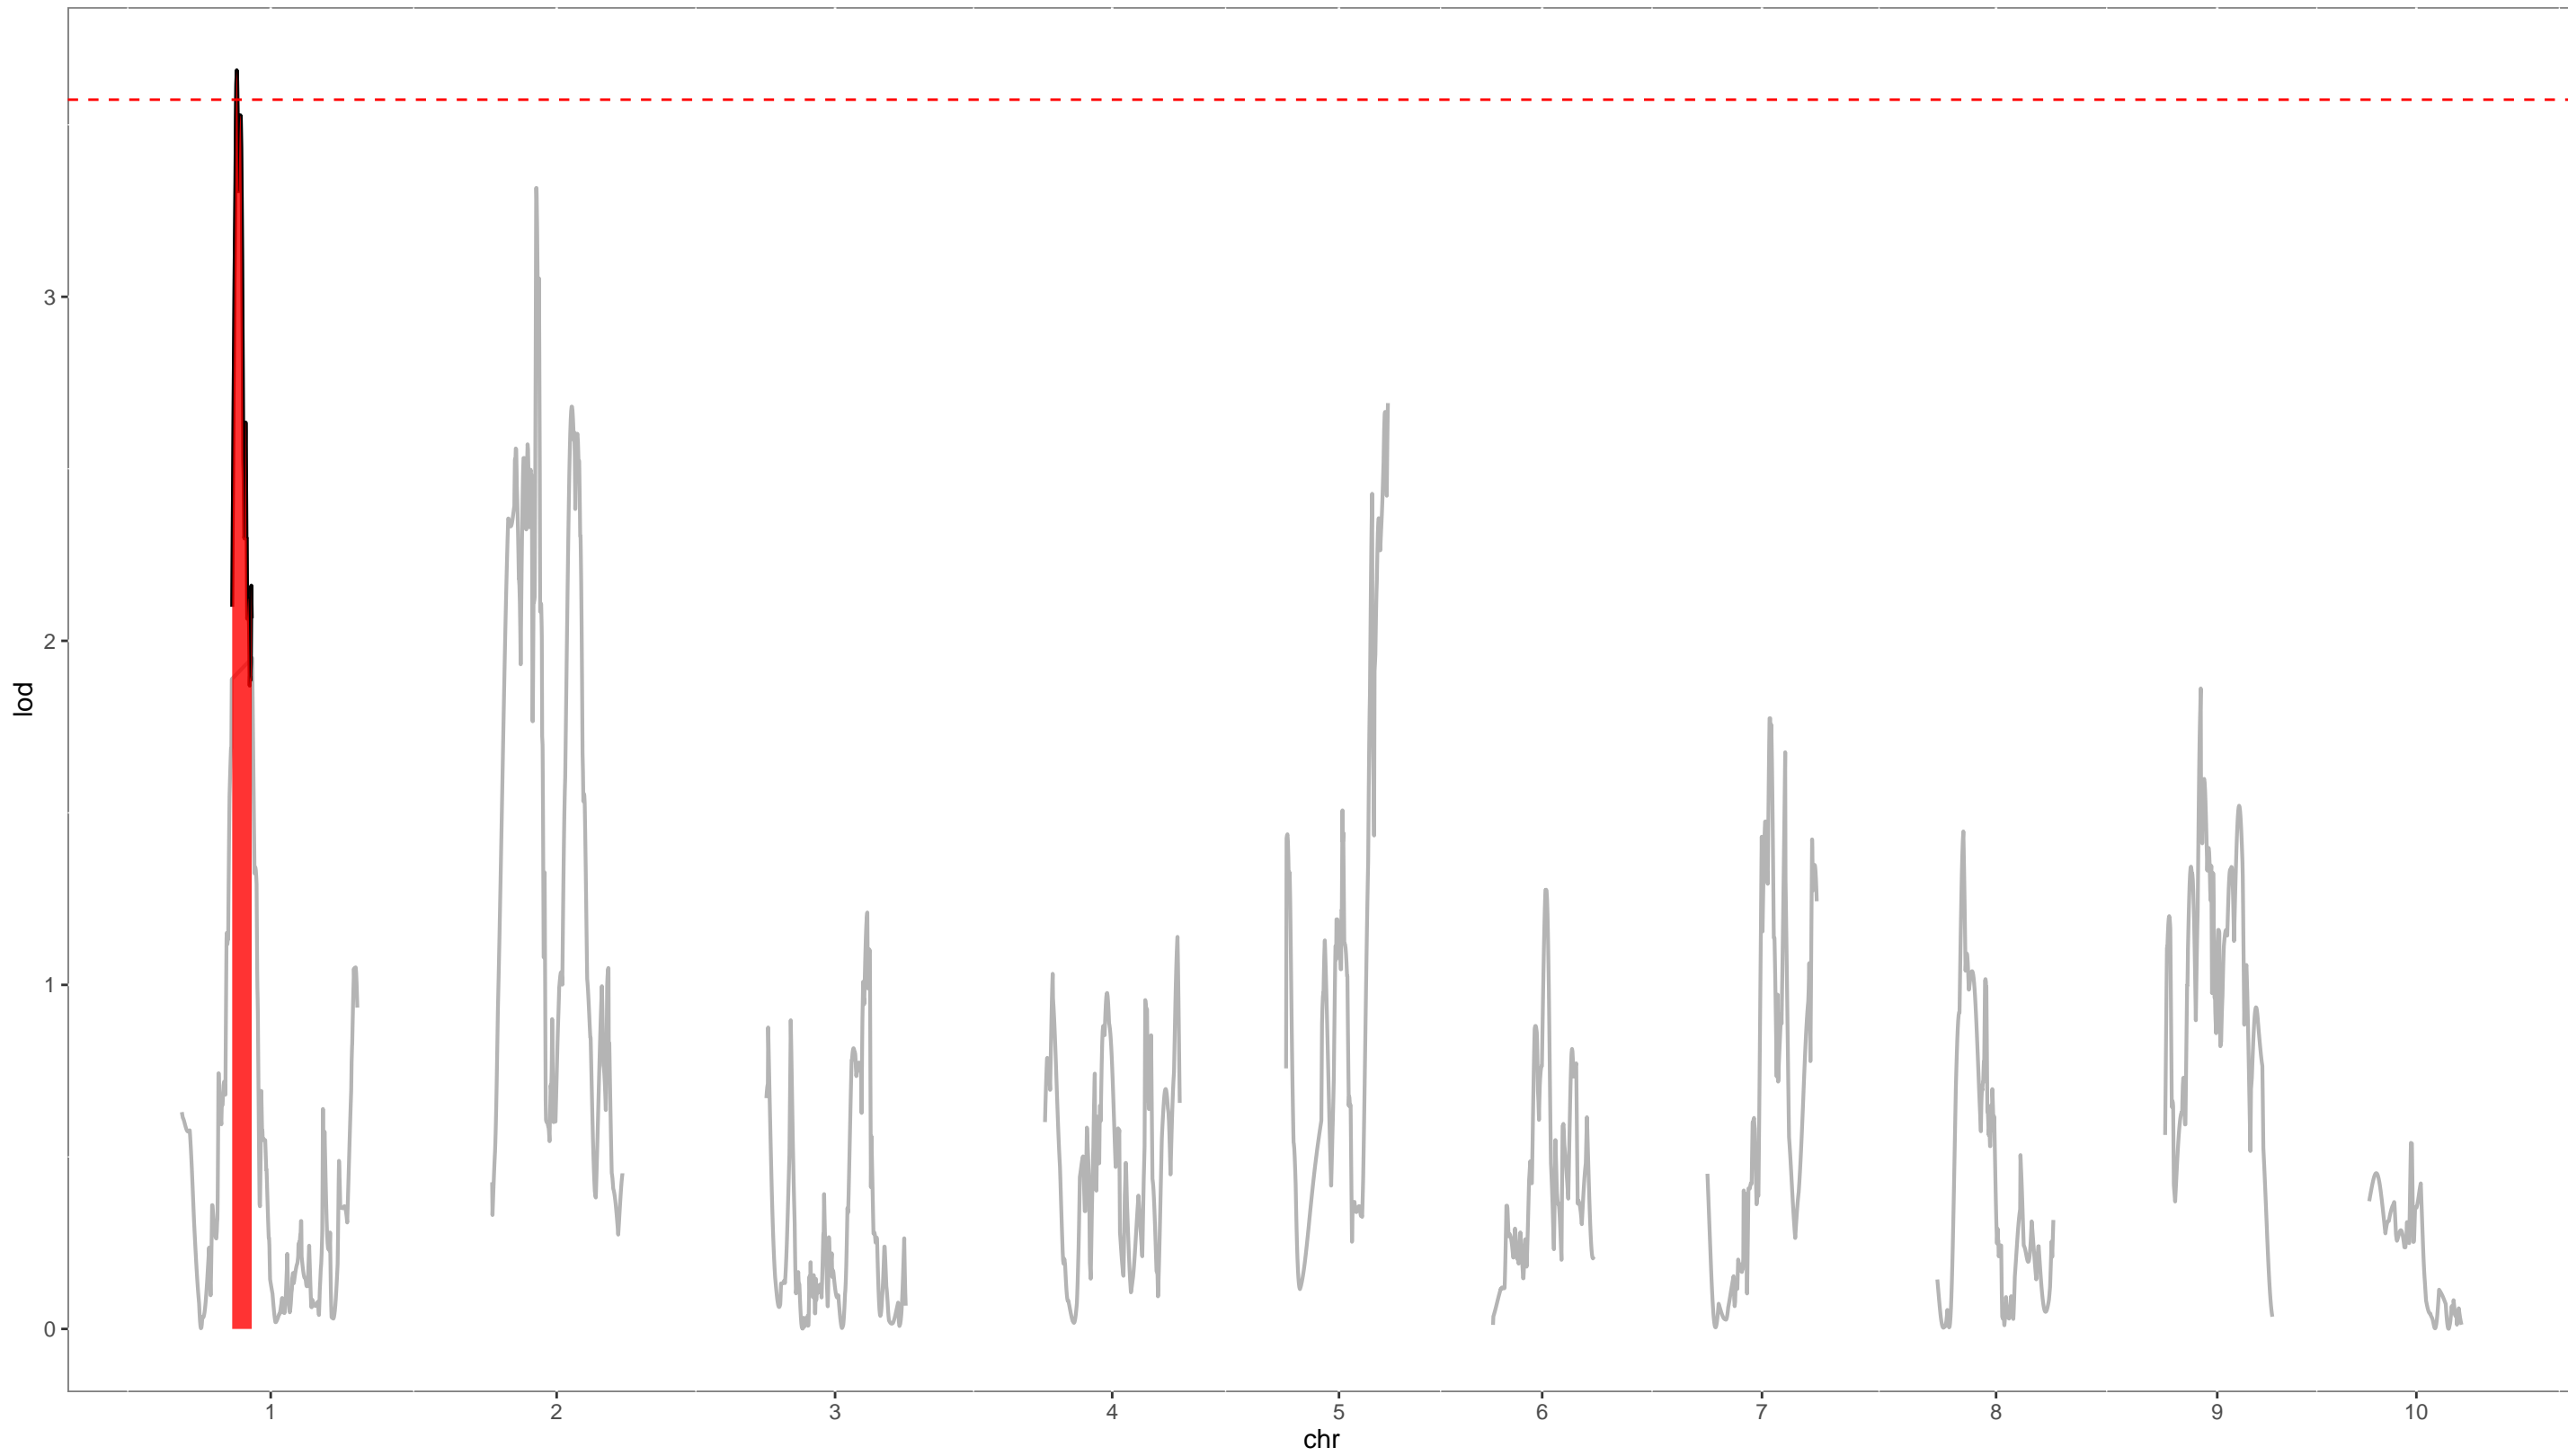

QTL analysis for additive covariate for S_leaf

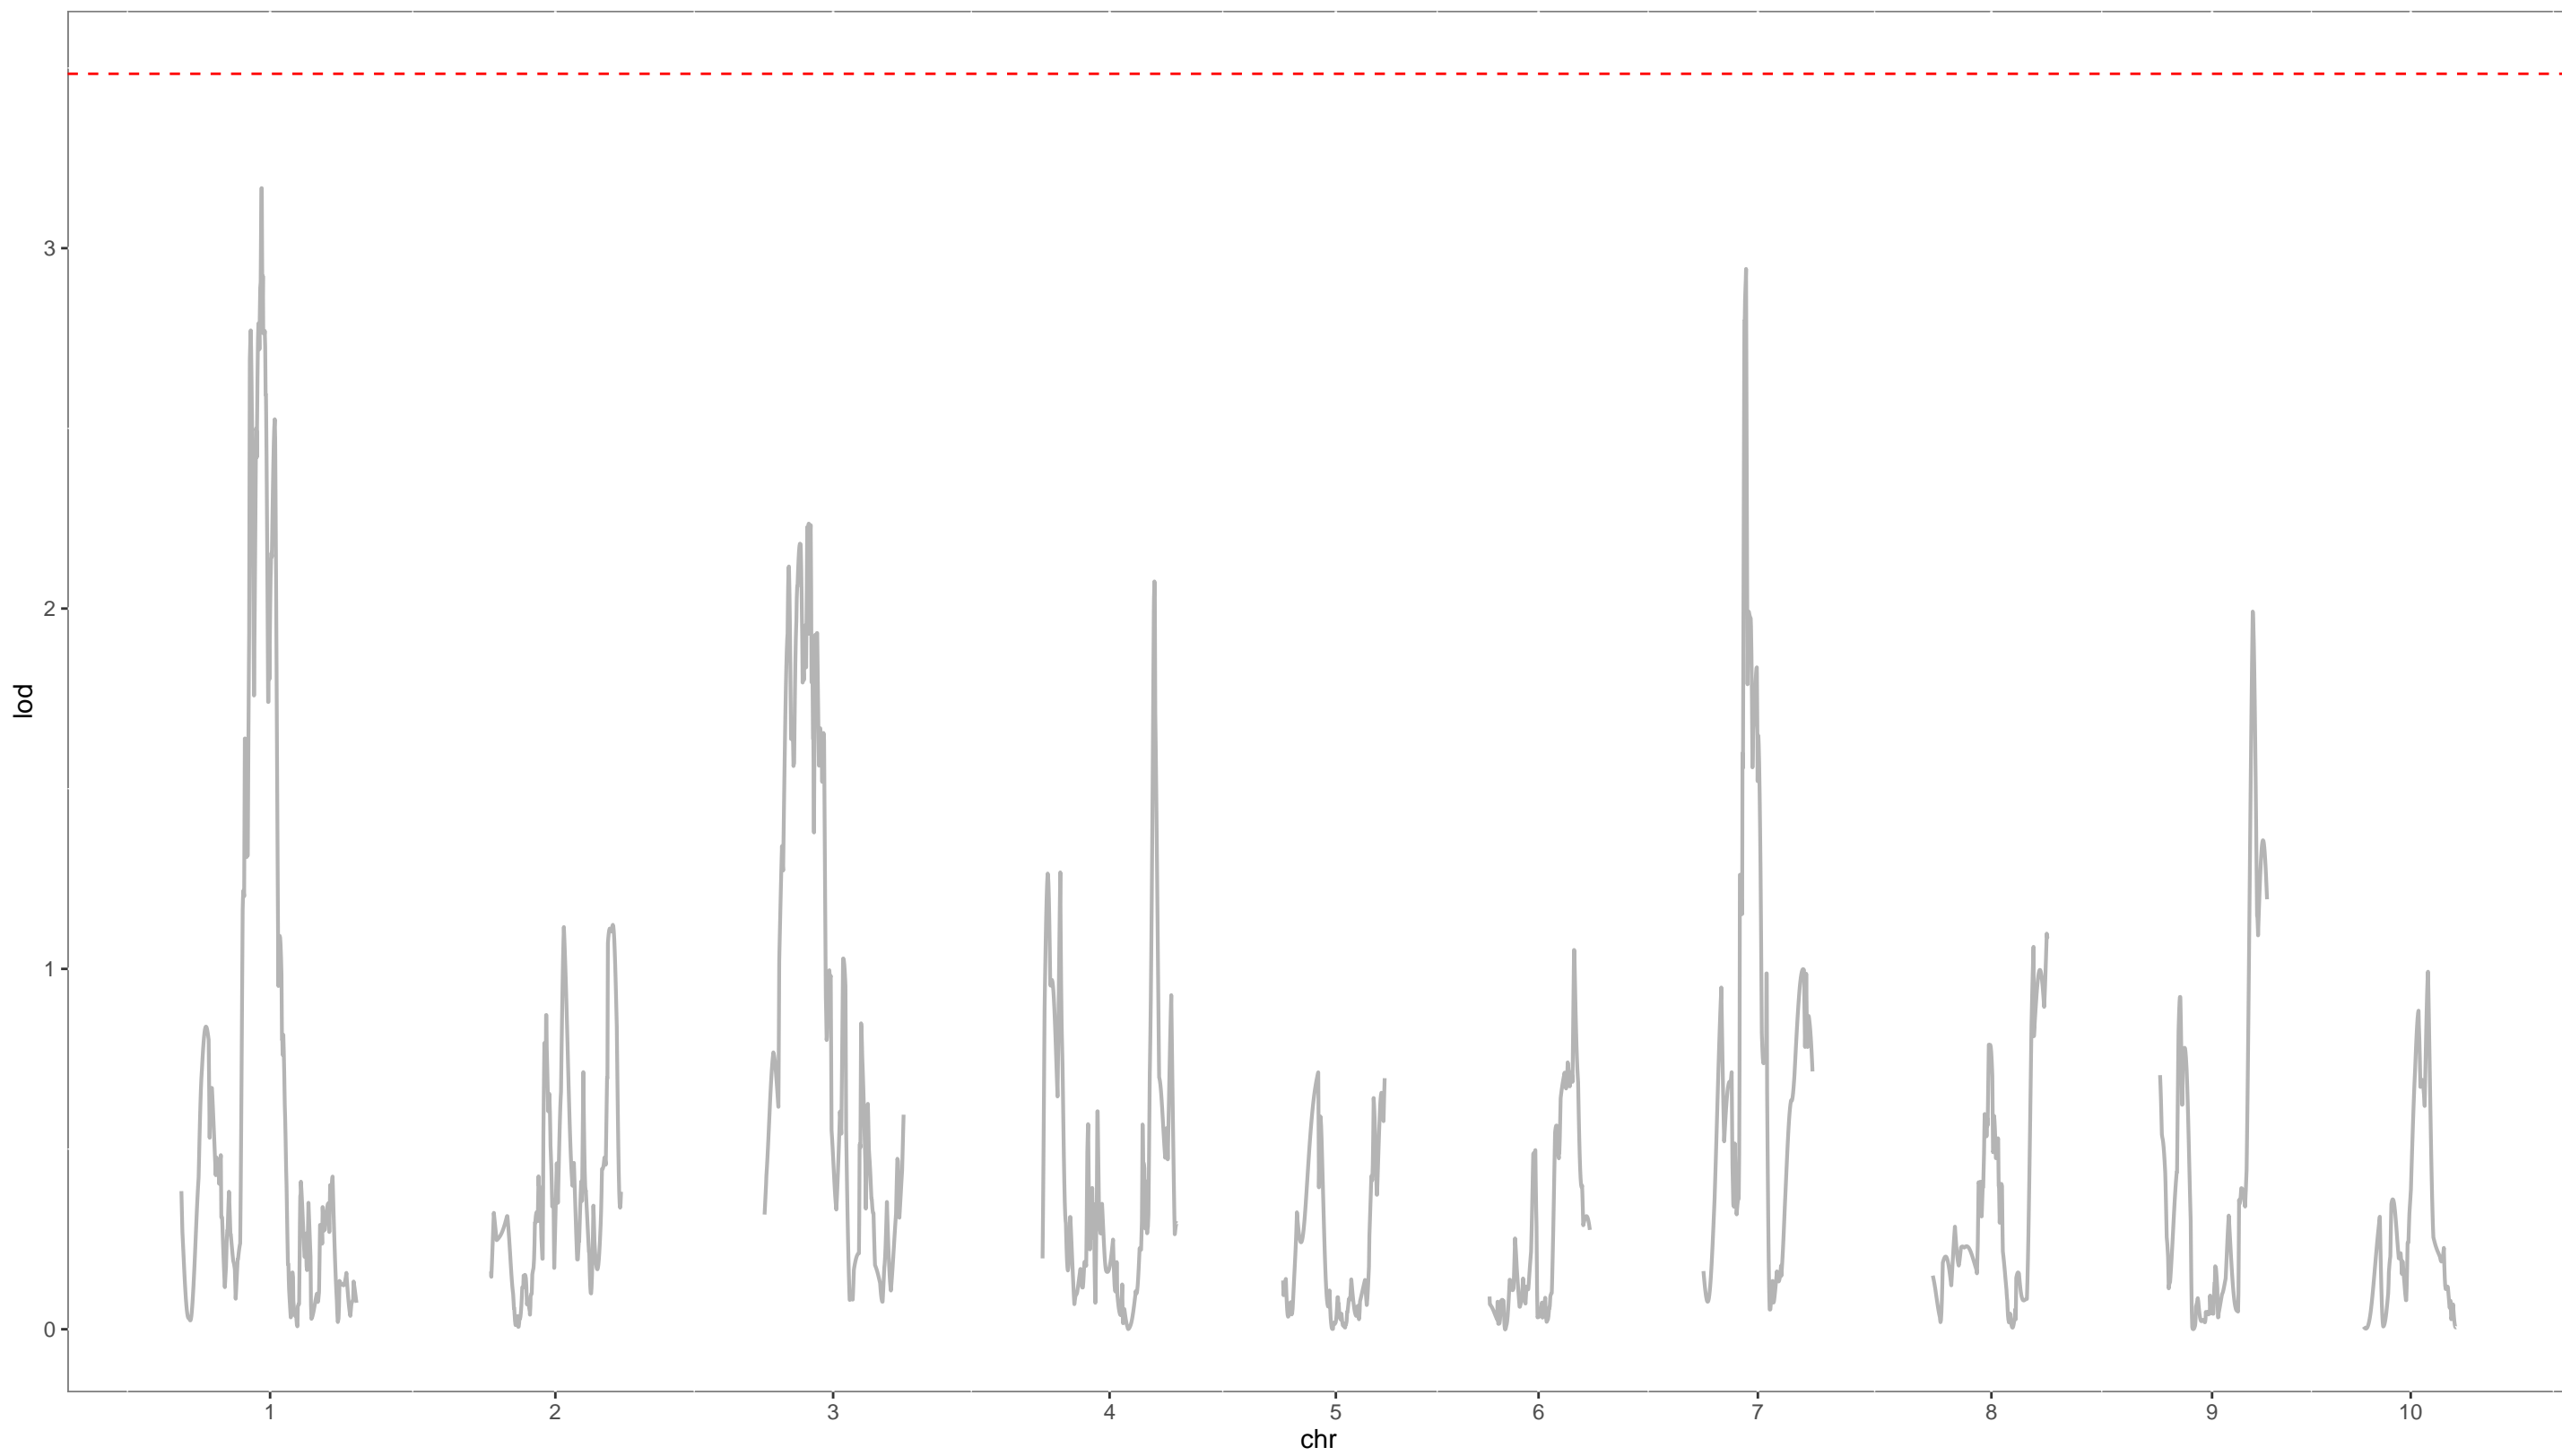

QTL analysis for additive covariate for S_ratio

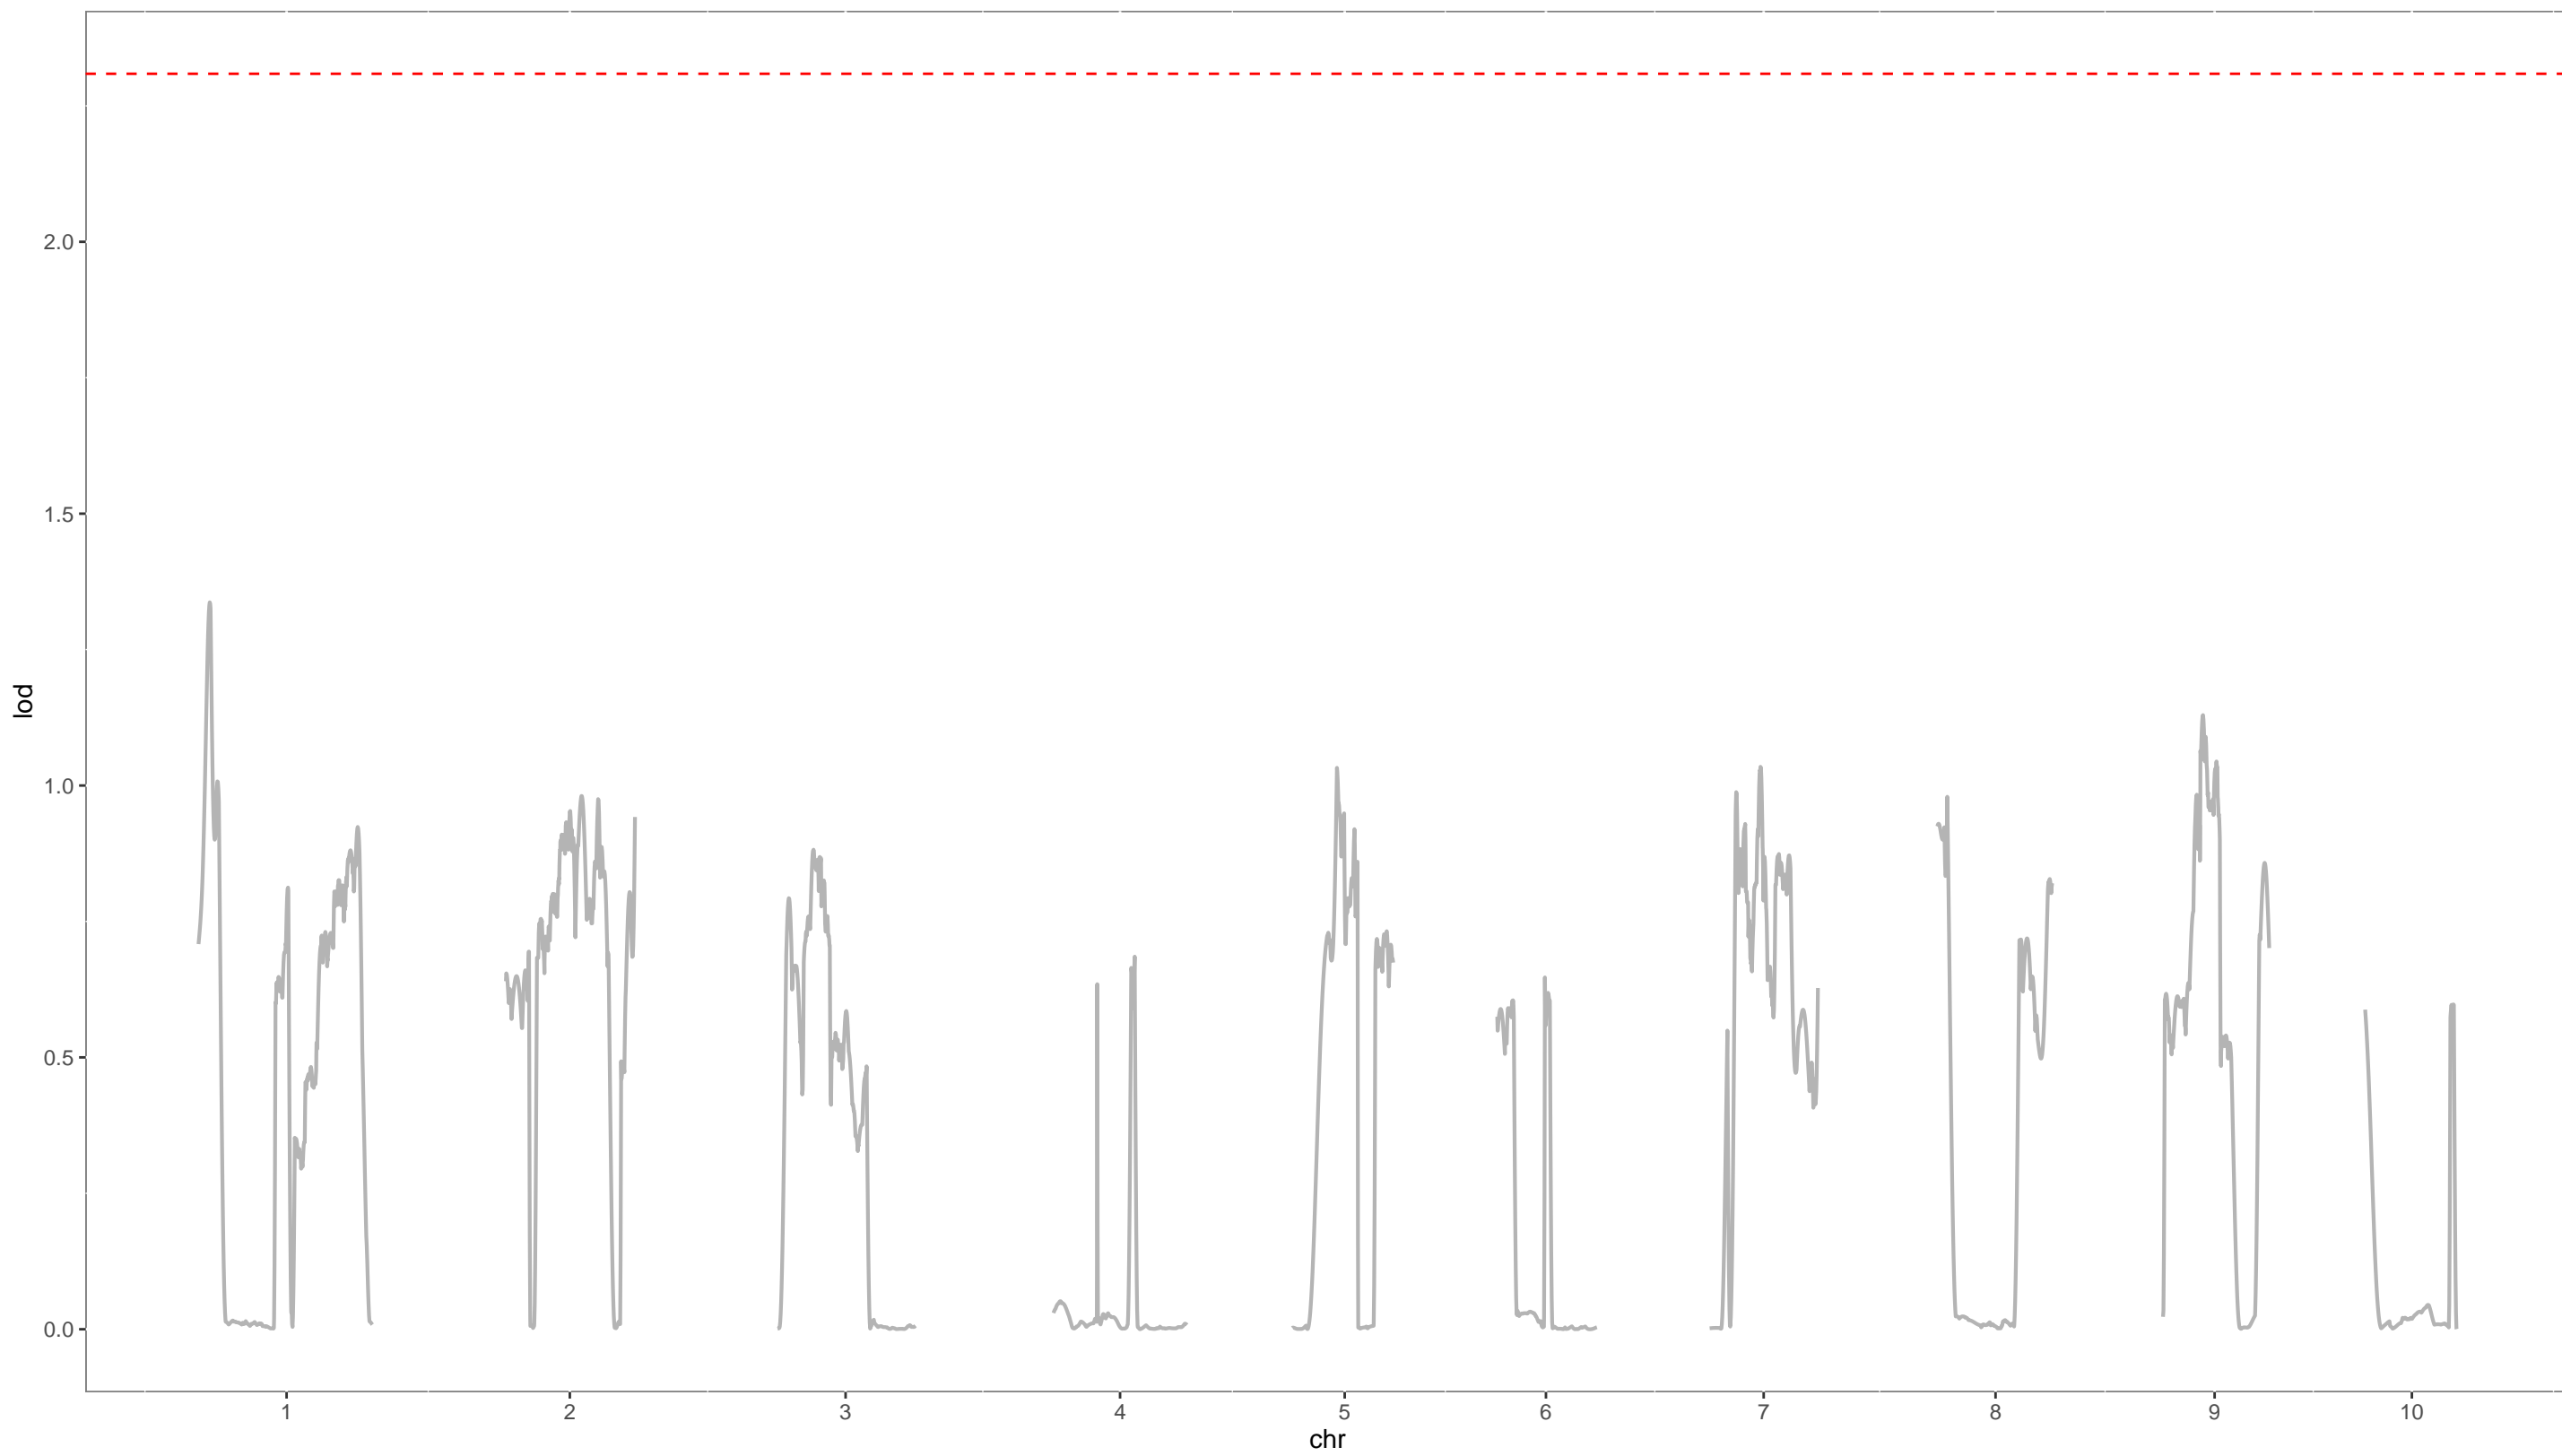

QTL analysis for additive covariate for S_seed

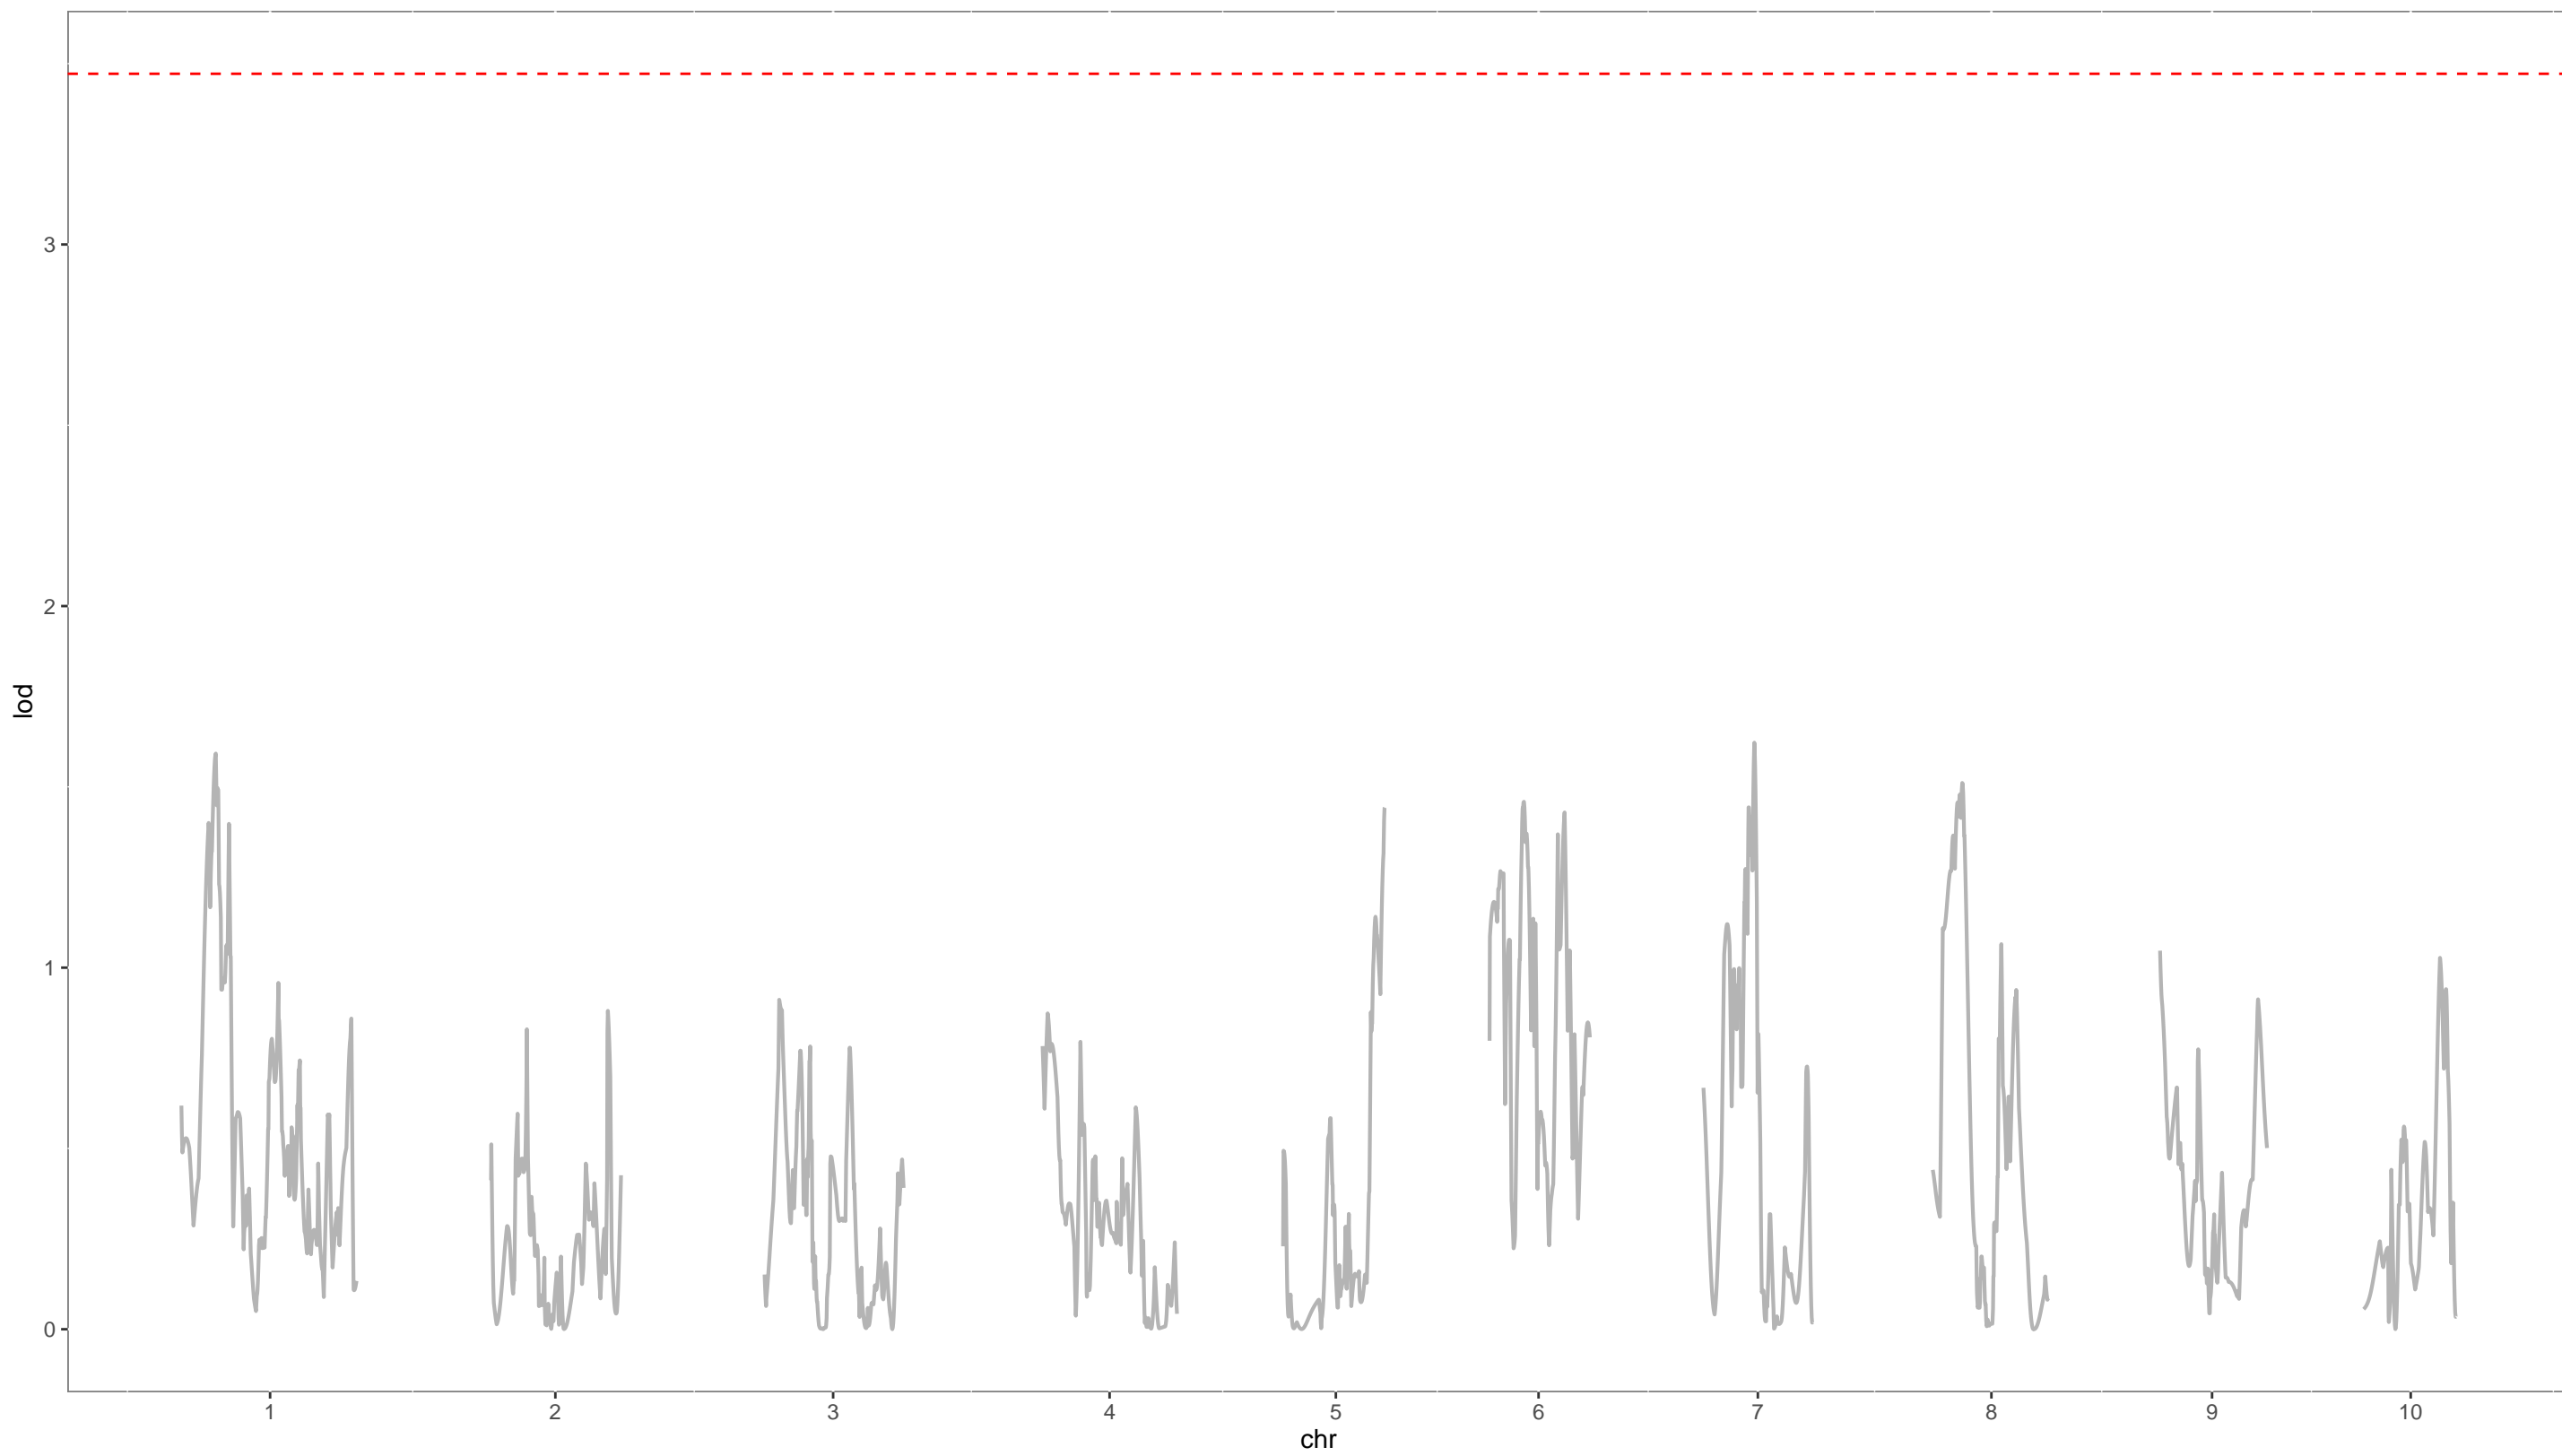

QTL analysis for additive covariate for Se_leaf

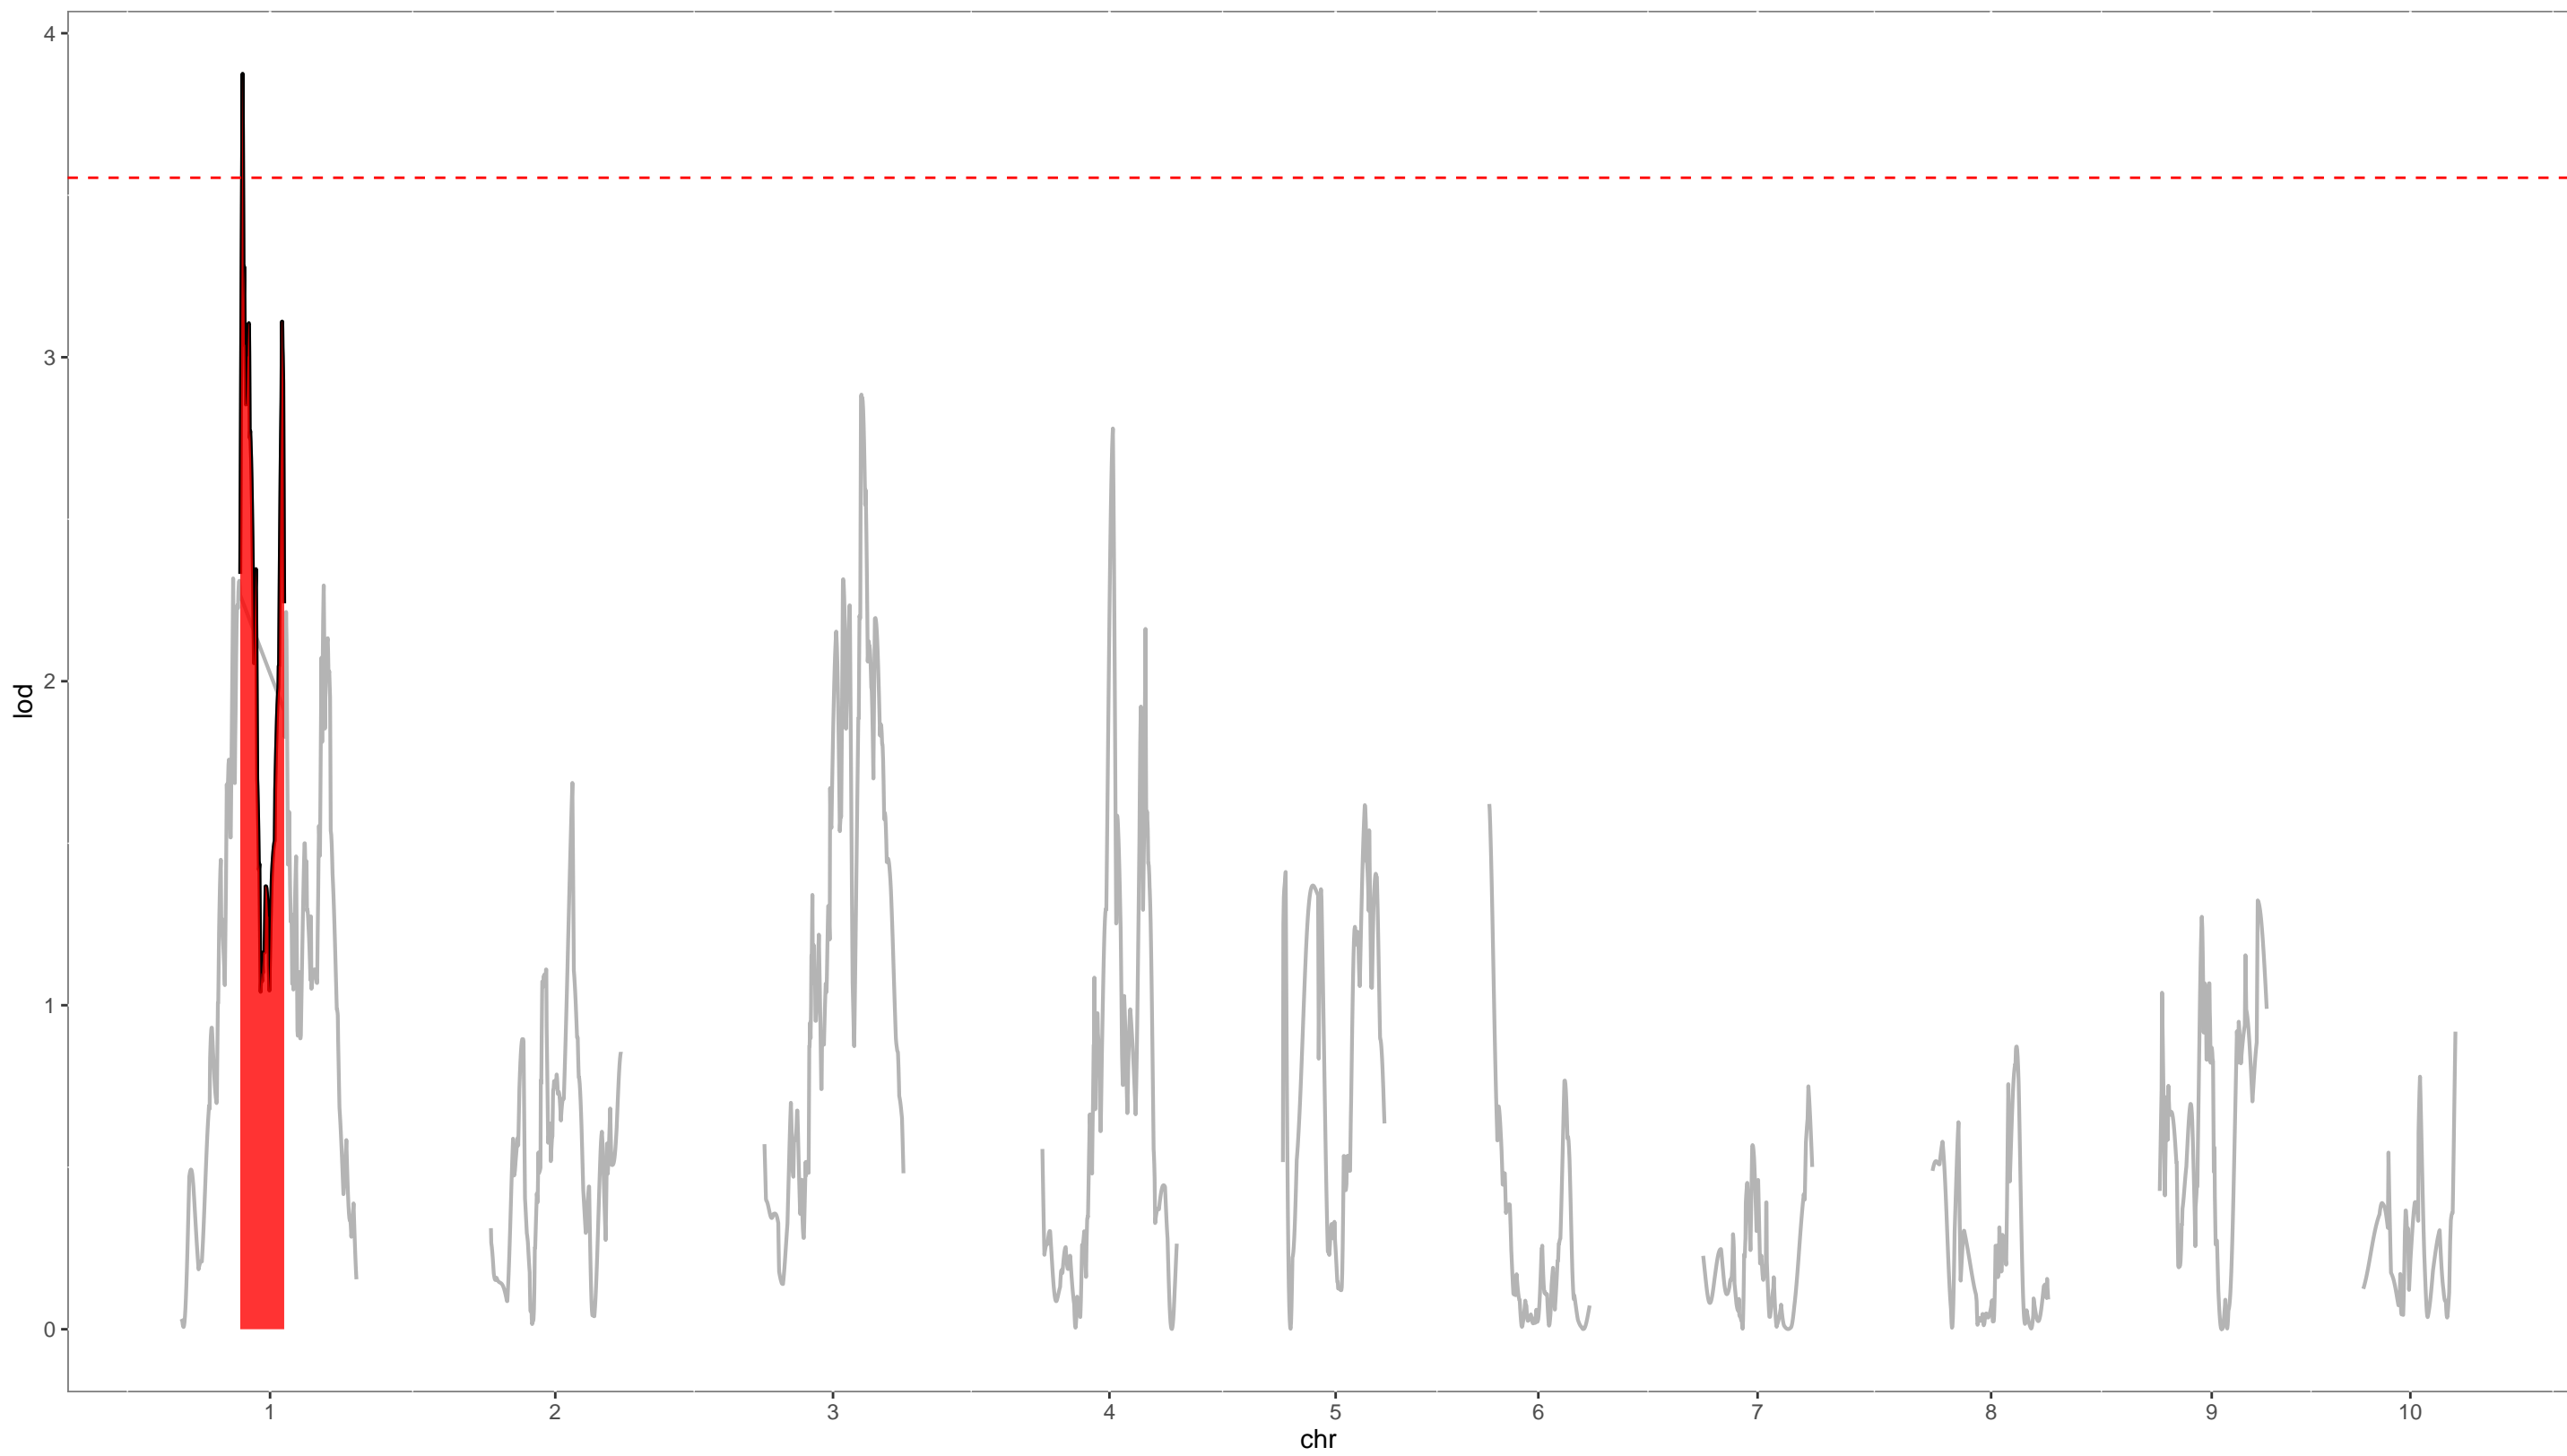

QTL analysis for additive covariate for Se_ratio

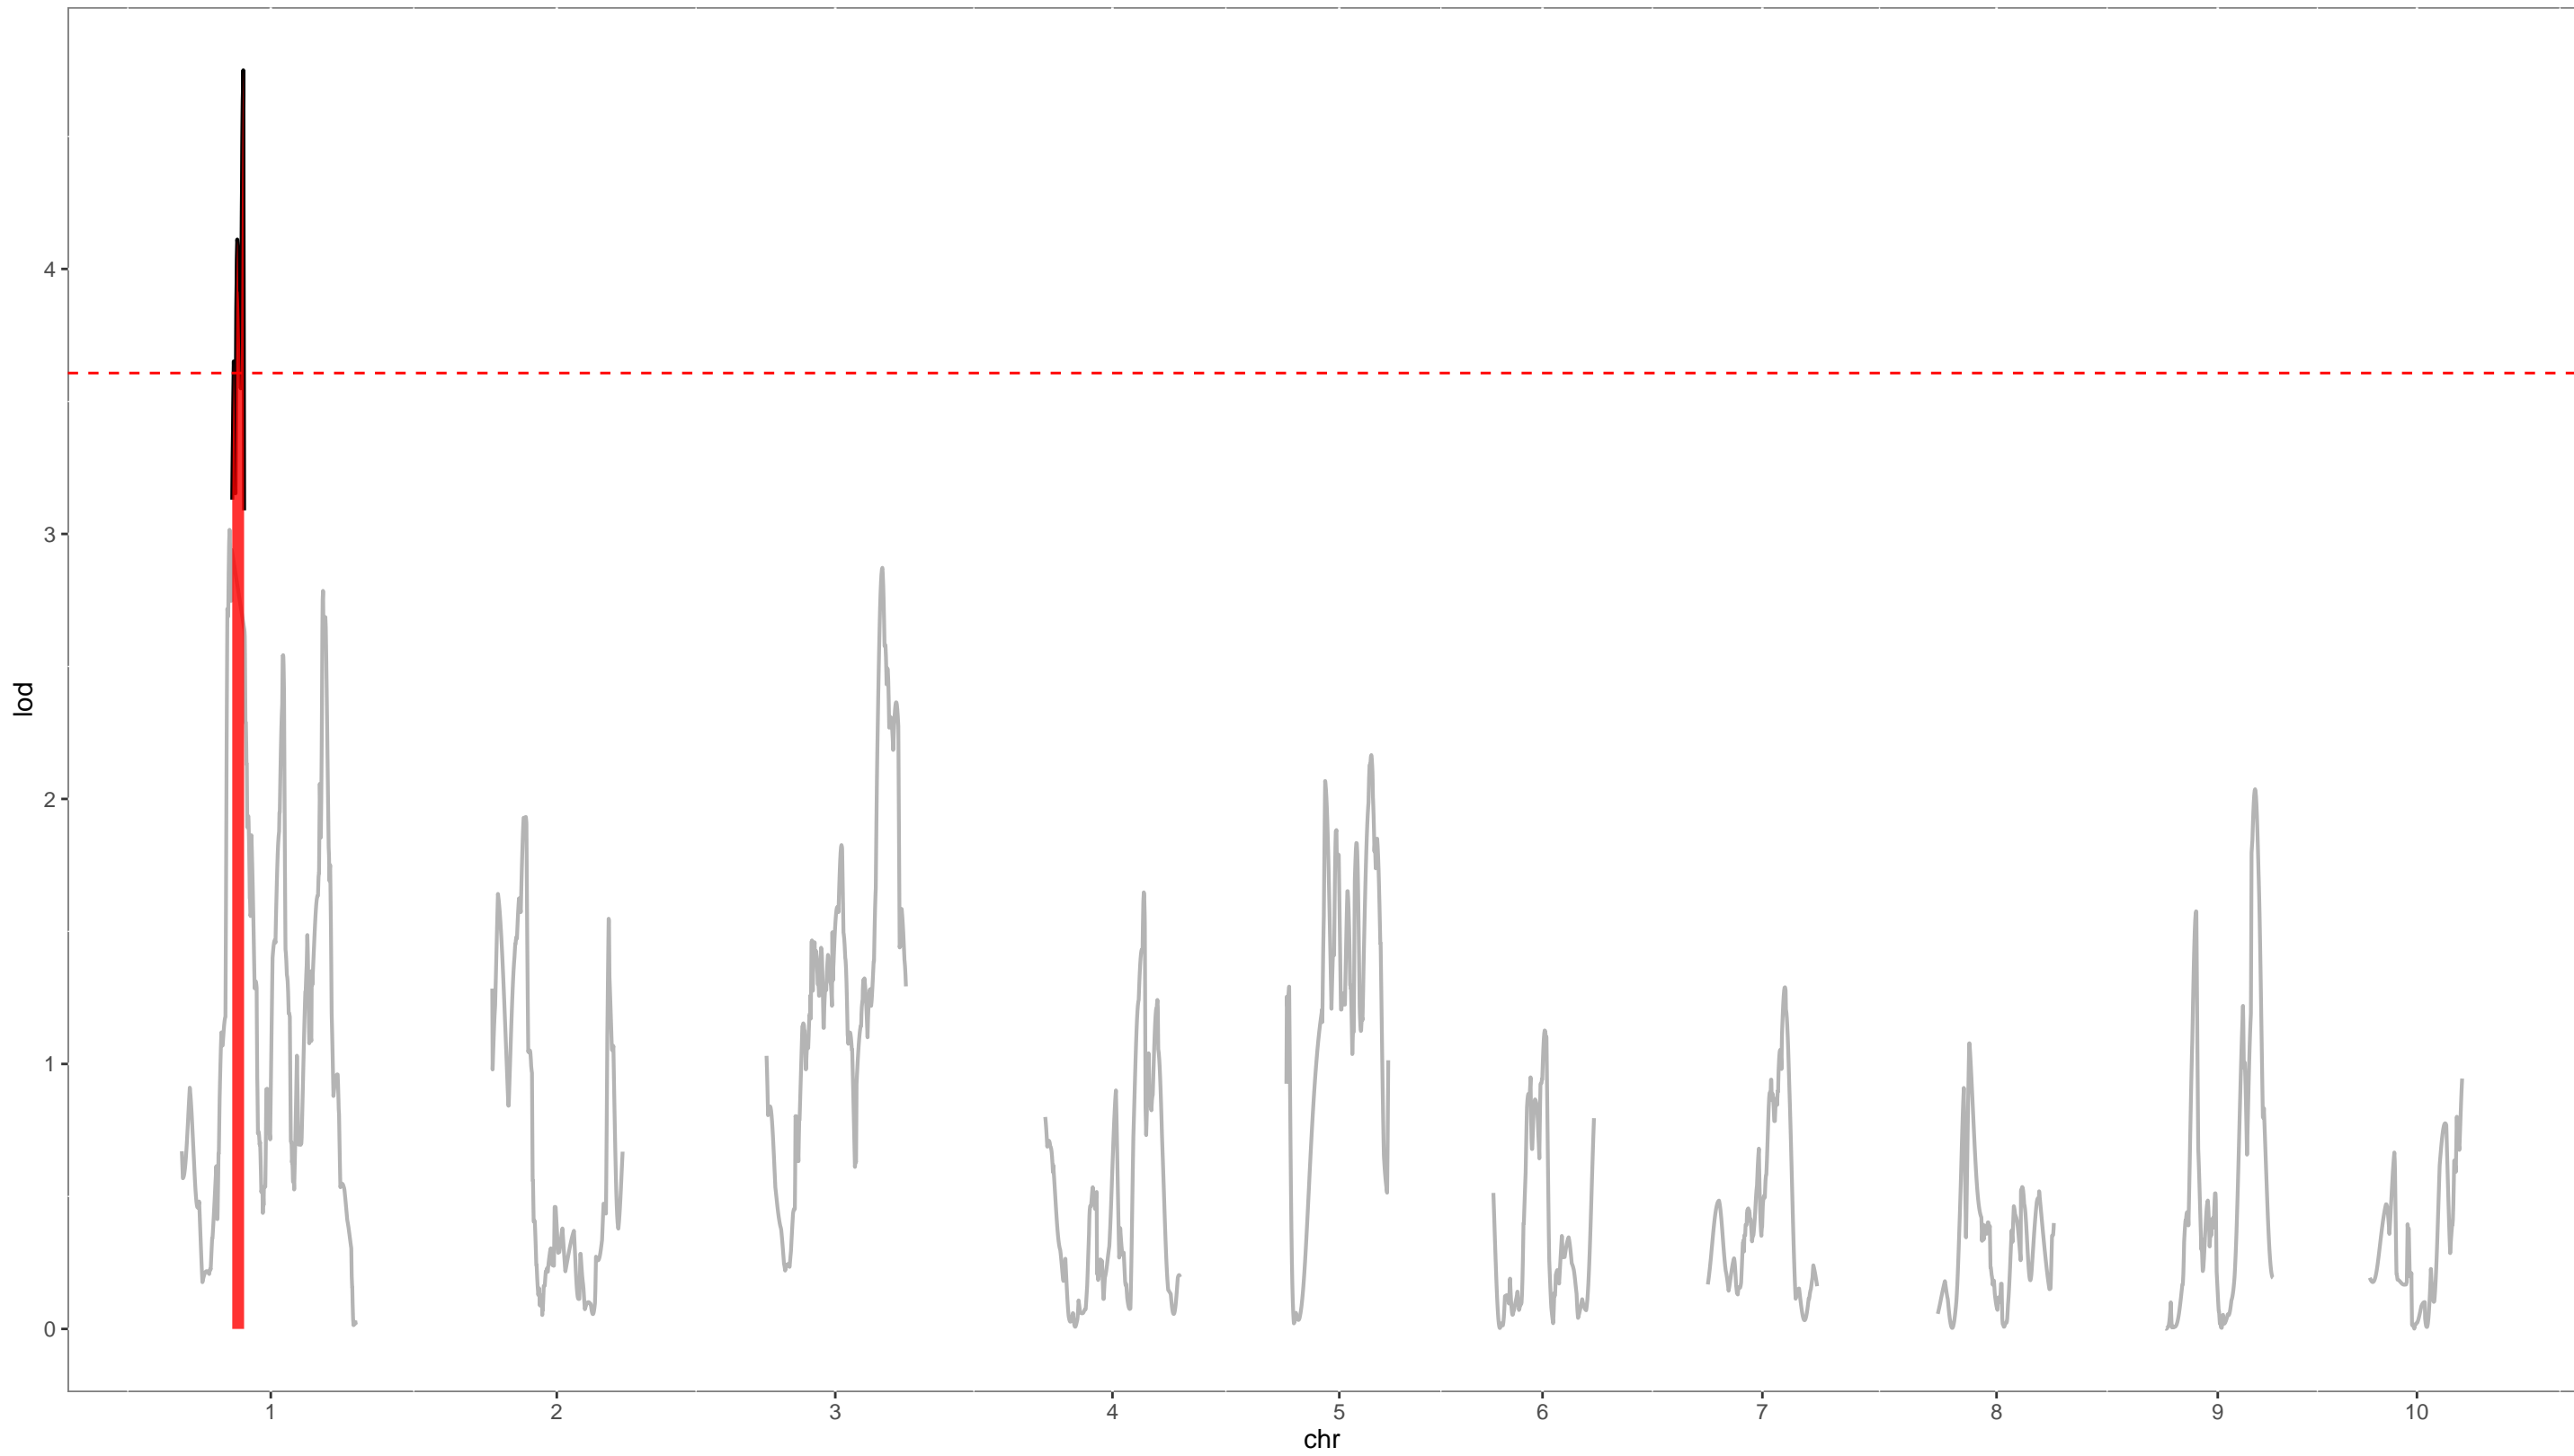

QTL analysis for additive covariate for Se_seed

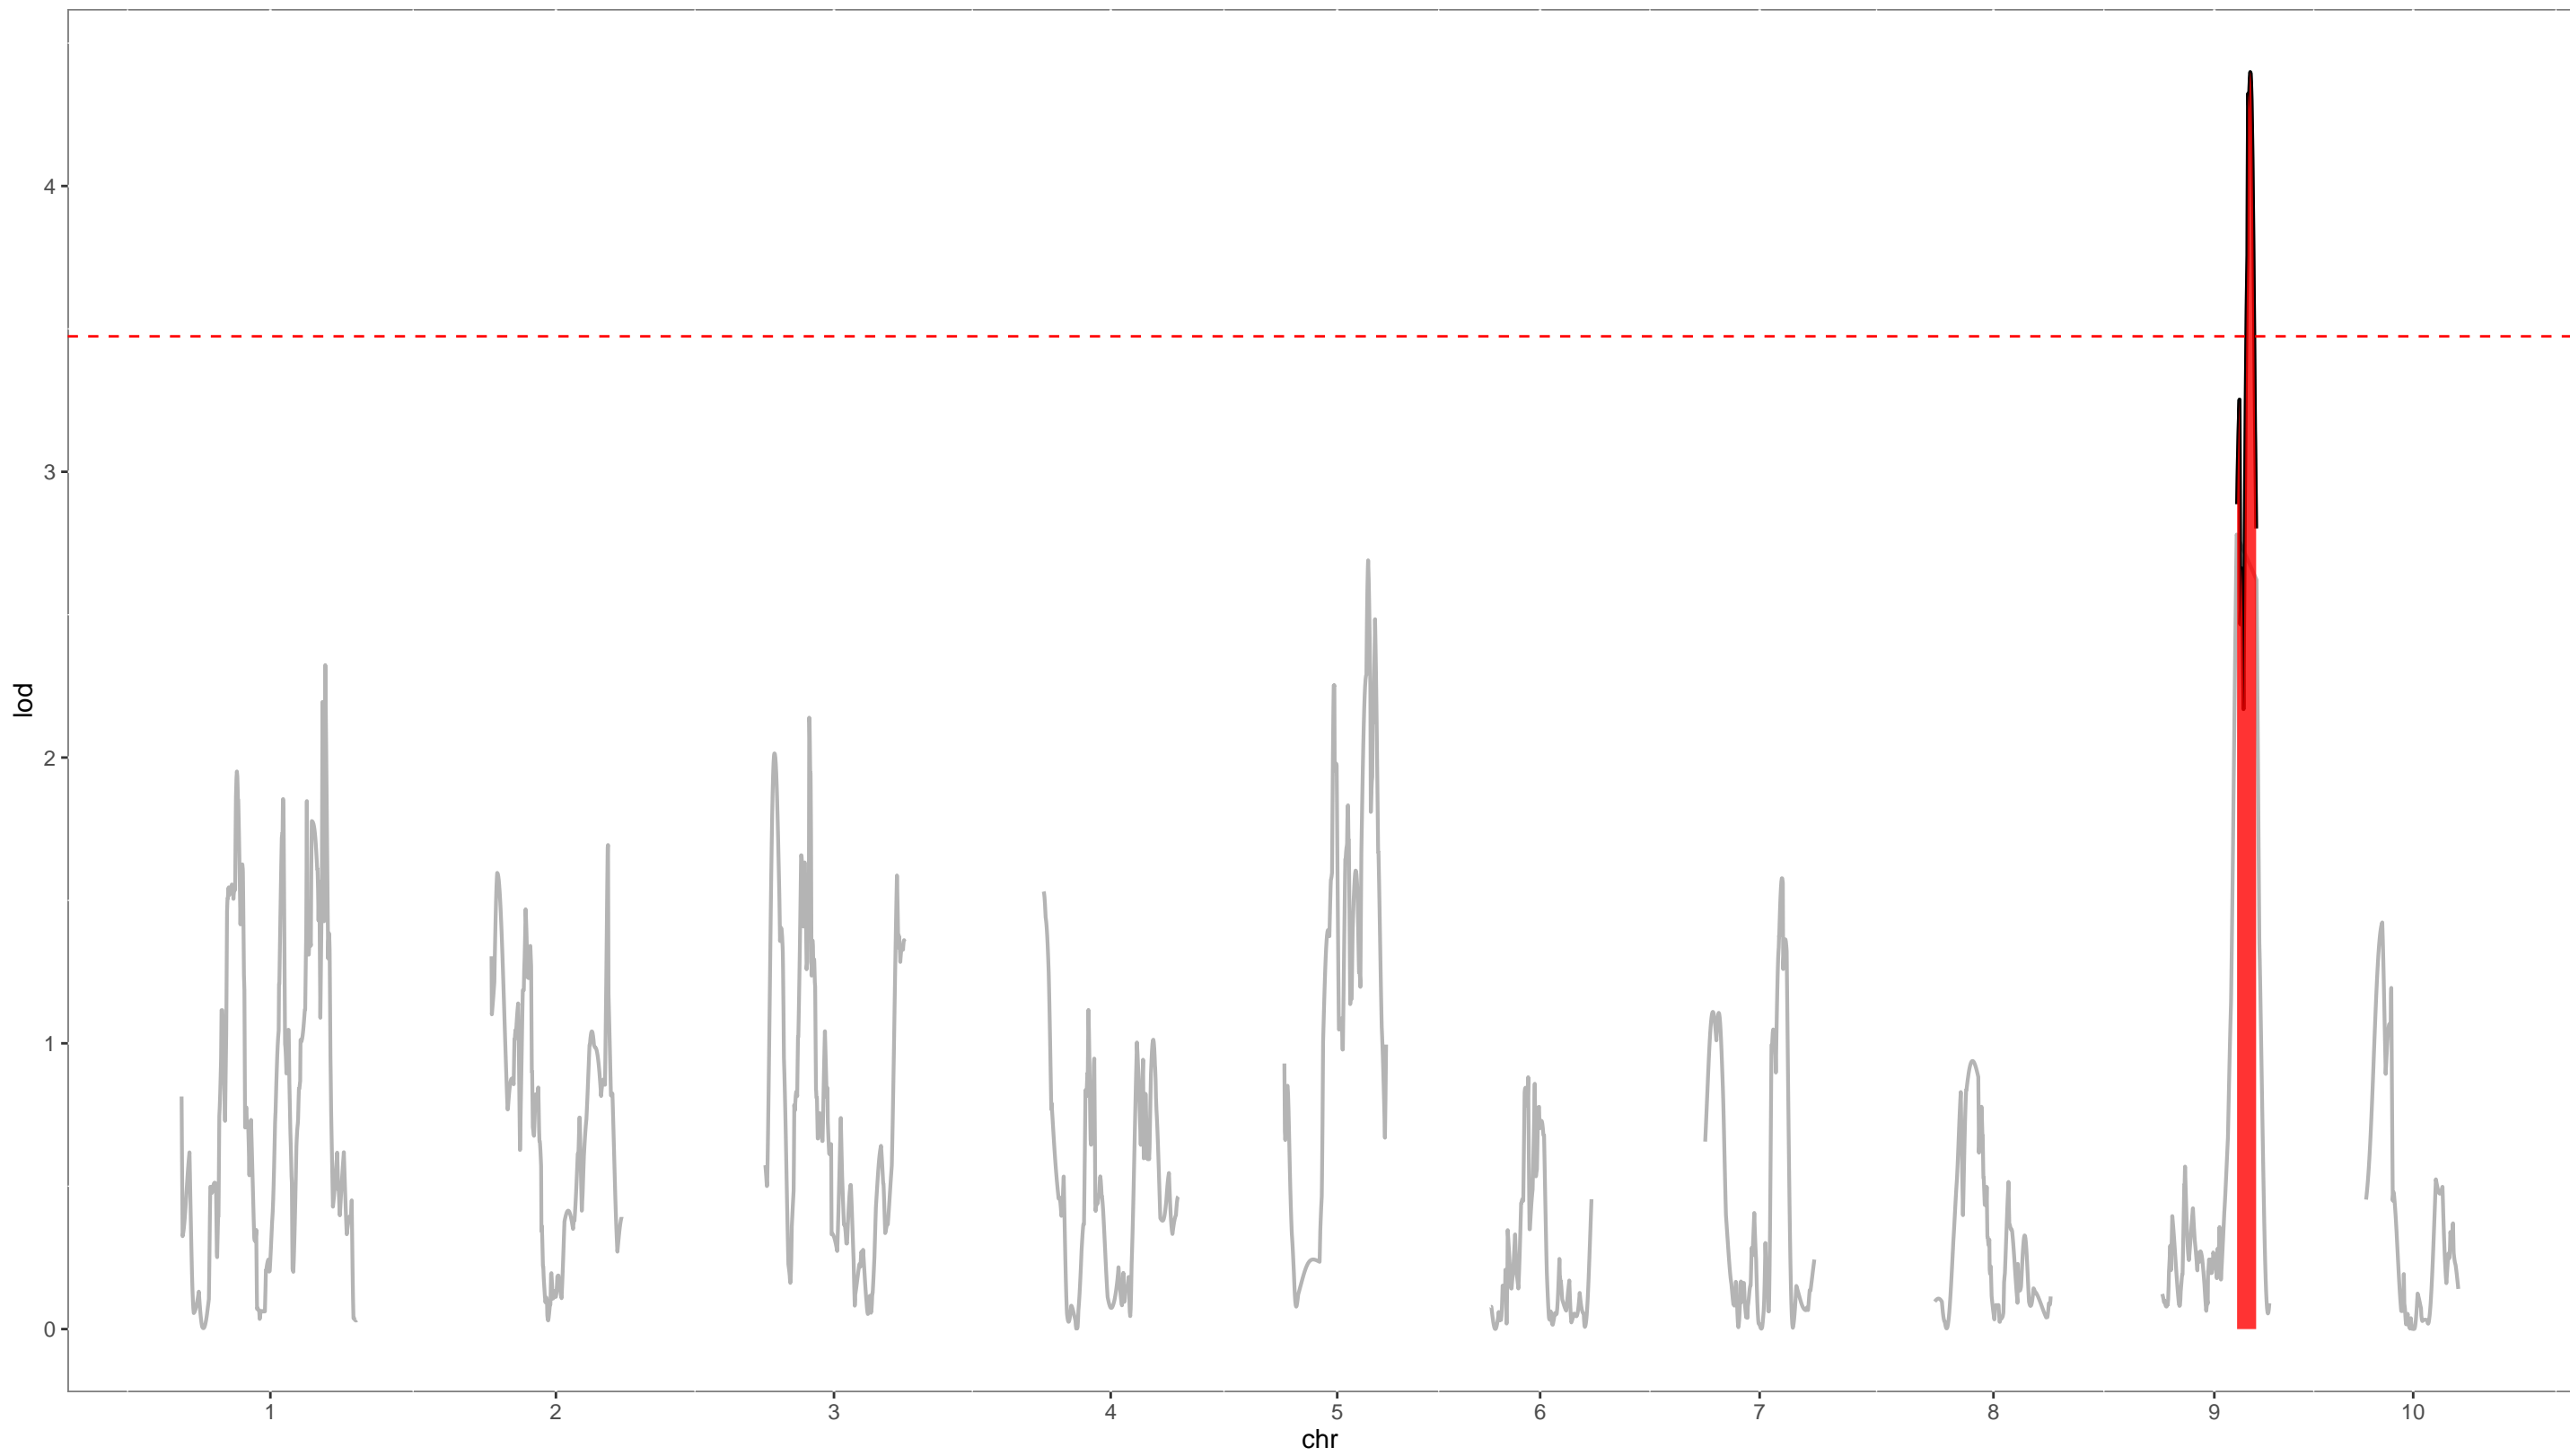

QTL analysis for additive covariate for Sr_leaf

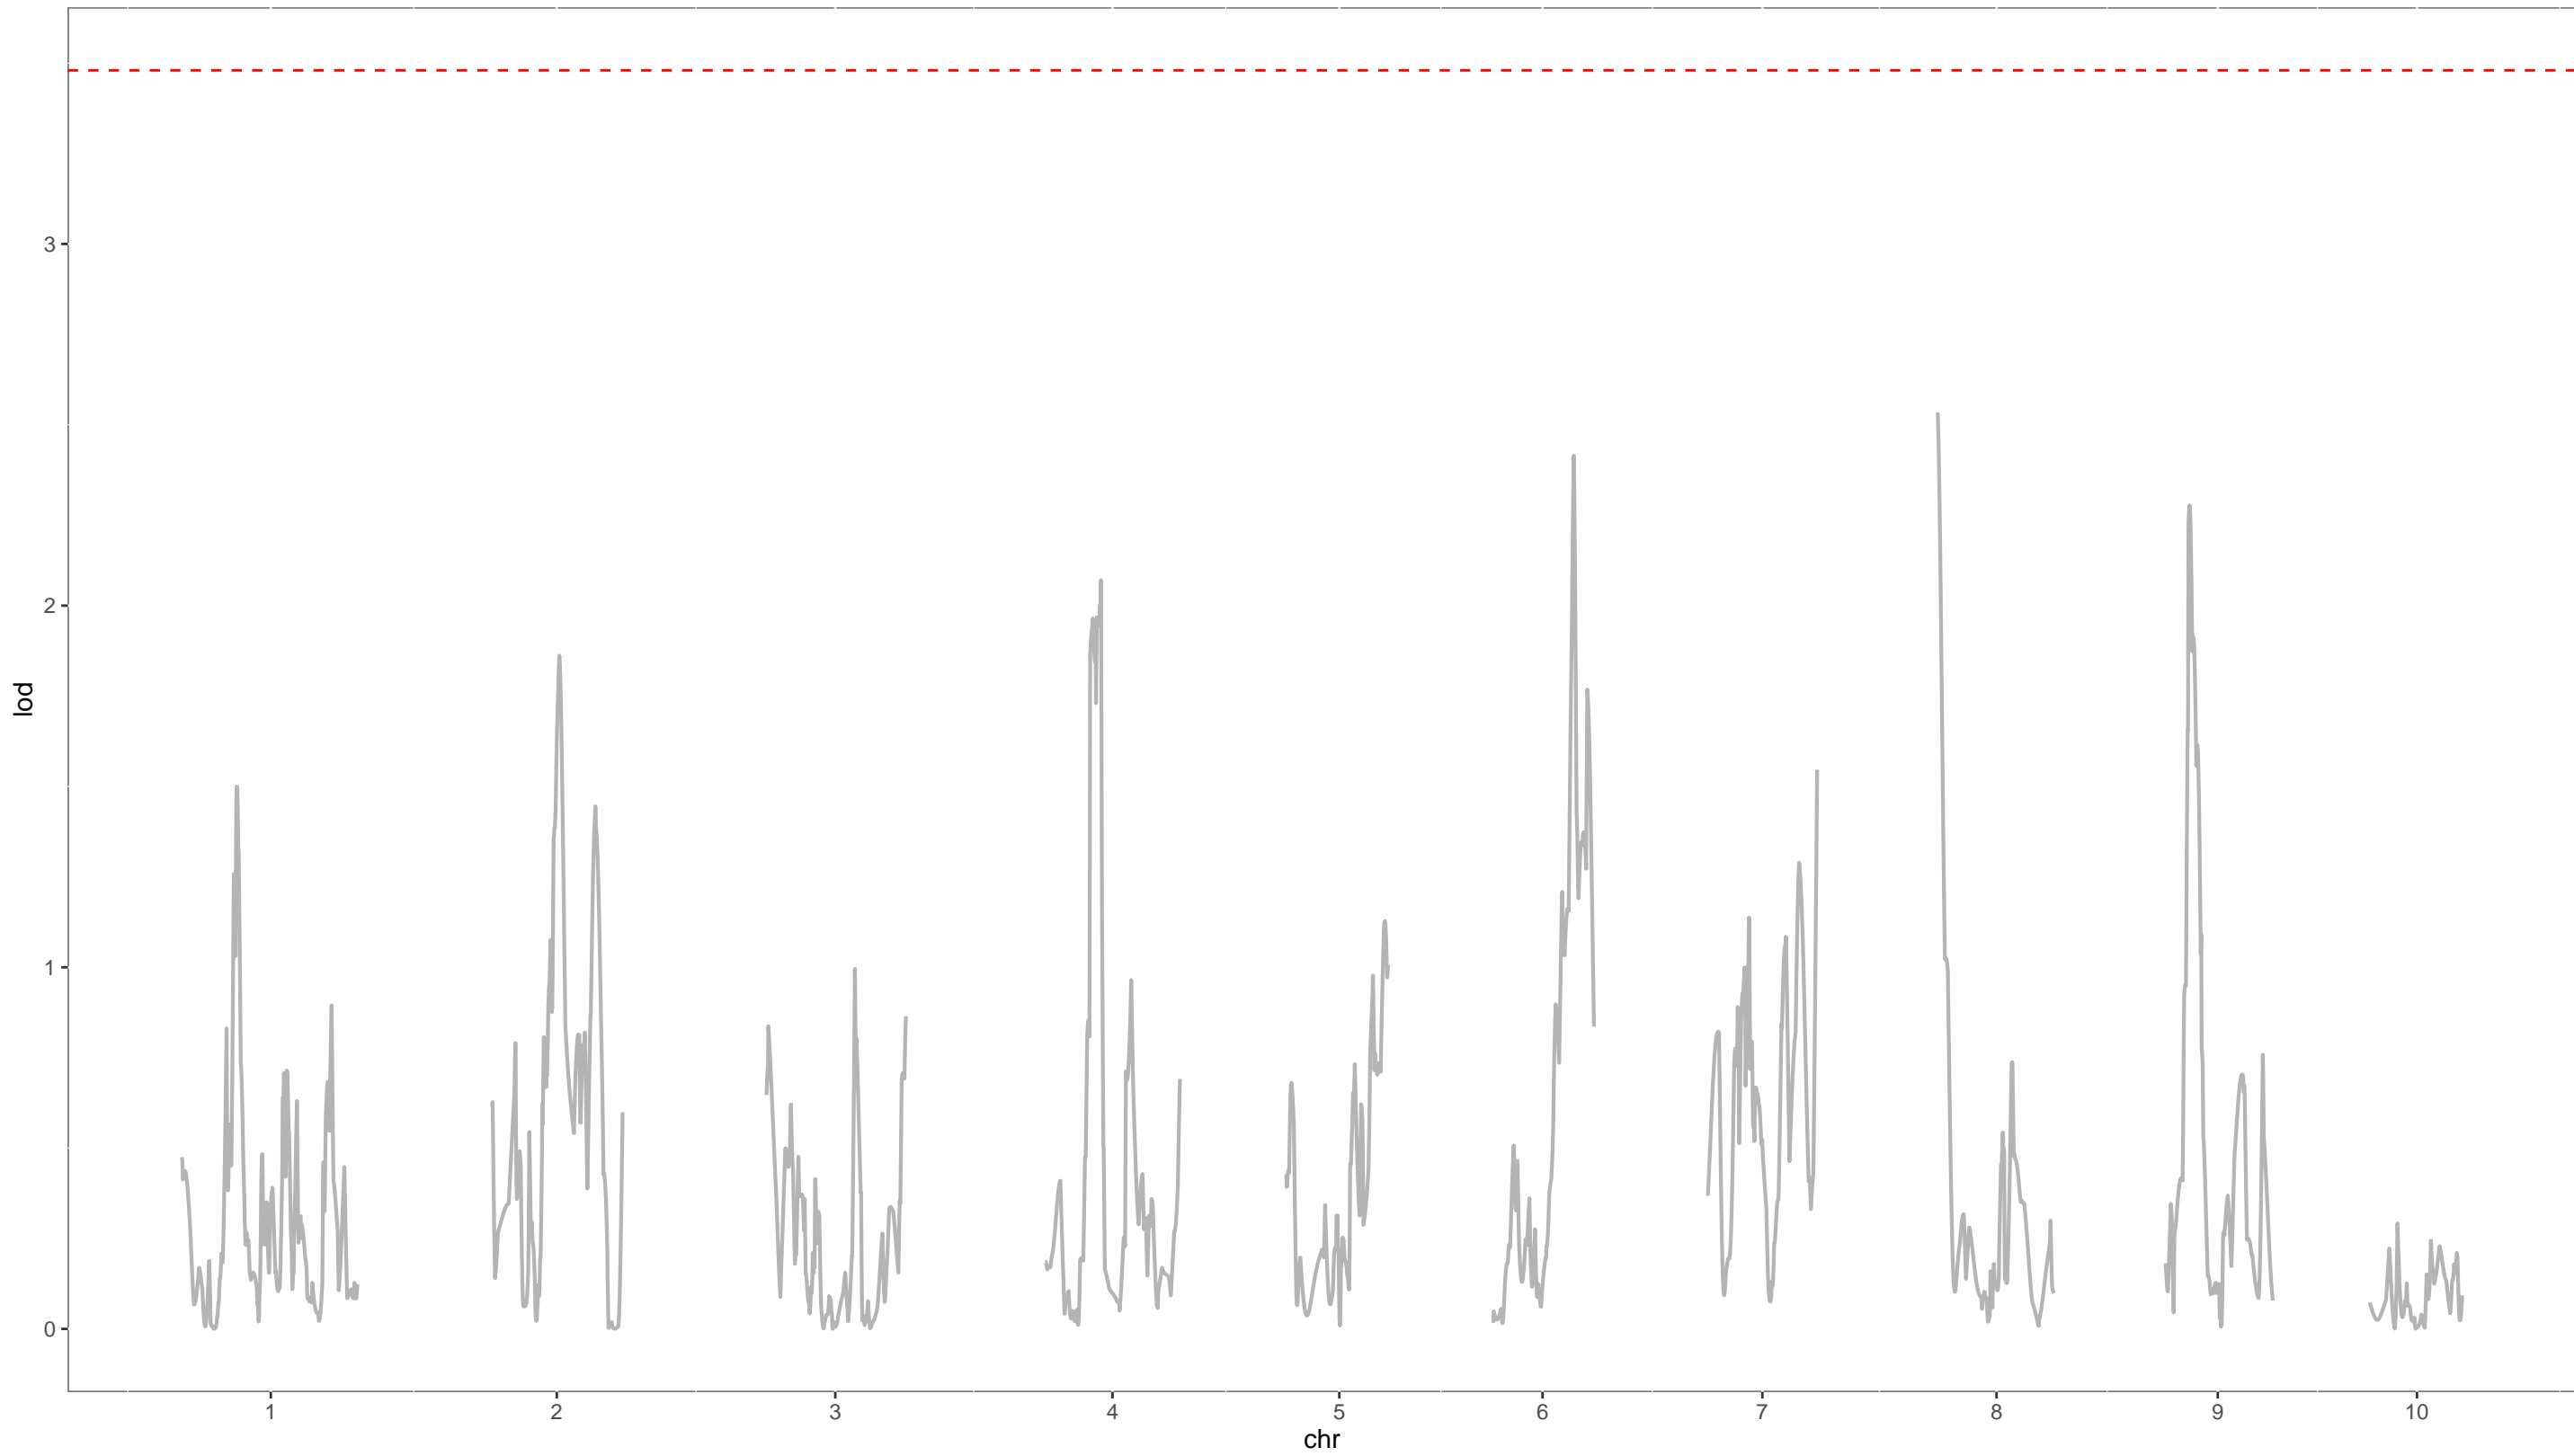

QTL analysis for additive covariate for Sr_ratio

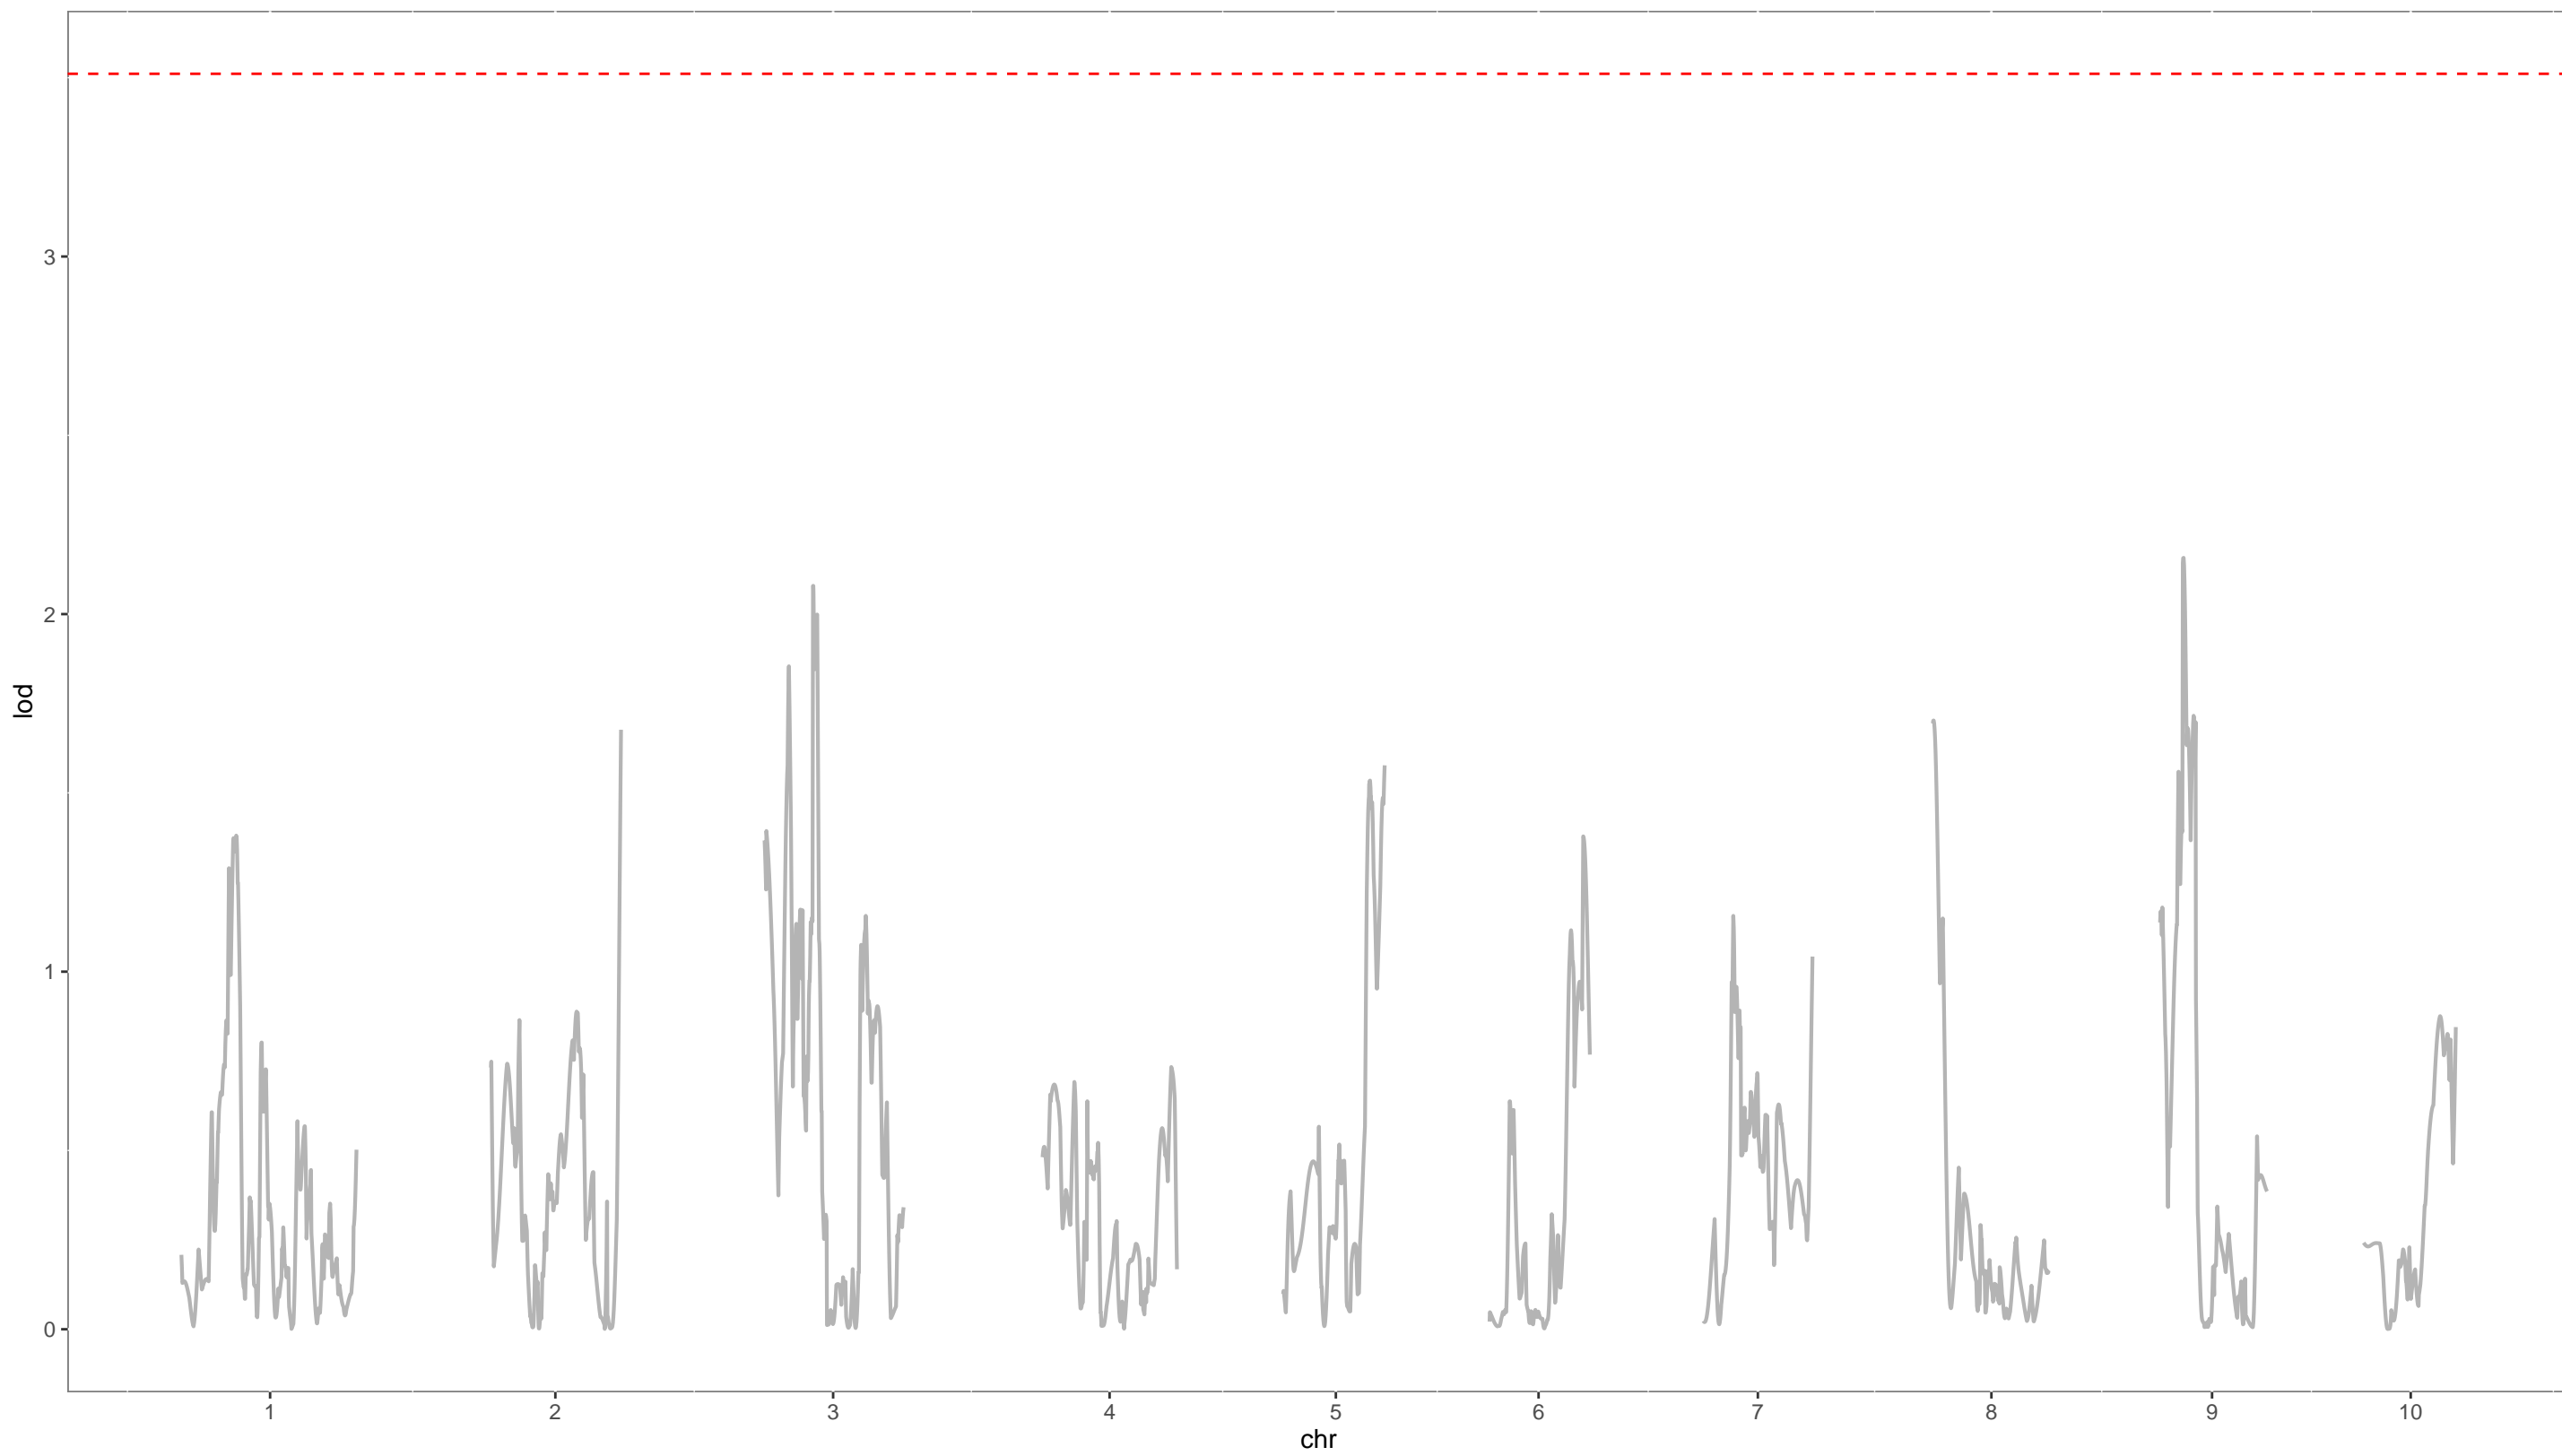

QTL analysis for additive covariate for Sr_seed

QTL analysis for additive covariate for Zn_leaf

QTL analysis for additive covariate for Zn_ratio

QTL analysis for additive covariate for Zn_seed
